The corporate governance of Kyowa Kirin Co, Ltd. (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

Based on our vision and medium term business plan in accordance with our philosophy that “The Kyowa Kirin Group companies strive to contribute to the health and well-being of people around the world by creating new value through the pursuit of advances in life sciences and technologies” and core values, in order to achieve sustainable growth and increase corporate value over the mid- to long-term, we, as a company responsible for delivering social infrastructure, work on the enhancement of our corporate governance by ensuring transparency and fairness in decision-making, and establishing structures for timely and decisive decision-making and execution of management duties, and for appropriate monitoring and supervisory functions.

We believe that cooperation with stakeholders is essential for achieving our medium term business plan, and respect the situation of each stakeholder; and we are committed to making timely disclosures to shareholders and investors on a transparent, fair and continuous manner, proactively having constructive dialogue with shareholders and investors, and ensuring accountability in a cordial manner.

We are a consolidated subsidiary of Kirin Holdings Company, Limited, and while respecting the Kirin Group’s management policies, we secure independence for our corporate management.

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

This report is prepared based on the Corporate Governance Code revised in June 2021 (including principles for the Prime Market to be applied from April 4, 2022).
The Company has complied with all principles of the Corporate Governance Code.

[Disclosure Based on the Principles of the Corporate Governance Code]

This report is prepared based on the Corporate Governance Code revised in June 2021 (including principles for the Prime Market to be applied from April 4, 2022).

[Supplemental Principle 1-2-4: Use of Electronic Voting Platform]

The Company has been participating in an electronic voting platform for institutional investors operated by ICJ, Inc.

[Principle 1.4 Cross-Shareholdings]

<Policy on cross-shareholdings>

Unless we consider certain cross-shareholdings are meaningful for the purposes of achieving sustainable growth of our Group and increasing corporate value for the mid- to long-term, we will not hold shares of other companies as cross-shareholdings. The Board of Directors examines rationality of cross-shareholdings on an annual basis; and with respect to stocks of decreasing significance, we will work on reducing such cross-shareholdings, while undertaking dialogue/negotiations with the counter party.

<Exercise of voting rights of cross-held shares>

With respect to voting rights of cross-shareholdings, we will properly exercise our voting rights, upon making a voting decision on each proposal of the issuing company, considering whether its proposal contributes to increasing its corporate value, and whether the proposal contributes to our Group's sustainable growth and an increase in corporate value over the mid- to long-term.

The above policy is stipulated in Section 3.2.3, Chapter 3 of our Corporate Governance Policy.

[Principle 1.7 Related Party Transactions]

Policy on transactions between related parties is as follows:

- We disclose information on transactions with related parties in accordance with the Companies Act, the Financial Instruments and Exchange Act, and other applicable laws, as well as rules established by the Tokyo Stock Exchange.
- In case there is a significant fact concerning any transaction with Director, Audit & Supervisory Board Member, and their relatives, the fact is reported to the Board of Directors. Competitive transactions and conflict-of-interest transactions involving Directors, whether conducted as the direct party or as an agent or representative of a third party, are matters to be resolved by the Board of Directors in accordance with the Companies Act and the Board's rules and regulations.
- With respect to any transactions with a controlling shareholder, a rational decision is to be made in the same manner as general transaction terms and conditions, based on objective information on the market where goods/services provided by or to the Company are mainly traded.

The above policy is stipulated in Section 3.2.5, Chapter 3 of our Corporate Governance Policy.

[Supplemental Principle 2-4-1 Ensuring Diversity in the Appointment of Core Personnel]

- As a Global Specialty Pharmaceutical Company, we believe “taking advantage of diversity – in terms of both such surface layers as race, nationality, gender and age, and such deeper layers as values and experience of individuals – brings about further innovations,” and promote diversity & inclusion by hiring/developing human resources with diverse backgrounds, and creating a new corporate culture where employees autonomously take on challenges and overcome barriers.
- We work toward ensuring diversity as well as having right persons in right jobs, by clarifying qualifications for global leader positions as human resources that support the global management structure, enhancing the pipeline of candidates to be nominated, and developing next-generation

leaders. Furthermore, in accordance with the Declaration of the Global Diversity, Equity, and Inclusion Statement, we implement cross-regional/cross-functional measures as well as measures for addressing region-specific issues. With respect to the ratio of women in global leadership positions, we aim at achieving 30% in 2025 and 40% in 2030. As for the ratio of women in managerial positions in Japan, the Company aims at achieving 18% in 2025.

- To create new value, we will actively recruit and promote mid-career hires and foreign nationals with high expertise and diverse perspectives, both in Japan and globally.

[Principle 2.6 Roles of Corporate Pension Funds as Asset Owners]

- The Corporate Pension Fund manages funds for the Company's pension plan.
- The Company recruits and assigns qualified persons for investment management at the Fund in a planned manner, helps them increase their expertise by providing opportunities to participate in external training courses or pension investment seminars, and establishes an appropriate operating structure to support the Fund.
- The investment policy of the reserve fund is based on professional inputs and consultations from outside experts.
- The Asset Management Committee, in which the Director of the Finance & Accounting Department and the Director of the Human Resources Department also participate, regularly monitors the investment status and reviews the investment policy as necessary, paying attention to maximizing the benefits for the participants and beneficiaries of the Company's pension plan and the impact on the Company's financial position.
- As the actual management of the funds is outsourced to a trustee organization and the Company is not involved in investment instructions or the exercise of voting rights, possible conflicts of interest with corporate pension beneficiaries are appropriately managed.

[Principle 3.1 Full Disclosure, Supplementary Principles 3.1.2 Disclosure of Information in English and 3.1.3 Sustainability Initiatives]

(i) In line with our philosophy that “The Kyowa Kirin Group companies strive to contribute to the health and well-being of people around the world by creating new value through the pursuit of advances in life sciences and technologies” and core values, we formulated Vision 2030 and the 2021-2025 Medium Term Business Plan, aiming at realizing the successful creation and delivery of life-changing value that ultimately makes people smile, as a Japan-based Global Specialty Pharmaceutical Company built around the diverse team of experts with a shared passion for innovation.

