The corporate governance of SEKISUI CHEMICAL (“the Company”) is described below.

## I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

### 1. Basic Views

The SEKISUI CHEMICAL GROUP (“the Group”) sets forth as the basic policy for corporate governance the promotion of sustainable corporate growth and the increase of corporate value. To realize this, the Group will enhance the transparency/fairness of management, pursue prompt decision-making, and continue to fulfill the expectations of “customers,” “shareholders,” “employees,” “business partners,” and “local communities and the environment,” the five major categories of stakeholders that the Group values most, through the creation of values to the society, as declared in the Corporate Philosophy.

[Corporate Philosophy] “The 3S principles”

#### **Service**

At SEKISUI, we serve our stakeholders by creating social, environmental and economic value through responsible business practices.

#### **Speed**

At SEKISUI, we accelerate innovation by eagerly taking on new challenges, adapting to change and staying ahead of the times.

#### **Superiority**

At SEKISUI, we contribute to society by helping to solve social issues with our superior technologies and quality.

The Group's ESG management aims to achieve both "realization of a sustainable society" and "sustainable growth of the Group" and is working with stakeholders on the following three key steps.

- (1) Development of "three prominences" (Environment, CS & quality, Human Resources) and "governance"
- (2) Accelerate the solution of social issues through three approaches (increasing quantity, improving quality, and providing sustainably)
- (3) Creating and expanding the value of "peace of mind that continues into the future" in four business domains (Residential, Advanced Lifeline, Innovative Mobility, and Life Science)

The Company has established and disclosed the SEKISUI Corporate Governance Principles for the purpose of further evolving its corporate governance initiatives and communicating our corporate governance approach and initiatives to our stakeholders.

\* In the following translation, “Audit & Supervisory Board Member” stands for “Kansayaku” in the Corporate Governance Code.

**[Reasons for Non-compliance with the Principles of the Corporate Governance Code]**

The Company implements all principles of the Corporate Governance Code.

**[Disclosure Based on the Principles of the Corporate Governance Code]**

In addition to the SEKISUI Corporate Governance Principles, the status of the Company's initiatives and its approach with respect to all 83 items of the Corporate Governance Code consisting of the General Principles, Principles and Supplementary Principles have been summarized and disclosed in the form of the Initiatives to Each of Principles of the Corporate Governance Code. Please refer to the following.

<http://www.sekisuichechemical.com/about/outline/governance/index.html>

Descriptions of the items disclosed based on each Principle of the Corporate Governance Code are as follows:

[Principle 1.4]

The Company sets and discloses SEKISUI Corporate Governance Principle where basic policy for Cross-Shareholdings of the other listed companies and policy for the exercise of voting rights are shown as follows.

i. Basic policy

The Company may strategically hold shares of the other publicly-listed companies, to a limited extent, that are important business partners of the Company provided that the Company made its judgment on such holdings to be beneficial for the purpose of maximizing medium to long-term enhancement of corporate value of the Company and the business partners. Strategic rationale shall be reviewed in an appropriate and timely manner and the Company will reduce those holdings without sufficient strategic benefits or inconsistent with the Company’s capital policies.

The Board conducts annual assessment of such holdings to examine specific benefits by such share-holdings and consistency with the risk-benefit evaluation of such individual holdings over the cost-of-capital and other factors. The Company shall disclose the overview of the evaluation.

<Overview of evaluation>

In accordance with the above-mentioned basic policy, The Board has conducted annual assessment of the individual holdings in terms of stockholding ratio, existence of board representation or dispatched executives, or business alliance, state of business activities, dividend received, etc. and made judgment for appropriateness of holding them at the regular Board meeting held in June, 2021. The total number of share-holdings was recorded 26 as of the end of March, 2021, by contrast of 28 holdings as of the end of March, 2020 as a result of disposition of two holdings during FY2020.

ii. Policy for the exercise of voting rights

The Company exercises voting rights at shareholder meeting of the share-holding companies in accordance with the specific standards with respect to the voting rights established by the Company to reflect perspectives of connecting the medium to long-term enhancement of the Company’s corporate value with the corporate value enhancement of the above companies based on strategic position of such holding and dialogue and so forth with them, thereby shall perform its monitoring function as a shareholder.

As to exercising of voting rights, the Company applies a judgment standard, considering significance of agendas proposed by companies (including special resolution items), business performance (equity ratio, profit/loss condition, etc.) in their current fiscal year, and their business sustainability. The Company then makes the final comprehensive decision on proposals integrating on-going engagements (dialogues) with the said companies.

[Principle 1.7]

The Company has taken the following measures to prevent any transaction between the Company and an officer of the Company or a major shareholder from harming the interest of the Company or the common interest of the shareholders. The Board of Directors Regulations stipulates a conflict of interest transaction

between the Company and its Director as the matter requiring the resolution of the Board of Directors. Actual individual transactions are monitored by the Board of Directors through the approval processes. Audit & Supervisory Board also audits such transactions in accordance with the Note of Audit & Supervisory Board Member Auditing Standards.

[Supplementary Principles 2.4.1]

The Company is currently working to develop a personnel strategy to support the promotion of core human resources to director or senior management posts through the process of experience accumulation. The Company believes that the key feature of this strategy should be to ensure diversity of employees who are promoted to middle management positions in the expectation that they will become future executive/successor candidates.

As for active participation of women, the ratio of women to total new graduate hires has reached around 30% in the last five years, and the Company intends to maintain the ratio at or above the current level. To ensure diversity of employees in middle management positions, the Company aims to raise the ratio of women to total employees promoted to middle management positions to 30% by 2030.

To achieve this goal, targeting women employees who hope to be appointed to management positions (manager candidates) and their direct supervisors, the Company is conducting a “Career Development Program for Women.” This training program has been put in place with the aim of fostering awareness and gaining the achievements appropriate for management positions. The Company has been continually conducting this program across the entire Group.

