The corporate governance of Pasona Group Inc. (hereinafter referred to as “Pasona Group” or the “Company”), including its corporate governance policies, structure, systems, and initiatives, are outlined below.

I Basic Stance Concerning Corporate Governance and Basic Information on Capital Structure and Corporate Attributes and Other Matters

1. Basic Stance

Based on its corporate philosophy of “Providing Solutions to Society's Problems,” which has been unchanged since its founding, Pasona Group has always been a social solutions company dedicated to its mission of assisting all aspects of life for all those around us. Our mission is contributing toward a sustainable society and working toward a society capable of achieving a "Smart Life Initiative" to create lives of abundance for people.

Underpinned by this philosophy and the Company’s mission to society, Pasona Group is committed to continuously enhancing its corporate value and securing benefits for all shareholders and stakeholders (interested parties) with whom our values resonate.

Going forward, Pasona Group must maintain its presence as a company needed by society, a company that offers true “Social Work-life Balance” to working people, a company that invokes a feeling of trust and security in its clients, and a company whose employees can take up challenges with confidence and pride.

To aid its mission, Pasona Group continues to strengthen the corporate governance function and to ensure that management maintains the highest respect for legal compliance and ethical standards.

As a leading company in the human resources sector, Pasona Group recognizes the need to consistently enhance the Company’s and the industry’s credibility as a means to not only fulfill its responsibilities to all stakeholders but also to reinforce its business platform and elevate its corporate value.

Reasons for Non-compliance with the Principles of the Corporate Governance Code

Applicable Code

This information is based on the Corporate Governance Code, which was revised in June 2021.

Principle 5-2 Establishing and Disclosing Business Strategies and Business Plans, and Supplemental Principle 5.2.2 Basic Policy on Business Portfolio and Status of Review

Based on the board of directors’ competent analysis of the Company’s own cost of capital, the Company considers Groupwide medium-term business plans and manages and analyzes the progress of those plans. In addition, it reviews and revises medium- and long-term business strategies in addition to policies, business plans, and the business portfolio as appropriate. It also reviews and revises the allocation of management resources including new business investment, capital investment, and investment in human capital as appropriate.

The Company believes it is important to accurately grasp the social environment, management environment, and environmental changes surrounding the businesses developed by the Group, and make quick business decisions. In addition, although the Company does not currently prepare medium-term business plans for disclosure purposes lest investors be misguided or prejudiced by information containing uncertainties that may prevail, the Company continues to explain the Group’s priority strategies for the fiscal year, etc. at General Meetings of Shareholders and financial results presentations held each quarter, and is striving to promote understanding among all its investors.

For details regarding the Group’s priority strategies for the fiscal year, please refer to the materials for the presentation regarding the “Results for the Fiscal Year Ending May 31, 2022” held on July 21, 2022.

(https://www.pasonagroup.co.jp/Portals/0/resources/english/ir/data/presentation/2205_presen_e.pdf)

The Company will continue to look into the possibility of externally disclosing medium-term business plans and basic policies regarding the business portfolio.

Disclosure Based on the Principles of the Corporate Governance Code

Principle 1.4 Cross-shareholdings

The Company may hold shares in listed companies for cross-shareholding when such shareholding is warranted from medium- and long-term perspectives so as to strengthen and maintain relationships with clients and business partners, to expand its business, or to start a business alliance from which the Company expects to gain business benefits with the ultimate goal of increasing its corporate value.

If the Company holds shares in listed companies for cross-shareholding purposes, it reviews and verifies whether desired results have been accomplished or expected business benefits have been obtained as a result of the Company holding such shares, and the board of directors decides whether it is appropriate to continue holding the shares. It disposes of such shares when it considers that the rationale for holding them no longer exists.

The Company will exercise its voting rights appropriately by deciding whether the resolution is consistent with the Company's shareholding policy and whether it contributes to the sustainable growth of the invested company and enhancement of its shareholders' interests, in addition to contributing to the enhancement of the interests of the Company's investors and shareholders.

Principle 1.7 Transactions with Related Parties

The rules of the board of directors, as set forth by said board of directors, expressly stipulate that any and all transactions by a director that compete with the Company's business or that involve any conflicts of interest between the director and the Company are subject to a resolution of the board of directors. Such transactions, if any, are submitted to the board of directors, including the independent outside directors, on a case-by-case basis for approval, and post-transaction reports are also required. A mechanism is also in place to ensure that the terms of trade to be agreed on with respect to such transactions will not disadvantage the Company.

Supplementary Principle 2.4.1 Ensuring Diversity in the Appointment of Core Human Resources

Regarding the promotion of female participation in the workforce, since the establishment of the Company, all employees have joined the Company in career-track positions, and we have been promoting human resources development and the placement of the right people in the right jobs without any distinction between men and women. Female employees accounted for 63.0% of the total number of employees, and 54.6% of all management positions are currently occupied by women. We have also established a broad range of employment options, such as telecommuting, reduced hours, and flextime, so that employees can continue to play an active role at different stages of their lives, including during times of childbirth, childcare, and nursing care. We established an on-site daycare center at the Pasona Group head office, and the Pasona Family Office on Awaji Island provides an environment where employees can work in the same space as their children. As a result of these initiatives, the percentage of female employees who have returned to work after the birth of their first child has been 100% every year.

Programs for human resources development and career development support for women are available, including career training specific to length of service, function, and rank, in addition to specialist training.

Of the graduates of the Wonder Woman Training program, which is a next-generation female leadership development program launched in 2014, two have been promoted to Group president, 22 to executive officer, and 33 to senior-level supervisor. In recognition of these various efforts, in FY2021 the Company was designated as a Nadeshiko Brand company as a publicly listed company that is outstanding in terms of encouraging women's success in the workplace.

- Percentage of female directors and executive officers: 35.8%
- Percentage of female managers in all management positions: 54.6%
- Percentage of female employees: 63.0%
- Percentage of female employees to non-Japanese human resources: 72.7%
- Percentage of female employees returning to work after giving birth: 100% every year

The Company actively recruits human resources regardless of nationality, and the percentage of non-Japanese personnel in managerial positions, which form the core of business operations, is 1.0 (7.7% on a consolidated basis including overseas subsidiaries). The percentage of mid-career hires in the Company's management ranks is 56.2%, and the Company will continue to focus on ensuring diversity by actively promoting the appointment of non-Japanese and mid-career hires to management positions.

Since its establishment, the Company has been promoting diversity by providing a variety of ways in which our employees can play active roles regardless of their age, gender, nationality, employment status, timing of employment, or disability and by planning and implementing various personnel policies to maximize the abilities and potential of each individual. The Company believes that it is not necessary for the Company to set numerical targets for the appointment of women, non-Japanese, and mid-career hires to management positions because the Company is already beyond the stage of setting numerical targets and promoting initiatives to achieve them.

Looking ahead, we will continue to practice diversity management and will make every effort to create jobs and serve as "Life Producers" for all employment seekers.

Note: Figures represent the combined total for Pasona Group Inc. and Pasona Inc. as of May 31, 2022.

