Notice Concerning Changes in Major Shareholder, Parent Company and Specified  
Affiliated Company at Asset Management Company

Japan Metropolitan Fund Investment Corporation (hereafter “JMF”) announces that, at its asset management company, Mitsubishi Corp.-UBS Realty Inc. (hereafter the “Asset Management Company”), there will be changes in the major shareholder, parent company and specified affiliated company, as described below.

1. Background of the change

Mitsubishi Corporation as the parent company and specified affiliated company of the Asset Management Company and UBS Asset Management AG as a major shareholder of the Asset Management Company today agreed to transfer all of the Asset Management Company’s shares held by them to 76KK, an indirect subsidiary of KKR & Co. Inc. (together with its subsidiaries, hereafter “KKR”) (hereafter the “Share Transfer”). The Share Transfer will be implemented on or before April 28, 2022 subject to approval of the relevant authority and satisfaction of other customary terms and conditions.

After the Share Transfer, Mitsubishi Corporation will cease to be the parent company and specified affiliated company of the Asset Management Company, and UBS Asset Management AG will cease to be the major shareholder of the Asset Management Company. After the Share Transfer, 76KK will become the major shareholder, parent company and specified affiliated company of the Asset Management Company. In addition, entities listed in 2. (1) below (including 76KK) will become specified affiliated companies of the Asset Management Company.

Mitsubishi Corporation has been involved in the real estate management business in the J-REIT market through the Asset Management Company, which was established as a joint venture with UBS Asset Management AG in 2000. Assets under management, comprising JMF and Industrial & Infrastructure Fund Investment Corporation (hereafter “IIF”), which delegate operations to the Asset Management Company, amount to approx. JPY 1.7 trillion (\*) and the Asset Management Company has grown to become one of the largest J-REIT asset managers in the industry.

On the other hand, Mitsubishi Corporation continuously strives to optimize and strengthen its business portfolio, and has identified private REITs, private funds, and overseas asset management as the main growth pillars of its real estate asset management business. Hence, Mitsubishi Corporation determined the transfer of the shares in the Asset Management Company to KKR to be in the best interests.

(Note)\*The sum of the total appraisal values of JMF as of August 31, 2021 and of IIF as of January 31, 2022.

KKR is a leading global investment firm with over US\$471 billion (approx.55 trillion yen) of assets under management, as of December 31, 2021. KKR has developed an investment track record spanning over 45 years, and KKR today invests in asset classes that include private equity, credit and real assets, such as real estate.

Real estate has been a part of KKR's strategy for over four decades, and in 2011, KKR formed a dedicated real estate platform. As of December 31, 2021, KKR's worldwide real estate team consists of approximately 135 dedicated investment and asset management professionals, with more than US\$41 billion (approx. 4.7 trillion yen) of assets under management, including proprietary investments and REITs.

In Asia, KKR has an experienced local team of approximately 250 investment professionals across nine offices, including in Tokyo, which opened in 2006. KKR has a longstanding track record of investing in the growth and success of Japanese businesses. KKR is committed to Japan, and the market continues to be a key part of KKR's Asia Pacific and global strategies. KKR is supportive of the current internal and external growth strategies of JMF. In addition, KKR has agreed to acquire all investment units (0.9% of outstanding units) of JMF held by Mitsubishi Corporation through its indirect subsidiary, along with the Share Transfer.

KKR is committed to supporting the existing strategy and continuity of the Asset Management Company and looks to leverage its network and global resources to create value for JMF unitholders. The strategic partnership combines the real estate investment and asset management acumen of both KKR and the Asset Management Company, and is expected to bolster the acquired operation's status as a leading J-REIT business with enhanced opportunities for organic and inorganic growth.

Under the ownership of a new sponsor, we expect to continue our focus on increasing shareholder value by pursuing further external growth, internal growth, and financial strategies.

## 2. Overview of the major Shareholder, parent company and specified affiliated company subject to the changes

### (1) The company which will fall under a major shareholder, parent company and specified affiliated company