Mid-career hires currently account for 14% of employees in management positions. In particular, when the Company undertakes new endeavors, such as starting a new business or promoting an important theme (DX, etc.), going forward, it will recruit mid-career experts in the relevant fields as appropriate. As for foreign nationals, the Company has currently appointed 11 foreign nationals to management positions in Japan on a non-consolidated basis. The Company expects that more foreign nationals will be promoted to such positions as its global business grows going forward.

For human resource development and internal environment development to ensure diversity, the Company is working on the following initiatives:

(1) Role-based personnel system

The Company plans to introduce a role-based personnel system in FY2022. Under the role-based personnel system, the Company will clarify the image of the career path from junior/middle management positions to senior management positions by clearly indicating the roles of individual positions ranging from senior management positions to junior management positions (section manager or equivalents). The Company will define roles of individual positions based on linkage to/backcasting from the management policy and the achievement of business goals, making this system one with a view to the future.

(2) Work-style not relying on long working hours

The Company has been working to design a system to embrace diverse work-styles and to streamline operations by promoting the use of IT and work-style reform investments. In particular, the Company has established “Work-style Reform Guide” in October 2021 to provide clear guidance on autonomous work-styles to be adopted by each employee.

(3) Follow-up training for mid-career hires

The Company ensures that mid-career hires can demonstrate their technical expertise immediately after joining the Company by providing them with training to learn the businesses, systems, etc., of the Company.

(4) Support to help employees to raise children while working

To promote the use of childcare leave by male employees, the Company gives encouragement to applicable employees and their supervisors. The ratio of male employees who have taken childcare leave is currently in the 30% range.

(5) Fusion and development of global human resources across region

To develop future global leaders to be pillars of SEKISUI CHEMICAL Group, the Company provides presidents and senior executives of foreign subsidiaries and senior management of the Company opportunities to interact with each other to learn diverse perspectives and values from each other. Examples of such opportunities include:

- Sharing and instillation of the Long-Term Vision  
In FY2020, the first year of our Long-Term Vision, all presidents of foreign subsidiaries participated in an online discussion for the sharing and instillation of the Long-Term Vision and to discuss the implementation method of the vision at each company.
- Global Saijuku School  
Executives from all over the world enroll in the school for a one-year program. Most recently, these students made recommendations on global management on the theme of “Implementation of the Values of SEKISUI.”

Through these initiatives, the Company encourages diverse human resources, such as women, mid-career hires, and foreign nationals, to actively aspire to be promoted to management positions and to play an active role as managers leveraging their unique strengths. For more details, please refer to the Company’s CSR Report.

[Principle 2.6]

The pension fund of the Company has established a system which can play an expected role in asset management by way of arranging professional staff both to the administrative board, which is an executive body, and the secretariat.

Further, the board of representative, which is a decision-making body of the pension fund, is appropriately administered to balance conflict of interest between the Company and beneficiaries, by way of selecting the same number of representatives chosen by a business owner and by and from among the pension plan participants.

[Principle 3.1]

The Company believes that timely, appropriate and active information disclosure is essential for us to ensure management transparency and fulfill our social responsibility. To steadily put this belief into practice throughout the Group, we have established the “Principle of Corporate Information Disclosure” and the “Corporate Information Disclosure Regulations” to strengthen our internal information disclosure framework. The disclosure status of each item is as follows:

- (i) The Group Principles, management strategies, and the midterm management plan are disclosed on the website of the Company, in earnings results briefing materials, and business reports.
- (ii) The basic policy on corporate governance is disclosed on the website of the Company, in corporate governance reports, business reports, etc.
- (iii) The policy for the remuneration for Directors and Audit & Supervisory Board Members is disclosed in corporate governance reports, annual securities reports, and the reference materials attached to the notice of the general meeting of shareholders.

To enhance transparency and fairness in the process, the determination of the system and the level of remuneration for the Directors is deliberated by the Nomination and Remuneration Advisory Committee, which consists of the majority of Independent Outside Board Members and is chaired by an Independent Outside Officer. The Board of Directors makes a final policy decision based on the recommendations made by the advisory committee with respect.

- (iv) The policy concerning the appointment/dismissal of the senior executive and the nomination of Director/Audit & Supervisory Board Member candidates is disclosed in the SEKISUI Corporate Governance Principles.

To enhance transparency and fairness in the process, the nomination of candidates for Director is deliberated by the Nomination and Remuneration Advisory Committee. The Board of Directors makes a final policy decision based on the recommendations made by the advisory committee with respect.

- (v) Reasons for appointment/dismissal of the senior executive and nominating candidates for Director and for Audit & Supervisory Board Member are disclosed on the notice of the general meeting of shareholders.

[Supplementary Principles 3.1.3]

In the Long-Term Vision “Vision 2030,” which was adopted after deliberation by the Board of Directors, “sustainable management” was added as a new area to be strengthened by the Company in an effort to enhance its corporate value by enhancing sustainable contribution to the resolution of social issues. This is in addition to “contribution to solving social issues” and “profitable growth,” which are the areas that the Company has been working and will continue to work to strengthen under the Long-Term Vision.

In the area of human resources, SEKISUI CHEMICAL Group aims to be an entity that gives rise to innovation and creativity, and brings employees and the Company together in the drive to tackle social issues and contribute to finding solutions to them. We share this commitment Group-wide while promoting the creation of workplaces that are full of energy and enthusiasm. For details, please refer to the relevant page on our website from the link below.

