#### (2) Explanation on Financial Position

(Assets, liabilities, and equity)

For assets and liabilities of JPX Group, "clearing business financial assets and liabilities" assumed by Japan Securities Clearing Corporation as a clearing organization and "deposits from clearing participants" deposited by clearing participants as collateral are included under both assets and liabilities. "Clearing business financial assets and liabilities" and "deposits from clearing participants" have a large impact on the amount of assets and liabilities of JPX Group due to their sizable amounts and daily fluctuations subject to changes in clearing participants' positions. In addition, "legal guarantee funds", "trading participant security money", and "default compensation reserve funds" based on the rules for securing safety of financial instruments transactions and other transactions are included under both assets and either liabilities or equity.

Total assets as of December 31, 2021 increased by  $\pm 2,000,841$  million from the end of the previous fiscal year to  $\pm 62,076,519$  million due mainly to an increase in "clearing business financial assets". Excluding "clearing business financial assets", "deposits from clearing participants", "legal guarantee funds", and "default compensation reserve funds", assets decreased by  $\pm 22,378$  million from the end of the previous fiscal year to  $\pm 378,754$  million.

Total liabilities as of December 31, 2021 increased by ¥2,018,229 million from the end of the previous fiscal year to ¥61,765,138 million due mainly to the same increase in "clearing business financial liabilities". Excluding "clearing business financial liabilities", "deposits from clearing participants", "legal guarantee funds", and "trading participant security money", liabilities decreased by ¥5,536 million from the end of the previous fiscal year to ¥86,613 million. Total equity as of December 31, 2021 decreased by ¥17,388 million from the end of the previous fiscal year to ¥311,381 million, due to a capital reduction as a result of dividend payment and acquisition of own shares despite a capital increase from net income attributable to owners of the parent company. In addition, after excluding "default compensation reserve funds", total equity as of the same date was ¥283,433 million.
