The corporate governance of Santen Pharmaceutical Co., Ltd. (“Santen” or the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views UPDATED

Santen believes that it is vital to upgrade and strengthen corporate governance system in order to achieve and enhance corporate value, and thus returns to shareholders.

Santen has adopted a “Company with Board of Corporate Auditors” system as defined in Japan’s Companies Act. Santen will continuously be working to upgrade and strengthen corporate governance by making the most of the current system.

First, the function of the Board of Directors is to make decisions concerning the vital execution of the business as well as to monitor the execution of the business by the management and Directors. Santen will operate with a focus on swift and appropriate managerial decision-making.

Santen expects its Outside Directors to be actively involved in the Board of Directors in decision-making on individual managerial issues, taking advantage of their wide range of experience and knowledge. Santen will also ask for their opinions from the view of strengthening the function of monitoring Santen’s management.

Furthermore, Santen has some specific steps such as establishing the Corporate Strategy Committee, the Nominating Committee and the Executive Compensation Committee, which are all voluntary committees made up of Inside and Outside Directors, and introducing a corporate officer system centering around the Executive Management Team (hereinafter, “EMT”) to strengthen management and improve the speed of business execution. Santen will go forward with the aim of improving management transparency and objectivity.

Corporate Auditors audit the Board of Directors and executive sections by utilizing the Office of Corporate Auditor or collaborating with the Internal Auditing Group, bringing into view not only the legality but also the appropriateness and effectiveness of the performance of their duties, and Santen will endeavor to strengthen their function.

[Reasons for Non-compliance with the Principles of the Corporate Governance Code] UPDATED

Santen implements all the principles of the Corporate Governance Code (including the particulars for the Prime Market).

[Disclosure Based on the Principles of the Corporate Governance Code] UPDATED

[Principle 1.4]

[Policy on the Holding of Shares of Other Listed Companies as Strategic-Shareholdings]

As to strategic-shareholdings, Santen shall hold shares as strategic-shareholdings when it determines that they will entail medium- to long-term strengthening of business relationships with Santen and contribute to enhancing its corporate value.

Upon shareholding, Santen will verify the propriety of holding each particular brand at least once a year at the Board of Directors, taking into consideration the economic rationality based on circumstances such as collaborative contracts, business development and business environment or the like, and sell out brands that are deemed to be rarely meaningful.

[Outline of the Verification of Propriety of the Strategic-shareholdings of Each Particular Brand]

Santen has established the maximum amount of investment securities to be held by it as a whole, within the scope of which Santen holds shares limiting to those of partners, which are imperative for its business development, as strategic-shareholdings. The Board of Directors verifies whether or not such shareholdings are within such maximum amount and whether or not, for each particular brand of strategic-shareholding, the benefit of strengthening business relationships with Santen or other benefits should be given priority even taking into account the investment amount and investment risk involved therein. As to brands that were deemed to be rarely meaningful, Santen has implemented the sell out of the same.

As an achievement in the fiscal year of 2021, Santen has implemented the sell out of four (4) brands of listed stocks (for three (3) brands, all of the shares held were sold), pursuant to which JPY 3,893 million (on current value basis as of the end of the fiscal year of 2020) was reduced in terms of the amount included in the balance sheet.

[Criteria for the Exercise of Voting Rights of Strategic-Shareholdings]

With regard to the exercise of voting rights of strategic-shareholdings, Santen will, upon exercise thereof, determine whether or not to approve the items to be resolved based on a comprehensive assessment, taking into account whether or not it would lead to an enhancement of the corporate value of the issuing company or Santen.

[Principle 1.7]

[Framework for Related Party Transactions]

In case Santen is to engage in transactions with its officers or major shareholders (*i.e.*, related party transactions), then the Board of Directors will make a resolution thereon after deliberating on the material facts, manner of the transaction and other matters, in order to ensure that such transactions do not harm the interests of Santen or the common interests of its shareholders, and to prevent causing any concern with respect to such harm.

[Supplementary Principle 2.4.1]

[Ensuring Diversity in the Promotion to Core Human Resources]

<Basic Views on Ensuring Diversity>

Based on Santen's CORE PRINCIPLE, Santen actively aims to incorporate diverse views inside and outside Santen to demonstrate Santen's organizational excellence, meet the diverse eye-related needs of people around the world, and ultimately deliver people's "Happiness with Vision." For that purpose, Santen is committed to uphold, respect and accept individuals with diverse backgrounds in terms of nationality, race, gender, gender identity, sexual orientation, age, disability, religious faith, creed, experience, specialty, values, lifestyle, and others. Santen's aim is to create a workplace environment that ensures psychological safety so that every employee can feel safe to be themselves and fully exercise his or her capabilities and translate the diverse talents into organizational excellence to accomplish the greatest results. Santen, aiming to be a "truly" global company, will, as a part of its ESG strategy and measures, establish more specific indicators and further promote diversity, equity and inclusion.

<Voluntary and Measurable Goals for Ensuring Diversity>

(1) Promotion of Women to Managerial Positions

As to gender diversity, all of the global Santen entities continue to strengthen their efforts by expanding the ratio of female managers in Japan, based on the fact that women comprise 36.9% (on the basis of performance as of the end of the fiscal year of 2021) of managers in the global Santen entities. Santen will raise the ratio of female managers in Japan from 13% at the end of the fiscal year of 2020 to 25% at the end of the fiscal year of 2025. To achieve this goal, Santen will hire, attract and retain female human resources as well as revolutionize the corporate culture, including with respect to male human resources.

Also, while four (4) women currently hold positions as members of the nineteen (19) Corporate Officers (including those constituting EMT, hereinafter the same shall apply unless otherwise specified), Santen will make efforts to further expand the ratio of females.

(2) Promotion of Foreign Nationals and Midcareer Hires to Managerial Positions

As the truly global company Santen aims to be, a diversity in nationality, experience and expertise is obviously required. Especially, Santen has given top-priority to addressing diversification of Corporate Officers which play a pivotal role as an engine for the organization, and nine (9) of the nineteen (19) Corporate Officer positions are currently held by foreign nationals. While no quantitative goal has been established for all managerial positions generally, Santen aims to, in light of “Enhancing Globalization” and “diversification in ophthalmology business” pursuant to the Medium-term Plan “MTP2025,” enhance the ratio of foreign nationals and midcareer hires by the end of the fiscal year 2025” through recognizing them as the best human resources equipped with capabilities expected to fulfill respective functions and positions.

(3) Employment of People with Visual Impairments

Santen values the employment of people with impairments as an element of diversity, and especially, as a Social Innovator specialized in the ophthalmology business dedicated to solving all eye-related issues around the world, Santen places importance on developing occupational fields and a workplace environment which allow those with visual impairment to perform the best of their capabilities. Currently, five (5) employees with visual impairments work in Santen locations in Japan. Moving forward, Santen will hire people with visual impairments to work in all global major regions where Santen is based.