(<https://www.sekisuichemical.com/csr/human/>)

In our Medium-Term Management Plan “Drive 2022,” the Company has allocated 130 billion yen to R&D expenses, which represent the core part of our intellectual property investment. As part of these R&D expenses, some of our Divisional Companies and subsidiaries/affiliated companies have set an R&D expense target for “A-type new products” (meaning products expected to generate new demand), aiming to create a marginal profit in excess of R&D expense. In the future, a “Strategic Domain Map” will be created showing, by keywords, the areas that each Divisional Company aims to enter, and will be discussed by the Board of Directors to direct long-term investments of management resources. The “Strategic Domain Map” will be discussed and reviewed by the Board of Directors regularly once every year.

In the area of climate change, the Company declared support for the TCFD in January 2019 and started in July 2019 to disclose the impact of climate change risk and associated revenue opportunities on the Group’s business activities, earnings, etc., under the four disclosure items recommended by the TCFD (governance, strategy, risk management, and metrics and targets) (updated annually). In particular, for the purpose of disclosure on “strategy,” we developed four scenarios relating to the future of the business of the Company based on the combination of the following two axes: (1) whether the social system, such as city planning and energy, will be centralized (urban concentration, centralized management) or decentralized (regional decentralization, local production for local consumption) and (2) whether a low temperature increase (by less than 2°C) or a high temperature increase (by 4°C) will be expected based on the fifth assessment report of the UN’s Intergovernmental Panel on Climate Change (IPCC) (published 2014) and disclose opportunities, risks and the Company’s responses for the four scenarios represented by each quadrant.

[Supplementary Principles 4.1.1]

Whereas the Board of Directors of the Company is responsible for performing high-level corporate management functions (decision-making, development of strategies, and supervision), the Executive Officers Committee established in each divisional company is responsible for business execution based on the decision of the Board of Directors. A significant part of the business execution function has been delegated to each divisional company so that the Company can make appropriate and timely respond to changes in the environment.

With regard to such delegation of authority, the Company has also established the approval standards that take into consideration of the effect on the corporate-level management. These standards clarify the scope of the matters requiring the deliberation of the Board of Directors and that of the matters for which decisions can be made by each divisional company.

\* Matters requiring the deliberation of the Board of Directors (examples)

-Business management: Management policies/plan, election of officers, significant organizational change, significant capital investment, annual budget

-General affairs/personnel affairs: Change in important regulations such as the articles of incorporation, basic personnel policies, change in the personnel system

-Accounting/finance: Financial policies, large borrowing or lending of funds, large investment, financial reporting

-R&D and technology: Introduction/licensing of important technologies, transfer of intellectual property rights to/from a third party

[Principle 4.9]

The Company has developed the “Criteria for Independence of Outside Board Members (Directors and Audit & Supervisory Board Members)” to secure the independence of Outside Directors. These criteria are disclosed on the SEKISUI Corporate Governance Principles. The two incumbent Outside Directors have been designated as independent officers in accordance with the rules of the Tokyo Stock Exchange.

The Company appoints the Outside Directors who can expect impartial advice and constructive discussion based on their extensive administrative experience and specialized knowledge in different background from the Company. The reason for the appointment of each Outside Director is disclosed in the reference materials for the general meeting of shareholders, annual securities reports, corporate governance reports, etc.

[Supplementary Principles 4.10.1]

Although Independent Outside Directors do not currently comprise a majority of the board of the Company as there are two Independent Outside Directors among nine Directors in total, as noted in “Principle 4-10 Use of Optional Approach,” the Company has established the Nomination and Remuneration Advisory Committee, which currently consists of five members including two Independent Outside Directors. Although Independent Outside Directors do not constitute a majority of the members, one of the members is an Independent Outside Audit & Supervisory Board Member and the Committee is chaired by an Independent Outside Director. As such, the Company believes that the fairness and transparency of the Committee are ensured. The Company is preparing for an increase in the number of Independent Outside Directors at the Annual General Meeting of Shareholders scheduled for June 2022. If this is approved, Independent Outside Directors will constitute a majority of the members of the Nomination and Remuneration Advisory Committee.

[Principle 4.11]

The number of Directors shall not exceed 15, and 2 or more of them shall be independent Outside Directors. The Board of Directors of the Company shall consist of Directors who have an excellent character, insight, and a high moral standard in addition to knowledge, experience, and skills. The Company is continuously seeking to ensure diversity of the Board of Directors.

The number of Audit & Supervisory Board Members shall be 3 or more, with half or more of them being Independent Outside Audit & Supervisory Board Members elected from outside of the Company. At least one of the Audit & Supervisory Board Members shall be an individual who has knowledge and expertise in corporate finance and accounting, and at least one of the Audit & Supervisory Board Members shall have knowledge and expertise in legal systems. The Outside Audit & Supervisory Board Members in particular shall be elected from individuals with high specialties such as a certified public accountant, a lawyer, a scholar (on quality control etc.).

The Company evaluates and improves the Board’s function by discussing the effectiveness of the Board and points to improve at the Nomination and Remuneration Advisory Committee, holding regular meetings to exchange views between Outside Directors and the senior executive of the Company, and between Audit & Supervisory Board (including outside Audit & Supervisory Board Members) and accounting auditor, as well as Board of Directors Meeting agenda-setting and the status of active participation of each Directors and Audit & Supervisory Board Members.

[Supplementary Principles 4.11.1]

The Company ensures diversity among board members and keeps the number of Directors at an optimal level for appropriate decision-making that is commensurate with the business domain and size. The presidents of the divisional companies who are the top management of each business and senior corporate officers with significant experience and strong expertise are appointed as Inside Directors. Together with the Outside Directors who have broad knowledge and experience and Audit & Supervisory Board Members with strong expertise, balance is ensured with respect to diversity, optimal size, and capabilities, and the roles and responsibilities of the Board of Directors are effectively performed. Both of the two Independent Outside Directors of the Company have management experience in other companies, and the Company intends to continue to appoint persons with management experience in other companies as Independent Outside Directors.

