## Notice Regarding Change of Disclosure Items in “Monthly Management Parameters”

Anicom Group has been disclosing key figures set as management targets in the pet insurance business and synergy generation business initiatives to realize a "prevention-oriented insurance company" in the "Monthly Management Parameters". We would like to announce that we have decided to make the following changes to the items disclosed from December 2022 onward, considering the significant changes in the business environment surrounding pet insurance and the priority measures in the "Mid-term Management Plan FY2022-2024" disclosed on May 11, 2022. We will continue to disclose new key figures and other items that are useful for investors' investment decisions as needed.

### Details of the changes

| Before<br>(Until December 2022)                                 | After<br>(Since December 2022)                                  |
|---|---|
| Net premiums written  | Net premiums written  |
| No. of applicants of Doubutsu Kenkatsu (gut microbiota testing) | No. of policies in force  |
| No. of samples for genetic testing                              | Renewal rate  |
| No. of PARM hospitals   | No. of applicants of Doubutsu Kenkatsu (gut microbiota testing) |
| No. of patent applications (cumulative)                         | No. of PARM hospitals   |
| No. of page views of Animal Health Encyclopedia                 | No. of patent applications (cumulative)                         |
| No. of page views of Veterinary Clinic Search Site              |   |

(Reference) “Monthly Management Parameters” will be disclosed after middle of each month, but it will be disclosed on the same day as the quarterly earnings announcement date for June, September, December, and March.

After this review, we plan to continue disclosing the "No. of samples for genetic testing," "No. of page views of Animal Health Encyclopedia" and "No. of page views of Veterinary Clinic Search Site" in the quarterly financial disclosure.
