Ichigo's Shin Yokohama Kokusai Hotel (South Building) Offered as Covid Vaccination Venue

Ichigo would like to express its deepest condolences to all those affected by the Covid pandemic, along with our wishes for the earliest and fullest possible recovery. We would also like to express our gratitude and admiration for the hard work, dedication, and commitment of medical and all other essential workers.

The Shin Yokohama Kokusai Hotel (Main Building), owned by Ichigo and operated by Hospitality Operations, has been accommodating Covid patients with mild symptoms since February 1, 2021. The Shin Yokohama Kokusai Hotel has decided to offer a portion of its South Building as a group vaccination venue, pursuant to a request from Kanagawa Prefecture.

As a member of the local community, the hotel has long been providing hospitality and comfort to Japanese and international guests.

In accommodating Covid patients and offering a vaccination venue, Ichigo is seeking to contribute to Covid relief efforts during an especially difficult time. We look forward to welcoming back guests in the near future.