<Status of Ensuring Diversity>

(1) Promotion of Women to Managerial Positions

The ratio of female managers as of the end of the fiscal year of 2021 is 36.9% globally and 15.1% in Japan. This status is also disclosed in the “Employment and Human Resources Data” and the Integrated Report (Annual Report) on Santen’s website.

<https://www.santen.com/en/sustainability/employees/>

<https://www.santen.com/en/ir/document/annual.jsp>

(2) Promotion of Foreign Nationals and Midcareer Hires to Managerial Positions

While Santen has not disclosed respective ratios of foreign nationals and midcareer hires in managerial positions, currently nine (9) of the nineteen (19) Corporate Officers are foreign nationals as mentioned above, and the ratio of foreign nationals and midcareer hires in all managerial positions has been expanding on a continual basis. The number of midcareer hires (in Japan) and number of employees in each region have been disclosed in the “Employment and Human Resources Data.”

(3) Employment of People with Visual Impairments

As stated above, currently five (5) employees with visual impairments work in Santen locations in Japan. Santen has disclosed the status of the employment of people with disabilities in each fiscal year in the “Employment and Human Resources Data,” although visual impairments and other disabilities are not distinguished therein.

<Policies for Human Resource Development and Internal Environment Development towards Ensuring Diversity, and the Status thereof>

Santen will, across top senior officials of the management and throughout its entire organization worldwide, endeavor to enhance further diversity with a focus on gender, nationality, midcareer hires and existence of visual impairments, build an organization and people that enable employees with a variety of professional and cultural backgrounds to maximize their abilities, and, as to compensation, education, promotion and the like, provide equal opportunities regardless of background such as gender, nationality, midcareer hires or existence of visual impairments, all based on its Diversity, Equity & Inclusion Policy, which was formulated to promote the above.

Also, to strengthen this enhancement, Santen has proceeded to collaborate with outside partners. From the viewpoints of enhancing women’s active participation and gender inclusion, in May 2021, Santen committed to a partnership with the “30% Club Japan” and became a signatory to the “UN Women’s Empowerment Principles (WEPs).” From the viewpoint of the inclusion of people with disabilities, Santen committed to a partnership with “The Valuable 500” in fiscal 2020.

The Diversity, Equity & Inclusion Policy is disclosed on Santen’s website.

[Principle 2.6]

[Efforts regarding the Management of Corporate Pension Funds]

Santen is fully aware that the management of the accumulated corporate pension funds impacts asset formation for employees and Santen's own financial standing. As such, Santen manages the corporate pension funds, to which the CFO and other qualified persons with expertise in financial matters are the persons in charge. In addition, Santen regularly monitors the operational status through its Asset Management Committee which is made up of persons responsible in financial, personnel divisions and others, and has been appropriately dealing with ensuring the integrity of the pension assets through taking measures, as it thinks proper, including reporting on the operational status of pension assets at meetings of the Board of Directors. In regard to the management, Santen places importance on the coverage ratio of the projected benefit obligation (PBO) as a measure of the integrity of the funds. Santen also flexibly makes additional contributions to pension assets, and concurrently therewith, implements changes to the portfolio or other measures depending on the circumstances, for instance, Santen made additional contributions to pension assets within three (3) years from the fiscal year of 2019 based on a system of premiums responding to risks.

[Principle 3.1]

[Full Disclosure]

(i) Santen has formulated its CORE PRINCIPLE and long-term management visions, and disclosed them on its website.

<https://www.santen.com/en/about/>

Santen has also disclosed its medium-term plan on its website:

<https://www.santen.com/en/business/vision/plan.jsp>

While Santen comprises a single segment and thus has not established the concept of a business portfolio, it has disclosed its strategies concerning the portfolio of its main products and the pipeline as the premise on which such products are based, and has reviewed the said strategies upon establishing each medium-term plan.

In addition to the medium-term plan, Santen has disclosed the relevant information on its website including the status of the development of products, R&D Report and the Integrated Report (Annual Report).

<https://www.santen.com/en/business/vision/plan.jsp>

<https://www.santen.com/en/ir/document/annual.jsp>

Furthermore, Santen held a Product Development Meeting on October 7, 2021 to communicate the details of its policies concerning its product development and the status thereof. The particulars of such meeting have also been disclosed on Santen's website (please see the "Presentation Materials/Videos" page).

(ii) Santen has disclosed on its website its basic policy on and approach to corporate governance:

<https://www.santen.com/en/about/governance/>

(iii) Santen has disclosed its policy and procedures in deciding the remuneration for the top management and Directors in the "Matters pertaining to the policy on the determination of the amount of remuneration of officers and the method of calculation thereof" as described in its securities report:

<https://www.santen.com/ja/ir/document/securities.jsp> (Japanese report)

(iv) Santen has disclosed its policy and procedures in selecting candidates for Directors and Corporate Auditors in the "Outline of the policy on the selection of candidates for Director and Corporate Auditor" as described in its securities report:

<https://www.santen.com/ja/ir/document/securities.jsp> (Japanese report)

Furthermore, Santen appoints Corporate Officers by a resolution of the Board of Directors. In selecting them, Santen applies its guidelines, such as, that they positively endeavor as senior managerial personnel to address managerial issues in the key affairs of Santen and the conduct of its business, as well as that they have the capability and experience appropriate in providing solutions or conducting the business concerning current managerial issues arising from the managerial circumstances around them.

When dismissing a senior management, Santen has stipulated in its internal rules that he or she may be dismissed by a resolution of the Board of Directors in the event he or she commits any act that is suspected as unjust, unfair or constitutes a betrayal; if he or she is determined to lack qualification; if he or she falls under disciplinary events according to the rules of employment; or if it is deemed that he or she is not appropriate as a member of the senior management or it is deemed appropriate to change his or her position as senior management.

(v) With respect to the individual appointments and nominations of candidates for Directors and Corporate Auditors, Santen has disclosed the reasons for appointing and nominating them in the Convocation Notice of the General Meeting of Shareholders:

<https://www.santen.com/en/ir/document/meeting.jsp>

In addition, an individual explanation of each dismissal shall be made through respective external disclosures.

[Supplementary Principle 3.1.3]

[Initiatives and the like on Sustainability]

<Initiatives on Sustainability>

Santen has established the Sustainability Policy which shows, based on its CORE PRINCIPLE, that Santen not only contributes to the sustainable development of society but also aims to achieve its own sustainable growth.

Also, Santen has identified the following four propositions as environment, social and governance (ESG) materialities, clarified specific issues and is promoting its activities:

- Development and stable supply of socially significant products and services (Happiness with Vision)
- Encouragement of an organizational culture that promotes value creation
- Strengthening Governance, Contributing to the Realization of Fair and Equal Society
- Conservation of the global environment

The details of Santen's initiatives on sustainability have been disclosed on its website.

<https://www.santen.com/en/sustainability/>

<Investments and the like in Human Capital and Intellectual Properties>

Santen believes that investments and the like in human capital and intellectual properties are indispensable to realize its management strategy to create new modality, enhance globalization and drive innovation for new patient outcomes in medical treatments.