The 2021-2025 Medium Term Business Plan is available at the following website:

(ii) Our Basic Views on Corporate Governance are as described in the first section of this report. According to the Basic Views, we established the Corporate Governance Policy, and continuously work on realizing an optimal corporate governance system.

Our Corporate Governance Policy is available at our website as below.

<<https://ir.kyowakirin.com/en/management/governance.html>>

(iii) The Nomination and Remuneration Consultative Committee deliberates and determines the remuneration for senior management from an objective and fair perspective, and then reports the results to the Board of Directors. The relevant policy is stipulated in Section 2.6.3, Chapter 2 of our Corporate Governance Policy.

(iv) With respect to the appointment/removal of senior management and nomination of candidates for Directors and Audit & Supervisory Board Members, the Nomination and Remuneration Consultative Committee deliberates and determines such matters from an objective and fair perspective, and then reports the results to the Board of Directors. The relevant policy is stipulated in Section 2.6.1, Chapter 2 of our Corporate Governance Policy.

(v) We proactively disclose sustainability-related information as an initiative under the 2021-2025 Medium Term Business Plan. With respect to our climate-related initiatives, we disclose the progress in accordance with the framework of the Recommendations of the Task Force on Climate-related Financial Disclosures (TCFD). In November 2021, we declared support for the TCFD Recommendations for realizing a decarbonized society.

The following website provides information on TCFD

(vii) In principle, disclosure documents related to Investor Relations are provided in English under a certain rationality.

[Principle 4-1 The Role and the Responsibility of the Board of Directors, Supplementary Principle 4.1.1 Scope and Content of the Matters Delegated to the Management]

Roles and responsibilities of the Board of Directors are as follows. The details are stipulated in Section 2.2.1, Chapter 2 of our Corporate Governance Policy.

- Taking into account its fiduciary duties and accountability to shareholders, the Board of Directors aims at realizing our corporate philosophy, and achieving sustainable growth and increased corporate value of our Group over the mid- to long-term, by establishing effective and efficient corporate governance.
- The Board of Directors makes decisions on matters stipulated by law and the execution of the Group's important operations, which include long-term management visions, medium term business plans and annual business plans of the Group and key Group companies. The Board is also responsible for monitoring the directors' execution of their duties, developing and overseeing the basic policy on sustainability and initiatives thereunder, and for developing appropriate internal control systems across the Group by collaborating with the internal audit department.
- In addition to the matters stipulated in the laws and regulations as well as the Articles of Incorporation, the Board of Directors specifies matters to be resolved by the Board in the Regulations for the Board of Directors. Authorities pertaining to other business execution are delegated to Executive Officers in charge of relevant businesses, and the details are defined in the Group Rule for Authorization.

[Principle 4.8 Effective Use of Independent Directors, Supplementary Principle 4.8.3 Actions to Take as a Listed Company with Controlling Shareholders]

In order to enhance fairness and transparency of corporate governance, and achieve sustainable growth of our Group and increased corporate value over the mid- to long-term, we appoint at least one third of the Board members as independent directors who satisfy the Criteria for Independence of Outside Officers. In case independent directors do not make up a majority of the Board, when conducting a significant transaction with the controlling shareholder, Kirin Holdings Company, Limited, we establish the Supervisory Committee for Conflict of Interests in Transactions between Group Companies, which is comprised of independent directors, as an advisory body to the Board.

[Principle 4.9 Independence Standards and Qualification for Independent Directors]

Candidates for our independent Directors are selected from those who meet our Criteria for the Independence of Outside Directors, which was separately established based on the requirements of the Companies Act as well as the Tokyo Stock Exchange (TSE)'s criteria of independent directors/auditors. The standards for appointing independent Directors and the Criteria for the Independence of Outside Directors are provided in Section 2.6.2, Chapter 2 and Appendix 1 of our Corporate Governance Policy, respectively.

[Supplementary Principle 4.10.1 Independence of Voluntary Committees]

Although we did not adopt the organization form of “Company with Committee(s),” we established the Nomination and Remuneration Consultative Committee as an advisory body to the Board of Directors. The Committee deliberates and makes decisions on nomination and remuneration of our Company from an objective and fair standpoint, and reports the results to the Board of Directors. The Nomination and Remuneration Consultative Committee consists of 10 members, and 7 members, which is a majority, are independent officers. The Committee Chair is selected from independent directors.

[Supplementary Principle 4.11.1 Diversity of the entire board of directors]

According to the Articles of Incorporation, the maximum number of Directors, who comprise our Board of Directors, is 10. We established a transparent governance system, which is well-balanced as a whole, ensuring knowledge, experience, skills and insights necessary as a Global Specialty Pharmaceutical Company as well as diversity. The details are stipulated in Section 2.2.2, Chapter 2 of our Corporate Governance Policy. We disclose on our website a skills matrix, which enumerates knowledge, experience, skills, etc. of Directors and Audit & Supervisory Board Members, as well as the policy and procedures for nominating them.

<https://ir.kyowakirin.com/ja/library/annual/main/01/teaserItems1/00/linkList/0/link/ar2020_jp_2.pdf>

[Supplementary Principle 4.11.2 Information about Outside Directors, Outside Audit & Supervisory Board Members, and Other Directors and Audit & Supervisory Board Members who also Serve as Directors, Audit & Supervisory Board Members, or the Management at Other Companies]

We disclose information on significant concurrent positions held by Directors and Audit & Supervisory Board Members every year in the convocation notice of the ordinary general meeting of shareholders and the Securities Report.

