Proposal No. 3: Determination of the Amount of Remuneration, etc. for Directors (excluding Directors who are Members of the Audit & Supervisory Committee)

Article, 2 Paragraph 1 of Supplementary Provisions of the Company's Articles of Incorporation stipulates that the total amount of remuneration, etc., for Directors (excluding Directors who are Members of the Audit & Supervisory Committee) of the Company shall be up to 330 million yen per year, from the date of establishment of the Company to the conclusion of the first annual general meeting of shareholders.

Accordingly, we seek shareholders' approval for the amount of remuneration, etc. to be paid to Directors (excluding Directors who are Members of the Audit & Supervisory Committee) of the Company after the conclusion of this Annual General Meeting of Shareholders.

As a result of careful deliberation on the status of the Company's management system, economic circumstances and other factors, the system for remuneration, etc. for the Company's Directors (excluding Directors who are Members of the Audit & Supervisory Committee) shall consist of fixed remuneration and performance-linked remuneration, for which we seek approval under this proposal, and restricted stock-type remuneration, for which we seek approval in Proposal No. 5.

1. Fixed remuneration

It is proposed that the maximum amount of fixed remuneration for Directors (excluding Directors who are Members of the Audit & Supervisory Committee) be 330 million yen per year.

2. Performance-linked remuneration

Aiming to increasing Directors' motivation and incentive to contribute to improving business performance through further clarifying the link between remuneration and the Group's business performance, it is proposed that performance-linked remuneration as shown in the table below be paid to Directors (excluding Outside Directors and Directors who are Members of the Audit & Supervisory Committee), which will be based on the Company's "net income attributable to owners of parent (consolidated)," separately from the amount of fixed remuneration in 1. above.

<Performance-linked remuneration standards>

Net income attributable to owners of parent (consolidated)	Remuneration standard
¥4 billion or less	—
Over ¥4 billion up to ¥6 billion	¥30 million
Over ¥6 billion up to ¥8 billion	¥40 million
Over ¥8 billion up to ¥10 billion	¥50 million
Over ¥10 billion up to ¥12 billion	¥60 million
Over ¥12 billion up to ¥14 billion	¥70 million
Over ¥14 billion up to ¥16 billion	¥80 million
Over ¥16 billion up to ¥18 billion	¥90 million
Over ¥18 billion up to ¥20 billion	¥100 million
Over ¥20 billion	¥110 million

This proposal was determined by the Board of Directors after consulting with the Management Advisory Council of the Company.

The Audit & Supervisory Committee has considered this proposal and expressed its opinion that there are no particular matters to be stated.

The amount of remuneration for Directors (excluding Directors who are Members of the Audit & Supervisory Committee) shall not include salary paid as an employee to Directors concurrently serving as employees.

The Company has determined “Policy on determining the details of individual remuneration, etc. for directors” at its Board of Directors’ meeting on October 1, 2021, an outline of which is as described in page 46 of the Business Report (of the Japanese version). If this proposal and Proposal No. 5 are approved, the Company plans to make changes to the Policy as necessary in line with the introduction of the restricted stock-type remuneration, for which we seek approval in Proposal No. 5. However, no change will be made to fixed remuneration and performance-linked remuneration. In addition, this proposal takes into account the contents of the said Policy, the status of the Company’s management system, economic circumstances and other factors, and was deliberated by the Management Advisory Council, and therefore the Company judges that its contents are reasonable.

At present, the Company has eight (8) Directors (excluding Directors who are Members of the Audit & Supervisory Committee) including two (2) Outside Directors. If Proposal No. 2 “Election of Eight (8) Directors (excluding Directors who are Members of the Audit & Supervisory Committee)” is approved and passed as proposed, the Company shall have eight (8) Directors (excluding Directors who are Members of the Audit & Supervisory Committee) including two (2) Outside Directors.

The timing of payment and allocation of remuneration, etc. shall be determined by the Board of Directors.