Principle 2-6 Fulfilling Roles of Corporate Pension Funds as Asset Owners

In an effort to improvement professional management provided for the pension funds and to fulfill the roles expected of an asset owner, the Company fills pension management-related positions with the personnel previously associated with human resources, finance, and accounting departments so as to take advantage of their expertise and knowledge in these fields.

A pension management committee is also in place to deliberate and decide on important matters so as to ensure the safe and efficient management of pension assets. It also dispenses appropriate advice as needed to the administrative unit responsible for performing day-to-day operations relating to fund management.

Principle 3.1 (i) Management Philosophy and Business Strategies

Please refer to “Pasona Group Corporate Philosophy” on the Pasona Group website.
www.pasonagroup.co.jp/english/company/philosophy_e.html

Regarding business strategies, please refer to the materials for the presentation regarding the “Results for the Fiscal Year Ending May 31, 2022” held on July 21, 2022.

https://www.pasonagroup.co.jp/Portals/0/resources/english/ir/data/presentation/2205_presen_e.pdf

Principle 3.1 (ii) Basic Views and Guidelines on Corporate Governance

Please refer to “I 1. Basic Stance” in this report.

Principle 3.1 (iii) Policies and Procedures for Determining the Remuneration of Directors

Please refer to “II 1. Composition of Internal Organizations, Management, and Other Structures – Directors’ Compensation” in this report.

Principle 3.1 (iv) Policies and Procedures for Nominating Director Candidates and Dismissing Directors

The basic policy is to select candidates who are superior in personality, possess insight suitable, and who are desired as part of the board of directors, taking into consideration the balance and diversity of knowledge, experience, and ability of the board of directors as a whole. For outside directors, the Company particularly looks for persons with strong expertise in management, finance, accounting, law, or other disciplines needed to drive the sustainable growth of the Company and to elevate its corporate value over the medium and long terms.

Prior to the official nomination of candidates by a resolution of the board of directors, the nomination and compensation committee, which is composed of a majority of independent outside directors who meet the Company’s criteria for independence, submits a report on prospective candidates based on the above basic policy to the board of directors.

Mr. Haruo Funabashi, Mr. Kazuo Furukawa, and Mr. Ryohei Miyata, who are qualified as independent outside directors, are expected to provide invaluable insight and opinions from an independent perspective at the board of directors meetings. If, in the opinion of the Company, a director fails to sufficiently fulfill his or her function, the nomination and compensation committee deliberates the dismissal before the matter is brought to the board of directors. After the board of directors reaches a decision, the issue is forwarded to the General Meeting of Shareholders for its approval.

Principle 3.1 (v) Reasons for the Nominating of Individual Director Candidates

In the reference documents attached to the “Notice of the Ordinary General Meeting of Shareholders,” the Company discloses the reasons for nominating individual candidates for director positions. For details, please refer to said reference documents posted on our website.

Supplemental Principle 3.1.3 Initiatives for Sustainability

Under the Pasona Group corporate philosophy of “Providing solutions to society’s problems”, the Company is conducting business activities aiming to realize a sustainable society and is striving to promote sustainability management for sustainable growth of the Group. In order to clarify the significance of engaging in sustainability and the future vision it is aiming for, in 2021 the Company has explicitly documented its concept of “Pasona Group Sustainability” and is making it common knowledge throughout the Group.

<Respect for Diversity / Initiatives for Human Capital>

Since its establishment in 1976, the Company has made efforts to realize a society in which anyone, regardless of age, gender, nationality, physical or mental disability, can have a dream, be proud, and freely use their talents to succeed. By working on proposals for diverse work styles that maximize each individual’s capabilities, support for building careers, and creating environments where people can work with peace of mind, the Company’s efforts lead to sustainable development of the Group.

For details on our Respect for Diversity / Initiatives for Human Capital, please refer to ESG Information on our website.
<https://www.pasonagroup.co.jp/ir/esg.html>

<Investment in Intellectual Property>

The Group's business is comprised of eight segments including expert services (temporary staffing), BPO services (outsourcing/contracting), career solutions (placement and recruiting, outplacement), welfare and benefit outsourcing, and regional revitalization solutions, and the Company is striving to expand its business areas. The Company is not only securing the predominance of existing businesses, but also working to enhance the value of the brands under each business and to protect and secure intellectual property, including defensive countermeasures, in order to create promising innovations and visionary new industries.

Based on the thinking that intellectual property is the essential foundation for continuous growth of various industries, the Company is also developing businesses related to intellectual property. In 2008, the Company launched the knowledge bank business, and undertakes prior art investigation services as a Registered Investigation Body with the Patent Office. In 2016, Pasona Knowledge Partner Inc. was established to develop services for private companies such as patent investigation, outsourcing services for patent prosecution, and consulting services regarding intellectual property in general, and in 2021, Pasona Intellectual Property Trust Inc. was established as Japan's first trust company specializing in the handling of patents and other intellectual property, providing administrative trust services related to applications and securing rights to intellectual property (patent rights, design rights, utility model rights), which also contributes to the Group's intellectual property strategy.

<Responding to Climate Change>

Since the Team Minus 6% project led by the Japanese Government commenced in 2005, Pasona Group established an Environment Committee consisting of the directors of each of the Group companies. To date, the Environment Committee has strived to create opportunities for each and every employee to act as a Social Activist based on environmental training given to directors in order to preserve a healthy and beautiful world for future generations. Amidst the increasing severity of environmental damage, global warming, abnormal weather, damage to the ecosystem, and other climate issues in recent years, as a social solutions company, Pasona Group is disseminating its ideal way of sustainable management, and in order to continue to be a successful long-established company trusted by society, the Company determined the Pasona Group Environmental Innovation Strategy in June 2021, and announced its support for the Task Force on Climate-Related Financial Disclosures (TCFD) in July 2021. Since 2021, the Company has commenced environmental management promotion conferences, and is conducting climate change scenario analyses and clarifying the business impact of risks and opportunities of climate change. For details on climate related information according to the TCFD framework, please refer to "Responding to Climate Change (TCFD)" on our website.

Supplementary Principle 4.1.1 Scope of Matters Delegated to Management

The board of directors is responsible for making decisions on matters required by law and by the articles of incorporation, in addition to important matters of Pasona Group and the Pasona Group companies. The rules of the board of directors, which said board of directors have adopted via its own resolution, stipulate that M&As, reorganization, the disposal and acquisition of significant assets, and substantial investments and loans are subject to a resolution of the board of directors.

Having elected and shifted to a corporate governance structure known as a "company with a supervisory committee" under the amended Companies Act, Pasona Group may delegate authority from the board of directors to the individual directors for decisions on certain matters involving important business execution. Further, an executive officer system was created in an effort to accelerate decision-making through the delegation of individual business execution decisions to the representative director and other senior management members and to executive officers. The details of such delegation are stated in the organizational rules and regulations, etc., which were adopted by a resolution of the board of directors.

