## Notice of Application for Selection of "Prime Market" in TSE New Market Segments

On July 9, 2021, we received the notice of a primary assessment result from the Tokyo Stock Exchange, Inc. (hereinafter referred to as "TSE") that we have met the new market standard of "Prime Market" segment.

Based on this result, at board of directors held today, we have resolved to select "Prime Market" as the market segment to which we will belong after the transition to the new market segment scheduled for April 4, 2022, and to apply to TSE. Today we submitted the application form to TSE.

We will continue to strive to further enhance the corporate governance and the information disclosure and to resolve social issues with our sustainable growth from a medium-to long-term perspective. We look forward to our stakeholders' continued understanding and support.
