[Monthly comment]

In June, net sales totaled 112.8% for existing stores compared with the previous year and 125.4% for all stores.

Due to factors including favorable sales of summer apparel with the rise in temperature, favorable sales of air conditioners with the record-high heat and lack of supply of new products as well as continued stable sales of audio-visual equipment in addition to home appliances and hobby-related items, sales of both existing stores and all stores increased year on year.