[Supplementary Principle 4.11.3 Analysis and Evaluation of Effectiveness of the Board of Directors as a whole]

To identify gaps between expected roles and responsibilities of the Board of Directors set forth in the “Kyowa Kirin Corporate Governance Policy” and the actual state of the Board of Directors in 2020-2021, we conducted an evaluation on the effectiveness of the Board of Directors. With respect to the evaluation of the Board effectiveness, from the perspective of ensuring the effectiveness of governance, we identified wide-ranging issues, not limited to operational issues of the Board of Directors.

Based on the evaluation score, comments in the survey and interviews, external advisor’s opinion, and exchange of opinions at the Board, we concluded that the effectiveness of the Board of Directors was secured.

This year, we added questions for the members of the Nomination and Remuneration Consultative Committee, an advisory body to the Board of Directors, and concluded that the appropriateness of access to information as well as agenda/deliberation are ensured.

I. The evaluation method for Board effectiveness in 2021

Since 2020 when the current mid-term business plan was formulated, for the purpose of identifying issues from the mid- to long-term perspective, in addition to a survey, we have conducted interviews with some officers. This year, we interviewed the chairperson of the Board of Directors and the chairperson of the Nomination and Remuneration Consultative Committee, both of who are independent officers. Furthermore, taking into account the results of the survey and interviews, we organized a meeting where only independent officers exchange their opinions, followed by the exchange of opinions among all Directors and Audit & Supervisory Board Members; and then made an evaluation.

<Main themes of the survey and interview questions>

1) Growth Strategy/Mid-Term Business Plan; 2) Global Governance System; 3) Governance System as a Listed Subsidiary; 4) Ensuring Diversity of the Board of Directors, etc.; 5) Capital Strategy; 6) Risk Management (improvement of the system); 7) Use of Optional Approach (deliberation on remuneration); 8) Use of Optional Approach (deliberation on nomination); 9) Dialogue with Shareholders; 10) Topics of Deliberations; and 11) Training for Directors and Audit & Supervisory Board Members

II. Issues in this year and initiatives to be taken in 2022

Based on the evaluation results of the Board effectiveness, we plan to implement the following measures for improvement in 2022:

1) Advancing discussion on capital strategy

Reporting on the long-term product portfolio will be regularly made to the Board of Directors as a Board meeting agenda, and the Board will have more opportunities to discuss investment priorities, etc. from the mid- to long-term perspective.

2) Discussion for further strengthening risk management

The Board will share information on risk management, including what was implemented, the current risk management structure and issues, and the future plans, and have more opportunities to discuss matters from the mid- to long-term perspective.

3) Advancing discussion on sustainability

Under the theme of updating non-financial KPIs and materiality, the Board will have more opportunities to discuss priorities, relationship with the business strategy, etc. Furthermore, we will increase opportunities for regularly monitoring the progress of individual activities related to sustainability and exchanging opinions.

4) Discussion of diversity on the Board of Directors, etc.

We will increase opportunities for the Nomination and Remuneration Consultative Committee to discuss the Board composition and required skills for a Global Specialty Pharmaceutical Company. We will arrange opportunities for the Committee to report such discussions to the Board of Directors, and opportunities for the Board to discuss the matters.

5) Further improving operation of the Board of Directors to increase its effectiveness

The Board of Directors will appropriately delegate its authority to business executives, and strive to secure sufficient time for deliberations at Board meetings on important matters including various strategies. Furthermore, we will arrange opportunities outside the boardroom to exchange opinions, thus increasing opportunities for discussions with the business executives.

III. Achievements in addressing issues identified in 2020-2021 evaluation

Issue #1. Mid- to long-term global governance system

[What was implemented] Upon sharing information from the global viewpoint, we increased opportunities for discussion from the global and mid- to long-term perspectives, including Board meetings involving outside officers and special management meetings. Participants discussed a governance system that is suitable for a Global Specialty Pharmaceutical Company, and reviewed the existing global governance system. It resulted in the transition to the structure that places regions, functions and products at the core in J

[Evaluation] Many respondents appreciated that sufficient discussions were made with the participation of outside officers on the following topics: issues from the global perspective taking into account the globalization of businesses; and a global governance system taking into account mid- to long-term issues. Some pointed out that the Board should further deepen and enrich such discussions.

Issue #2. Training for Directors and Audit & Supervisory Board Members

[What was implemented] We conducted online training for officers on corporate governance, DX, ESG, etc. which are relevant to our business challenges. Even though we could not provide opportunities for physically visiting frontlines of production, research and sales due to the COVID-19 situation, we enhanced opportunities for providing information through online presentation of training and attendance to training to develop next generation managers for the purpose of strengthening information sharing within the Company.

[Evaluation] Many respondents made positive evaluations to the enhancement of online training opportunities in 2021, even though we could not provide opportunities to visit the frontlines due to COVID-19 similarly to the previous year. Some pointed out that we should further contrive ways for providing necessary information to the officers in a manner that suits the situation.

Issue #3. Strategic dialogue with shareholders

[What was implemented] The Board members discussed the policy for disclosure of the Mid-Term Business Plan as well as opinions from stakeholders including shareholders and investors. Consequently, the Company held an ESG Briefing, with the participation of outside directors, as a new opportunity for dialogue with shareholders.

[Evaluation] Multiple respondents appreciated that feedback about opinions from stakeholders were appropriately provided to the Board of Directors in a timely manner, and the Board members discussed the feedback. Some pointed out that we should further contrive ways to further enhance dialogue with shareholders and others.

IV. Continued efforts as a listed subsidiary to strengthen governance

Issue #4. Strengthening governance system as a listed subsidiary

[What was implemented] In order to ensure the effectiveness in objective oversight of corporate management, the Company currently appointed 5 independent directors, and the percentage of independent directors exceeds half of all directors.

Since 2020, Mr. Akira Morita, an independent director, has assumed the position of the Board chair, and worked on further improving governance.

Furthermore, as for the evaluation of the Board effectiveness, we used a third party for the evaluation, and arranged opportunities for independent officers to exchange opinions, for ensuring the transparency of the evaluation, where independent officers play a main role.