Proposal No. 4: Determination of the Amount of Remuneration, etc. for Directors who are Members of the Audit & Supervisory Committee

Article, 2 Paragraph 2 of Supplementary Provisions of the Company's Articles of Incorporation stipulates that the total amount of remuneration, etc., for Directors who are Members of the Audit & Supervisory Committee of the Company shall be up to 80 million yen per year, from the date of establishment of the Company to the conclusion of the first annual general meeting of shareholders.

Accordingly, we seek shareholders' approval for the amount of remuneration, etc. to be paid to Directors who are Members of the Audit & Supervisory Committee of the Company after the conclusion of this Annual General Meeting of Shareholders.

From the perspective of ensuring neutrality and independence, the system for remuneration, etc. for the Company's Directors who are Members of the Audit & Supervisory Committee shall consist of fixed remuneration only, for which we seek approval under this proposal, as a result of careful deliberation on the status of the Company's management system, economic circumstances and other factors, and we propose that the maximum amount of fixed remuneration for Directors who are Members of the Audit & Supervisory Committee be 80 million yen per year.

This proposal was determined by the Board of Directors after consulting with the Management Advisory Council of the Company.

The Audit & Supervisory Committee has considered this proposal and expressed its opinion that there are no particular matters to be stated.

This proposal takes into account the status of the Company's management system, economic circumstances and other factors, and was deliberated by the Management Advisory Council, and therefore the Company judges that its contents are reasonable.

At present, the Company has three (3) Directors who are Members of the Audit & Supervisory Committee, including two (2) Outside Directors.

The timing of payment and allocation of remuneration, etc. shall be determined by discussion of Directors who are Members of the Audit & Supervisory Committee.

Proposal No. 5: Determination of Remuneration, etc. for Granting Restricted Stock to Directors (excluding Directors who are Members of the Audit & Supervisory Committee)

In Article 2, Paragraph 3 of Supplementary Provisions of the Articles of Incorporation of the Company, it is stipulated that, of the remuneration, etc., of Directors (excluding Directors who are Members of the Audit & Supervisory Committee) from the date of establishment of the Company to the conclusion of the first annual general meeting of shareholders, the amount of remuneration, etc., related to stock acquisition rights to be allocated as share remuneration-type stock options shall be no more than 80 million yen per year (the total number of stock acquisition rights to be allocated from the date of establishment of the Company to the conclusion of the first annual general meeting of shareholders shall have a maximum limit of 4,000), separated from the remuneration set forth in Article 2, Paragraph 1 in Supplementary Provisions of the Articles of Incorporation of the Company.

Now, as part of revisions to the officer remuneration plan, the Company, in lieu of the current plan using stock acquisition rights as share remuneration-type stock options, proposes to pay new remuneration for granting stocks with restriction on transfer to Directors of the Company (excluding Outside Directors and Directors who are Members of the Audit & Supervisory Committee, hereinafter, “Eligible Directors”), separately from the amount of remuneration under Proposal No. 3 “Determination of the Amount of Remuneration, etc. for Directors (excluding Directors who are Members of the Audit & Supervisory Committee)”, in order to give Eligible Directors an incentive to sustainably enhance the corporate value of the Company and promote further shared interests with shareholders.

This proposal was determined by the Board of Directors after consulting with the Management Advisory Council of the Company.

The Audit & Supervisory Committee has considered this proposal and expressed its opinion that there are no particular matters to be stated.

Furthermore, the amount of remuneration for Directors (excluding Directors who are Members of the Audit & Supervisory Committee) shall not include salary paid as an employee to Directors concurrently serving as employees.

The Company has determined “Policy on determining the details of individual remuneration, etc. for directors” at its Board of Directors’ meeting on October 1, 2021, an outline of which is as described in page 46 of the Business Report (of the Japanese version). If this proposal and Proposal No. 3 are approved, the Company plans to make changes to the Policy as necessary in line with the introduction of the restricted stock-type compensation for which we seek approval in this Proposal. In addition, this proposal takes into account the contents of the said Policy, the status of the Company’s management system, economic circumstances and other factors, and was deliberated by the Management Advisory Council, and therefore the Company judges that its contents are reasonable.