As to human capital, while leadership teams with extensive experience and globally around 4,300 diverse employees are currently contributing directly or indirectly in the ophthalmology area, in order to maintain and strengthen such human capital, Santen has exerted efforts to build a further high-value added and highly productive workplace environment, and concurrently therewith, build an organizational culture that is abundantly diverse, equitable and inclusive. From the viewpoint of the former, Santen has implemented its New Work Style Global Guideline and put the structure into practice to allow employees themselves have a choice of *where*, *when* and *how* to work and co-create Santen's success. From the viewpoint of the latter, pursuant to the Diversity, Equity & Inclusion Policy, Santen will take initiatives built upon the three strategic pillars of "Our Diverse People," "Our Inclusive & Equitable Practices," and strengthening of collaborations with "Our Partners & Communities."

As to intellectual properties, in addition to internal development, Santen is taking initiative to acquire expertise and intellectual property on development by focusing its efforts on collaborating with partner companies/organizations with prominent technology and expertise, and by building strong relationships with academia around the world. Pursuant to the Medium-term Plan "MTP 2025," in order to develop products that address medical needs unmet by existing products in the core business area underpinning medium-to-long term development, Santen has exerted efforts in, for instance, developing, in addition to ophthalmic solutions *per se*, products using technologies to reduce the frequency of the application thereof, and developing applicators and containers that are easier to use for application, as well as changing the form of dosage. The experience gained in the above initiatives has been applied to new product development and lifecycle management. Furthermore, Santen will make development investment in new disease areas where we expect to capture new growth, not just extrapolating on existing areas. Santen has appropriately obtained and maintained the intellectual property rights created and acquired through these development activities so that they serve as a foundation of Santen's business competitiveness.

<The Impact and the like of Climate Change- related Risks>

With regard to the conservation of the global environment, Santen has established an environmental vision towards the year 2050, the "Santen Vision for the Earth 2050." Under the vision, Santen will make a full commitment to the following two areas in all countries and regions of its operation. The first commitment area is "Measures against Climate Change," which are aimed at the achievement of carbon neutrality toward the Realization of a Carbon-free Society mainly through technological innovation toward an energy shift and thorough reuse and highly efficient use of resources at plants and other facilities. The second commitment area is "Environmental Load Reduction," which is aimed at the Establishment of a Recycling-based Society mainly

through the full utilization of sustainable resources and materials based on technological innovation for all products.

Also, as to the impact of climate change-related risks and opportunities to earn profits for Santen's business activities, profits and the like, Santen expressed its support for the Task Force on Climate-related Financial Disclosures (TCFD), and concurrently therewith, disclosed the said impact.

Details of the above are disclosed on Santen's website and in its Integrated Report (Annual Report).

[Supplementary Principle 4.1.1]

[Brief Summary of the Scope of Entrustment to Management]

In addition to various statutory functions, Santen has stipulated in the Rules of the Board of Directors the matters to be decided by the Board of Directors such as management policies, strategies, business plans, the acquisition and disposal of material assets as well as decisions to be made on important organizational or personnel-related matters.

Furthermore, Santen endeavors to improve the quality and speed of the decision-making process by delegating to Corporate Officers authority concerning the conduct of the business. More specifically, Corporate Officers are assumed to make and execute decisions including the formulation of the business plans of the organizations they control, management of the business activities of the organizations they are in charge of, as well as the formulation and execution of the fiscal budget.

[Supplementary Principle 4.1.3]

[Succession Plan for the CEO and Other Top Executives]

Our Representative Director recognizes that the cultivation of succession candidates for the Chief Executive Officers (CEO) and other top executives is one of the Representative Director's most important responsibilities, and systematically promotes discovery, selection and the cultivation of candidates. The Nominating Committee, which is chaired by an Outside Director and the majority of which is composed of Outside Directors, dispenses advice regarding, and oversees the planning and implementation of, such cultivation plan. The Nominating Committee determines the criteria, evaluation, and methods for the selection of successors, deliberates on whether or not any successor (including those for outside executives) holds the appropriate credentials, achievements and the like, and confirms whether or not the plan for the development of succession candidates is appropriately progressing. These particulars are further discussed at the Board of Directors based on the recommendation and advice of the Nominating Committee. In determining the final candidates after this consideration process, the Nominating Committee makes a recommendation to the Board of Directors, which deliberates the succession plan and determines successors.

[Supplementary Principle 4.3.3]

[Procedures for Dismissal of a CEO]

When it is deemed, via an appropriate evaluation of Santen's business results, that the CEO is not adequately fulfilling the CEO's responsibilities, Santen has established procedures for dismissal of a CEO to ensure that objective, timely, and transparent procedures are implemented through its predetermined formalities whereby dismissal of the CEO is deliberated in the Nominating Committee, which is chaired by an Outside Director and the majority of which is composed of the Outside Directors, and then decided by the Board of Directors.

[Principle 4.8]

[Effective Use of Independent Directors]

In order to further ensure that Independent Outside Directors contribute to sustainable growth of the Company and increase corporate value over the medium- to long-term, Santen newly elected two (2) Independent Outside Directors at the General Meeting of Shareholders held on June 24, 2022. As a result thereof, the number of Independent Outside Directors became five (5), out of a total of eight (8) Directors, thereby ensuring Independent Outside Directors make up a majority of Directors of the Company. Also, of the eight (8) Directors, six (6) are males and two (2) are females, including one (1) foreign national. Under Santen's management structure, the Board of Directors will strongly exert its function and endeavor to further enhance its governance.

Santen's Board of Directors monitor whether the Outside Directors who satisfy the Criteria of Independence of Outside Directors and Outside Corporate Auditors are appropriately executing business from a position independent of Santen's management. In addition, in order to deliberate from an objective

viewpoint, the majority of both of the Nominating Committee and the Executive Compensation Committee which are voluntary committees, are composed of Outside Directors, and Santen has appointed Outside Directors as the chair of respective committees. Santen expects its Outside Directors to be actively involved in the Board of Directors in decision-making on individual managerial issues, taking advantage of their wide range of experience and knowledge. Concurrently therewith, Santen also asks for their opinions from the view of strengthening the function of monitoring of Santen's management.

Also, Santen regularly holds meetings solely comprised of Independent Outside Directors as a place where information can be exchanged and awareness shared.

[Supplementary Principle 4.8.2]

[Independent Outside Directors' Cooperation with the Management and Corporate Auditors or the Board of Corporate Auditors]

Santen seeks the appropriate opinion and advice of each of the Independent Outside Directors at the meetings of the Board of Directors based on the variety of their experience and knowledge. Moreover, considering that Santen provides opportunities from time to time for Independent Outside Directors to cooperate with the management, Corporate Auditors or the Board of Corporate Auditors, Santen has endeavored to establish a framework for cooperating therewith.

Also, Santen regularly holds meetings comprised of Independent Outside Directors and Corporate Auditors for the purpose of providing information necessary for the Board of Directors to further improve the quality of discussion and deepen mutual cooperation.