The Board of Directors has already prepared and disclosed a skills matrix to define the skills that it should have. The Board will consider a review of specific items of the skills matrix to include a complete set of skills representing manufacturing functions such as R&D, production, and sales as well as other skills that will contribute to the achievement of “doubling sales volume by FY2030” set forth in the Company’s Long-Term Vision including new business development and alliance and will review them further as appropriate in response to any changes in the business environment. The skills matrix will also be utilized in discussions on appropriate director candidates by the Nomination and Remuneration Advisory Committee in the future.

The election of Directors is conducted in consideration of the management principles and strategies, through deliberation by the Nomination and Remuneration Advisory Committee, consisting of the majority of Independent Outside Board Members and chaired by an Independent Outside Officer. The Board of Directors makes a final policy decision respecting the recommendations made by the advisory committee.

[Supplementary Principles 4.11.2]

Directors and Audit & Supervisory Board Members are required to secure time and efforts necessary to appropriately fulfill their respective roles and responsibilities. Therefore, where they also serve as officers at other listed companies, they are required to limit to four or less concurrent positions to the extent that does not interfere with the execution of their duties at the Company. The status of the concurrent positions at listed companies held by Directors and Audit & Supervisory Board Members is disclosed each year in the notice of the general meeting of shareholders, annual securities reports, and corporate governance reports.

[Supplementary Principles 4.11.3]

The Company evaluates the effectiveness of the Board of Directors each year as set out in [Principle 4.11 Preconditions for Board and *Kansayaku* Board Effectiveness]. The Board of Directors has been engaged in sufficient discussion time under an appropriate agenda with opinions and recommendations actively provided by Directors (including Outside Directors) and Audit & Supervisory Board Members. The Company has evaluated that the current Board of Directors is sufficiently functioning and contributing to enhance the corporate value of the Group.

In FY2020, Long-term Vision, new Medium-term Management Plan and growth strategies (i.e. R&D, large-scale new business, and plant investment, etc.) and foundational strategies (i.e. report on the Sustainability Committee, digital transformation, safety and CS & Quality, etc.) as important management issues, are discussed sufficiently at the Board of Directors Meeting. In addition, the Company conducted a questionnaire for directors and corporate auditors to evaluate the effectiveness of the Board of Directors, identified important management issues that should be discussed more firmly, and reviewed the agenda of the Board of Directors so that directors and corporate auditors will be able to discuss important issues in sufficient time. Furthermore, the company confirmed that sufficient discussion time was secured, and opinions and recommendations were actively provided by both Outside and Inside Directors and Audit & Supervisory Board Members.

The nomination of Directors and Audit & Supervisory Board Members, individual performance evaluation and level of remuneration were deliberated by the Nomination and Remuneration Advisory Committee and the final decision was made at the Board of Directors Meeting considering the recommendation.

The Nomination and Remuneration Advisory Committee was held six times and deliberated agendas including succession plan for the President and Representative Director, composition and effectiveness of the Board of Directors, and initiatives to strengthen corporate governance.

In FY2021, the Company will continue to enhance deliberation on important management issues to make appropriate decisions as the Board of Directors and to ensure fairness and transparency in the Company’s management.

[Supplementary Principles 4.14.2]

The Company provides training and information that are necessary for Directors and Audit & Supervisory Board Members to adequately fulfill their respective roles and responsibilities as appropriate in accordance with the following policy:

<Training policy>

- i. Newly appointed Directors (including independent Outside Directors) and Audit & Supervisory Board Members are provided with opportunities to develop necessary knowledge, skills, etc., and to receive an explanation about the management strategy of the Company, the financial conditions of the Company, and other important matters from the President of the Company and designated executive officers by the President within three months of the date of the assumption of office.
- ii. Directors and Audit & Supervisory Board Members are required to always collect information and study proactively on such matters as the financial conditions of the Company, legal compliance, and corporate governance in order to fulfill their roles adequately. Any cost for such study such as attending seminars given by external parties is borne by the Company through prescribed procedures.

[Principle 5.1]

The Company believes that timely, appropriate and active information disclosure and two-way communication activities are essential for us to deepen mutual understanding and build a relationship of trust with shareholders. Therefore, the Company positively responds to any requests from shareholders that are considered to support sustainable growth and the medium/long-term enhancement of the corporate value of the Company. The Company has also established the “Basic Policy for Constructive Dialogue with Shareholders,” which had been deliberated and approved by the Board of Directors, and discloses it in corporate governance reports, etc.

#### Outside Directors' Relationship with the Company (2)

Name	Designation as Independent Director	Supplementary Explanation of the Relationship	Reasons of Appointment
Yutaka Kase	○	Mr. Kase is taking office of Advisor of Sojitz Corporation and Outside Director of JAC Recruitment Co., Ltd. While the Company has business transaction with each of both parties, the ratio of the transaction value to the net sales of Sojitz Corporation or JAC Recruitment Co., Ltd. and the Company for the business year last closed was less than 1%, respectively. Accordingly, independence of Outside Directorship is sufficiently secured. He is deemed not to be at risk of causing conflict of interest with general shareholders, and has thus been designated as an independent officer.	Mr. Kase has provided advice with respect to the business management of the Company and supervised business execution appropriately by leveraging his abundant experience and past achievements regarding global corporate management and business strategy fostered through his position as a corporate manager of a general trading company. Therefore, the Company has judged that he would be able to contribute to further enhancing the corporate value of the SEKISUI CHEMICAL Group and thus appointed him as Director.
Hiroshi Oeda	○	Although Mr. Oeda is taking office of Corporate Special Advisor of Nisshin Seifun Group Inc. and Outside Director of EBARA CORPORATION. While the Company has business transaction with each of both parties, the ratio of the transaction value to the net sales of EBARA CORPORATION and the Company for the business year last closed was less than 1%, respectively. He is also concurrently taking office of Seifun Kaikan Inc. and Hitotsubashi Koenkai, the Company has business transaction neither with each of both parties, respectively. Accordingly, independence of Outside Directorship is sufficiently secured. He is deemed not to be at risk of causing conflict of interest with general shareholders, and has thus been designated as an independent officer.	As Mr. Oeda has been a management executive of the largest milling company in Japan, the Company expects him to provide advice with respect to the business management of the Company and supervise business execution appropriately by leveraging his abundant experience and skill regarding global corporate management, business strategies and M&A activities fostered through his positions. Therefore, the Company has judged that he would be able to contribute to enhancing the corporate value of the SEKISUI CHEMICAL Group and thus appointed him as Director.