[Evaluation] The Board of Directors secures the structure and mechanism to ensure the independence from the parent company, and gives full considerations to the protection of minority shareholders as well as measures to manage conflicts of interest, etc. The Board is also fully aware of the roles and importance of independent officers. Accordingly, the self-evaluation result remained high similarly to the last year.

[Supplementary Principle 4.14.2 Training Policy for Directors and Audit & Supervisory Board Members]

We provide training and information necessary for Directors and Audit & Supervisory Board Members to fulfill their roles and responsibilities, as appropriate. When they come into office, we provide them with lectures and training by experts and relevant departments concerning the Companies Act, corporate governance, risk management and other necessary matters; and thereafter, hold training or study sessions on legal changes and management issues, as necessary. Furthermore, when Outside Directors and Outside Audit & Supervisory Board Members come into office, we explain businesses of our Group, and conduct a tour to our key business locations. The details are stipulated in Section 2.6.5, Chapter 2 of our Corporate Governance Policy.

[Principle 5.1 Policy for Constructive Dialogue with Shareholders]

The basic policy on dialogue with our shareholders is as follows. This policy is stipulated in Section 4.2, Chapter 4 of our Corporate Governance Policy.

- We believe that constructive dialogue with shareholders contributes to further enhancement of corporate governance, and, eventually, helps increase corporate value over the mid- to long-term. Therefore, while accepting requests for dialogue, we proactively create opportunities for constructive dialogue, based on the shareholding structure, which we identify on a regular basis.
- In case of shareholders' requests for individual meetings, under the command of Investor Relations (IR) Officer, mainly IR Group of the Corporate Communications Department meets the shareholders. In case IR Officer considers that the presence of President and/or other Directors (including Outside Directors) or Executive Officers is appropriate for meetings with certain shareholders, we will provide opportunities for such dialogue, where reasonably possible.
- We work on ensuring fulfilling dialogue with shareholders by collaborating with mainly the IR Officer and finance, corporate planning, legal and other relevant departments, as appropriate for purposes of dialogue.
- We plan and hold briefing sessions and visit shareholders and investors, in order to explain our long-term management vision, medium term/annual business plans, management strategy, financial results, R&D, sustainability, etc., aiming at facilitating their understanding of the Company and promoting dialogue.

- When we have dialogue with shareholders, we strive to have two-way communications: we sincerely provide explanations, taking into account timeliness, appropriateness and fairness, and also listen to shareholders' opinions. IR Officer, regularly or as necessary, reports on shareholders' opinions and questions to President and other Directors, Audit & Supervisory Board, and Executive Officers.

4. Policy on Measures to Protect Minority Shareholders in Conducting Transactions with Controlling Shareholder

Transactions with the controlling shareholder, Kirin Holdings Company, Limited (“Kirin Holdings”), whether those be of goods and services provided by the Company or to the Company, are based on objective market information and other data, and as with ordinary transactions, rational terms are agreed, and the transaction is conducted appropriately.

In case of conducting a transaction with Kirin Holdings, in order to address risks of conflicts of interest, when making a decision at the Board of Directors, officers who also work for the controlling shareholder, Kirin Holdings, do not participate in deliberation and resolution of such an agenda, and do not participate in our discussion and negotiations with Kirin Holdings.

With respect to a significant transaction, etc. among transactions with Kirin Holdings, in case the Company’s Board does not have a majority of independent directors, the Company establishes the Supervisory Committee for Conflict of Interests in Transactions between Group Companies comprising independent directors, which serves as an advisory body to the Board of Directors and deliberates/considers the matter, for the purposes of securing the fairness and rationality of such a transaction and contributing to an improvement of the corporate value of the Company and the protection of interest of its minority shareholders.

5. Other Special Circumstances which may have Material Impact on Corporate Governance

The Company is a consolidated subsidiary of Kirin Holdings Company, Limited (“Kirin Holdings”), a non-operating holding company that holds 53.75% of the total number of the Company’s issued shares as of December 31, 2021. While Kirin Group aims at becoming a global leader in CSV, creating value across our world of Food & Beverages to Pharmaceuticals, Kyowa Kirin is the only company in charge of the Pharmaceuticals domain, which is a core business of Kirin Group.

While the Company aims at realizing ‘the creation a of life-changing value’, we consider that management resources owned by Kirin Holdings and its Group companies are useful for our Company and our Group companies. Kirin Group’s knowledge and know-how in the domains of production management and engineering contribute to building our business foundation.

In order to fulfill its social responsibility in the future, the Company will further utilize Kirin Group's knowledge and know-how in the domains of environmental conservation and stable supply of pharmaceutical products. In addition, in order to 'meet healthcare needs of the society across the entire patient care pathway', we consider that opportunities to solve issues facing people confronted with diseases exist at the intersection with Health Science domain, which Kirin Holdings focuses on.

In the Integration Agreement dated October 22, 2007, it was agreed by both companies that while observing core group management policies, the Company operates as an autonomous company with independence and flexibility, ensures management independence as a listed company, strives to maximize value for all shareholders and achieves consistent growth of its corporate value. Both companies follow through the Agreement.

From the perspective of protecting minority shareholders, the Company appoints outside directors and outside Audit & Supervisory Board Members who have no concern about conflicts of interest with general shareholders.

The Company established the Nomination and Remuneration Consultative Committee, which consists of a majority of outside officers. The Board of Directors is chaired by an independent director, and conducts an evaluation on the Board effectiveness by utilizing an external advisor.

Matters relating to Independent Directors/ Audit & Supervisory Board Members

The Company designates all Directors and Audit & Supervisory Board Members who meet the qualification for independent officers as Independent Directors and Audit & Supervisory Board Members.

<The Company's view on the current status of appointment>

The Company appoints Outside Directors and Outside Audit & Supervisory Board Members with diverse backgrounds, expertise, and experience, and thus secures the system capable of objectively and fairly supervising and auditing the Company's management from an independent standpoint. We believe it results in increasing transparency of the corporate management and strengthening the function of monitoring the management.

