

Supplementary Material for Acquisition and Sale of Assets

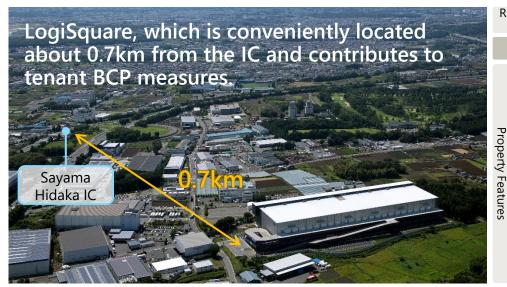

- This material is organized based on the contents announced in the "Notice Concerning Acquisition of Trust Beneficiary Right to Real Estate in Japan", "Notice Concerning Sale of Trust Beneficiary Right to Real Estate in Japan", "Notice Concerning Borrowing of Funds (Refinancing by Green Loan)" and "Notice Concerning Revision of Forecasts of Operating Results for the Fiscal Period ending December 31, 2022" dated July 20, 2022, and additional information attached thereto.
- This material is not a disclosure material under the Financial Instruments and Exchange Act, the Act on Investment Trusts and Investment Corporations or the Securities Listing Regulations of the Tokyo Stock Exchange.
- The purpose of this material is to provide information and not to offer, solicit the purchase of or sell certain products. When you make an investment, please do so at your own discretion and risk.
- The market price of investment securities of CRE REIT will be affected by the demand and supply of investors at an exchange and will fluctuate under the influence of the interest rate environment, economic conditions, the real estate market conditions and other factors surrounding the market. Accordingly, the investment securities may possibly not be sold at a higher price than the acquisition price, and investors could suffer a loss as a result.
- The investment securities of CRE REIT need to be purchased and sold through a securities company with which you undertake business. At that time, please read the contents of the document provided before concluding the contract (or a prospectus) carefully.
- While this material contains forward-looking statements and results forecasts, these statements do not guarantee the future results and financial conditions of CRE REIT
- Unless otherwise noted, in this material, monetary amounts are rounded down to the nearest indicated unit, and areas, numbers of years and ratios are rounded off to the nearest indicated unit. Any average or ratio pertaining to assets is the weighted average based on the acquisition price, unless otherwise noted.

Sandwich panels

Sandwich panels are used on exterior walls to reduce heating and cooling loads and to give the exterior an attractive appearance.

Disaster prevention support system

The facility is also equipped with the TASKis system developed by NOHMI BOSAI LTD., a leading manufacturer of disaster prevention equipment, so that, in the event of a fire, information such as the location of a fire within the facility can be instantly sent to the smartphones of employees, the facility manager and other concerned parties, enabling the facility as a whole to efficiently support the in-house fire brigade in evacuating the facility and putting out the fire.

Helipad

There is a helipad on the roof for firefighters to use in the event of disaster.

Self-consumption of solar power generation

The roof is leased to a solar power generation business operator and the lessee has installed solar panels with a power output of 751.10 KW. Some of the power used by the property is natural energy generated through these solar panels.

Sale of LogiSquare Chitose

In July 2020, CRE REIT acquired under a rent fixed type master lease agreement concluded with CRE

Key points of Sale

- Occupancy rate of end users increased through the appropriate leasing strategies after acquisition by CRE REIT
- Realize the sale at a price significantly higher than the appraisal value, because CRE REIT will cancel a rent fixed type master lease agreement and buyer evaluated lease terms of end users
- The Asset for Sale is located in a remote area and the operating costs are large compared to other areas, and is being sold to eliminate future uncertainties

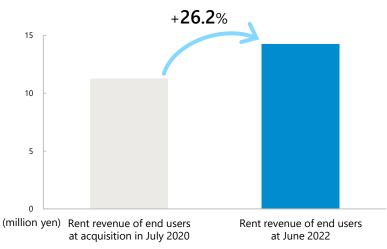

Occupancy rate of end users increased after acquisition in July 2020

Trend in occupancy rate

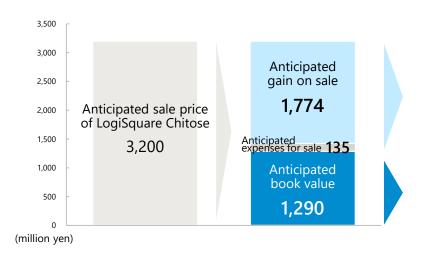

Significantly increase in rent revenue of end users

Rent revenue (including common-area charge income)