Principle 4.9 Independence Criteria and Qualifications for Outside Directors

The Company considers that an outside director or an outside director candidate is "independent" if he or she satisfies the following independence criteria set forth by the Company:

- No relative within a second degree of kinship is or has been an executive director of the Company or any of its subsidiaries.
- No business transaction exceeding 2% of the Company's consolidated net sales was conducted in the last three business years between Pasona Group and the company where he or she currently serves in the capacity of executive officer or employee.
- He or she never received compensation exceeding 10 million yen on an annual basis directly from Pasona Group in the last three business years for services rendered as a legal, accounting, or taxation professional or as a consultant (except for payments in the form of compensation for services rendered as the Company's officer or in the form of fees paid to the organization or firm of his or her affiliation).
- He or she is not an executive officer of an organization that has received donations from Pasona Group in excess of 10 million yen on an annual basis in the last three business years.

Supplementary Principle 4.10.1 Utilization of Voluntary Mechanisms (Establishment of Advisory Boards, etc.)

For the purpose of strengthening the fairness, transparency, and objectivity of procedures related to the nomination and compensation of directors and enhancing corporate governance, the Company has established a voluntary nomination and compensation committee as an advisory board to the board of directors that consists of a majority of independent outside directors who meet the Company's independence criteria. The purpose of the nomination and compensation committee is to deliberate on matters related to the nomination and dismissal of directors, the selection and dismissal of representative directors, and the selection and dismissal of executive directors, as well as to decide on matters related to fixed compensation, etc., for each individual director who is not a member of the Supervisory Committee, etc.

For details, please refer to the "Supplementary Notes" to "Formation Status of Voluntary Committees, with Composition and Attributes of the Chairperson" of "II 1. Composition of Internal Organizations, Management, and Other Structures" in this report.

Supplementary Principle 4.11.1 Composition of the Board of Directors

When nominating candidates for the positions of director, the Company takes into account the balance, diversity, and size of the board of directors as a whole. The policies and procedures for the selection of director candidates are shown in Principle 3-1 (iv) above. In the opinion of the Company, the maximum numbers of directors who are not Supervisory Committee members and of directors who are Supervisory Committee members should be 15 and five, respectively, to ensure appropriate, speedy, and fair decision-making on important matters and to administer proper supervision over business execution.

Please refer to the last page of this report for the skills matrix of the Company's directors.

Supplementary Principle 4.11.2 Concurrent Posts Held by Directors

The names of directors, including independent outside directors, who concurrently hold positions elsewhere as officers of other listed companies, are disclosed each year in reference documents for the General Meeting of Shareholders and in business reports.

Supplementary Principle 4.11.3 Effectiveness Evaluation of the Board of Directors

Each year, the Company sends out a questionnaire survey to directors in order to evaluate the effectiveness of the entire board of directors. The evaluation and analysis results, which are reported to the board of directors, may lead to an operational review and other actions on the board, if necessary, to further enhance the board's effectiveness.

Outline of the evaluation results of the board of directors' effectiveness in FY2021

In April 2022, a questionnaire survey for FY2021 was sent out. The directors were requested to perform an assessment (including a self-assessment) on the following matters:

- (1) Matters concerning his or her execution of professional duties
- (2) Matters concerning the effectiveness of the entire board of directors
- (3) Matters concerning the organization of the board of directors
- (4) Matters concerning the operational state of the board of directors
- (5) Matters concerning deliberation by the board of directors
- (6) Matters concerning support, etc., for directors

An evaluation of the latest questionnaire's results and analysis results was reported to the board of directors meeting held in May 2021, at which issues that surfaced from the evaluation and others matters on the agenda were discussed. Given the active engagement by the directors in open and lively discussions where their respective expertise was well presented, along with the proper manner in which the board proceeded with the deliberation, the Company believes that the effectiveness of the board of directors is being ensured. The Company will continue to look into and take action as appropriate to further enhance the effectiveness of the entire board of directors.

Supplementary Principle 4.14.2 Training Policy for Directors

The Company's directors and executive officers receive the legal and compliance training necessary to perform their audit and supervisory duties and functions. In addition, they visit business subsidiaries as appropriate to develop a better understanding of the Pasona Group companies and their businesses.

To help outside directors perform their expected roles in full, the Company continuously provides them with opportunities to learn the corporate group's business, finances, organizations, and other matters upon their appointments and throughout their tenures.

Principle 5.1 Policy for Constructive Dialogue with Shareholders

In an effort to encourage all stakeholders, including shareholders, investors, and local residents, to develop a greater understanding of the Company, a policy of fair, timely, and appropriate disclosure of important information pertaining to the Company (including management, business, and financial matters) is in place, with the goal of earning due recognition and trust from society.

- (i) The Investor Relations Department is responsible for communication with shareholders in general, with the titled executive officer in charge of the Investor Relations Department exercising oversight.
- (ii) To enhance communication with shareholders, the head of the Investor Relations Department works organically with the respective heads of departments related to finance and accounting, corporate planning, administration, legal, and other functions and of operating divisions to ensure prompt information-sharing and fact verification.
- (iii) Twice a year, the Company organizes presentation meetings for institutional investors and security analysts to discuss the Company's interim and full-year results, in addition to individual meetings and interviews and small-group meetings, which are scheduled from time to time. The Company proactively communicates with shareholders and investors by posting news and information on the pages dedicated to investor relations on the Company's website.
- (iv) The opinions and concerns voiced by shareholders while engaged in such dialogue as above are reported to the management meeting and to the board of directors by the titled executive officer in charge of the Investor Relations Department.
- (v) When communicating with shareholders, special care is taken to ensure compliance with the Company's anti-insider trading regulations, which govern the Company's handling of material facts. The Company refrains from making any comments regarding business results or answering any inquiries related thereto in the two-week period prior to the announcement of business results, known as the "quiet period."

4. Policies for the Protection of Minority Shareholders from the Adverse Consequences of Transactions between the Company and the Controlling Shareholder

5. Special Circumstances That May Have Material Impact on Corporate Governance

The Company is examining the capital ties with its affiliated companies by considering a wide array of factors, such as the enhancement of Pasona Group's corporate value, the Company's financial strategy and fundraising, and the business, scale, and future growth potential of its affiliated companies.

In order to manage the group in an integrated manner, the Company has signed a group management agreement with its affiliated companies and has a system in place that allows it to receive reports on important matters. Despite this, however, the Company has not signed the said agreement with its listed subsidiaries and listed equity-method affiliates (hereinafter "listed subsidiaries, etc.") and has a policy to protect the minority shareholders of its listed subsidiaries, etc. and to ensure that its listed subsidiaries, etc. stay independent as listed companies.

The Company has two listed subsidiaries: Benefit One Inc. (on the Prime Market of the Tokyo Stock Exchange) and Bewith, Inc. (also on the Prime Market of the Tokyo Stock Exchange) and a listed equity method affiliate: circlace Inc. (on the Growth Market of the Tokyo Stock Exchange). The Company believes that the significance of maintaining listed subsidiaries and a listed equity method affiliate (hereafter referred to as listed subsidiaries, etc.) is due to certain advantages, such as in securing excellent human resources, maintaining brand power, securing trust from clients and increasing orders, and improving employee motivation.

