**(5) Change in Accounting Principles**

(Application of Accounting Standard for Revenue Recognition)

The "Accounting Standard for Revenue Recognition" (Accounting Standards Board of Japan (ASBJ) Statement No. 29, March 31, 2020) was adopted from the beginning of the current interim consolidated period and recognized revenue when control of promised products or services is transferred to customers in an amount that is expected to be received in exchange for those products or services. There is no effect of this change on the interim consolidated financial statements.

(Application of Accounting Standard for Fair Value Measurement)

The "Accounting Standard for Fair Value Measurement" (ASBJ Statement No. 30, July 4, 2019) was adopted from the beginning of the current interim consolidated period, and in accordance with paragraph 8 of the Accounting Standard for Fair Value Measurement, the method of adjusting the fair value of derivative transactions were revised to maximize the use of observable inputs estimated from derivatives, etc. traded in the market. This revision was made in accordance with the application of the Accounting Standard for Fair Value Measurement. According to the transitional treatment stipulated in paragraph 20 of the Accounting Standard for Fair Value Measurement, the cumulative effect of the new accounting standard adopted retrospectively prior to the beginning of the current interim consolidated period is reflected in retained earnings at the beginning of the current interim consolidated period.

As a result, retained earnings at the beginning of the current interim consolidated period decreased by ¥639 million, trading assets decreased by ¥170 million, other assets decreased by ¥1,033 million, trading liabilities decreased by ¥12 million, other liabilities decreased by ¥271 million, and deferred tax assets increased by ¥280 million, and net assets per share decreased by ¥0.85.

In addition, in accordance with the transitional treatment stipulated in paragraph 19 of the Accounting Standard for Fair Value Measurement and paragraph 44-2 of the Accounting Standard for Financial Instruments (ASBJ Statement No. 10, July 4, 2019), the Bank decided to adopt a new accounting standard stipulated by the Accounting Standard for Fair Value Measurement in the future.

As a result, domestic stocks and investment trusts, which are included in other securities, were changed from the market value method based on the average market prices during the month prior to the end of the current interim consolidated period to the market value method based on the market prices at the last day of the current interim consolidated period from the end of the current interim consolidated period.

**(6) Subsequent Events**

At the Board of Directors' Meeting held on November 8, 2021, the Bank resolved to acquire its own shares under Article 156 of the Companies Act, as applied pursuant to Paragraph 3, Article 165, to enhance shareholder returns by improving its capital efficiency.