[Principle 4.9]

[Independence Standards and Qualifications of Independent Outside Directors]

Santen has determined the "Criteria of Independence of Outside Directors and Outside Corporate Auditors," and has disclosed the same in the Convocation Notice of the General Meeting of Shareholders and securities reports.

<https://www.santen.com/en/ir/document/meeting.jsp>

<https://www.santen.com/ja/ir/document/securities.jsp> (Japanese report)

[Supplementary Principle 4.10.1]

[Independence, Authority, Role and the like of Nominating/Compensation Committees]

Santen has established the "Nominating Committee" and the "Executive Compensation Committee" which are voluntary committees. Santen secures the independence of these committees, through: (i) a composition in which the majority of their members are composed of Independent Outside Directors; and concurrently therewith, (ii) appointment of chairpersons from Independent Outside Directors. Since Santen believes that the participation of persons with a thorough understanding of the internal circumstances of the company are beneficial to make the discussions in both committees viable, members of these committees include internal Directors.

The Nominating Committee aims to deliberate on the selection of candidates for Directors and Corporate Auditors and submit recommendations therefor, as well as to provide advice concerning the selection of candidates for Corporate Officers. It also assumes the responsibility for the selection of successors of the Chief Executive Officer and other executives and the recommendation thereof to the Board of Directors. The Executive Compensation Committee aims to deliberate on the compensation of Directors and Corporate Officers and submit recommendations therefor to the Board of Directors, as well as to provide advice to the Board of Corporate Auditors with respect to the compensation of Corporate Auditors with reference to market levels.

[Supplementary Principle 4.11.1]

[Approach to the Composition of the Board of Directors, etc.]

Santen will appoint plural numbers of Outside Directors who will maintain a degree of distance from the conduct of our business and does not have close ties with the management. On such basis, the Board of Directors of Santen will consist of a number of Directors as allowed by Japan's Companies Act and Santen's Articles of Incorporation. The said Board of Directors will be well balanced in terms of knowledge, experience and skills in order to fulfill and discharge its roles and responsibilities efficiently, and it will be constituted in a manner to that would achieve both diversity and the appropriate size.

(Skill Matrix of Directors and Corporate Auditors)

Santen believes that, upon nomination of its candidates for Director and Corporate Auditor, it is important to establish its effective governance system towards the sustainable enhancement of its corporate value through

both of the following: (i) in the meetings of the Board of Directors, Directors and Corporate Auditors that attend are engaged in multifaceted deliberations on the appropriateness of business strategies, risks upon realization thereof and other aspects, and also they appropriately supervise the status of execution thereof; and (ii) the Board of Corporate Auditors conducts the audit from the perspective of not only legality but also appropriateness and effectiveness of the Board of Directors and other executive divisions, and thereby fully exerts its function.

Meanwhile, based on the long-term vision “Santen 2030” and the medium-term plan “MTP2025,” Santen endeavors to solve social issues through vision by standing by medical professionals and patients and providing innovative value as a Social Innovator beyond the borders of the pharmaceutical industry. Also, in these efforts, Santen will exercise leadership globally allowing us to contribute to people around the world based on ophthalmologic medical needs which differ depending on countries and areas.

Santen considers that, in addition to planning and carrying out corporate strategies as well as appropriate business administration, the knowledge, experience and ability described in the schedule below are specifically important from the viewpoint of the aforementioned principles and business orientation of Santen. In addition to the life science business and global viewpoint, Santen will continuously place emphasis on fields such as ESG and service to society. Upon appointment of Directors and Corporate Auditors, Santen shall ensure balance and diversity by appointing personnel from various backgrounds, including those with expert knowledge and experience, to allow them to provide advice to and supervision of the management from a multifaceted point of view, and shall place importance on valuing individuals without any other distinctions such as gender, age, nationality, race or ethnic group. Moreover, Santen respects the balance between inside and Outside Directors to secure the objectiveness of discussions, and concurrently therewith, it has been stipulated that a majority of the respective offices of the Board of Directors and the Board of Corporate Auditors shall be taken by Outside Directors and Outside Corporate Auditors who satisfy the criteria of independence to enhance independence and neutrality.

[Supplementary Principle 4.11.3]

[Summary of the Results of the Analysis and Evaluation of the Board of Directors' Effectiveness]

Santen's Board of Directors has conducted an evaluation of its effectiveness in the fiscal year of 2021, with the aim of further enhancing the role and function of the Board of Directors. The overview of the results of the same is as follows:

(Evaluation Method)

At first, the assessment questionnaire to Directors and Corporate Auditors were conducted on the items described below. The said questionnaires took a form that allows a four-level quantitative evaluation of each question and also allows the free inscription of comments. Additionally, in order to further understand in more depth the contents of the responses to the questionnaires, individual interviews of all of the Outside Directors and Outside Corporate Auditors were made; based on the foregoing, the evaluation results were discussed at the meeting of the Board of Directors held in March 2022.

[Major Categories of the Questionnaire Items]

1. The operation and constitution of the Board of Directors
2. The managerial strategy and business strategy
3. Corporate ethics and risk control
4. The monitoring of achievements and evaluation-based remuneration for the executives
5. Conventions with shareholders and other stakeholders

In keeping with the amendment of the Corporate Governance Code in the last year, we reviewed the questionnaire items in order to conduct an evaluation that contributes to the further enhancement of governance. While the evaluation has been conducted, up to now, from the respective viewpoints of decision-making function and supervision function of the Board of Directors, we newly added viewpoints of an election and evaluation of the CEO and other executives who are the main subjects of supervision by the Board of Directors, and we composed the evaluation from the following viewpoints: the composition of the Board of Directors; decision-making and supervision of the managerial strategy and business strategy; corporate ethics and risk control; and the relationship with shareholders and other stakeholders. Thus, the questionnaire items are made up from these viewpoints to allow a comprehensive evaluation.

Also, we have taken measures to make qualitative progress in the evaluation through earning support from third party organizations in the implementation and analysis of the evaluation of effectiveness, including the aforementioned review.

(Summary of the Results)

Santen's Board of Directors has assessed that its effectiveness was ensured for the fiscal year of 2021. The reason therefor is that the overall average evaluation mark response was "mostly effective," and responses for each questionnaire item indicated "effective" and "mostly effective" at high rates (approximately 90%). Among all the responses, the following items obtained a high evaluation in the questionnaire and individual interviews:

- Independent Outside Directors are participating in distinctions from multifaceted viewpoints based on sufficient provision of information, and appropriately fulfil their duties.
- A transfer of power to executive organs is made in an appropriate manner, and thus the Board of Directors is able to concentrate on its primary role.
- The system necessary for the compliance with corporate ethics is consolidated, and the whistle-blowing system as a vehicle therefor was effectively functioning.

Also, it was evaluated that improvement occurred in the following items:

- As for the ongoing matters and other internal strategies, the monitoring of subsequent progress was appropriately conducted.
- Information such as opinions and the like of outside stakeholders are appropriately shared with Outside Directors and Corporate Auditors.

