2 Reason for the change

ALSOK’s basic profit distribution policy is to provide shareholder returns that reflect its business performance while maintaining internal reserves. As the consolidated financial results for fiscal year ended March 31, 2022 improved, in response to the constant support from our shareholders, we will institute an upward revision of the year-end dividend for fiscal year ended March 31, 2022, from the ¥38.00 per share forecasted previously to ¥44.00 per share, an increase of ¥6.00 per share. Since we have already distributed ¥38.00 per share for the interim dividend, the annual dividend for the fiscal year will be ¥82.00 per share. This matter is planned to be presented for approval at the 57th General Meeting of Shareholders, which is scheduled to be held on June 24, 2022.
