Signing of United Nations Global Compact

As evidenced by growing commitment to the UN’s Sustainable Development Goals (SDGs) and ESG-driven investment, there is increasing recognition that companies need to fulfill their social responsibilities and contribute to solving social problems in order to realize a sustainable society.

As part of its work towards the achievement of the SDGs, Japan Display Inc. (JDI) signed the UN Global Compact (UNGC) and was registered as a UNGC signatory company on August 2nd, 2021. JDI also joined Global Compact Network Japan (GCNJ), which is composed of Japanese companies and organizations that are signatories of the UNGC.

UNGC is a global framework for companies and organizations to act as responsible members of society and realize sustainable growth via responsible and creative leadership. UNGC signatory companies are required to comply with the following practices:

1. Act responsibility as businesses by aligning strategies and execution with the UNGC's Ten Principles related to the protection of human rights, elimination of unfair labor practices, environmental responsibility, and prevention of corruption.
2. Take strategic actions focused on collaboration and innovation in order to advance broad social objectives such as SDGs.

JDI supports the UNGC’s Ten Principles and is working to contribute to the realization of a sustainable society.