The Company and its listed subsidiaries, etc. do business together in various ways, such as by providing services to one another, working together to receive orders for projects, and exchanging personnel so as to create business synergy among them. However, in terms of business operations, from the perspective of protecting the minority shareholders of listed subsidiaries, etc. and ensuring their independence as listed companies, the Company respects the management systems and policies of listed subsidiaries, etc. and believes that it is appropriate to maintain the management autonomy of subsidiaries, etc. in order to enhance the value of the Group.

Benefit One Inc.

Benefit One Inc. is engaged in the Group's outsourcing business, including the employee benefit business, personal services business, incentive business, healthcare services business, and purchasing and settlement service business, and we believe that the significance of owning Benefit One Inc. is important for the Group toward achieving sustainable growth. In addition, more than one-third of the eight directors (three) of Benefit One Inc. are appointed as independent outside directors, and the subsidiary has established a Nomination and Compensation Committee composed solely of independent outside directors so as to ensure independence and avoid conflicts of interest with general shareholders.

Bewith, Inc.

In the Group's BPO service area, Bewith, Inc. is developing contact center and BPO services using digital technologies such as Omnia LINK, which is a cloud-based PBX developed in-house, along with the development and sales of AI and DX solutions. We believe that the significance of owning Bewith, Inc. is important for the Group toward achieving sustainable growth. In addition, more than one-third of the seven directors (three) of Bewith, Inc., are appointed as independent outside directors, and the subsidiary has established a Nomination and Compensation Committee composed solely of independent outside directors so as to ensure independence and avoid conflicts of interest with general shareholders.

The number of shares traded and the total market capitalization of these subsidiaries' shares will fluctuate due to trading by investors, but in order to continue to meet the listing criteria of the markets on which the subsidiaries are listed, for the time being, the Company will, at the request of the subsidiaries, collaborate with them toward considering capital policies that can be implemented within the scope of maintaining their consolidated relationship with the Company and will strive to secure liquidity and increase the total market capitalization of the shares traded.

circlace Inc.

In the Group's BPO service area, circlace Inc. provides services such as implementation support and operation consulting, operation support, and training using cutting-edge cloud computing technologies centered on Salesforce, as well as SaaS deployment of its own products such as Circlace and AGAVE. We believe that holding circlace Inc. is significant for the sustainable growth of our group. In addition, two of the seven directors of circlace Inc. have been appointed as independent outside directors, and a Nominating Committee consisting of the President, Chairman of the Board, and two independent outside directors, and a Compensation Committee consisting of the Chairman of the Board and two independent outside directors has been established to ensure independence so that there is no conflict of interest with general shareholders.

The number of shares traded and the total market capitalization of the affiliate's shares will fluctuate due to trading by investors, but in order to continue to meet the listing criteria of the markets on which the affiliate is listed, for the time being, the Company will, at the request of the affiliate, collaborate with them toward considering capital policies that can be implemented within the scope of maintaining their equity method affiliated relationship with the Company and will strive to secure liquidity and increase the total market capitalization of the shares traded.

Matters Related to Independence from Executive Directors of the Directors Who Are also Supervisory Committee Members, Along with Their Assistant Staff

The personnel of the Supervisory Committee Office assist in the duties of the Supervisory Committee as dedicated support staff. Such staff hold no managerial positions in any activities relating to the business execution of the Company, and they perform duties under the command of the Supervisory Committee. Personnel changes and transfers, personnel evaluations, and disciplinary actions affecting such staff are subject to the prior approval of the Supervisory Committee.

Cooperation among the Supervisory Committee, Accounting Auditors, and Internal Audit Department

The Supervisory Committee informs the Internal Audit Department of the audit policy and audit plan and receives reports on the internal audit plan and the individual internal audit results, etc., from the Internal Audit Department. In addition, the Supervisory Committee works closely with the Internal Audit Department to build a system that enables effective audits of the entire Company group. The accounting auditors and the Supervisory Committee meet regularly and cooperate with each other through exchanges of opinions and information.

Voluntary committee equivalent to a compensation committee	Nomination and compensation committee	3	0	0	2	0	1	Others

Supplementary Explanation

For the purpose of strengthening the fairness, transparency, and objectivity of procedures related to the nomination and compensation of directors and enhancing corporate governance, the Company has established a voluntary nomination and compensation committee as an advisory board to the board of directors that consists of a majority of independent outside directors who meet the Company's independence criteria. The members are selected by resolution of the board of directors. The purpose of the nomination and compensation committee is to deliberate and report to the board of directors on matters related to the nomination and dismissal of directors, the selection and dismissal of representative directors, and the selection and dismissal of executive directors, as well as to decide on matters related to fixed compensation, etc., for each individual director who is not a member of the Supervisory Committee, etc.

In principle, the nomination and compensation committee meets twice a year; however, it holds extraordinary meetings when there are urgent matters to be discussed.

The nomination and compensation committee consists of three members: Mr. Yutaka Hori (expert), Mr. Haruo Funabashi (outside director), and Mr. Kazuo Furukawa (outside director), and the committee is chaired by Mr. Yutaka Hori. The committee met twice during the fiscal year, and regarding nomination, deliberated on the suitability of candidates for director and reported to the board of directors. In addition, regarding compensation, the committee assessed the individual performance of directors who are not members of the Supervisory Committee, etc., and determined the fixed compensation, etc. for those directors based on said assessment. The attendance rate of the current committee members at the committee meetings is 100%.

Performance-linked stock compensation plan

Supplementary Explanation

The compensation of each director who is not a member of the Supervisory Committee is determined by taking into consideration a variety of factors, including his or her position, standing, responsibilities, and level of contribution to the Company.

The Company has adopted the Board Benefit Trust (BBT) as a performance-linked, stock-linked compensation system for the purpose of clarifying the linkage between the compensation for directors, etc., and the Company's business performance and shares, as well as for enhancing the directors' awareness of their contribution to the Company's medium- to long-term business performance and enhancement of corporate value.

The performance-linked stock compensation is determined via a method decided on by the board of directors based on the basic coefficient according to the position of each director (excluding directors who are members of the Supervisory Committee and non-executive directors) and according to the degree of achievement of the performance targets for each fiscal year. The evaluation indicators are consolidated operating income and net income attributable to shareholders of the parent company, and specific upper limits are set to enhance transparency and objectivity. The reason for the selection of these performance indicators is that the Company believes it is appropriate to use consolidated operating income and net income attributable to shareholders of the parent company because the profit & loss figures are clearer in considering the contribution to business performance in a single fiscal year.

Policy on the determination of the amount of compensation and its computation method

Available

Disclosure Details of the Policy Regarding the Determination of the Amount of Compensation and the Computation Method

1. Method of deciding the policy concerning the details of individual compensation, etc., for directors

The Company resolved the policy concerning the details of individual compensation, etc., for directors (hereinafter referred to as the "decision policy") at a meeting of the board of directors held on February 26, 2021, and accompanying the establishment of a nomination and compensation committee, the Company resolved to revise the decision policy at a meeting of the board of directors held on June 30, 2021.

2. Outline of the decision policy

The Company set forth a remuneration limit payable to directors, which was approved by the shareholders at the Ordinary General Meeting of Shareholders held on August 18, 2017.

