The corporate governance of Japan Investment Adviser Co., Ltd. (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views **Updated**

JIA Group strive to achieve sustainable growth and improve our corporate value, through effective corporate governance. Therefore, we will practice the following:

- 1) Corporate ethics, legal compliance, and improvement in understanding and awareness of diversity
- 2) Improvement in the effectiveness of the internal control system
- 3) Highly transparent management system
- 4) Building trustful relationships with stakeholders

At meetings of the Board of Directors of JIA, Inside Directors and highly independent Outside Directors have deliberations to make swift, transparent decisions. In addition, Audit & Supervisory Board Members strictly oversee and check the legality and efficiency of business operations of Directors, the appropriateness of their decision-making process, etc. and strive to improve their function to audit business administration.

[Reasons for Non-compliance with the Principles of the Japan’s Corporate Governance Code] **Updated**

[Supplementary Principle 4-10-1 Establishment of Independent Advisory Committee]

JIA has established the Nominees and Compensation Advisory Committee, which consists of at least three Directors, including Independent Outside Directors. The majority of members of this committee are Internal Directors. JIA will keep discussing the composition of the committee.

[Principle 5-2 Establishing and Disclosing Business Strategies and Business Plans]

JIA does not disclose our medium-term management plan and target management indicators due to the uncertain future of the business environment during the COVID-19 pandemic.

However, the coronavirus pandemic has started subsiding, so JIA will consider the announcement of Business Strategies and Business Plans.

[Disclosure Based on the Principles of the Japan’s Corporate Governance Code] **Updated**

[Principle 1-4 Cross-Shareholding]

JIA does not hold any listed shares strategically.

[Principle 1-7 Related Party Transactions]

When JIA makes an important transaction with a related party, the Board of Directors needs to make a resolution in advance, so that said transaction will not harm the common interests of our company and shareholders. When making a resolution, the Board of Directors has discussions from multiple aspects, while considering the necessity of said transaction and the opinions of independent Outside Directors, and checking whether the conditions of said transaction are not significantly different from those of normal transactions with a third party. We have established a system for

continuously monitoring the situation of said transaction, etc. and reporting them at a meeting of the Board of Directors of JIA, when necessary.

[Supplementary Principle 2-4-1 Ensuring Diversity in the Promotion to Core Human Resources]

In order to globalize and diversify its business, JIA recruits “personnel who can immediately work on actual tasks” while focusing on expertise, advanced business skills, and aptitude. As a result, mid-career workers who possess diverse values, ways of thinking, and backgrounds have already started working as core personnel.

JIA deploys and promotes appropriate employees according to their abilities, qualities, experiences, and skills, without excessively taking into account their genders, nationalities, etc. JIA considers that diverse viewpoints and values reflecting different experiences, skills, and attributes in our company will help us secure sustainable corporate growth. In particular, JIA actively worked on the empowerment of women, and received Three Stars of Eruboshi as an excellent enterprise that engages in the empowerment of women in March 2023.

[Status of efforts for ensuring diversity in the appointment of women, foreign nationals, and mid-career hires to management positions and in the recruitment of core personnel]

i. Women

JIA implements measures for establishing an environment in which every employee can exert his/her ability regardless of gender and for increasing the ratio of female managers.

With a goal of increasing the ratio of female managers (line managers) to 20% or higher, we recruit and train personnel.

As of the end of the term ended December 2022, the ratio of female managers was 6%.

The general business owner’s action plan produced in accordance with the Act on the Promotion of Women’s Active Engagement in Professional Life and the action plan produced in accordance with the Act on Advancement of Measures to Support Raising Next-Generation Children are shown in Section III. Implementation of Measures for Shareholders and Other Stakeholders 3. Measures to Ensure Respect for Stakeholders’ Positions for your reference.

ii. Foreign Nationals

In line with the globalization of our business, we have an overseas subsidiary in Ireland that will become the core of our group. Locally hired staff (20 persons, 8% of which is 85% of our group staff) and Japanese staff work closely together to conduct business activities. As of the end of the term ended December 2022, JIA (non-consolidated) had no non-Japanese employees. We will keep developing an environment in which personnel who can offer diverse ways of thinking inside or outside Japan can flourish as core personnel.

iii. Mid-career hires

Mid-career hires with diverse backgrounds in terms of values and ways of thinking are performing well as core personnel. In the term ended December 2022, we recruited 38 mid-career workers.