At present, the Company has six (6) Eligible Directors, but if Proposal No. 2 “Election of Eight (8) Directors (excluding Directors who are Members of the Audit & Supervisory Committee)” is approved and passed as proposed, the Company shall have six (6) Eligible Directors.

1. Number of restricted stock to be granted to Eligible Directors

(1) Other than those under the Transitional Measure (as defined in (2) below; hereinafter the same)

Under this proposal, remuneration for granting restricted stock shall be paid to Eligible Directors as monetary claims (“Monetary Remuneration Claims”), and the total maximum amount thereof shall be 80 million yen per year, an amount that we believe appropriate taking into consideration the above objective.

Pursuant to a resolution of the Board of Directors of the Company, Eligible Directors shall pay all Monetary Remuneration Claims paid to them under this Proposal as property contributed in kind and shall receive shares of common stock of the Company by share issuance or share disposal, and the total maximum number of shares of common stock of the Company to be issued or disposed of in this way shall be 40,000 shares per year. However, if, on or after the date this Proposal is approved and passed, a share split (including a gratis allotment of common stock of the Company) or consolidation of shares is conducted in regard to the Company’s common stock, or other circumstances arise whereby an adjustment

is required to the total number of shares of the Company's common stock to be issued or disposed of as restricted stock, the total number of shares shall be adjusted within a reasonable range.
The specific timing of payment and allocation to each Eligible Director shall be determined by the Board of Directors.

(2) Number of restricted stock under the Transitional Measure

Subject to approval for this Proposal, the Company intends to abolish the current plan of stock acquisition rights as share remuneration-type stock options and shall not issue any stock acquisition rights as share remuneration-type stock options. Of the share remuneration-type stock options already granted to Eligible Directors, those that have not been unexercised shall be abandoned by Eligible Directors, subject to the introduction of the new plan.

Therefore, during the current business year, as a transitional measure from the stock acquisition rights as share remuneration-type stock options (hereinafter, the "Transitional Measure"), remuneration to grant restricted stock in a same number of shares to be issued upon exercise of stock acquisition rights (6,450 shares), which will be abandoned by Eligible Directors, will be paid separately from the remuneration to grant restricted stock in (1) above, and the total maximum amount thereof shall be 32 million yen per year, an amount that the Company believes appropriate taking into consideration the above objective.

Pursuant to a resolution of the Board of Directors of the Company, Eligible Directors shall pay all Monetary Remuneration Claims paid to them under this Proposal as property contributed in kind and shall receive shares of common stock of the Company by share issuance or share disposal, and the total maximum number of shares of common stock of the Company to be issued or disposed of in this way shall be 6,450 shares per year. However, if, on or after the date this Proposal is approved and passed, a share split (including a gratis allotment of common stock of the Company) or consolidation of shares is conducted in regard to the Company's common stock, or other circumstances arise whereby an adjustment is required to the total number of shares of the Company's common stock to be issued or disposed of as restricted stock, the total number of shares shall be adjusted within a reasonable range.

This is the grant as part of the Transitional Measure from the share remuneration-type stock options, which were already granted to Eligible Directors in past years, and is not intended to grant substantially new remuneration.

The specific timing of payment and allocation to each Eligible Director shall be determined by the Board of Directors.

The Monetary Remuneration Claims under the Transitional Measure shall be granted conditional upon the abandonment of all the unexercised portion of stock acquisition rights held by each Eligible Director.

