AEON delight publishes first integrated report

AEON DELIGHT CO., LTD. (Headquarters: Chiyoda-ku, Tokyo; President & CEO and Group CEO: Kazumasa Hamada) has published its first integrated report, AEON delight Report 2021. The report is available on the company’s corporate site.

Within AEON delight Vision 2025, the company’s medium-term vision formulated in October 2018, AEON delight pledged to become “an environmental value-creating company in Asia that solves social issues based on ‘Safety and Security,’ ‘Labor shortage,’ and ‘Environment’ as the three pillars of our growth strategy”. A new three-year Medium-Term Management Plan (FY2021-23) will also contribute to the realization of Vision 2025 by pursuing further growth through initiatives based on the three basic policies of “Customer-Oriented Management,” “Promotion of Digital Transformation (DX),” and “Group Management”.

As part of these efforts, AEON delight has published its first integrated report, AEON delight Report 2021, to help more stakeholders understand the company’s value creation process and medium- to long-term direction. This integrated report will serve as a communication tool for facilitating constructive dialogue with various stakeholders as AEON delight seeks to grow sustainably and boost corporate value.