We recognize that, in addition to our continuing efforts, the result of our efforts to improve the issues we recognized in the evaluation of the effectiveness of the Board of Directors in the last fiscal year has contributed to this evaluation.

More specifically, in the meetings of the Board of Directors, opportunities to report were amplified for, in addition to a status report on the progress of material matters, the status of development matters, planning and implementation of strategies concerning human resources, IT strategies and the like, and thereby opportunities for and the quality of the monitoring were enhanced. Also, the Board of Directors focused on promptly and steadily sharing opinions and recommendations provided by institutional investors and other stakeholders with Outside Directors and Corporate Auditors, and made efforts so that the recognition of stakeholders shall commonly considered at the Board of Directors.

(Initiatives Going Forward)

On the other hand, the necessity of making continuous efforts was discussed from the viewpoint of further enhancing the effectiveness, and further enriching the quality, of decision-making at the Board of Directors, as well as strengthening supervisory functions. Specific issues and the outline of actions to be taken towards improvement were acknowledged as follows:

- Securing a degree of certainty of implementation when a decision is made on material strategic matters

Under the circumstances where it becomes more important for the Company to maximize the efficiency of investment towards the accomplishment of MTP2025, the Board of Directors recognizes it is more important to make appropriate decisions on the destination of the investment of limited resources in accord with the feasibility thereof. Based on the foregoing, the Board of Directors decided to make efforts as follows:

- ✓ Increasing opportunities to regularly share the progress status, issues and capabilities concerning respective businesses
- ✓ Increasing opportunities to comprehend the situation of the job sites where a business is performed as well as the subject of the post-merger integration (PMI)
- ✓ Amplifying quantitative indices for decision-making for strategic matters
- Strengthening of implementation of monitoring and planning of strategies
While the monitoring has been strengthened, the Board of Directors decided to make efforts to further amplify the scope and the particulars of the monitoring, make it more satisfactory, and strengthen its supervision.
 - ✓ Verifying the progress in strategic investment and development matters as well as the situation, reasons and countermeasures in cases where an issue arises concerning the progress
 - ✓ Verifying the status of the progress in relation to material managerial measures, including human resources, sustainability, DX and the like
- Strengthening the cooperation between the Board of Directors and activities of voluntary committees
As shown in the Corporate Governance Code amended in June 2021, based on a recognition that an appropriate effort by voluntary committees is crucially important for the Company to enhance its governance, it was decided to make efforts to further strengthen the cooperation among the Board of Directors, the Nominating Committee and the Executive Compensation Committee to allow them to maximally fulfill their functions.
 - ✓ Appropriately sharing the particulars of the efforts taken by the Board of Directors and both committees.
 - ✓ Further fulfilling the functions of committees through an enhancement of the cooperation of the function of the secretariat of both committees.

In this fiscal year, Santen will focus on the three points above as key initiatives, and, concurrently therewith, continuously review measures to enhance the effectiveness of the Board of Directors, including strengthening of efforts such as risk control and an internal control under the new leadership system established on April 1, 2022.

Santen believes that, for continued enhancement of Santen's corporate value while it addresses internal and external changes and to complete Santen 2030 and MTP2025, it is crucial to improve the governance of the Board of Directors and other corporate organs.

Based on these evaluation results, Santen endeavors to continuously improve the function of the Board of Directors.

[Supplementary Principle 4.14.2]

[Training Policy for Directors and Corporate Auditors]

Santen will timely provide the information and opportunities necessary for each Director and Corporate Auditor to fulfill his or her role and responsibility, the expenses for which shall be borne by Santen.

Also, Santen will provide Outside Directors and Outside Corporate Auditors opportunities, such as visits to offices in Japan and abroad, that are necessary for them to fulfill their roles.

[Principle 5.1]

[Policy concerning the Improvement of the System and Efforts to Enhance Constructive Dialogue with Shareholders]

Santen will determine the division in charge of IR, and will be thorough in the swift, precise and fair disclosure of corporate information from the standpoint of the shareholders and investors, and commits to disclose information proactively and in a manner easily understandable.

More specifically, Santen holds financial results meeting presentations after the release of interim and full-year results for analysts and institutional investors, and also conducts conference calls to such audiences after its first- and third-quarter results announcements. Furthermore, Santen participates in conferences hosted by securities companies around the world and visits overseas shareholders and investors. Besides, Santen holds meetings to exchange opinions among institutional investors, Directors and Corporate Auditors. Santen has also put effort into providing information that leads to the enhancement of its corporate value, including R&D presentation meetings and small meetings. Moreover, Santen conducts presentations for individual investors from time to time, with the aim of explaining its business to a wide range of investors.

In and after the fiscal year of 2020, Santen endeavored to proactively make disclosures through online based activities due to the influence of novel coronavirus (COVID-19) infections.

With respect to the opinions of the shareholders, investors and analysts, Santen positively considers such viewpoints in reviewing its management strategies and the like, and will control insider information in all dialogues with such stakeholders.

[Principle 5.2]

[Establishing and Disclosing Business Strategies and Mid-to-Long Term Business Plans]

In July 2020, Santen publicized the long-term vision “Santen 2030,” and in May 2021, it also publicized the Medium-term Plan “MTP2025” which is the plan for the initial five years to achieve “Santen 2030”.

Santen has placed importance on these five years of “MTP2025” so Santen can focus our energy to maximize the value of our core businesses, and concurrently therewith, proceed with entering into new categories of business going forward to growth in 2026 and beyond. Especially, Santen has formulated the TSR (total shareholders’ return) as our key managerial indicator aiming to enhance shareholders’ value.

Santen will utilize our strength as a global ophthalmic company cultivated through Vision2020, our existing pipeline and assets, as well as our bases of business located in various places around the world with its center in Japan, realize steady growth in sales and profit and increase our earning power. In addition, through our full-scale entry into the business of prescription pharmaceuticals in the U.S., Santen aims for global growth in the medium-term. In parallel, while making the most of organizational capacity that has been cultivated until now as a specialty company in the ophthalmologic area, Santen aims to achieve the medium- and long-term growth set forth in Santen 2030 through investment for novel innovation, entry to novel business fields such as cellular therapy, as well as capital investment (including investment to factories) and the like. Through this, Santen will steadily execute strategic policies towards transformation into a Social Innovator.

Towards the realization of this medium-term plan, Santen sets the financial targets for revenue, operating profit ratio, and ROE (Return on Equity attributable to owners of the company). Furthermore, in order to realize these targets, Santen endeavors to enhance profitability from investment projects and existing businesses and accelerate recovery of invested capital.

Santen has disclosed its long-term vision and medium-term plan on its website. Concurrently, Santen has explained, through shareholders meetings and results briefings, specific measures and policies toward the achievement of its goals.

Number of Corporate Auditors	Four (4)

Cooperation among Corporate Auditors, Accounting Auditors and Internal Audit Departments

(Cooperation between Corporate Auditors and Accounting Auditors)

The Corporate Auditors hold a meeting with the accounting auditors at the beginning of each fiscal year to receive presentations on the financial auditing plans for the year and any key audit-related issues as well as to exchange opinions, including requests from the Corporate Auditors. The accounting auditors present audit findings to the Corporate Auditors at the quarterly reviews and fiscal year-end audit result briefings four (4) times a year to exchange opinions.

