### Fuyo Lease Group Carbon Neutral Declaration for 2030

#### ~ Achievement of RE100 is ahead of schedule in 2030~

Fuyo General Lease Co., Ltd. (Chiyoda-ku, President & CEO: Yasunori Tsujita) is working as a group on building a sustainable society toward decarbonization and has set the time to achieve 100% conversion of business power to renewable energy for RE100 to 2030, 20 years ahead of the originally announced 2050. At the same time, we have strengthened our efforts to reduce greenhouse gases as a whole and set a new goal of achieving "Carbon Neutrality" in 2030.

In promoting this, all the electricity used by the group at the Kojimachi head office building was converted to RE100-compliant renewable energy from April this year, while other regional branches are also promoting renewable energy initiatives. At the same time, we will aim to systematically promote the introduction of electric vehicles (EVs) in regards to company cars.

For business, we will continue to contribute to the promotion of a carbon-free society by providing services to customers and local communities.

#### Fuyo Lease Group Initiatives for Carbon neutrality & RE100

##### Decarbonizing the group

2030: Achieved carbon neutrality (CO2 \* Emissions are virtually zero) \* Scope 1, 2

2030: Achieved RE100 (100% renewable energy) (Interim goal: 2024, 50% renewable energy)

##### Contribution to decarbonization by providing services to customers and regions

1) Renewable energy generation business⇒Increased participation in domestic and overseas business

2) Promotion of the spread of renewable energy-related infrastructure

•Introduction of PPA (green energy supply service)

•Introduction of electric vehicles (EV) and charging equipment

Introduce and support decarbonization of renewable energy for customers and regions through the "Fuyo 100% Renewable Electricity Declaration Support Program" and "Fuyo Zero Carbon City Support Program".

3) Investment in RE technology & support commercialization⇒ Continued support for new technologies

# FUYO LEASE GROUP

The Fuyo Lease Group will contribute to solving social issues and at the same time practice the concept of CSV (Creating Shared Value), which aims to grow as a company, and will work to create a sustainable society.
