1. Details of the Secondary Offering (Over-Allotment)

(1) Taking into account the demand conditions and other factors upon the primary offering, Mizuho Securities Co., Ltd. may implement a secondary offering of the borrowed Investment Units up to 1,000 units (secondary offering through over-allotment) borrowed from the Designated Party aside from the primary offering. The number of investment units in the secondary offering through over-allotment is the maximum amount. The number may decrease or the secondary offering through over-allotment itself may not take place at all, depending on demand conditions and other factors.

In order to allow Mizuho Securities Co., Ltd. to acquire the Investment Units needed to return the borrowed Investment Units upon the secondary offering through over-allotment, CRR has resolved at the board of directors' meeting held on January 5, 2023 (Thursday) to issue new investment units for 1,000 units by way of third-party allotment (the "third-party allotment"), with Mizuho Securities Co., Ltd. as the allottee and the payment date on February 8, 2023 (Wednesday).

For the purpose of returning the borrowed investment units, Mizuho Securities Co., Ltd. may also purchase the investment units up to the number of units for the secondary offering (over-allotment) at the TSE (the "syndicated cover transaction") during the period from the day following the subscription period for the public offering and the secondary offering (over-allotment) to February 3, 2023 (Friday) (the "syndicated cover transaction period"). The Investment Units purchased by Mizuho Securities Co., Ltd. through the syndicated cover transaction shall be used to return the borrowed investment units. During the syndicated cover transaction period, there may be cases in which Mizuho Securities Co., Ltd. does not conduct the syndicated cover transaction at all or ends the syndicated cover transaction with the number of Investment Units that are smaller than the number of the Investment Units offered through the secondary offering (over-allotment), at its sole discretion.

Moreover, Mizuho Securities Co., Ltd. may conduct stabilizing transactions in correlation with the public offering and the secondary offering (over-allotment). The Investment Units purchased through such stabilizing transactions may be used, in whole or in part, to return the borrowed investment units.

Mizuho Securities Co., Ltd. intends to agree to third-party allotment to acquire the investment units for the number of the investment units obtained by subtracting the number of investment units that are purchased through the syndicated cover transaction and the stabilizing transactions and used to return the borrowed investment units from the number of the investment units for the secondary offering (over-allotment). As a result, there may be cases in which there will be no subscription to the investment units offered by way of third-party allotment in whole or in part, and accordingly the final number of the investment units issued by way of third-party allotment will decrease to that extent due to forfeiture of rights, or such issuance itself will not take place at all.

The decision to initiate the secondary offering through over-allotment and determine the number of investment units to be offered shall be determined on the Pricing Date. If a secondary offering through over-allotment is not made, Mizuho Securities Co., Ltd. shall not borrow Investment Units of CRR from the Designated Party, and Mizuho Securities Co., Ltd. shall not receive any allotment by way of third-party allotment. Consequently, Mizuho Securities Co., Ltd. shall lose the right to receive an allotment, and no new investment units shall be issued. Furthermore, Mizuho Securities Co., Ltd. will be unable to conduct any syndicate covering transactions on the TSE either.

(2) Mizuho Securities Co., Ltd. shall conduct the transactions described in the above (1) upon consultation with SMBC Nikko Securities Inc. and Daiwa Securities Co., Ltd.