## [Incentives]

Incentive Policies for Directors	Performance-Based Remuneration, Share-Based Compensation Plan
----------------------------------	---

### Supplementary Explanation (Policy for granting incentive)

The remuneration for Directors of the Company consists of performance-based remuneration and non-performance-based remuneration. The performance-base remuneration is discussed and appropriately managed by the Nomination and Remuneration Advisory Committee to ensure that it functions effectively as an incentive toward the improvement of the Group's corporate value and the achievement of the management plan. The remuneration for Outside Directors does not contain a performance-based remuneration component.

Furthermore, the Company has selected operating income, which is the business performance target of the Company; the business performance of the divisional companies, which reflects the business performance of the Group's unique divisional company system; ROE, an assessment criteria for the improvement of the Group's corporate value; and dividends, which provides incentive to return these management results to shareholders, as indicators relating to the performance-based remuneration, with the reasons for the selection being to enable the performance-based remuneration will to function effectively as an incentive for the Directors of the Company to improve the Group's corporate value and achieve the management plan, as well as to ensure a high level of objectivity and transparency of the remuneration process. The amount of payment is determined to keep the balance with the above indicators by utilizing the executive remuneration data of outside research agencies and periodically making comparisons with companies similar in size and business performance to the Group.

The targets and results of the indicators for the performance-based remuneration for the current fiscal year are as follows.

Indicators		Targets	Results
Business performance of the Company (Operating income)		70.0 billion yen	67.3 billion yen
Business performance of the divisional companies (Operating income)	Housing	32.0 billion yen	30.5 billion yen
	Urban Infrastructure & Environmental Products	14.0 billion yen	11.2 billion yen
	High Performance Plastics	27.6 billion yen	28.937.1 billion yen

Policy on Determining Remuneration Amounts and Calculation Methods	Established
--	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

(1) Policy on determining remuneration, etc.  
The basic policy of the remuneration system for the Company's officers has been determined as follows as part of efforts to realize the Company's corporate philosophy.  
-It must contribute to the sustainable growth of the Group and the mid- and long-term improvement of corporate value.  
-It must encourage the Company's officers to share a common awareness of interest with the shareholders and to further enhance management awareness that places importance on the interest of the shareholders.  
-It must be a remuneration system with a strong link to business performance in order to motivate the Company's officers to achieve the business plan.  
-It must be a system with standards capable of attracting and retaining diverse and talented management resources in order to enhance the Group's competitiveness.

Furthermore, the remuneration, etc. for Executive Directors consists of basic remuneration, bonus and share-based compensation, while the remuneration for Outside Directors and Audit & Supervisory Board Members consists only of basic remuneration.

-The basic remuneration is provided in a flat amount commensurate with the officer's roles and responsibilities within the limit of the officers' remuneration allowance. Executive Directors are obliged to allocate a certain amount of the base remuneration to purchase the shares of the Company through the Officers Stock Ownership Plan with the aim of enhancing management awareness of placing an emphasis on the stock price.

-The bonus represents the performance-based remuneration, the amount of which is determined in accordance with the performance of fiscal year within the range of payment rate (0% to 100%) linked to the degree of achievement of targets such as operating income and performance of each divisional company, when ROE and dividend amount meet certain criteria.

-The share-based compensation plan is an incentive plan aimed at further raising motivation to contribute to the improvement of mid- and long-term business performance and improve the Group's corporate value, under which the number of shares to be granted is determined in accordance with the position of Directors. Said plan has a structure enabling Directors to receive a benefit at the time of retirement for the results for which they contributed to enhancing the Company's mid- and long-term corporate value in the form of the Company's shares reflecting such enhancement in share value, thereby enhancing the link with mid- and long-term shareholders' value.

-The basic remuneration and the bonus, as monetary remuneration, are provided on a regular schedule during officer's service while the share-based compensation is granted in lump sum at officer's retirement.

In a resolution relating to officers' remunerations approved by the 85th Annual General Meeting of Shareholders held on June 28, 2007, the upper limit of remunerations for Directors was set at 1,100 million yen per year, while the upper limit of remunerations for Audit & Supervisory Board Members was set at 120 million yen per year. In a resolution approved by the 94th Annual General Meeting of Shareholders held on June 28, 2016, the upper limit for share-based compensation was set at a total of 330 million yen in the three-year period.

The amount of the officers' remuneration of the Company is determined based on the roles and responsibilities of the officer. The system has been designed so that the higher the rank of the officer the higher the ratio of the performance-based remuneration component. The responsibilities of each officer also reflect the business performance of the divisional company for which he or she is responsible.

#### (2) Process of determining officers' remuneration

In determining the amount of remunerations, etc. to the Company's Directors and the policy on determining calculation methods, the matter is deliberated by the Nomination and Remuneration Advisory Committee in advance and the results of the deliberation are recommended to the Board of Directors. The Board of Directors determines the policy based on the recommendation of the said advisory committee. The following is a summary of the procedures taken by the Nomination and Remuneration Advisory Committee.

