Outside Directors' Relationship with the Company (2)

Name	Designation as Independent Officer	Supplementary Explanation of the Relationship	Reasons for Appointment
Masaharu Oshima	○	Mr. Oshima is an emeritus professor of the University of Tokyo. He and the Company had worked on joint research projects from 1996 to 2008; the research expenses back then was less than 10 million yen per year.	We have appointed him as Outside Director, hoping that he would give us advice on the appropriateness of our business execution based on his wealth of expertise and experience as an electronics researcher. Although Mr. Oshima is an emeritus professor of the University of Tokyo, we have appointed him as Independent Officer since the university has received neither a large amount of money nor assets from us, and therefore, the appointment will not cause any conflict of interests with our ordinary shareholders.

Kiyoshi Nishioka	○	<p>Mr. Nishioka is an advisor of Research Center for Advanced Science and Technology, the University of Tokyo. Until June 2009, he had served as Executive Officer of Nippon Steel Corporation, which has a transactional relationship with us. Our annual transactions with Nippon Steel Corporation, however, accounts for less than 2% of our overall net sales.</p>	<p>We have appointed him as Outside Director, hoping that he would give us advice on the appropriateness of our business execution based on his strong expertise and extensive knowledge and insights garnered through his experience working in research, manufacturing, marketing, and managing the development of technologies at the steel company. Although Mr. Nishioka is an advisor of Research Center for Advanced Science and Technology, the University of Tokyo, the university has received neither a large amount of money nor assets from us. In addition, Nippon Steel Corporation, where he served as Corporate Officer until June 2009, is not our key business partner. Therefore, based on conclusion that his appointment would not cause any conflict of interests between our ordinary shareholders and the two entities, we have appointed him an Independent Officer.</p>
Kozo Isshiki	○	—	<p>We have appointed him as Outside Director, hoping that he would give us advice on the appropriateness of our business execution based on his wealth of expertise and experience in business management and the financial industry. Mr. Isshiki served as an executive director of Development Bank of Japan Inc. until May 2005, from which the Company has borrowed funds. However, Development Bank of Japan is not a major creditor for the Company as the amount of the borrowing represents less than 2% of our total assets. Therefore, based on conclusion that his appointment would not cause any conflict of interests with our ordinary shareholders, we have appointed him as Independent Officer.</p>

Noriko Morikawa	○	Ms. Noriko Morikawa was an executive director of Bosch Corporation until December 2018, and Showa Denko and Bosch Corporation has business relations. However, our annual transactions with Bosch Corporation is less than 2% of our overall net sales.	We appointed Ms. Morikawa for Outside Director, hoping that she would give us advice on the appropriateness of our business execution based on her wide-ranging experiences and judgment she gained through her service with an accounting company and with electronics and automotive parts companies as director in charge of administrative section. Though Ms. Morikawa was an executive director of Bosch Corporation until December 2018, we appointed her as an Independent Officer because we confirmed that Bosh Corporation does not meet the condition to be recognized as our key business partner and judged that Ms. Noriko Morikawa does not have conflicting interests with our ordinary shareholders.

Setsu Onishi	○	Mr. Onishi formerly worked at Mizuho Financial Group, Inc., a holding company of Mizuho Bank, Ltd. He served as executive Corporate Officer until April 2011. The Company has borrowed funds from Mizuho Bank, Ltd. The balance of outstanding debt from the bank constitutes about 7% of our total assets. More than six years have passed since he resigned as executive Corporate Officer of the bank. We have a transactional relationship with IBJ Leasing Co., Ltd., where he had served as Executive Director until June 2016. Our annual transactions with IBJ Leasing Co., Ltd., however, accounts for less than 2% of our overall net sales.	We have appointed him as Outside Audit & Supervisory Board Member, hoping that he would give advice on the appropriate of our business based on his wealth of experience and extensive knowledge and insights garnered through years of experience in the management of a financial institution. Until April 2011, he had served as executive Corporate Officer of a holding company of Mizuho Corporate Bank, Ltd. (current Mizuho Bank, Ltd.), which is our main bank. More than six years have passed since he resigned. Thus, he is no longer in a position to be influenced by his former company. Since we have transactions with many other financial institutions, we are not heavily dependent on Mizuho Bank, Ltd. IBJ Leasing Co., Ltd., where he served as Executive Director until June 2016, is not our key business partner. Therefore, based on conclusion that his appointment would not cause any conflict of interests with our ordinary shareholders, we have appointed him an Independent Officer.

2. Matters on Functions of Business Execution, Audit and Supervision, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)

1. Status of the oversight and decision-making function:

The Company has implemented an executive officer system to explicitly divide management oversight and business execution functions with the aim to accelerate and stimulate the decision-making processes by the senior management consisting of President and Executive Officers in charge. We have also drastically reduced the number of board directors. In addition, we have strengthened the oversight function by appointing Independent Directors. The Board of Directors meeting is held once or twice per month. The Board defines basic corporate policies, and makes decisions on important business execution matters and items specified in the Companies Act and the Articles of Incorporation based on thorough deliberation. The Board has sought to accelerate and stimulate the management decision-making function. To strengthen the oversight function of the Board of Directors and ensure appropriate decision-making, Directors are appointed with an emphasis on corporate governance perspectives, while Executive Officers are appointed in a manner they do not have to concurrently serve as Directors as far as possible and can focus on business execution, their primary duty. The Company has abolished the director-in-charge system except for Chairperson and President for more effective oversight function through monitoring by Audit & Supervisory Board Members including Outside Audit & Supervisory Board Members and mutual monitoring between respective directors. We have also established an agile management system to quickly respond to changes in business environments, and limit the term of office of directors to one year to more clearly define management responsibilities of Directors. We appointed ten Directors, including four Outside Directors (including one female member), at the Ordinary General Meeting of Shareholders held on March 30, 2021. To strengthen functional independence and objectivity and accountability of the Board of Directors, the Company has organized the Nomination Advisory Committee and the Remuneration Advisory Committee. Independent Outside Directors and Outside Audit & Supervisory Board Members represent the majority of both committees.

2. Status of the operational execution function:

Agendas and priority matters to be submitted to the Board of Directors' meeting for resolution are decided through a two-tier deliberation system at weekly Management Committee meetings chaired by President. For investment matters escalated to the Management Committee, their risks are analyzed and their results and progress are managed through preliminary risk review and assessment by task teams. Basic management measures, such as the mid-term business plans, are formulated based on deliberation by the Management Committee and exhaustive discussions by all Executive Officers. The Company has implemented a performance evaluation system for each division to place the strong responsibility for execution at the core of business activities and fully implant the result-focused performance evaluation. Also, the Company has organized the Security Export Control Committee and the Safety Measure Committee reporting directly to President, and the Sustainability Promotion Council, the Responsible Care Promotion Council, and the IR Promotion Council under the Management Committee chaired by President. On the other hand, Responsible Care Department audits the situation of management of environment and safety issues.