2. Matters concerning the payment for issuance or disposal of restricted stock

Pursuant to a resolution of the Board of Directors of the Company, Eligible Directors shall pay all Monetary Remuneration Claims paid to them under this Proposal as property contributed in kind and shall receive shares of common stock of the Company by share issuance or share disposal. The amount to be paid for each share shall be determined by the Board of Directors, within a range of amount that is not particularly favorable to the Eligible Directors who will receive the shares of common stock, based on the closing price of the Company's common stock on the Tokyo Stock Exchange on the business day before the date of each resolution by the Board of Directors (if there are no trades on that day, the closing price on the most recent preceding trading day).

3. Matters concerning restricted stock to be granted to Eligible Directors

When issuing or disposing the Company's common stock, and for paying the Monetary Remuneration Claims as property contributed in kind, the Company shall conclude a restricted stock allotment agreement (the "Allotment Agreement") with the Eligible Directors including the following content.

(1) Transfer Restriction Period

Eligible Directors shall not be able to transfer, create security interests on, or otherwise dispose (the "Transfer Restrictions") of shares of the Company's common stock allotted as a result of the Allotment Agreement (the "Allotted Shares") for a period starting from the payment date until the point in time immediately after the resignation or retirement from the position of officers or employees of the Company

or its subsidiaries, as determined in advance by the Board of Directors of the Company (the “Transfer Restriction Period”).

(2) Treatment at resignation or retirement

If an Eligible Director resigns or retires from his or her position of officers or employees of the Company or its subsidiaries, as determined in advance by the Board of Directors of the Company before the expiration of the period, as determined in advance by the Company's Board of Directors (hereinafter, the “Service Provision Period”), the Company shall automatically acquire the Allotted Shares, without consideration, excluding cases where the resignation or retirement was due to the termination of his or her term of office, death, or other justifiable reasons.

(3) Removal of Transfer Restrictions

Notwithstanding the provisions of the above item (1), the Company shall remove Transfer Restrictions on all Allotted Shares when the Transfer Restriction Period ends, on the condition that the Eligible Director continuously served in the position of officers or employees of the Company or its subsidiaries, as determined in advance by the Board of Directors of the Company during the Service Provision Period. However, 1) if the Eligible Director resigns or retires from any and all position of officers or employees of the Company or its subsidiaries, as determined in advance by the Board of Directors of the Company before the expiration of the Service Provision Period owing to the expiration of his or her term of office, death, or other justifiable reasons, or 2) if the Eligible Director resigns or retires from any and all position of officers or employees of the Company or its subsidiaries, as determined in advance by the Board of Directors of the Company before the expiration of the Transfer Restriction Period but after the Service Provision Period owing to reasons other than justifiable reasons, the Company shall reasonably adjust the number of Allotted Shares on which to remove Transfer Restrictions and the timing of the removal of Transfer Restrictions, as necessary. In addition, the Company shall automatically acquire any Allotted Shares whose Transfer Restrictions have not been removed, without consideration, immediately after the removal of Transfer Restrictions in accordance with the provisions above.

(4) Treatment in the event of organizational restructuring, etc.

Notwithstanding the provisions of the above item (1), if, during the Transfer Restriction Period, a merger agreement under which the Company will become a non-surviving company, share exchange agreement or share transfer plan under which the Company will become a wholly owned subsidiary, or other item related to an organizational restructuring, etc. is approved at the General Meeting of Shareholders of the Company (however, this shall be the Board of Directors of the Company if the organizational restructuring, etc. does not require approval at the General Meeting of Shareholders of the Company), the Company shall remove Transfer Restrictions ahead of the effective date of the organizational restructuring, etc. on certain number of Allotted Shares reasonably determined taking into consideration the period from the start of the Transfer Restriction Period until the day the organizational restructuring, etc. is approved, by resolution of the Board of Directors of the Company. In addition, in the cases stipulated above, the Company shall automatically acquire any Allotted Shares whose Transfer Restrictions have not been removed, without consideration, immediately after the removal of Transfer Restrictions.

(5) Other matters

Other matters related to the Allotment Agreement shall be determined by the Board of Directors of the Company.