The chairman (Outside Director) convenes the committee and the agenda items are proposed by each committee member and deliberated by the committee. The results of deliberation by the committee are recommended to the Board of Directors by the chairman. The members of the committee are required to determine these matters from the perspective of whether or not it contributes to the Company's corporate value and ultimately to the common interests of the shareholders, and are prohibited from making decisions that would solely benefit the personal interests of oneself or that of third parties, including the management team of the Company. In determining the amount of remuneration, the Nomination and Remuneration Advisory Committee deliberated the Directors' remuneration levels and other matters including the personal evaluations and remunerations of each Director and the Board of Directors made a final decision. The specific amount, payment date, payment method and other matters are left discretion of President and Representative Director.

In determining the amount of remuneration for the 99th fiscal term, the Nomination and Remuneration Advisory Committee deliberated the Directors' remuneration levels and other matters including the personal evaluations and remunerations of each Director in June 2020 and June 2021, and the Board of Directors made a final decision.

#### [Supporting System for Outside Directors and/or Audit & Supervisory Board Members]

-Corporate Business Strategy Department functions as Secretariat to the Board of Directors. The Company develops further the environment in which sufficient materials are provided to the Directors in advance for

their deliberation through the appropriate organization-wide coordination depending on the nature of the discussion in the Board of Directors so that Directors can ask questions in advance.

-Prior to the Board of Directors Meeting, the Secretariat to the Board of Directors makes a visit to independent Outside Directors to enhance the understanding of the discussion agenda by them, explaining about the agenda.

-Corporate Internal Audit Department and the Secretarial Office are in charge of the Secretariat to Audit & Supervisory Board to support the audit activities conducted by Audit & Supervisory Board Members and the administration of Audit & Supervisory Board. In cooperation with each other, they establish the system which enables Outside Audit & Supervisory Board Members to inspect important documents and conduct a hearing to a responsible person in charge of each division as necessary.

-Audit & Supervisory Board exchanges opinions with independent Outside Directors and provides information gained through audit activities.

**Other Matters**

The Company has both Executive Advisor System and Senior Advisor System aimed engaging in outside activities by persons with experience of office of President and Director, etc. Executive Advisor and Senior Advisor engage in such activities that have certain significance to the Company from the view point of a public nature and interest in economic and industrial sectors as well as academic and sports world, and never intervene to any management matters.

Appointment of Executive Advisor is resolved by the Board of Directors, after being deliberated by the Nomination and Remuneration Advisory Committee, which consists of the majority of Independent Outside Board Members, and is delegated by President and Director.

Mr. Negishi's "Date of Retirement from President, etc." is the day when he retired from Chairman of the Board and Director.

**2. Matters on Functions of Business Execution, Auditing and Oversight, and Determination of Nomination and Remuneration (Overview of Current Corporate Governance System)**

(1) Organizational structure and business execution system  
 As an organizational structure under the Companies Act, the Company has chosen to be a company with Audit & Supervisory Board.  
 Under the Divisional Company System, the Company has adopted the Executive Officer System in order to clearly distinguish the business execution function from the decision-making function in management. Each divisional company has an Executive Officers Committee, which serves as the company's highest decision-making body. The Executive Officers Committee has been delegated substantial authority previously entrusted to the Board of Directors.

## (2) The Board of Directors

The Board of Directors continually strives to strengthen its role as a body responsible for decision-making concerning the Company's fundamental policies and upper-level management issues, and supervising the execution of business. The Board includes Outside Directors to ensure transparency in management and fairness in business decisions and operations. In addition, all Audit & Supervisory Board Members including Outside Audit & Supervisory Board Members shall attend the meetings of the Board of Directors.

The number of Directors shall not exceed 15, and 2 or more of them shall be independent Outside Directors. The Company ensures diversity among board members and keeps the number of Directors at an optimal level for appropriate decision-making that is commensurate with the business domain and size. The presidents of the divisional companies who are the top management of each business and senior corporate officers with significant experience and strong expertise are appointed as Inside Directors. Together with the Outside Directors who have broad knowledge and experience, they effectively perform the roles and responsibilities of the Board of Directors, taking the balance with respect to diversity, optimal size, and capabilities, with Audit & Supervisory Board Members with strong expertise.

In FY2020, Long-term Vision, Medium-term Management Plan and growth strategies (i.e. R&D, large-scale new business, and plant investment, etc.) and foundational strategies (i.e. report on the Sustainability Committee, digital transformation, safety, and CS & Quality, etc.) were taken up as important management issues and sufficiently discussed at the Board of Directors Meeting.

## (3) Audit system

The Company has established an Audit & Supervisory Board as a supervisory body to oversee the Board of Directors and business execution system. Together with the adoption of Outside Audit & Supervisory Board Members, the system ensures wide-ranging viewpoints and fairness.

The Corporate Audit Department has been established under the direct control of the President, and conducts internal audits on the operations of the entire Group. Internal audit field work is conducted in accordance with the internal audit regulations and based on the audit policy and the audit plan for the year. The findings are reported to the President, Directors, Audit & Supervisory Board Members and divisions concerned. The Corporate Audit Department receives action plans for improvement from the audited parties or conducts follow-up audits where necessary, through which it streamlines and improves the internal control system.

A group-wide internal framework has been put in place to enable Audit & Supervisory Board Members to perform audits without any obstacles by, among others, attending various important meetings, conducting an investigation into divisions concerned including affiliates, examining the approval documents of important projects, and receiving reports from related divisions including the internal audit division. Audit & Supervisory Board Members also hold a regular meeting with the Representative Directors to exchange opinions on, among others, the issues that the Company should resolve, the status of the improvement of the environment for audit by Audit & Supervisory Board Members, and important audit issues and to make necessary requests to enhance mutual understanding.

