2. Purposes and reasons for disposition

The Company has resolved to introduce the restricted stock remuneration plan (“the Plan”) for the Company’s Directors excluding outside directors (“Eligible Directors”) in order to provide incentives to continuously improve the corporate value of the Company and to promote sharing value with our shareholders at the Directors’ Board of Meeting held on October 9, 2019.

At the 27th general meeting of shareholders held on November 28, 2019, it was approved that monetary remuneration claims not exceeding 40 million yen per year (not including the employee salary for a Director serving concurrently as an employee), separate from the existing remuneration, should be granted to Eligible Directors as property contributed in-kind, that the total amount of common stock to be issued or disposed of should be within 150,000 shares per year, and that the transfer restriction period should be determined at the Directors’ Board of Meeting within 30 years from the issuance or disposition date, etc.

At the Directors’ Board of Meeting held today, the Company has resolved to allocate 31,438 shares (“the Allocated Shares”) of the common stock of the Company as restricted stock to the 3 Eligible Directors, by granting a total amount of 17,699,594 yen in monetary compensation claims after comprehensive

consideration of the purpose of this Plan, business results of the Company, the range of responsibility of each Eligible Director and other various factors. The Eligible Directors will make in-kind contribution of all monetary compensation claims to the Company according to the Compensation Plan, and will receive disposed shares of common stock of the Company.

The transfer restriction period should be 30 years, for the purpose of providing the Eligible Directors with incentive to improve the mid- to long-term corporate value.

3. Outline of restricted stock allocation contract

The Company will conclude a restricted stock allocation agreement with Eligible Directors respectively. The outline of the agreement is as follows:

(1) Transfer restriction period

From January 21, 2022 until January 20, 2052, the Eligible Directors shall not transfer, arrange security interests, or otherwise dispose of any of the shares allocated to them.

(2) Condition of removal of transfer restriction period

The Company shall remove the transfer restriction of all the Allocated Shares when the transfer restriction period expires on condition that the Eligible Directors continuously served as Directors during the transfer restriction period. However, when an Eligible Director leaves the position due to death, expiry of term of office, reaching retirement age or any other reasons deemed justifiable by the Board of Directors, during the transfer restriction period, the number of shares obtained by multiplying the number of the Allocated Shares held by an Eligible Director by the value obtained as a result of dividing the period of service of the Eligible Director during the transfer restriction period (on a monthly basis) by 12 (if the value is above 1, then 1 shall apply) (provided, however, that, any fraction less than one share as a result of the calculation shall be rounded off) shall be removed.

(3) Acquisition by the Company without cost

The Company shall acquire free of charge the shares allocated of which transfer restriction has not been removed, upon expiry or removal of the transfer restriction period as stated (2) above.

(4) Management of shares

The Allocated Shares will be managed in the dedicated account opened by Eligible Directors at Okasan Securities, Co., Ltd. in order to ensure it is impossible to transfer, arrange security interests, or otherwise dispose of any of the shares allocated to them during the transfer restriction period.

(5) Treatment of the Allocated Shares at the organizational restructuring, etc.

In case organizational restructuring, such as a merger contract whereby the Company will be the non-surviving party to the merger, or a share exchange agreement or share transfer agreement whereby the Company will be a wholly-owned subsidiary to the other party, will be approved at the General Meeting of Shareholders (or by the Company's Board of Directors if such organizational restructuring, etc. does not require the approval at the General Meeting of Shareholders), the number of shares obtained by multiplying the number of the Allocated Shares held by an Eligible Director by the value obtained as a result of dividing commencement month of the transfer restriction period to the month including the date of the approval of reorganization by 12 (if the

value is above 1, then 1 shall apply) (provided, however, that, any fraction less than one share as a result of the calculation shall be rounded off) shall be removed as of the time immediately before the business day prior to the effective date of organizational restructuring, etc.

4. Basis of calculation and specific details of the amount to be paid

The disposition of the treasury stock will be performed based on the monetary compensation claims paid to the Eligible Directors according to the Plan. The award amount per share will be based on 563 yen, the closing price of the Company's common stock at the Tokyo Stock Exchange on December 23, 2021 to exclude arbitrariness. As this amount is the market share value on the business day just before the date of resolution of the Directors' Board of Meeting, the Company believes that the amount is reasonable, reflecting the Company's corporate value appropriately and is not particularly advantageous to the Eligible Directors, in the circumstances where no special reasons exist showing that this share price cannot be based on.
