[Summary]

In the month under review, the number of customers visiting stores grew as occasions to go out increased. As a result, net sales at like-for-like stores (total) were 112.7% of the same month of the previous year. Net sales at all stores (total) were 107.1% of the same month of the previous year, despite the impact of the closure of unprofitable stores, implemented in the previous fiscal year as part of the global business reforms.

In the apparel business segment, sales of some autumn/winter clothing such as outerwear and knit goods were strong due to a drop in temperature in the second half of the month. In the lifestyle business segment, sales of pet-related products did well at Creative Yoko, while sales at KOKOBUY, which is engaged in the beauty and cosmetics business, expanded.

By sales channel, both store and e-commerce net sales exceeded those of the same month of the previous year for both like-for-like stores and all stores.
