## Notice concerning Planned Acquisition of Site for Corporate Use

We are pleased to announce, today, Ibara City announced the development of a custom-built corporate site in the vicinity of our Ibara Plant 1 (6186 Kinoko-cho, Ibara-shi, Okayama) as a result of request from the Company.

We plan to enter into a site location agreement, acquire a corporate site, and construct a new factory, subject to the approval of the Ibara City council and other procedures.

### 1. Outline of Corporate Site to be acquired

- (1) Location: Kinoko-cho, Ibara-shi, Okayama (Location near Ibara Plant 1)
- (2) Developed area: Approximately 1.8 ha (Flatland area: approximately 1.3 ha)
- (3) Scheduled date of acquisition: During fiscal 2025
- (4) Planned acquisition amount: Approximately 722 million JPY

### 2. Purpose of Acquisition

We are mainly engaged in the manufacture and sale semiconductor manufacturing equipment and semiconductor transfer equipment. The head office is located in Okayama City, Okayama Prefecture where development and design are conducted.

Our production bases for semiconductor and other manufacturing equipment, which are our mainstay products, are dispersed among the three locations in Ibara City, Okayama Prefecture. In addition, the Company has leased factories and warehouses in several locations in and outside of Ibara City due to the recent increase in orders.

The purpose of this acquisition of corporate site is to consolidate the plant functions that are scattered around each location and prepare for future business expansion, and the details of the construction of the new plant will be decided in the future.

### 3. Future Outlook

There is no impact on the Company's business results for the current fiscal year.
