1. Target of the Public Offering

The Public Offering shall be made available only to the following; (i) banks, persons engaged in the investment management business stipulated in Article 28, Paragraph 4 of the Financial Instruments and Exchange Act, insurance companies, members of the Pension Fund Association, shinkin banks, members of the Federation of Shinkin Banks, The Shinkumi Federation Bank, The Norinchukin Bank, members of the Federation of Agricultural Cooperative Associations or the Federation of Mutual Aid Fisheries Cooperative Associations as stipulated in Article 10, Paragraph 1, Item 9 of the Cabinet Office Order on Definitions under Article 2 of the Financial Instruments and Exchange Act (Order of the Ministry of Finance No. 14 of 1993, as amended), labor banks, The Rokinren Banks and The Shoko Chukin Bank, Ltd. that are domestic qualified institutional investors (which shall mean the Qualified Institutional Investors as stipulated in Article 2, Paragraph 3, Item 1 of the Financial Instruments and Exchange Act), (ii) credit cooperatives, as well as (iii) overseas institutional investors (collectively (i) (ii) (iii) shall be referred to as the “Target Institutional Investors”), to form a more appropriate price for the investment units by expanding IIF’s institutional investor base. Based on the composition of unitholders of the IIF as of the end of the 31st fiscal period (as of January 31, 2023), IIF believes that increasing the portion of domestic and overseas institutional investors, who are deemed to have a higher impact on the pricing of investment units, will contribute to forming a more appropriate investment unit price, which in turn will lead to the further improvement of unitholder value for all unitholders, not limited to the institutional investors targeted by the Public Offering. IIF has therefore decided to target the Target Institutional Investors for the Public Offering.

The issuance of the new investment units was decided for the purpose of improving the profitability of the portfolio and financial stability through the acquisition of new specified properties (as defined in Article 2, Paragraph 1 of the Act on Investment Trusts and Investment Corporations (Act No.198 of 1951 as amended; hereinafter the “Investment Trusts Act”), the same shall apply hereinafter) after having considered factors such as market trends and the level of distributions per unit.