The Company's accounting auditor is Ernst & Young ShinNihon LLC (The name was changed from ShinNihon LCC in July 2018), and certified public accountants who execute the accounting audit work are Shunsuke Sakai and Takao Oshitani; each certified public accountant is replaced in a timely manner in accordance with the replacement plan formulated with Ernst & Young ShinNihon LLC.

The accounting auditor and the Audit & Supervisory Board Members confirm the audit plan and mutually periodically exchange information and opinions including receiving audit reports, with the aim of improving effectiveness and efficiency of audits through close collaboration.

## (4) Nominating and Remuneration Advisory Committee

The Company has established an optional advisory committee on nominations and remuneration policies as a complementary function to the Board of Directors, and for the purpose of enhancing fairness and transparency.

The Nomination and Remuneration Advisory Committee deliberates and makes recommendations to the Board of Directors on important management issues as necessary, in addition to the nomination of senior executives including Representative Directors and other Directors, etc. and adequacy of the system and the level of remuneration for the Directors. The Committee consists of 5 members, the majority of which must be Independent Outside Officers and the chairperson of which must be elected from among the Independent Outside Officers.

### **3. Reasons for Adoption of Current Corporate Governance System**

As an organizational structure under the Companies Act, the Company has chosen to be a company with Audit & Supervisory Board.

The Company is continuously encouraging to improve corporate value based on the belief that enhancing fairness and transparency and swift decision making are critical.

The Company adopted an Executive Officer System in 2008, for the purpose of separating the supervisory function (Directors) and the business execution function (executive officers), and elected 2 Outside Directors who met the criteria for independent officers.

In 2015, the "Nominating and Remuneration Advisory Committee," which consists of the majority of Independent Outside Officers and is chaired by an Independent Outside Officer, was established, in order to deliberate successor candidates for the President and other Directors, and remuneration of Directors.

The Company ensures fairness and transparency by establishing a highly effective system of supervision over Directors and improving the audit system, and judges that the current system is appropriate for the Company.

## IV. Matters Related to the Internal Control System

### 1. Basic Views on Internal Control System and Progress of System Development

The Company, pursuant to the provisions of the Companies Act, has established and implemented the basic policy for the internal control system as the system to ensure proper business operations of the Group.

(1) System to ensure that Directors, executive officers and employees of the Company and Group companies execute their duties in compliance with laws, regulations and the Articles of Incorporation

The Sustainability Committee, chaired by the President, deliberates the Fundamental Compliance Policies, which are subject to approval by the Board of Directors. Also, the Compliance Sub-committee has been established as a special subcommittee of the Sustainability Committee with the aim of strictly enforcing compliance in the Company and Group companies and making them steadily carry out sustainability activities in practice. The Compliance Sub-committee plans, examines and determines important matters related to compliance, for the purpose of building and implementing the compliance system in the Company and Group companies. The Sub-committee, which shall be chaired by a Director or executive officer appointed by the President, supervises the Company and Group companies' compliance initiatives on a Group-wide scale.

The Company has also prepared the "SEKISUI CHEMICAL GROUP Compliance Manual," presenting the guidelines for Directors, executive officers and employees of the Company and Group companies to act in accordance with laws, regulations, the Articles of Incorporation and corporate ethics. The Company also conducts training targeted at Directors, executive officers and employees of the Company and Group companies in regards to various laws and regulations and corporate ethics in the form of group training sessions and e-learning. The Company has developed an internal system to prevent damage from being caused by antisocial forces, and by using the "SEKISUI CHEMICAL GROUP Compliance Manual," thoroughly inform Directors, executive officers and employees of the Company and Group companies to have no relationship whatsoever with antisocial forces and to take a firm stand if unreasonable demands are made by antisocial forces.

In addition to the above, the intra-company whistle-blowing system S.C.A.N. (Sekisui Compliance Assist Network) enables employees to directly call the internal hotline or a lawyer's hotline when a compliance problem has arisen.

(2) System to store and manage information on the execution of duties of Directors and executive officers of the Company and Group companies

In accordance with the Document Management Rules, information on the execution of duties of Directors and executive officers of the Company and Group companies are recorded in document or electromagnetic media format and stored and managed in an appropriate manner.

(3) Rules and other systems related to management of risk of loss of the Company and Group companies

The Company strives to prevent risks from arising by identifying significant risks through the collection and evaluation of risk information in a centralized/complete manner based on the "SEKISUI CHEMICAL GROUP Risk Management Guidelines." In the event a significant risk has arisen, the Company will establish the emergency response headquarters to take prompt and appropriate measures based on the "SEKISUI CHEMICAL GROUP Crisis Management Guidelines."

(4) System to ensure that Directors and executive officers of the Company and Group companies execute their duties in an efficient manner

The meeting of the Board of Directors shall be held at regular intervals—i.e., once a month—and shall also be held whenever necessary. Important matters relating to the Company's management policy and management strategy are discussed at the meeting of the Policy Committee separately, and following its deliberation, they are determined at the meeting of the Board of Directors.

Furthermore, the Company has delegated authority by adopting the division company system and executive officer system. Each divisional company has an Executive Officers Committee, which serves as the company's highest decision-making body, to facilitate prompt decision-making in the company. In addition, meetings of senior-level employees, meetings of branch general managers, etc. are held within the divisional company as necessary, and reports are made in a prompt and precise manner to the divisional company's president, who is responsible for the execution of duties in the divisional company.

(5) System to ensure proper business operations of the Company and Group companies

The Company and Group companies collaborate closely with each other in terms of supervision, directives and communication, having formulated the "Corporate Activity Guidelines" based on the Group's management principles in order to improve the corporate value of the Group as a whole and fulfill its social responsibility. The Company also seeks to conduct business operations in an appropriate manner on a Group-wide scale while guiding, advising and assessing Group companies.

