■Main features of “WealthNavi for Juroku Bank”

1. Automates long-term and diversified wealth management

High-net-worth individuals and institutional investors around the world have been practicing “long-term, dollar-cost averaging and globally diversified” investment. “WealthNavi for Juroku Bank” automates the entire investment process above by utilizing cutting edge technology. “WealthNavi for Juroku Bank” allows customers to make long-term and diversified investments in 12,000 securities in about 50 countries through 6 to 7 ETFs (Exchange-Traded Funds) based on the modern portfolio theory. All processes of wealth management, from asset allocation, trading of securities, automated deposits to rebalancing, are proceeded automatically.

2. Supports busy working families

With risk tolerance assessment through answering five questions from a PC or smartphone, “WealthNavi for Juroku Bank” recommends an optimal wealth management plan for each customer and enables customers to check their assets at any time. Even busy working families can easily manage their assets for their comfortable retirement in their spare time.

3. Supports wealth management with various functions

A variety of functions such as “Life planning tool” that supports the achievement of asset management goals, “Fractional ETF trading” that realizes an optimal portfolio even with a small amount of investment, and “AI wealth management advice” makes it possible for customers to manage their assets comfortably. WealthNavi Inc. has obtained patents for “Automated deposits with rebalancing” and “Automatic tax optimization (DeTAX) function”* for their core technologies.

* There are conditions for applying automatic tax optimization (DeTAX), and WealthNavi Inc. does not guarantee that the tax burden will be deferred.

4. A simple fee / the wealth management algorithm published