[Human resource development policy and internal environment development policy]

JIA believes that the steady growth of individual employees will lead to mutual stimulation and a positive growth cycle. The JIA Group aims to train employees as the most important capital and realize an in-house environment in which the employees can exert the abilities they have acquired to the maximum degree.

[Principle 2-6 Roles of Corporate Pension Funds as Asset Owners]

JIA adopted the defined contribution pension system for welfare of employees.

JIA is not involved with the management of accumulated funds in said pension system as an asset owner.

JIA selects financial institutions and instruments in an appropriate manner to support the formation of assets for employees, and educates employees about investment for asset management.

[Principle 3-1 (i) Corporate Vision (Management Philosophy, etc.), Management Strategy, and Management Plan]

The management philosophy of JIA is “Always be a company contributing to society by offering financial services.” Please refer to the Convocation Notices for General Meetings of Shareholders, Annual Securities Report, and the website at <https://www.jia-ltd.com/en/aboutus/philosophy/>.

The three core businesses are the Operating Lease, Renewable Energy, and Parts Out & Conversion businesses. In addition to these 3 core businesses, JIA operates the businesses of M&A Advisory, Insurance Agency, Private Equity, etc. The basic strategy of the JIA Group is to enhance its corporate value by offering the financial solution business related to the above-mentioned diverse businesses, and the media business to investors around Japan.

[Principle 3-1 (ii) Basic Views and Basic Policy on Corporate Governance]

These are described in “I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic

Information, 1. Basic Views” of this document, and Annual Securities Report. Please refer to them.

[Principle 3-1 (iii) Policy and Procedure for Determining Compensation of Directors and Audit & Supervisory Board Members]

These are described in “II. Business Management Organization and Other Corporate Governance Systems Regarding Decision-making, Execution of Business, and Oversight in Management 1. Organizational Composition and Operation [Director Compensation]” of this document, and Annual Securities Report. Please refer to them.

[Principle 3-1 (iv) Policy and Procedure for Nomination and Dismissal of Directors and Audit & Supervisory Board Members]

Regarding the nomination of candidate Directors, the Nominees and Compensation Advisory Committee, which is a discretionary advisory body of the Board of Directors, deliberates those who possess plenty of experience, profound knowledge, and expertise suited for Directors of our company and the ability to make a judgment without emphasizing the interests of specific stakeholders too much, and recommends candidates to the Board of Directors, and then the Board of Directors makes a decision.

Regarding the nomination of candidate Audit & Supervisory Board Members, the Board of Directors chooses those who possess experience and broad knowledge required for serving as an Audit & Supervisory Board Member after obtaining the consent of the Audit & Supervisory Board.

We introduce candidate Directors and candidate Audit & Supervisory Board Members in proposals to be discussed at a general meeting of shareholders.

Regarding the dismissal of Directors and Audit & Supervisory Board Members, if any Director or Audit & Supervisory Board Member violates a law or regulation or obviously fails to fulfill his/her duty, the Nominees and Compensation Advisory Committee, which is a discretionary advisory body of the Board of Directors, will deliberate said matter, and then the Board of Directors will make a decision swiftly.

[Principle 3-1 (v) Providing Explanations for Individual Appointments and Nominations for the Positions of Director and Audit & Supervisory Board Member]

When appointing or dismissing candidate Directors or Audit & Supervisory Board Members, JIA discloses the background of each candidate and the reasons for said appointment or dismissal in a convocation notice for a general meeting of shareholders.

[Supplementary Principle 3-1-3 Disclosure Related to Sustainability]

- (i) JIA has formulated the basic policy for sustainability as follows, in order to achieve sustainable growth and improve corporate value for the JIA Group.

[JIA Group sustainable principle]

JIA will contribute to the realization of a sustainable society and improve corporate value sustainably through business activities under the corporate ethos. To do so, we will strive to solve various social issues to achieve SDGs together with our stakeholders.

Concrete measures for sustainability are shown in Section III. Implementation of Measures for Shareholders and Other Stakeholders 3. Measures to Ensure Respect for Stakeholders’ Positions for your reference.

- (ii) Investments in Human Capital and Intellectual Properties

JIA has established unique networks and know-how, which support the business base JIA Group has acquired. We will keep increasing these assets, without being satisfied with the status quo. To do so, we will actively work on the research based on the collaboration between industry and academia and the creation of investment opportunities through business alliances and M&A.

