Coincheck App Wins "No.1 Downloads in Japan"
for the third consecutive year

- Number of verified accounts increased by approximately 0.5 million in a year to over 1.53million -

Coincheck, Inc. (Head office: Shibuya-ku, Tokyo, President: Satoshi Hasuo, hereinafter referred to as "Coincheck") is pleased to announce that, in 2021, the Coincheck app was downloaded the most in Japan (*1). This is the third year in a row that the Coincheck app has been ranked No.1 in Japan in terms of downloads since 2019.

In 2021, the number of app downloads tripled year on year, surpassing a cumulative total of 4.76 million downloads, mainly due to the expansion of awareness through the launch of TV commercials and the launch of new services such as "Coincheck NFT (β version)" and "Coincheck IEO." The number of verified accounts opened also increased by approximately 0.5 million from the previous year to over 1.53 million.

Upholding its corporate mission to "offer easy access to new means of exchanging values," Coincheck is striving to add new crypto assets in their exchange, increase its usability and develop new services.