The remuneration for directors (excluding directors who are members of the Supervisory Committee, outside directors, and non-executive directors) consists of fixed, basic compensation and performance-linked stock compensation, which is designed to motivate them to make greater contribution to the Company's medium- and long-term results and to enhance corporate value. As a general rule, the performance-linked stock compensation is designed to be approximately 0% to 30% of the total compensation when the performance target is achieved. On the other hand, out of consideration of the supervising directors who conduct administration work, the compensation for other directors is only composed of the fixed compensation.

The basic, fixed portion of the compensation of each director who is not a member of the Supervisory Committee is—subject to the compensation limits for directors approved by a Shareholders' Meeting—determined by the nomination and compensation committee, which is composed of a majority of independent outside directors who meet the Company's independence standards, based on the directors' position, standing, responsibilities, and contribution to the Company. However, the fixed compensation for a director who is a member of the Supervisory Committee is determined through discussions between the directors who are Supervisory Committee members themselves within the compensation limits approved by a Shareholders' Meeting.

Performance-linked stock compensation, which is based on the Board Benefit Trust (BBT), is scalable to the degree of business goals achieved in a business year. It is computed for each director (excluding the directors who are members of the Supervisory Committee, the outside directors and non-executive directors) by using a method pre-determined by the board of directors and based on a basic coefficient assigned to each director according to his or her position.

The remuneration for the directors who also serve as members of the Supervisory Committee consists solely of fixed compensation, given their independent positions with no involvement in the business execution of the Company. For the evaluation metrics, in addition to using the consolidated operating profit that results from business activities and the current net income that is attributable to stockholders of the parent company, a specific maximum amount has been set to increase transparency and objectivity.

Fixed compensation is set at an annual amount, with one-twelfth of the amount to be granted each month starting in September, and shares related to the Board Benefit Trust (BBT), which is a performance-linked, stock-based compensation system, are in principle to be delivered upon retirement.

Support Structure for Outside Directors

The Supervisory Committee Office and the Corporate Planning Division cooperate as appropriate to respond to opinions and problems pointed out by the outside directors.

In principle, when holding a board of directors meeting, the Corporate Planning Division, which performs administrative functions for the board of directors, notifies the details of the agenda to the outside directors three days before the date of the meeting. For a matter on the agenda that is considered important by the director in charge of the Corporate Planning Headquarters, the outside directors are briefed on the matter in advance of the meeting by the Corporate Planning Division or by the director in charge of the matter.

2. Matters Related to Functions of Business Execution, Auditing and Supervision, and Nomination and Decisions on Compensation, etc. (Outline of the Current Corporate Governance Structure)

1. Business Execution Functions

Board of Directors

In addition to making decisions about important management-related matters, Pasona Group also oversees the work done by the directors. It has nine directors on its board of directors, of which five directors are non-members of the Supervisory Committee (three men and two women), and the remaining four directors (all men) include three independent outside directors who are Supervisory Committee members. Also, by making one third of the directors independent outside directors, the monitoring function of the Board of Directors has improved.

Management Meeting

A Management Meeting, which is composed of five directors who are not Supervisory Committee members, one full-time Supervisory Committee member, and 13 titled executive officers, is held twice a month, in general, so as to allow decisions concerning important matters affecting the entire Company to be made quickly and efficiently.

Executive Officer System

Pasona Group has adopted an executive officer system to promote functional separation between execution and supervision.

Internal Control Systems Committee and Others

Pasona Group has established and maintains seven cross-divisional committees, which are subordinate organs to the Management Meeting and which report directly to the president. They are charged with the implementation of specific actions geared to ensuring internal control, risk management, and greater customer satisfaction, among others. They are:

- (1) Internal Control Systems Committee;
- (2) Compliance Committee;
- (3) Risk Management Committee;

- (4) CS/ES Committee;
- (5) Environment Committee;
- (6) SDGs Committee; and
- (7) DX Promotion Committee

2. Audit and Supervisory Functions

a. Internal Audits

The CIU Department and the Group Internal Audit Department conduct internal audits in accordance with the internal auditing guidelines and rules, and the internal auditing guidelines and rules for affiliated companies to monitor the Company's state of compliance with statutory requirements and internal regulations and to prevent incidents caused by operational errors and wrongdoings, in an effort to ensure better business operations and greater management efficiency. The Group Internal Audit Department, and Internal Control Systems Committee check the development and operation of the internal control system.

The full-time members of the Supervisory Committee receive reports on the findings of individual internal audits, attend internal audit meetings held every quarter in general, and receive reports from the head of the CIU Department and the head of the Group Internal Audit Department. A periodic information exchange session is scheduled every month with the head of the CIU Department and the head of the Group Internal Audit Department, in order to ensure proper business execution, monitor the state of compliance, improve business practices, and share findings and corrective actions after audits. The parties also engage in close information exchanges to discuss plans for auditing policies by the Supervisory Committee and internal auditing policies, among others.

b. Audits by Supervisory Committee

The Supervisory Committee of the Company consists of four members: one full-time director and three outside directors. The Supervisory Committee members monitor the Company's overall state of business execution through a variety of audit activities. They attend the board of directors meetings and other important meetings, receive business reports from directors, conduct accounting audits for affiliated companies, review important documents and records, examine the appropriateness of the auditing method employed by the accounting auditor, and hold periodic meetings with the CIU Department and the Group Internal Audit Department. The Committee's audit findings are reported to the board of directors either verbally or in writing, and it advises or makes corrective recommendations where appropriate. The Supervisory Committee Office has been established to provide assistant staff to the Supervisory Committee.

3. Functions for Determining Nomination and Compensation Nomination and Compensation Committee

The nomination and compensation committee has been formed as an advisory board to the board of directors for the purpose of enhancing the fairness, transparency, and objectivity of procedures related to the nomination and compensation of directors and for boosting corporate governance. The committee consists of a majority of independent outside directors who meet the Company's independence criteria, and it deliberates and reports to the board of directors on matters related to the nomination and dismissal of directors, the selection and dismissal of representative directors, and the selection and dismissal of executive directors, while also deciding on matters related to fixed compensation, etc., for each individual director who is not a member of the Supervisory Committee, etc.

3. Reasons for Adopting the Current Corporate Governance Structure

In addition to strengthening the audit and supervisory functions of the Board of Directors as well as enhancing corporate governance, the Company has adopted a corporate governance structure that involves having a supervisory committee, for the purpose of improving management efficiency by delegating authority to directors so that quick decisions can be made. It is believed that by adopting this structure, the Company will be able to make management decisions quickly in response to changes in the business environment and to conduct business in a timely and appropriate manner.

