## Tokyo Disney Resort Announces the Launch of Disney Premier Access

**URAYASU, CHIBA**—Tokyo Disney Resort® announced that **Disney Premier Access** will become available on the official Tokyo Disney Resort® App on May 19, 2022. This new digital service provides guests with the convenience of reserving certain Park attractions by using the app while at **Tokyo Disneyland®** and **Tokyo DisneySea®** Parks. By using this new service, guests will have more flexibility, be able to customize their visit, and get the most out of their Disney day.

With Disney Premier Access at Tokyo Disneyland and Tokyo DisneySea, guests will have the ability to select their preferred time and make reservations to experience attractions. This service, available for a fee, will provide options for how guests experience the Parks, offering convenience and added flexibility for those who want to personalize their experience and get the most out of their visit.

For the two attractions eligible for Disney Premier Access, Standby Pass is suspended starting April 25, 2022. However, guests can still experience these attractions as usual by waiting in line.

The two Parks will continue to operate with the goal of creating a seamless guest experience by reducing the daily capacity to a number lower than before the outbreak of COVID-19, and by introducing innovative services that will empower our guests to enjoy the Parks their way and continue to respond to guest needs.
