Notice Concerning Obtainment of WELL Health-Safety Rating

LaSalle LOGIPORT REIT (“LLR”) announces that 7 properties listed below have received the WELL Health-Safety Rating, as outlined below.

1. Overview about the WELL Health-Safety Rating

The WELL Health-Safety Rating is a new certification system published by the International WELL Building Institute (“IWBI”), which is the WELL certification management organization. The WELL Health-Safety Rating is an evidence-based, third-party verified rating for all new and existing building and space types focusing on operational policies, maintenance protocols, stakeholder engagement and emergency plans to address a post-COVID-19 environment now and into the future.

Designed to empower owners and operators across large and small businesses alike to take the necessary steps in order to prioritize the health and safety of their staff, visitors and stakeholders, the WELL Health-Safety Rating can help guide users in preparing their spaces for re-entry in the wake of the COVID-19 pandemic, instilling confidence in those who come through the building as well as the broader community.