With respect to the requirements for securing independence, we established our own “Criteria for the Independence of Outside Directors and Outside Audit & Supervisory Board Members” to secure the independence from our Group, with reference to the provision on independent officers stipulated in the “Enforcement Rules for Securities Listing Regulations” of the Tokyo Stock Exchange (TSE), as well as the “Model standards for appointing independent directors in rules of the Board of Directors” developed by the Japan Association of Corporate Directors in 2011. According to the Criteria, as of March 25, 2022, we designated 7 persons (5 Outside Directors: Mr. Akira Morita, Ms. Yuko Haga, Mr. Jun Arai, Mr. Takashi Oyamada, and Mr. Yoshihisa Suzuki / 2 Outside Audit & Supervisory Board Members: Ms. Tomomi Yatsu, and Ms. Mayumi Tamura) as independent officers defined in the “Securities Listing Regulations” of the TSE, and notified the TSE of the matter.

<Criteria for the Independence of Outside Directors and Outside Audit & Supervisory Board Members>

In order for outside Directors and outside Audit & Supervisory Board Members of the Company to be judged as being independent, such outside Directors and outside Audit & Supervisory Board Members must not fall under any of the following items, in addition to satisfying requirements stipulated in the Companies Act with respect to outside Directors and outside Audit & Supervisory Members:

18. Spouse or first- to second-degree relative, or other relative sharing same residence of any person who has come under a category listed in any of items 2 through 17; provided, however, that any mention of “manager or other employee” in items 2 through 17 shall be deemed to be replaced with “manager or other important employee.”

19. Spouse, first- to second-degree relative, or other relative sharing same residence of director, executive officer, manager or other important employee of the Company or its subsidiary

20. Spouse, first- to second-degree relative, or other relative sharing same residence of a person who served as director, executive officer or other important employee of the Company or its subsidiary in the past five years

21. Other person who may give rise to conflict of interest with general shareholders and is rationally deemed to have reasons for being unable to perform duties of an independent officer

[Incentives]

Incentive Policies for Directors	Performance-linked Remuneration / Other
----------------------------------	---

Supplementary Explanation

- Basically, remuneration for Directors is paid for the purposes of raising their awareness of contributing to the Company’s sustainable growth and further increase in corporate value, securing human resources appropriate for a Global Specialty Pharmaceutical Company, and motivating them to contribute to the Company through execution of their duties; and the remuneration is determined through a transparent and appropriate process, by adopting an objective perspective.
- The remuneration system for Executive Directors consists of three parts: (1) base compensation, (2) performance-linked annual bonus, and (3) share-based remuneration as a mid- to long-term incentive. Elements to be assessed for performance-linked remuneration include annual targets of revenue and profit (for performance-linked annual bonus); and targets in the medium term business plan (for performance-linked share-based remuneration called “Performance Share Unit”). Non-Executive Directors (Outside Directors) receive only base compensation, which is fixed compensation, to ensure they fulfill their management supervision function from an objective and independent standpoint.
- Base salary The Company has established suitable standards for compensation based on the category of the Company’s business and its scale, and data from surveys of other companies conducted by external survey organizations.
- At the 98th Ordinary General Meeting of Shareholders held on March 24, 2021, it has been approved that the Company introduces the above-mentioned performance-linked share-based remuneration system (Performance Share Unit).

Recipients of Stock Options	Other
-----------------------------	-------

Supplementary Explanation

- “Other” indicates Executive Directors and Executive Officers of the Company, and certain Directors of the Board of the subsidiaries at the time of granting.
- At the Ordinary General Meeting of Shareholders held on March 19, 2020, the Company terminated the stock option system, and, instead, introduced the share-based remuneration plan (shares with restriction on transfer), yet the stock options granted as remuneration by that time remain in full force and effect.

Note 2. The amounts of performance-linked annual bonuses, share-based remuneration with restriction on transfer, and performance-linked share-based remuneration were recorded as expenses for the current fiscal year. As for the performance-linked share-based remuneration, both cash and non-cash portions are to be paid/provided after the relevant performance evaluation period.

Note 3. The number of restricted shares provided to Executive Directors in the current fiscal year was 20,364 shares (the paid-in amount per share was 3,145 yen, which is the closing price on March 23, 2021).

Note 4. The above information does not include one Director and one Audit & Supervisory Board Member who have served without pay.

Policy on Determining Remuneration Amounts and Calculation Methods	Established
--	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