IV Matters Concerning Internal Control System

1. Basic Stance and Development/Operation Status of Internal Control

1. Structure and system to ensure that the directors and employees of the Company and its subsidiaries execute their duties in conformity with legal requirements and their respective articles of incorporation
 - (1) The Company established a corporate code of conduct. Designed to fully familiarize the officers and employees of the Company and its subsidiaries with the corporate philosophy that underpins all activities, the corporate code of conduct helps imbue stronger compliance mindset in the officers and employees.
 - (2) The directors of the Company and its subsidiaries are monitored by the boards of directors, the Management Meeting, and other organs of respective entities to ensure their compliance with laws, regulations, and their articles of incorporation and to confirm that their actions are in line with the corporate philosophy.
 - (3) The Compliance Committee was established as an organ to set forth the basic standards of conduct to be observed by officers and employees of the Company and its subsidiaries in carrying out their day-to-day business. It also implements and supervises activities aimed at promoting compliance within the Company and at its subsidiaries. The activities of the Compliance Committee are reported to the board of directors on a periodic basis.
 - (4) In an attempt to detect at the early stage of illegal acts, and to prevent such acts committed on organizational and individual levels, the Company has established an internal reporting system covering the entire Pasona Group companies. Internal reporting contact points have been set up both within and outside the Company for officers and employees to file a report.
 - (5) The CIU Department and the Group Internal Audit Department conduct internal audits of the Company and its subsidiaries (excluding publicly listed subsidiaries). It reviews the validity, appropriateness, and legality of business execution and improves the Company's internal controls.
 - (6) Based on the corporate code of conduct, the Company takes a resolute attitude in opposition to criminal and anti-social forces and refuses and severs any relationship with such parties. A department has been designated to handle illicit demands, and rules and regulations governing reporting and response procedures are in place to increase the Company's readiness to fight back in cooperation with the relevant authorities, including law enforcement, as appropriate.
 - (7) Legal appropriateness is maintained by electing outside directors who do not have any conflict of interest with the Company and by strengthening mutual monitoring and mutual oversight among the directors.
 - (8) Audits are performed by the full-time Supervisory Committee members and the outside directors who are Supervisory Committee members and who, by definition, have no conflict of interest with the Company.
2. Structure and system to maintain and manage information relating to the directors' execution of their duties

Pasona Group takes full steps to ensure that the preparation, maintenance, and disposal of important documents that relate to decisions made by the directors and reports submitted to the directors are carried out in accordance with the established document management regulations.
3. Rules, structure, and system to manage risks of loss within the Company and at its subsidiaries
 - (1) Risks are managed in accordance with the group's risk management rules. For the full enforcement of the rules, a crisis management manual has been distributed to all officers.
 - (2) The Pasona Group CEO & president maintains ultimate responsibility for risk management functions. In day-to-day terms, however, the responsibility for risk management is centralized within the Risk Management Committees established within the Company and at its major subsidiaries, and the executive officer in charge of the Corporate Governance Headquarters is charged with risk oversight.
 - (3) The Risk Management Committees boosts readiness to respond to incidents by identifying and classifying anticipated risks based on the crisis management manual, such that necessary information is distributed throughout the group promptly in the event of a crisis.
 - (4) The CIU Department and the Group Internal Audit Department of the Company perform audits on the daily risk control administered by the divisions of the Company and by its subsidiaries (excluding publicly listed subsidiaries).
4. Structure and system to ensure the efficiency of execution of the directors' duties at the Company and its subsidiaries
 - (1) The segregation of responsibilities and authority among directors, as outlined in each company's organizational rules and regulations, is designed to ensure well-defined accountability and maximum operational efficiency.
 - (2) In addition to the regular board of directors meeting, which is scheduled every month, extraordinary sessions may be scheduled as needed. The Management Meeting, which is attended by the directors who are not members of the Supervisory Committee, the full-time Supervisory Committee members, and titled executive officers, serves as a forum for deliberating management issues related to business execution.
 - (3) Subsidiaries may decide on the frequency of regular board of directors meetings to suit their size, and the frequency is stipulated in their respective rules on the board of directors. The frequency suggested by the Company is once every month or at least once every quarter, and the Corporate Planning Division periodically checks the actual frequency. In addition to the regular meetings, subsidiaries may schedule extraordinary board of directors meetings as appropriate.
 - (4) The boards of directors of the Company and its subsidiaries (excluding publicly listed subsidiaries) decide on management policies, matters as required by law, and other important management matters, and provide supervision over business execution.

5. Structure and system to ensure appropriate conduct by the corporate group comprising the Company and its subsidiaries
 In addition to the matters stated in 1. through 4. above:
 - (1) Pasona Group sends its officers to serve as directors or auditors of its subsidiaries. Their attendance at the boards of directors meetings of subsidiaries and the performance of audits on all subsidiaries allow the Company to keep abreast of the status of subsidiaries and to provide supervision over management at such subsidiaries.
 - (2) The Company and its subsidiaries (excluding publicly listed subsidiaries) have concluded a group management agreement, which stipulates that subsidiaries report all important matters relating to the execution of directors' duties to the Company.
 - (3) The Company's CIU Department and the Group Internal Audit Department conduct internal audits of the Company and its subsidiaries (excluding publicly listed subsidiaries), reports its findings during internal audit meetings attended by the full-time directors, the Supervisory Committee members, and by titled executive officers, and performs necessary management as circumstances may require.
 - (4) In order to ensure the appropriateness of financial reporting, the Company's Internal Control Systems Committee formulates an internal control system evaluation plan in accordance with Internal Control Systems Committee rules, monitors internal control system evaluations conducted by the Group Internal Audit Department, and prepares internal control system reports, which are submitted to the board of directors.
6. Matters concerning directors and employees who are assigned to assist in the duties of the Supervisory Committee
 The Company has created a Supervisory Committee Office, which is staffed by personnel dedicated to offering assistance in the duties of the Supervisory Committee.
7. Matters concerning the independence from other directors of the directors and employees who assist in the duties of the Supervisory Committee (excluding directors who are Supervisory Committee members) and matters relating to ensuring the effectiveness of the Supervisory Committee's instructions directed to such directors and employees
 - (1) The employees who assist in the duties of the Supervisory Committee do not concurrently hold positions that pertain to the business execution of the Company, and they perform their duties under the command of the Supervisory Committee.
 - (2) For personnel changes and transfers, personnel evaluations, and disciplinary actions pertaining to such assistants, the prior approval of the Supervisory Committee is obtained.
8. Structure and system for whistleblowing by directors and employees of the Company and its subsidiaries to the Company's Supervisory Committee and the system to ensure that the directors and employees who filed reports to the Supervisory Committee of the Company or to auditors of the subsidiaries suffer no adverse consequences in retaliation for filing a report
 - (1) All matters that could significantly damage the Company's credibility, matters that could have significant, adverse impact on the Company's business results, and illegal or fraudulent acts by officers or employees, including all suspected cases thereof, must be reported promptly to the internal reporting point of contact in accordance with the compliance hotline rules. The contents of the internal report must be forwarded immediately through the Company's hotline secretariat (internal point of contact) to the Supervisory Committee of the Company or the company of the whistleblower's affiliation.
 - (2) The Company and its subsidiaries must put in place and fully enforce compliance hotline regulations prohibiting any action against whistleblowers in retaliation for filing a report.
9. Policy on the processing of expenses arising from the execution of duties by the Supervisory Committee members and the systems and structure for ensuring that the Supervisory Committee's audit is effectively conducted
 - (1) Advances for anticipated expenses or for the reimbursement of expenses as incurred in connection with the execution of duties by the Supervisory Committee members and any other expenses or monetary obligations arising out of the execution of such duties are processed properly based on written requests from the Supervisory Committee members.
 - (2) The Supervisory Committee works closely with the president and representative director, accounting auditors, the CIU Department and the Group Internal Audit Department, the Supervisory Committee Office, and subsidiaries' supervisory committees and auditors, and holds meetings from time to time to exchange information.

