(Note)2. The "Accounting Standard for Revenue Recognition" (ASBJ Statement No. 29, March 31, 2020), etc. has been applied from the beginning of the first quarter of the current fiscal year. Accordingly, the figures for the third quarter of the term ending September 30, 2022, reflect the new accounting standard, etc. By the application of this accounting standard, the accounting method used for sales of real estate fractional ownership investment products in the Real Estate Fund Business has changed from recording relevant company profit (service fees) as net sales to recording relevant sales volume as net sales. As a result of this matter, net sales increased significantly compared to the same quarter of the previous year, so the percentage year-on-year is not indicated. This change in the method of recording net sales has no impact on profits. The net sales for the third quarter of the fiscal year ended September 30, 2021, are from before the application of the Accounting Standard for Revenue Recognition, and if the same method were used for sales in the Real Estate Fund Business, net sales (consolidated) would be 26,218 million yen.