- Basically, the Company’s remuneration for Directors is paid for the purposes of raising their awareness of contributing to the Company’s sustainable growth and further increase in corporate value, securing human resources appropriate for a Global Specialty Pharmaceutical Company, and motivating them to contribute to the Company through execution of their duties; and remuneration should be determined through a transparent and appropriate process by adopting an objective viewpoint. In order to realize this basic policy, investigations and deliberations on officers’ remuneration are conducted by the Nomination and Remuneration Consultative Committee, which consists of a majority of outside officers, and is chaired by an independent Director.
- The Company’s remuneration for Executive Directors consists of three parts: (1) base compensation in a fixed amount, (2) performance-linked annual bonus as a short-term incentive, and (3) share-based remuneration as a mid- to long-term incentive. Remuneration for Non-Executive Directors and Audit & Supervisory Board Members is only base compensation in a fixed amount, in order to ensure they fully perform their oversight functions from the objective and independent standpoint.
- Base compensation is paid monthly in a fixed amount based on each officer’s position or job responsibility. Amounts are determined upon considering the company size, using officers’ remuneration data from an external research institution, and conducting an objective comparison/examination of compensation levels or compensation structures of other companies in industry sectors relevant to the Company, and after deliberations of the Nomination and Remuneration Consultative Committee.
- Performance-linked annual bonus is monetary compensation, where amounts change according to business performance for the purpose of providing Executive Directors with incentives to contribute to improving business performance in each fiscal year. The amounts are calculated according to the degree of achievement of performance targets which were set for the applicable fiscal year, and paid to Executive Directors at a certain point of time (usually in April) every year. Amounts of performance-linked annual bonus, which are calculated according to performance indicators, targets, and the degree of achieving the targets, are determined after deliberations of the Nomination and Remuneration Consultative Committee.
- As for share-based remuneration, the Company introduced the share-based remuneration with restriction on transfer in 2020, and the performance-linked share-based remuneration plan called “Performance Share Unit” in 2021.
- The share-based remuneration with restriction on transfer is intended for Executive Directors to share benefits and risks of stock price fluctuations with shareholders, and to become more motivated to contribute to an increase in share price and corporate value. Such shares are subject to a restriction period, and allotted to Executive Directors at a certain point of time (usually in April) every year in accordance with a resolution of the Board of Directors. The restriction period is three years.
- Performance-linked share-based remuneration plan is intended to clarify the linkage between Executive Directors’ compensation and the Company’s business performance and share price, and thereby provide them with incentives for achieving the Medium Term Business Plan and sustainable growth of corporate value, as well as to facilitate their sense of sharing value with shareholders. The performance evaluation period is three consecutive fiscal years, and pay rates vary depending on the achievement of performance targets. The “reference number of shares to be delivered” is determined by a resolution of the Board of Directors at the beginning of each performance evaluation period. After the end of the performance evaluation period for 3 fiscal years, the compensation is calculated at a certain point of time (usually in April) every year. Performance indicators are ROE, average annual growth rate of revenue and core operating profit margin, which are the indicators used in the Medium Term Business Plan. The degree of achievement of performance targets is calculated in accordance with the degree of achieving each target.

- With respect to the remuneration table showing directors' base compensation and performance-linked annual bonus by job rank and other related matters, the Board of Directors makes decisions, based on deliberations and recommendation of the Nomination and Remuneration Consultative Committee by multiplying the "reference number of shares to be delivered" by the degree of achievement of performance targets ranging from 0% to 150%; and a half of the compensation is provided in the form of shares and the remaining half is paid in cash to Executive Directors at a meeting, which is composed of a majority of outside officers and chaired by Outside Director. Then, with respect to amounts of base compensation and performance-linked annual bonus for individual Directors, as the Board of Directors left it to the discretion of Masashi Miyamoto, President & Representative Director, for the Board's efficiency, he makes decisions in accordance with deliberations of the Nomination and Remuneration Consultative Committee and within the maximum limit of remuneration determined by the resolution of the General Meeting of Shareholders. With respect to the allocation and granting of share-based remuneration for individuals, based on deliberations and recommendation of the Nomination and Remuneration Consultative Committee, the Board of Directors makes decisions. As for remuneration for Executive Directors, in case there is any illegal conduct or violation of law, upon deliberations of the Nomination and Remuneration Consultative Committee, a refund of the remuneration may be claimed.

[Supporting System for Outside Directors and/or Audit & Supervisory Board Members]

- The Secretariat for the Board of Directors routinely provides necessary information to Directors and Audit & Supervisory Board Members, including Outside Directors and Outside Audit & Supervisory Board Members, and also provides prior explanations about matters to be deliberated by and/or reported to the Board of Directors, as needed.
- When Outside Directors and/or Outside Audit & Supervisory Board Members request information necessary for executing the duties of Directors and Audit & Supervisory Board Members, executing organizations willingly provide such information.

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)

As its organization form, we adopted "Company with Audit & Supervisory Board" where the Board of Directors makes major operational decisions and supervises business execution, and the Audit & Supervisory Board monitors/verifies the decision-making process and decisions. Furthermore, by establishing the optional "Nomination and Remuneration Consultative Committee," we increased the transparency in corporate management, and established a hybrid governance system, taking a balance between business execution and supervisory functions.

<Directors and Board of Directors>

Taking into account its fiduciary duties and accountability to shareholders, the Board of Directors aims at realizing our corporate philosophy, and achieving sustainable growth of the Group and increased corporate value over the mid- to long-term, by establishing effective and efficient corporate governance. The Board of Directors makes decisions on significant matters on the Group's business execution, including long-term management vision, and medium term and annual business plans of the entire Group and key Group companies, as well as statutory matters. The Board of Directors is also responsible for supervising the execution of Directors' duties, and establishing an adequate internal control system for the entire Group. Matters to be resolved by the Board of Directors are specified in "the Regulations for the Board of Directors" in addition to matters stipulated in laws and regulations as well as the Articles of Incorporation; and authorities pertaining to other business execution are delegated to Executive Officers in charge of relevant businesses.

With respect to the Board composition, the maximum number of Directors is 10, in accordance with the Articles of Incorporation. Upon considering knowledge, experience, skills, and insights necessary for glowing into a Global Specialty Pharmaceutical Company and ensuring diversity, we established a transparent governance system, which is well-balanced as a whole. In order to ensure the effectiveness of objective oversight of the management, the Company appoints at least one third of the Board members as independent Directors, and the position of Board Chair is assumed by Mr. Akira Morita, who is an independent Director. The policy and procedures to select Director candidates were deliberated by the Nomination and Remuneration Consultative Committee, and decided by the Board of Directors.

As of March 25, 2022, the Board of Directors consists of 9 Directors (including 4 Outside Directors; 8 males and 1 female), and the Board of Directors makes decisions on such important matters as business policies, and supervises business execution at the Board of Directors meetings, which are held once a month in principle. In FY2021, the Board of Directors met 13 times, and made decisions on such important matters as business policies of the Company, and supervised business execution by Directors.

<Audit & Supervisory Board Members and the Audit & Supervisory Board>

The Audit & Supervisory Board and its Members audit the execution of Directors' duties from the standpoint of an independent body mandated by shareholders, and thereby audit and verify the status of ensuring sound management toward achieving sustainable growth of the Group and increasing its corporate value over the mid- to long-term. The Audit & Supervisory Board Members actively express their opinions at the Board of Directors meetings by making use of full-time Members' ability to gather information within the Group as well as their independence, and also strive to improve the framework to ensure the effectiveness of auditing by each Member. Furthermore, in order to better provide information to Outside Directors, they exchange opinions with Outside Directors, and provide information which they obtained from their auditing activities.

