## **Notice Regarding Delay of the Medium & Long Term Business Plan Announcement**

FUJIMI INCORPORATED (hereinafter "FUJIMI") hereby would like to delay its next Medium & Long Term Business Plan announcement as described below.

### 1. Reason for Delay

As FY2022 was a last year for 6-year Medium & Long Term Business Plan, FUJIMI has been planning a new Medium & Long Term Business Plan starting FY2023.

However, FUJIMI suspended the planning process because of the cyber-attack in February 2022 and needed to put recovery measures as the first priority which include the actions to resume of production and shipments as well as year-end book closing. Furthermore, the world outlook became more fragmented due to the continuous tension between the US and China and the Ukraine-Russia conflict, while global economy has been affected by the spread of the novel coronavirus (COVID-19) variant. Consequently, global economic uncertainty increased due to global logistics disruption and the increasing upward pressure on prices led by soaring commodity and energy prices.

In these circumstances, FUJIMI recognizes the necessity of re-examination of the planning because of increasing uncertainty and difficulties in rational assumption. Therefore, FUJIMI would like to delay the announcement of its new Medium & Long Term Business Plan.

### 2. Schedule for Disclosure

FUJIMI will announce the schedule of its new Medium & Long Term Business Plan announcement as soon as it is decided.