In addition, the Corporate Auditors attend each review meeting with the accounting auditors held after the conclusion of the quarterly reviews and fiscal year-end audit to exchange opinions on the quarterly reviews and fiscal year-end audit results and procedures. During the fiscal year, the Corporate Auditors perform audits of the auditing methods of the accounting auditors and exchange information with the accounting auditors as necessary.

(Cooperation between Corporate Auditors and the Internal Audit Departments)

Santen’s Corporate Auditors and the Internal Auditing Group cooperate closely at all times. For instance, they hold regular meetings at which they share progress with their respective audit plans and audits, and items to confirm.

Matters relating to Independent Directors/Corporate Auditors

Santen has established the Criteria of Independence of Outside Directors and Outside Corporate Auditors as described below:

<Criteria of Independence of Outside Directors and Outside Corporate Auditors>

As regards the criteria to determine whether "independence" is retained, the Company has established, from the viewpoint of further strengthening corporate governance as well as enhancing the transparency and objectiveness of management, the following criteria, in addition to the Independence Criteria prescribed by the Tokyo Stock Exchange, Inc., in determining that each of the Outside Directors and Outside Corporate Auditors (collectively, "Outside Officers") has no interest in the Company and its affiliate companies (collectively, the "Santen Group"), and that each of them is "independent."

- (1) In the past, the relevant Outside Officer has never been a director, corporate auditor or employee of the Santen Group (excluding independent officers).
- (2) The relevant Outside Officer is not a consultant, accounting expert or legal expert, regardless of whether he/she/it is an individual or a juridical person, who has ever been directly involved in the business of the Santen Group, and has never obtained money or other assets in an amount of JPY 10 million or more per year therefrom, during the past three (3) years.
- (3) During the past three (3) years, the relevant Outside Officer has never been a director and the like (including a corporate officer or other person equivalent thereto; hereinafter, the same shall apply) of a company with sales to the Santen Group amounting to 2% or more of the annual sales of such company. Also, during the past three (3) years, the relevant Outside Officer has never been a director and the like of a company with sales by the Santen Group amounting to 2% or more of the annual sales of the Santen Group.
- (4) The relevant Outside Officer is not a director and the like of a company, 10% or more of the aggregate number of outstanding shares of which is held by the Santen Group, or a company holding 10% or more of the aggregate number of outstanding shares of the Company.
- (5) The relevant Outside Officer has never taken office as a director and the like of the Santen Group's main bank, lead managing securities companies, main life insurance company or main non-life insurance company.
- (6) The relevant Outside Officer is not an officer of the Santen Group (excluding independent officers), a spouse or another relative within the third degree of kinship of any person classified under any of items (1) to (5) above.

Incentive Policies for Directors	Introduction of A Performance-based Stock Remuneration System
----------------------------------	---

Supplementary Explanation **UPDATED**

At the Annual General Meeting of Shareholders held on June 26, 2018, for the purpose of encouraging the Directors of Santen, excluding Outside Directors, to proactively engage in achieving Santen's vision and pursuing its strategy, and to promote the further sharing of value with shareholders from the perspective of enhancing the stock-based remuneration program's functions and effectiveness by further clarifying the message conveyed by the program so that it contributes to Santen's continuous growth and the improvement of its corporate value on a medium- to long-term basis, it was resolved that Santen will introduce the stock-based remuneration program. This program consists of two types of systems, namely, the "Performance Share Unit System" (a performance-linked stock remuneration system), a type of remuneration that is linked to the achievement rate of numerical targets or the like during a certain performance evaluation period, and the "Restricted Stock System," a stock-based remuneration with a transfer restriction that is lifted by satisfying conditions such as holding the target director position continuously for a certain period.

Santen's remuneration system for Directors excluding Outside Directors consists of three systems: a basic remuneration, annual bonus, and stock-based remuneration. The component ratio of each remuneration to the base amount of aggregate remuneration shall be: basic remuneration 1: annual bonus 0.25: stock-based remuneration 0.5. The standard of the aggregate remuneration is determined by reference to benchmark results of pharmaceutical companies.

With regard to the performance indicators used for annual bonus and the Performance Share Unit System (a performance-linked stock remuneration system), we review the indicator which is conducive for a realization of the medium-term plan commencing in the fiscal year of 2021 and the Company's sustainable growth and determine by incorporating indicators concerning TSR and ESG. The details thereof have been disclosed in the Integrated Report (Annual Report).

[Director Remuneration]

Disclosure of Individual Directors' Remuneration	Selected Directors
--	--------------------

Supplementary Explanation **UPDATED**

The amount of remunerations and the like for Directors in the fiscal year of 2021 is disclosed in the business report and other documents. Such amount is JPY 387 million in aggregate, JPY 54 million of which is the remuneration for Outside Directors.

Particulars are as follows:

<Directors excluding Outside Directors>

- Basic remuneration: JPY 218 million

- Annual bonus: JPY 48 million
- The Performance Share Unit System: JPY 16 million
- The Restricted Stock System: JPY 51 million

<Outside Directors>

- Basic remuneration: JPY 54 million

At the Annual General Meeting of Shareholders held on June 26, 2018, the revision of the limit of the monetary remuneration for Directors and the stock-based remuneration program for Directors excluding Outside Directors (“Target Directors”) was resolved. As to the limit of the monetary remuneration for Directors, it was resolved that the limit was revised to JPY 600 million or less per year for Target Directors (of which no more than JPY 400 million is fixed basic compensation and no more than JPY 200 million is annual bonus). Also, for Outside Directors, it was resolved at the Annual Meeting of Shareholders held on June 24, 2022, that the limit of the monetary remuneration would be no more than JPY 100 million per year of only a fixed base salary, in addition to the remuneration for Target Directors.

Also, as the stock-based remuneration program for Target Directors, Santen has introduced a new stock-based remuneration program which is comprised of the Performance Share Unit System (a performance-linked stock remuneration system) and the Restricted Stock System. As for the Performance Share Unit System (a performance-linked stock remuneration system), Santen has set the total amount of the monetary remuneration claims to be granted for the issuance of a number of common shares of Santen during the Performance Evaluation Period (meaning several consecutive fiscal years (as decided by the Company between three (3) and five (5) fiscal years) of the Company) at no more than JPY 100 million per fiscal year; the upper limit of the number of shares to be issued at no more than 100 thousand shares per fiscal year; and the aggregate amount of cash for tax payment purposes at no more than 100 thousand shares per fiscal year multiplied by the share price at the time of issuance. For the Restricted Stock System, Santen has set the total amount of the monetary remuneration claims to be granted in one fiscal year at no more than JPY 100 million per year.

The details are disclosed in the section entitled “Matters Regarding the Decision of the Amount of Remunerations and the Like for Directors and Corporate Auditors and the Calculation Method of Such Amount” of the securities report.