As of March 25, 2022, Audit & Supervisory Board consists of 5 Members (including 3 Outside Members; 3 males and 2 females).

Mr. Hiroshi Komatsu (full-time Audit & Supervisory Board Member) and Ms. Mayumi Tamura (Audit & Supervisory Board Member) have experience in accounting and finance divisions of business corporations, and Ms. Tomomi Yatsu (Audit & Supervisory Board Member) is a certified public accountant. Thus, each of them has considerable knowledge of accounting and finance. In FY2021, the Audit & Supervisory Board met 13 times, and made discussion and determination of the audit policies, and audited business execution by the Board of Directors.

<Global Executive Committee/ Executive Committee>

The Company established the Global Executive Committee and the Executive Committee, as the bodies to help President & Director make decisions on significant matters pertaining to management policies and business execution. In order to make adequate and efficient management decisions on

overall significant matters concerning global and domestic management from a strategic perspective, the Global Executive Committee met 16 times and the Executive Committee met 23 times in FY2021.

<Executive Officer System>

The Company introduces the Executive Officer system for faster execution of business strategies.

<Accounting Audit and Legal Compliance>

The Company's financial statements are prepared in conformity with generally accepted accounting principles and practices prevailing in Japan. Audits are conducted by accounting auditors to ensure appropriate presentation, etc. The Company gives the highest priority to legal compliance with regard to problems that arise in the course of operational execution, and when necessary, it receives appropriate advice from third parties, such as attorneys.

<Compliance/Risk Management>

In accordance with the “Kyowa Kirin Group Compliance Policy” and the “Kyowa Kirin Group Risk Management Policy,” and the three-line model advocated by the Institute of Internal Auditors (IIA), we promote compliance in good faith and secure a system to make appropriate responses to risks. Moreover, to address the variety of risks that may affect management, a number of in-house committees have been established to strengthen risk management and enhance corporate governance. These committees regularly report on their activities to the Board of Directors. An overview of each committee is provided below.

➤ Group CSR

The Group CSR Committee deliberates such important matters as group-wide strategy and action policy related to CSR, covering risk management (including compliance and information security), environmental conservation and corporate value creation; In addition, the Group CSR Committee and the Regional CSR Committees in each region, including Japan, report on the status of risk management and compliance.

➤ Group Information Disclosure

The Group Information Disclosure Committee discusses and makes decisions on fundamental communications policies and key information-disclosure issues in a comprehensive manner.

➤ Global Quality Assurance

The Group Quality Assurance Committee discusses and makes decisions concerning quality assurance policies.

➤ Group Financial Management

The Group Financial Management Committee discusses and makes decisions on efficient financial activities and their associated risks.

<Internal Auditing>

1. Organization, Members, and Procedures for Internal Auditing

The Company established the Internal Audit Department as the third line for internal control, to which 14 staff members were assigned (as of December 31, 2021). The Internal Audit Department assesses the performance of various management activities related to governance, risk management and control processes within the Group in terms of their legality and rationality, from the fair and independent standpoint, and provides advice and recommendations. Audit results are reported to Executive Director of the Board, Executive Vice President when they become available, and also to Representative Director & President, the Board of Directors, and the Audit & Supervisory Board on a regular basis. To maintain and improve the quality of auditing activities, in addition to efforts of the Internal Audit Department for assessing and improving the quality, it continuously conducts such improvement activities as employing external assessments. Furthermore, the Internal Audit Department also assesses

the status of developing/implementing internal control to ensure the reliability of financial reports in accordance with the Financial Instruments and Exchange Act.

2. Collaboration among Internal Audit Department, Audit & Supervisory Board, and Accounting Auditors

The Internal Audit Department and Audit & Supervisory Board Members collaborate by mutually sharing their audit plans and audit results, and exchanging opinions as needed. The Department exchanges opinions with the accounting auditor concerning the status of developing/implementing internal control to ensure the reliability of financial reports as needed, make necessary improvements, and regularly exchange information regarding important audit results, etc. Through these activities, the Internal Audit Department contributes to improving the effectiveness and efficiency of the Internal Control System of the Group.

<Corporate Ethics>

To clarify the Group's approach to compliance with corporate ethics in the conduct of business activities, the Company establishes the Kyowa Kirin Group Compliance Policy, and the Kyowa Kirin Group Risk Management Policy as well as the Kyowa Kirin Group Code of Conduct based on these Policies. The Policies and the Code are fully communicated and penetrated throughout the Group.

3. Reasons for Adoption of Current Corporate Governance System

<Reasons for adopting the current corporate governance system>

The Company adopted the current system, because we believe that the Company can continuously increase its corporate value, and maintain highly transparent corporate governance system by strengthening the oversight of the management through the effective use of the function of Audit & Supervisory Board Members, while the Board of Directors including multiple Outside Directors and the Audit & Supervisory Board including multiple Outside Members closely cooperate with each other.

<Functions and roles performed by Outside Directors and Outside Audit & Supervisory Board Members>

Outside Directors of the Company have diverse background, expertise and experience. They make use of wealth of experience and knowledge for the Company's management, and perform the function of supervising the Company's management from an objective and fair standpoint.

Outside Audit & Supervisory Board Members strive to ensure reliable and sound management of the Company by conducting audits of our corporate management, making use of their expertise, insights, and experience, from an objective and neutral standpoint.