2. Basic Stance and Development/Operation Status of Systems Aimed at Eliminating Anti-social Forces

A structure to eliminate anti-social forces was set up, as below.

1. Pursuant to its corporate code of conduct, Pasona Group takes a resolute attitude in opposition to criminal and anti-social forces and refuses and severs any relationship with such parties.
2. A department has been designated to handle illicit demands, etc., and rules and regulations governing reporting and response procedures are in place to increase the Company's readiness to fight back in cooperation with the relevant authorities, including law enforcement, as appropriate.

V Others

1. Measures to Prevent Hostile Takeovers

Measures to prevent hostile takeovers	None
---------------------------------------	------

Supplementary Explanation

Pasona Group recognizes this as a significant management issue and is carefully considering the requirements.

2. Other Matters Concerning Corporate Governance Structure

1. Internal structure and systems relating to timely disclosure

Pasona Group is responsible for an overall management strategy that encompasses all Pasona Group companies, the optimal allocation of resources among them, and boosting corporate governance and managerial transparency for the corporate group, while allowing business subsidiaries to stay focused on their specific business domains where they seek growth opportunities with agility and based on their own strategies.

Important information collected by the Company is authorized for disclosure by the representative director and the executive officer in charge of the Investor Relations Department, who has been designated as the Company's information manager under the rules of the Tokyo Stock Exchange. Furthermore, all appropriate steps are taken to ensure that the directors of the Company and the Pasona Group companies, as well as their employees, are educated on the importance of timely disclosure.

(1) Information collection and management

All financial information relating to all affiliated companies is compiled by the Finance and Accounting Division. Business and operating information on affiliated companies in Japan is compiled by the Corporate Planning Division, while business and operating information on affiliated companies outside Japan is compiled by the International Business Division. All material information is forwarded by these divisions to the information officer for his or her review. The centralized handling structure ensures that all material information relating to Pasona Group and the Pasona Group companies is collected and maintained without delay or omission.

(2) Clarifying timely disclosure criteria and standards

Pasona Group has put in place a set of information disclosure rules and has clarified disclosure criteria and standards so as to enable each department within the corporate group to quickly determine the importance of information as well as the necessity for disclosure. In principle, information disclosure is undertaken in accordance with the security listing regulations issued by the Tokyo Stock Exchange. Information outside the scope of disclosure information stipulated under the aforementioned exchange regulations is disclosed promptly, if the representative director, the information manager, the executive officer in charge of the Investor Relations Department, the executive officer in charge of the Public Relations Department, and the Corporate Information Officer conclude upon mutual consultation that such disclosure is appropriate.

(3) Establishment of a department dedicated to disclosure duties

Pasona Group has established the Investor Relations Department with eight dedicated personnel to assume responsibility for matters relating to information disclosure. Subject to a resolution of the board of directors, information earmarked for timely disclosure is posted by the Investor Relations Department on TDnet of the Tokyo Stock Exchange in accordance with the exchange's security listing regulations. Information registered with TDnet is also promptly posted on the Company's website.

