Unipres Corporation (headquartered in Yokohama, Kanagawa Prefecture, Japan; Mr. Nobuya Uranishi, President and Representative Director) has published “Unipres Sustainability Report 2022” which sets forth the initiatives to achieve sustainability in the Unipres Group.

At the Unipres Group, we see that addressing sustainability issues is an important management priority for us to achieve sustainable society and to continuously enhance our Group's corporate value and we are promoting various initiatives. We produced "Unipres Sustainability Report 2022" with the aim of further deepening the understanding of Unipres Group by enhancing the disclosure of non-financial information. The report introduces activities mainly during FY2021 (from April 1, 2021 to March 31, 2022) in each ESG category.

Although there are also some respects in which our ESG-related approaches are still insufficient, we are committed to continued promotion of activities through dialogue with our stakeholders.
