### **Notice Concerning the Start of Information Disclosure in English**

In accordance with the purpose of the Corporate Governance Code revised in June 2021, the Company is working to improve information disclosure with the aim of achieving sustainable growth and enhancing corporate value over the medium to long term. As part of this effort, the Company has resolved to begin disclosing and providing information in English to overseas investors.

For the time being, the following materials will be disclosed in both Japanese and English, and the Company will consider further expanding the scope of English disclosure based on trends in the percentage of shares held by overseas investors.

1. Medium-Term Management Plan (FY2021 - FY2025): "Transformation 2025"
2. Summary of Financial Results and Quarterly Financial Results (summary and financial statements only for both)
3. 1H and full-year financial results briefing materials