3. Measures to Ensure Due Respect for Stakeholders

	Supplementary Explanations
Stipulation of Internal Rules for Respecting the Position of Stakeholders	<p>The relevant internal rules are set forth in “Kyowa Kirin Group Compliance Policy,” “Kyowa Kirin Group Code of Conduct” and “Corporate Governance Policy.”</p> <p>Kyowa Kirin Group Compliance Policy Kyowa Kirin Group Code of Conduct https://www.kyowakirin.com/sustainability/governance/compliance/index.html</p> <p>Kyowa Kirin Group Corporate Governance Policy https://ir.kyowakirin.com/en/management/governance.html</p>
Implementation of Environmental Activities, CSR Activities etc.	<p>In order to contribute to realizing the sustainable society while achieving the sustainable corporate growth, we identify priority business issues (materiality) from the viewpoints of both the society and our businesses, and positively and proactively work on the issues. With respect to environmental conservation, we regard SDGs concerning the climate change (prevention of global warming) and conservation of water resources as core issues, and promote initiatives to pass on the rich global environment to future generations. Especially, as for climate change, in cooperation with “Kirin Group’s Environmental Vision 2050”, we work on reducing greenhouse gas (GHG) emissions with stakeholders in order to realize Net-Zero GHG in the entire value chain and take the lead in building decarbonized society.</p> <p>We prepare and issue Annual Report (integrated report) which includes such topics.</p> <p>Annual Report https://ir.kyowakirin.com/en/library/annual.html</p> <p>In November 2021, we declared support for the TCFD Recommendations. We identify risks and opportunities which climate change brings to our businesses and their impact; and disclose information on four thematic areas as follows: “governance”, “strategy”, “risk/opportunity management”, and “metrics and targets”.</p> <p>https://www.kyowakirin.com/sustainability/environment/tcf/index.html</p>
Development of Policies on Information Provision to Stakeholders	<p>We established “Disclosure Policy,” which is our basic policy concerning information disclosure, and posted it on our website.</p> <p>Disclosure Policy https://ir.kyowakirin.com/en/disclosure.html</p>
Other	<p>As a Global Specialty Pharmaceutical Company, we believe “taking advantage of diversity – in terms of both such surface layers as race, nationality, gender and age, and such deeper layers as values and experience of individuals – brings about further innovations,” and hire/develop human resources with diverse backgrounds, aiming at creating a new corporate culture where employees autonomously take on challenges and overcome barriers.</p>

In order to support our global management structure, we have created a Global Succession Plan, clarified the requirements for global leadership positions, enhanced our nominee talent pipeline, and nurtured the next-generation leaders to achieve diversity and the right people in the right places, thereby achieving sustainable growth as a global specialty pharmaceutical company.

Furthermore, in accordance with the Declaration of the Global Diversity, Equity and Inclusion Statement, the Company implements cross-regional/cross-functional measures as well as measures for addressing region-specific issues. Currently, 51% of the 96 global and regional leadership positions are held by non-Japanese nationals and 27% by women. With respect to the ratio of women in global leadership positions, we aim at achieving 30% in 2025 and 40% in 2030. In Japan, toward ensuring female participation and career advancement in the workplace, the Company continues supporting career development of women as well as balancing career and childcare, by such means as training for developing female managers, training for career development of young female employees, and the forum supporting the return to work after childcare leaves. In 2020, the ratio of women in managerial positions in Japan was 11.2%, and we aim at achieving 18% in 2025.

To help balancing work and caregiving, the Company introduced caregiving support services, and has continuously conducted such activities as relevant seminars and E-learnings.

Regarding the way the employees work, following cross-global discussions, we have proposed a "hybrid working model." In our basic policy, we clearly state that we place the well-being of our employees as the primary criterion for decision-making, and we respect diverse ways of working within the framework of value creation, and we will create our ways of working.

In order to support the health and wealth of our employees and to promote the implementation of the "hybrid working model," a new way of working, we have established a full range of time off and work styles. As for the vacation and time off system, in addition to granting 20 days of paid time off every year regardless of the number of years of service, we also grant 10 days of self-management paid time off every year for the purpose of proactively creating a state where employees can manage their own physical and mental conditions and events in their personal lives and perform their jobs in the best condition.

We also have a system that allows employees to take a two-year leave of absence when their spouse is transferred (leave of absence for spouse's transfer).

In terms of work styles, we have installed various systems that support a comfortable working environment according to the characteristics of the job, such as the super-flex time system, teleworking system, and specialized discretionary labor system. In addition, for sales representatives, we have established a system that allows them to live with their spouse upon marriage or the birth of a child, creating an environment where they can continue to work while managing their work-life balance.

	<p>Such initiatives were highly valued, and the Company was awarded the highest recognition (L-boshi 3 stars) by the Minister of Health, Labour and Welfare under the Act on the Promotion of Female Participation and Career Advancement in the Workplace in 2016; obtained “Platinum Kurumin” mark, which is awarded to companies supporting childcare under the Act for Measures to Support the Development of the Next-Generation Children in 2019.</p> <p>Please refer to the following website for information on other initiatives regarding the advancement of diversity.</p> <p><https://www.kyowakirin.com/sustainability/human_rights_labor_practices/diversity_and_inclusion/index.html></p>

2. Basic Views on Eliminating Anti-Social Forces

<Basic Policy>

For Kyowa Kirin Group, “compliance” means not only observing laws and regulations, but also ensuring that every officer/employee acts ethically with respect to business activities of the Group companies by sincerely responding to societal demand, taking into account conventional wisdom and social norms as well. Accordingly, we established the “Kyowa Kirin Group Compliance Policy” and the “Kyowa Kirin Group Code of Conduct,” which all officers/employees must comply with in their day-to-day business activities. In such documents, we set a goal of eliminating any relationship with anti-social forces, and everyone, starting with the top management, should work toward achieving the goal in a systematic manner.

<Initiatives>

The Company designated a department in charge of dealing with unreasonable demands from anti-social forces on an ongoing basis, and appointed an officer responsible for preventing such unreasonable demands. Meanwhile, the Company strives to obtain relevant information in cooperation with such external experts as the police, the National Center for Removal of Criminal Organizations, and lawyers. The department in charge regularly provides training concerning the above-mentioned “Kyowa Kirin Group Compliance Policy” and “Kyowa Kirin Group Code of Conduct.”
