Notice regarding an additional acquisition of an asset (TK equity interest of LRF2 Properties GK)

LaSalle LOGIPORT REIT (hereinafter referred to as “**LLR**”) who has entrusted the management of its assets to LaSalle REIT Advisors K.K. (“**LRA**” or the “**Asset Manager**”), announces that it has decided to acquire (the “**Subject Additional Acquisition**”) the following additional *tokumei kumiai* equity interest (hereinafter referred to as the “**Newly Acquired Asset**” or the “**Subject TK Equity Interest**”).

1. Overview of the acquisition

- | | |
|---------------------------------|---|
| (1) Newly Acquired Asset | : TK Equity Interest with trust beneficiary rights investing in real estate assets (Subject TK Equity) (Note 1) |
| (2) Asset name | : TK equity interest of LRF2 Properties GK |
| (3) Acquisition price | : 330 million yen
(This represents approximately 11% of the total additional TK equity) |
| (4) Scheduled acquisition date | : March 31, 2023 |
| (5) Acquiring entity | : Not applicable due to new investment |
| (6) Underlying real estate | : LOGIPORT Kazo
(referred to as the “ Subject Property ”) (Note 3) |
| (7) Source of acquisition funds | : Cash on hand |
| (8) Broker involved | : Not applicable |

Note :

1. The Subject TK Equity Interest is a silent partnership equity interest pertaining to a silent partnership with LRF2 Properties GK (“**Subject GK**”) (Note 2) as the operator. For details on the Subject TK Equity Interest, please refer to “3.Details of the Subject Additional Acquisition / (1) Overview of the silent partnership in which the investment is made”.
2. For details about LRF2 Properties GK, please refer to “3.Details of the Subject Additional Acquisition / (1) Overview of the silent partnership in which the investment is made ” and “3. Details of the Subject Additional Acquisition / (3) Summary about the operator of TK Equity” below.

3. Details about the Subject Property are described in “3. Details of the Subject Additional Acquisition / (2) Subject Property Summary” below.

2. Reasons for acquisition

In accordance with the asset management targets and policies stipulated in the Articles of Incorporation of LLR, LLR will acquire long-term preferential negotiating rights (the “**Preferential Negotiating Rights**”) for the acquisition of real estate trust beneficiary interests through the investment in the TK equity interest. The decision for the Subject Additional Acquisition was made in order to secure opportunities for external growth through future expansion of asset size at a timing that LLR deems appropriate. This point is the same as what was announced in “2. Reasons for acquisition” of “Notice regarding Acquisition of Asset (TK Equity Interest of LRF2 Properties GK)” dated December 13, 2022, and “Notice regarding Acquisition of Asset (TK Equity Interest of LRF2 Properties GK)” dated March 9, 2023.

In addition to the existing six properties, the Subject GK plans to acquire the Subject Property in connection with LLR’s plans to invest 330 million yen (TK equity interest represents approximately 11% of the total additional TK equity) which is a part of the total additional TK equity for the acquisition of Subject Property. LLR will consider the acquisition of the Subject Property by exercising the Preferential Negotiating Rights at an appropriate timing based on capital market conditions as well as the occupancy status of the Subject Property (for some properties, the timing when the rent-free period has passed and rent income will be generated, etc.).

Furthermore, by executing the Subject Additional Acquisition as part of LLR’s external growth strategy involving the Excess Returns Strategy (Note), this acquisition creates opportunities to obtain excess earnings by receiving profit distributions, etc. from the Subject GK, which will be funded by rental income, etc.

Note :

“Excess Returns Strategy” refers to LLR’s strategy aimed at obtaining excess returns from Excess Returns Investments. “Excess Returns Investments” are not a simple acquisition of a stabilized property, but rather are investments in a property prior to stable operations where leasing activities have not been completed, or where a targeted property has room for redevelopment or building expansion. An investment strategy that creates added value through asset management by LLR or its Sponsor, whereby the aim is to procure “excess returns.” This includes, for example, profits obtained by LLR earning dividends on the preferred investment securities, or by leasing up properties prior to stable operation and increasing their real estate value.

In addition, when acquiring the Subject TK Equity Interest, LLR will invest based on a comprehensive judgment, taking into consideration the portfolio investment criteria and due diligence criteria stipulated in its investment guidelines, as well as points to be considered when investing in real estate backed securities. As of today, no decision has been made by LLR to acquire the Subject Property or the Subject Trust Beneficiary Interest, etc., and there is no guarantee that LLR will be able to acquire the Subject Property or the Subject Trust Beneficiary Interest, etc., in the future.