In regards to the business management of Group companies, monitoring is conducted by Audit & Supervisory Board Members, the Corporate Audit Department, etc., and enhancements are made to the system for Group companies to seek approval from and make reports to the Company based on the "Rules for handling affiliated companies" and "Guidelines for final decisions at affiliated companies."

In addition, if a misconduct arises at the Company or a Group company, thoroughgoing efforts will be made to prevent it from occurring again by requiring that a report on the nature of the scandal be made to the divisional company in charge or the Compliance Promotion-Subcommittee at the corporate headquarters without fail and that the Compliance Subcommittee be contacted by the Compliance Promotion Subcommittee so that all information will be collected and brought to the Director or executive officer appointed as the chairperson of the Compliance Subcommittee.

(6) Matters concerning employee to assist in the duties of Audit & Supervisory Board Members if such employee is requested by Audit & Supervisory Board Members.

If Audit & Supervisory Board Members request an employee to assist in his/her duties, the Company takes appropriate action such as appointing an employee to serve as his/her assistant subject to consultation with the Audit & Supervisory Board Members.

(7) Matters concerning independence of the employee referred to in (6) from Directors and executive officers

In cases where an employee is to be appointed to assist in the duties of an Audit & Supervisory Board Member, the evaluation and transfer of such employee shall require the prior approval of the Audit & Supervisory Board Members.

(8) Matters related to ensuring effectiveness of instructions to the employee referred to in (6)

In cases where an employee is to be appointed to assist in the duties of an Audit & Supervisory Board Member, such employee shall follow the directions and orders of the Audit & Supervisory Board Members.

(9) System for Directors, executive officers, Audit & Supervisory Board Members and employees of the Company and Group companies or recipients of their report to make a report to Audit & Supervisory Board Members and other systems for making a report to Audit & Supervisory Board Members.

Directors, executive officers, Audit & Supervisory Board Members and employees of the Company and Group companies make a report on the following matters to the Audit & Supervisory Board:

- (i) Matters that are important in the context of monthly management status;
- (ii) Matters that may inflict significant damage to the Company or Group companies;
- (iii) Important matters related to risk management;
- (iv) Material breach of laws, regulations or the Articles of Incorporation;
- (v) Whistle-blowing status of the intra-company whistle-blower system; and
- (vi) Other matters which are important in terms of compliance.

Also, the Internal Audit Department of the Company conducts operational audits and accounting audits with respect to the Company and Group companies, and reports the audit results to the Representative Director and the Audit & Supervisory Board of the Company on every occasion.

(10) System to ensure that the person who made a report to Audit & Supervisory Board Members, etc. will not be treated unfairly on the grounds of making such report

The Company prohibits the unfair treatment of anyone who works at the Company or Group company on the grounds that he/she has made a report to Audit & Supervisory Board Members, etc., and makes this thoroughly known among Directors, executive officers, Audit & Supervisory Board Members and employees of the Company and Group companies.

(11) Matters Regarding Policy on Handling Advance Payment or Repayment of Expenses Resulting from Audit & Supervisory Board Members' Execution of Duties or Other Expenses or Debts Arising from the Said Execution of Duties

Expenses deemed necessary for the execution of duties by Audit & Supervisory Board members shall be budgeted for in advance. However, it shall not be required in cases where unplanned duties should be executed.

(12) Other Systems under Which Audit by Audit & Supervisory Board Members Is Ensured Efficiently to Be Performed

A group-wide internal framework has been put in place to enable Audit & Supervisory Board Members to exercise without any obstacle its authorities by, among others, attending various important meetings, conducting an investigation into divisions concerned including affiliates, and examining the approval documents of important projects. Sufficient information sharing and exchange of opinions take place among the members of Audit & Supervisory Board (including Outside Audit & Supervisory Board Members). Audit & Supervisory Board Members also hold a regular meeting with the Representative Directors, Directors, and executive officers to exchange opinions on, among others, the issues that the Company should resolve, the status of the improvement of the environment for audit by Audit & Supervisory Board Members, and important audit issues and to make necessary requests to enhance mutual understanding.

Based on the above-mentioned policies, the Company endeavors to administrate its internal control system.

-The Company has developed internal controls over financial reporting, which are operated by a separate department in charge of the promotion of internal control. The status of company-level internal controls and the appropriateness of business processes at significant locations/units are monitored and the results of the audit conducted by the External Accounting Auditor are reported directly from the External Accounting Auditor to the Directors in charge and Audit & Supervisory Board Members as appropriate. The operation status of these controls and its evaluation are deliberated annually by the Board of Directors.

-The Company has clearly stipulated in the Board of Directors Regulations the conflict of interest transactions between the Company and its Directors as a matter requiring the resolution of the Board of Directors. Opinions of Outside Directors and Audit & Supervisory Board Members on these transactions are sought at the meeting of the Board of Directors through the approval or reporting processes pertaining to actual individual transactions. The execution status of these transactions is also required to be reported as appropriate at the meeting of the Board of Directors.

-The Company has developed the S.C.A.N. (Sekisui Compliance Assist Network), an intra-company whistle-blowing system, and since then we have made it available for use by all Group employees. This system is operated under the supervision of the officer appointed by the President and the operation status of the intra-company whistle-blowing system is reported to the Board of Directors.

- As part of the whistleblower system, the Company has secured a reporting contact at an external law firm that is independent from the Company in addition to the internal reporting contact in Japan. Additionally the Company has established a point of contact for the employees of foreign affiliates in United States, China, ASEAN and Europe countries. The protection of the whistleblower is prescribed by the Whistleblower Rules to put in place an environment in which whistleblowers do not suffer any disadvantage. For example, the identity of the whistleblower is kept secret from anybody other than the reporting contact.