<https://www.santen.com/ja/ir/document/securities.jsp> (Japanese report)

As to Directors who receive compensation and other payments in an aggregate amount of more than JPY 100 million, disclosure has been made individually in securities reports in compliance with statutory requirements.

Policy on Determining Remuneration Amounts and Calculation Methods	Established

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods **UPDATED**

Santen has established an Executive Compensation Committee as one of the voluntary committees (albeit these committees are not part of the statutory “Company with a Nominating Committee, etc., System” under Japan’s Companies Act), which is chaired by an Outside Director and the majority of which is composed of Outside Directors. It has stipulated the basic policy on the determination of compensation and other payments to be received by Directors, Corporate Auditors and Corporate Officers as follows:

<Inside Directors and EMT/Corporate Officers>

- Ensure effectiveness that contributes to Santen’s sustainable growth and enhancement of medium-and-long term corporate value to enable them to be engaged in the achievement of Santen’s VISION “Santen 2030” and the medium-term plan “MTP2025,” as well as in strengthening ESG management with high motivation.
- Deepen the sharing of values with broad-ranging stakeholders.
- Objectiveness is secured through a highly transparent process for making decisions on remunerations to ensure high accountability to stakeholders.
- Provide a competitive level of compensation capable of recruiting global and other outstanding human resources in various countries and regions.

- Under the globally unified system of evaluation and compensation, further foster a performance culture equipped with a strict discipline, and share the results with all EMT members including the CEO.

<Outside Directors and Corporate Auditors>

- To support Santen’s sustainable growth from their independent positions which are distinct from EMT, set a level of remuneration appropriate to their prominent roles, and through a system which is not indicative of an achievement target in common with EMT, encourage fulfillment of their functions efficiently in supervising the management.

2. Matters on Functions of Conduct of the Business, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System) **UPDATED**

Santen has adopted a “Company with Board of Corporate Auditors” system as defined in Japan’s Companies Act, and, within such framework, has introduced a corporate officer system centering on EMT to further strengthen management while improving the quality and speed of decision-making processes.

Santen’s management structure in and after the closing of the annual general meeting of shareholders in June 2022 is comprised of eight (8) Directors (*i.e.*, six (6) males and two (2) females) including five (5) Outside Directors, four (4) Corporate Auditors (*i.e.*, three (3) males and one (1) female) including three (3)

Outside Corporate Auditors, and nineteen (19) Corporate Officers excluding some serving concurrently as Directors.

Santen's Board of Directors features well-balanced knowledge, experience and the ability to effectively fulfill its role and responsibilities with a structure that satisfies both diversity and an adequate number of the members. Moreover, Santen has appointed as its Corporate Auditors persons with the expertise necessary to properly perform audits, including in academic, legal affairs and accounting.

All of Santen's Outside Directors and Outside Corporate Auditors are independent officers who maintain neutrality as they are independent from Santen and its subsidiaries or affiliates.

The term of office of Directors and Corporate Officers is one (1) year.

The number of meetings of the Board of Directors convened in the fiscal year of 2021, including extraordinary meetings, was fourteen (14) (four (4) of which passed resolutions in writing separately). The average attendance rate of the Outside Directors was 100% and the Outside Corporate Auditors was 98% (both the inside Directors and inside Corporate Auditors was 100%) in the fiscal year of 2021. To promote meaningful discussions at the meetings of the Board of Directors, for important agenda to be taken at the meetings of the Board of Directors, materials for the meeting and the relevant information were provided to the Outside Directors and the Outside Corporate Auditors, and thereafter, sufficient explanations were made to them prior to such meetings concerning the background, purposes and details of the agenda of the said meetings.

3. Reasons for Adoption of Current Corporate Governance System

Santen's governance is based on the corporate organizational form of a "Company with Board of Corporate Auditors" as defined in Japan's Companies Act. This structure enables us to have objective audits by Corporate Auditors who are in independent positions in the conduct of the business by the Directors. Furthermore, to secure transparency, objectivity and appropriateness of management, Santen believes that making the most of systems such as the voluntary committees on business strategy, nomination of officers, executive compensation and the like will contribute to the strengthening of the current corporate governance system. As a material management matter, Santen commits to continuously review the improvement and strengthening of the said system.

2. Other Matters Concerning the Corporate Governance System **UPDATED**

[Brief Summary of the Timely Disclosure System]

1. Basic Approach to Timely Disclosure of Corporate Information

Santen has established the Santen Code of Practice that stipulates standard corporate ethics as the base of the corporate activities of all of the officers and company employees in order to conduct such corporate activities from a common standpoint.

The Santen Code of Practice stipulates its basic approach to the disclosure of information whereby Santen is to not only disclose reports and information prepared regularly concerning its business, but also to timely and appropriately disclose corporate information, as well as handle formalities, such as those concerning permits or approvals by, reports to or filings with governmental authorities, without any false representation or causing any misunderstanding. Based on the foregoing, Santen commits to make proactive, fair, easily understandable and accurate disclosure of information.

Furthermore, the Santen Code of Practice has been translated into major languages and posted at Santen's internal portal site, and concurrently, it has been distributed to all of company officers and company employees to ensure the proper recognition and thorough compliance thereof.

2. Departments Handling Information

Santen has established Investor Relations Group ("IR") and the division for Corporate Communications (collectively, "Departments Handling Information") as the departments involved in handling disclosure of internal and external information. The Departments Handling Information play the primary role in timely disclosure, by handling in an integrated manner the information from the individual divisions including the subsidiaries and headquarters. Departments Handling Information endeavor to maintain the system to be capable of collecting information on matters required to be disclosed, prevent disclosures mistakenly made without first obtaining internal approval, as well as disclose accurately the content of any critical incident that may have a material effect on Santen.

3. Information to be Timely Disclosed

(1) Information concerning Events that have Occurred

Santen makes daily efforts to collect information regularly in accordance with its Risk Management Rules. Upon the occurrence of any event that may evolve into a material risk, or if such an event is reported, the Crisis Management Committee chaired by Representative Director, President & CEO shall be established. Based on Santen's Risk Management Rules, the committee will endeavor to collect information and consider the necessity of disclosure concerning the information collected.

If, upon the consideration of the departments relevant to the information and Departments Handling Information, it is determined that disclosure is necessary, then information shall be disclosed after the acknowledgement of the Chief Financial Officer and the approval of the Representative Director are obtained.

(2) Information concerning Corporate Decisions

Departments Handling Information shall obtain information concerning corporate decisions through meetings such as the Board of Directors' meetings or other meetings attended by the management and the committees, and consider whether or not it is necessary to disclose such corporate decisions.

If, upon the consideration of the departments relevant to the information and Departments Handling Information, it is determined that disclosure is necessary, then information shall be disclosed after the acknowledgement of the Chief Financial Officer and the approval of the Representative Director are obtained.

(3) Information concerning Financial Closing

As to information concerning financial closing approved by the Board of Directors, Departments Handling Information shall consider whether or not disclosure is necessary, taking into account the recommendations by the financial division. The flash reports shall be disclosed after the acknowledgement by the Chief Financial Officer and the approval of the Representative Director are obtained.

