Notice Concerning Being Qualified as DX Certified Company by METI

Leopalace21 (Headquarters: Nakano-ku, Tokyo; President and CEO: Bunya Miyao; the “Company”) announced that the Company was qualified as a DX Certified Company under the DX Certification System established by the Ministry of Economy, Trade and Industry (“METI”) on November 1, 2022. This qualification signifies official recognition of the Company’s initiative of materializing its vision of creating new value by offering advanced solutions for meeting people needs and expectations through DX. The Company will continuously strive to advance its DX solutions.

■ **The Company’s DX Strategy**

As described in the "Notice Concerning Formulating DX Strategy" dated August 5, 2022, the Company has been continuously promoting DX, including the introduction of electronic rental contract management service, installation of smart locks, and launch of web-based rental contract signing. The Company promotes DX as one of its management policy of promoting sustainability for the fiscal year 2022. In order to respond to drastic changes in the business climate including advancement of digital technology and decline in working population, the Company adopted the DX strategy to further advance the DX solutions, improve productivity and enhance competitiveness.

■ **Outline of the DX Certification System**

The DX Certification System is run by METI to qualify the companies that have already developed a vision, strategy, and structure, and are ready to promote DX based on the Act on Partial Revision of the Act on Facilitation of Information Processing which came into force on May 15, 2020.
