## $\diamond$ Sales Summary

In August, Sunday was one day less than the day of the week.
For the first time in three years, the summer vacation was free of restrictions on activities,
which led to an increase in crowds at tourist attractions and in the city center.
By product, sales of sandals and apparel were strong.

All stores sales grew $18.1 \%$ to a year ago in this month.
Existing stores sales also showed a year on year growth of $16.0 \%$ compared to the same period in the previous year.
