Enhancing the safety, security, and comfort of our services as overseas travelers and airport users increase.
GLOBAL WiFi®, an overseas Wi-Fi router rental service, as well as PCR and antigen test kits offered for the first time at Fukuoka Airport.

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo, President and CEO: Kenichi Sano, hereinafter “Vision”), which provides the GLOBAL WiFi business and the Information and Communication Services business for corporations, has started offering PCR and antigen test kits to confirm safety and security before and after overseas travel, at the GLOBAL WiFi® Fukuoka Airport location.

This is the first such initiative at the international terminal of the Fukuoka Airport.

Vision will provide services for overseas travelers so that they can enjoy their daily lives with peace of mind and safety.

About "PCR Test Kits" and "Antigen Test Kits" (at Global WiFi® Fukuoka Airport Location)

• Description

As a means of safety and security confirmation as well to relieve anxiety, Vision will start offering along with Global WiFi®, kits that can be used at the appropriate travel time at our Fukuoka Airport Counter.

“PCR test kit (home delivery)”

- We provide information on how to test at the appropriate time so that you may go back to your daily life with peace of mind after returning to Japan.

“(Rapid) antigen test kit”

- We recommend using this kit while in your destination country.
- You can feel relief because the test can be taken any time you want.

• Background

- The number of overseas travelers has been increasing due to changes in border control measures and the reopening of other countries.
- The number of users of GLOBAL WiFi®, an overseas Wi-Fi router service that enables safe, secure, and comfortable communication while overseas, is on an uptrend.
- Vision will provide test kits for COVID-19 so that we can provide safe, secure, and comfortable means of communication at the proper time.

• Points

- We recommend that you have a physical exam when you enter or depart Japan.
- It is suitable and convenient for users to receive test kit information at the “GLOBAL WiFi®” counter,

which is easy to stop by when entering or leaving Japan.

- This is the first time that “PCR test (home delivery) kits” and “(rapid) antigen test kits” will be available at the international terminal of the Fukuoka Airport.
- Vision will proactively increase the number and variety of means to provide convenience, security, and comfort when traveling overseas, in addition to “GLOBAL WiFi®”.