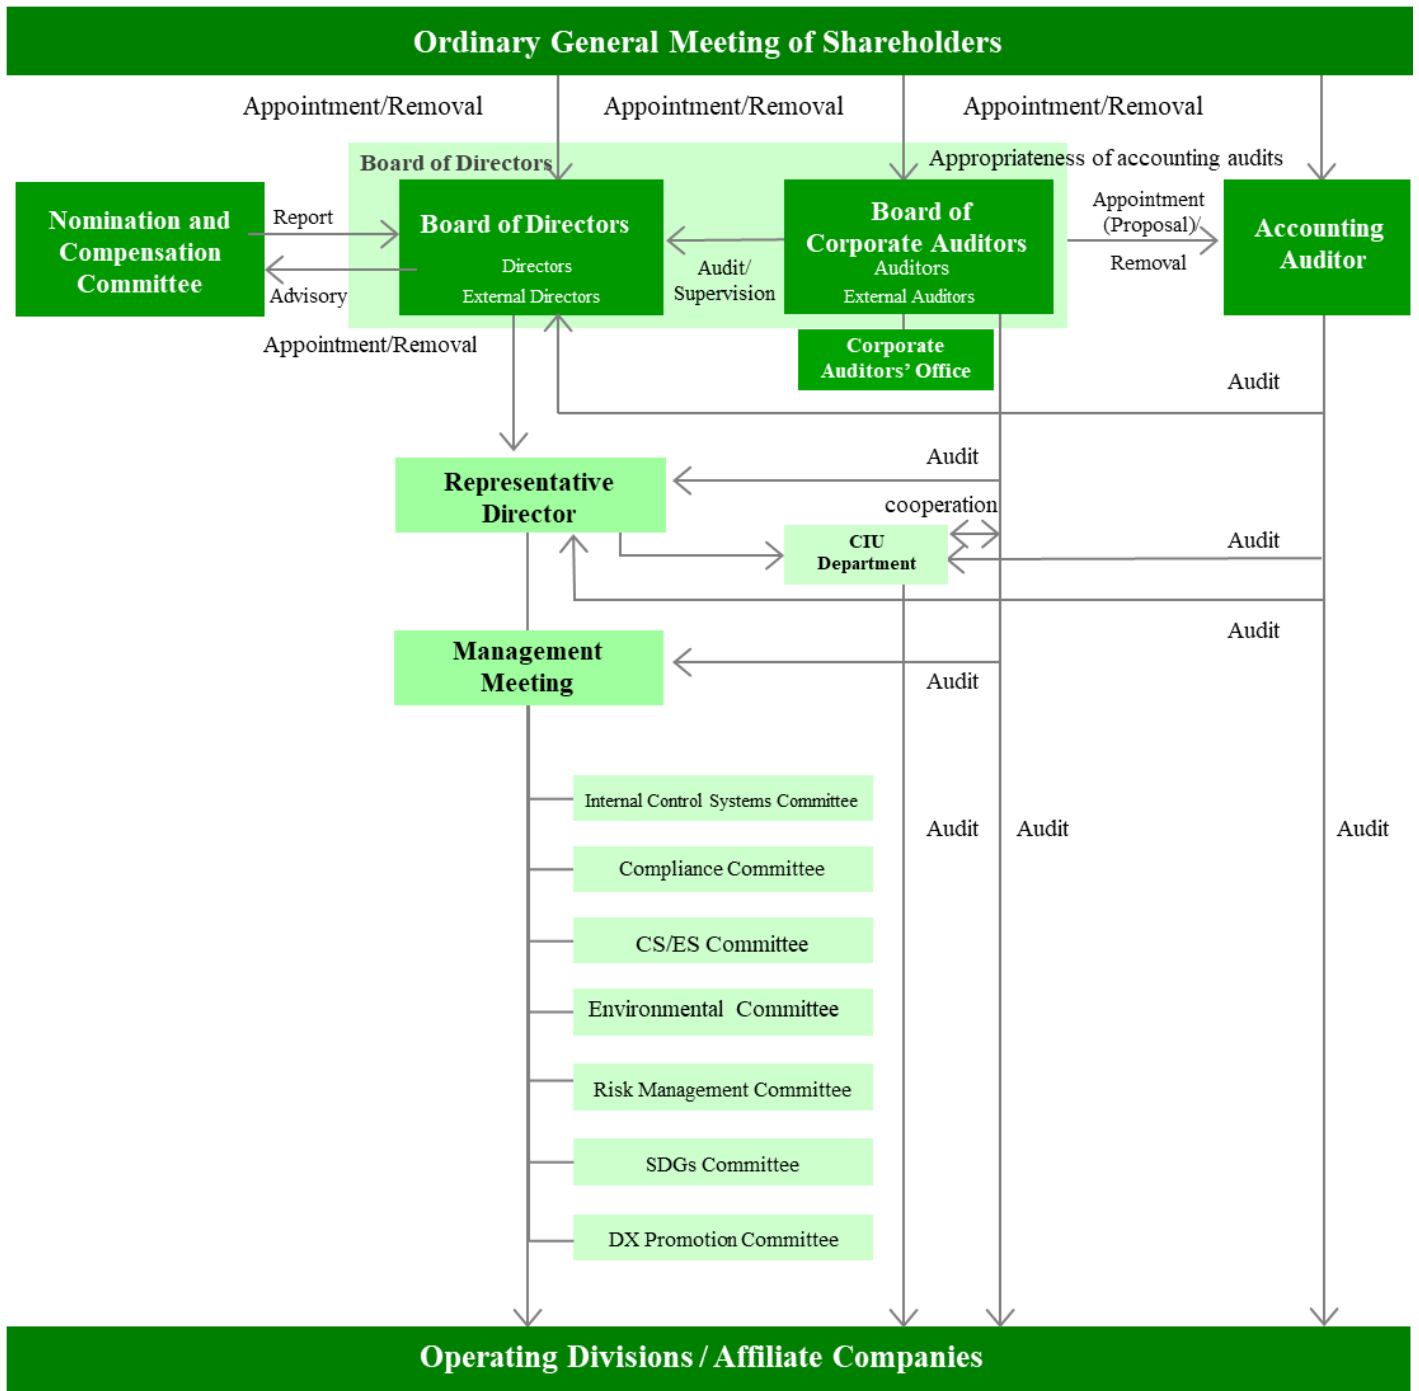

2.Prevention of insider trading

Pasona Group has established stringent internal rules to control the purchase and sale of the Company's shares by insiders, including employees who have or can have access to material facts of the Company during the course of their business activities, officers holding posts of general manager or above, and directors, among others. Measures are in place to prevent insider trading, including training and seminars, and other initiatives to fully familiarize them with the danger and consequences of insider trading.

3.Internal monitoring structure for timely disclosure

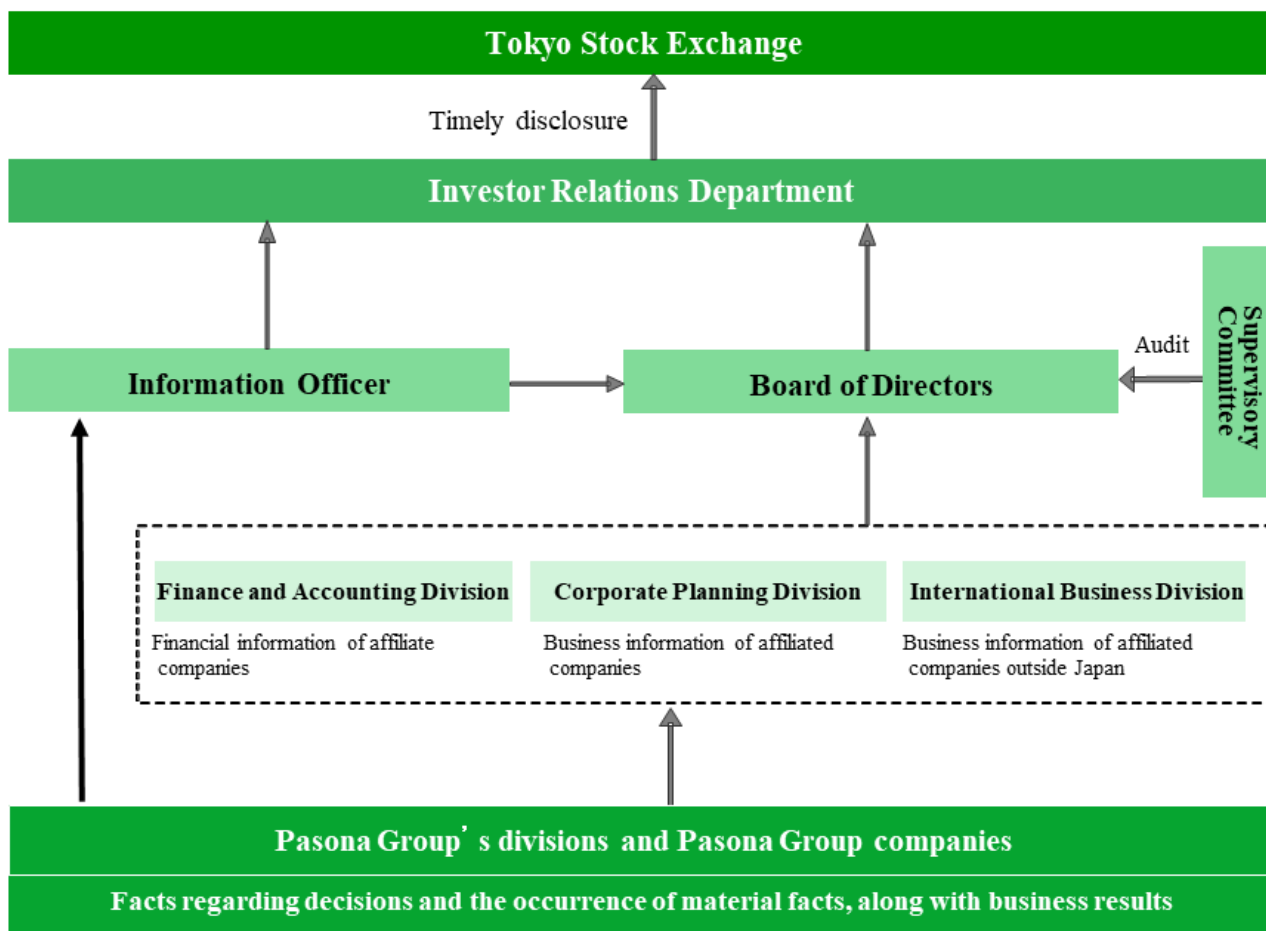

The CIU Department, which reports directly to the representative director of the Company, conducts periodic internal audits of the Company's information disclosure structure in order to confirm that appropriate monitoring is undertaken, so as to ensure open and fair timely disclosure.