4. Disclosure Criteria

The necessity of disclosing specific information will be determined pursuant to the criteria described below:

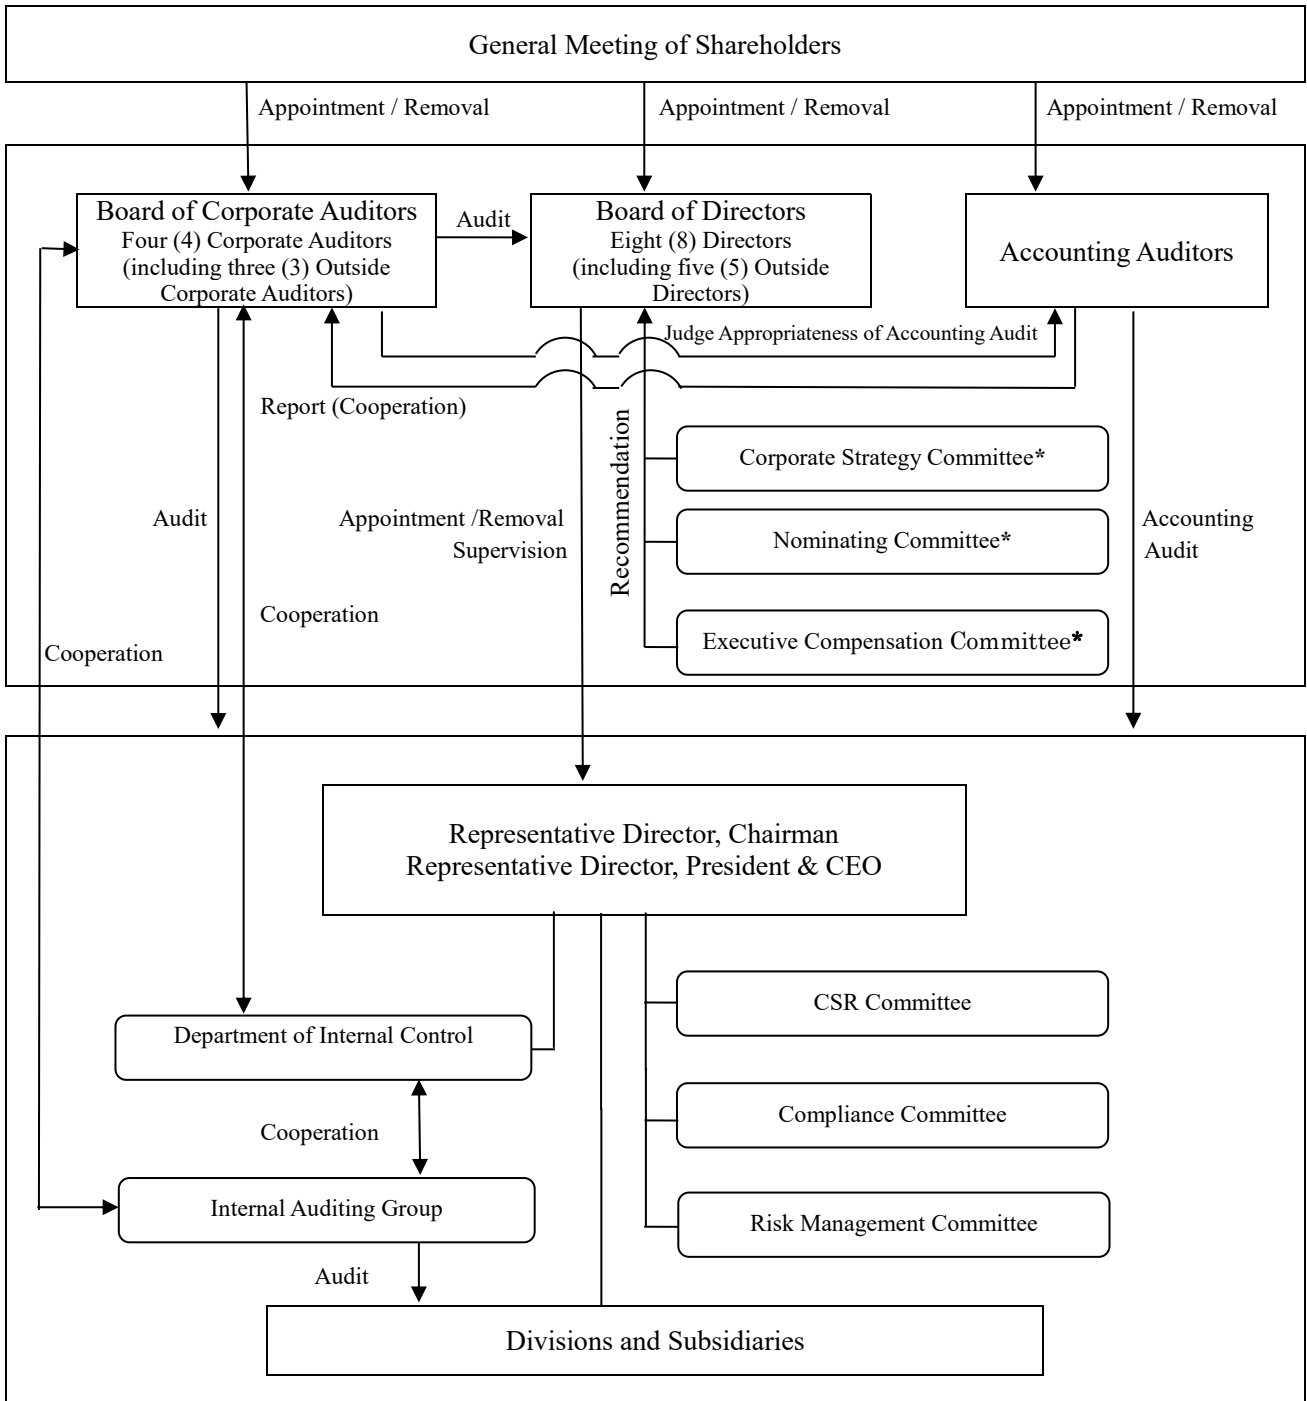

- (1) Guidelines on disclosure of information stipulated by the Tokyo Stock Exchange
- (2) Applicable laws and regulations including Japan's Financial Instruments and Exchange Act
- (3) Guidelines on disclosure of information established by Santen independently

5. Disclosure Methods

Corporate information approved to be disclosed will be promptly registered by IR and CCG with the Tokyo Stock Exchange Timely Disclosure Network (TDnet) and timely disclosed, and disclosed fairly to the shareholders and investors through various means such as mailing of materials, press conferences, and posting to Santen's website. Furthermore, Santen endeavors to ensure proper and thorough internal awareness by posting the information disclosed to Santen's internal portal site.

6. Improvement of Monitoring of Timely Disclosure System

The Corporate Auditors and the Internal Auditing Group will assess, from their respective standpoints, the timeliness and appropriateness of the information released to the public.