Regarding promising businesses that are not the core businesses of JIA, but would solve social issues, we will look for investors through the PE investment business and support their growth by financing them.

- (iii) Disclosure of Information based on TCFD Recommendations

JIA Group collects and analyzes necessary data on the risks and effects of climate change, and makes efforts to disclose information.

[Supplementary Principle 4-1-1 Overview of the Scope of Delegation to Management]

The Board of Directors makes decisions about important managerial items and supervises business execution from the viewpoints of sustainable corporate growth and mid/long-term corporate value improvement. The items not mentioned in the Companies Act or the regulations for authority of management as important items that require a solution of the Board of Directors will be delegated to the management.

[Principle 4-9 Independence Standards for Outside Officers]

The criteria for judging independence are described in “II. Business Management Organization and Other Corporate Governance Systems Regarding Decision-making, Execution of Business, and Oversight in Management [Independent Officers], Other matters concerning independent officers” of this document and Annual Securities Report. Please refer to them.

[Principle 4-11-1 Diversity and Size of the Board of Directors]

In the Board of Directors of JIA, the knowledge, experience, and abilities for fulfilling its roles and duties are well-balanced. We will keep discussing gender and internationality. Our independent Outside Directors include those who have the experience of business administration in other companies. In addition, we appoint those who possess sufficient knowledge of finance and accounting as Audit & Supervisory Board Members.

The skill matrix of Directors is disclosed at the end of the convocation notice for each annual meeting of shareholders. The skill matrix shows the qualities and experience directors should have and their balance in the Board of Directors.

[Supplementary Principle 4-11-2 Concurrent Appointments of Directors and Audit & Supervisory Board Members]

The concurrent posts of Directors and Audit & Supervisory Board Members of JIA are described in the Convocation Notices for General Meetings of Shareholders, Annual Securities Report, and the section for introducing executives in the website of JIA.

The important concurrent posts of Outside Directors and Audit & Supervisory Board Members are described in “II. Business Management Organization and Other Corporate Governance Systems Regarding Decision-making, Execution of Business, and Oversight in Management [Items related to Directors] and [Items related to Audit & Supervisory Board Members]” of this document. Please refer to them.

[Supplementary Principle 4-11-3 Analysis and Evaluation of Effectiveness of the Board of Directors]

In JIA, all Directors and Audit & Supervisory Board Members conduct self-evaluation once a year, and report the results of analysis and evaluation to the Board of Directors.

Outside Directors and Audit & Supervisory Board Members receive sufficient support, including explanations on important issues of the Board of Directors, business administration, etc., so active discussions about the Board of Directors were conducted.

Accordingly, the Board of Directors of our company recognizes that the Board of Directors functions well, being effective for making decisions about important managerial items and supervising business execution.

Concrete items to be evaluated include the number of directors, the composition of the Board, including diversity, methods for operation, including information provision for prior discussions, the supervision of management situations by Outside Directors, the timeliness and comprehensiveness of information provision for objective management judgments, and the profoundness of deliberation and examination for making a resolution.

The results of analysis and evaluation in fiscal 2022 indicate that the Board of Directors is appropriate in all of the evaluation items, and its effectiveness was confirmed.

As remaining issues to be solved, they pointed out the diversity of gender, knowledge, etc. of Directors, the necessity to change the scope of delegation for individual execution judgments, the early distribution of reference material for prior discussions, etc. We will make efforts to improve them and enhance the effectiveness and functions of the Board of Directors.

[Supplementary Principle 4-14-2 Policy on Training Directors and Audit & Supervisory Board Members]

JIA conducts appropriate education and training, so that Directors and Audit & Supervisory Board Members can fulfill their roles and duties properly. Corporate lawyers regularly give lectures about the obligations and responsibilities of Directors and Audit & Supervisory Board Members.

[Principle 5-1 Policy for Constructive Dialogue with Shareholders]

JIA holds constructive dialogues with shareholders, in order to achieve sustainable growth and improve its mid/long-term corporate value.

The Director and General Manager of Corporate Administration Division manages the dialogues, and the PR/IR group serves as an exclusive section.

The section in charge of IR cooperates closely with related sections, and engages in IR activities.

For shareholders and investors, the President and CEO holds results briefing sessions, while executives in charge and the PR/IR group deal with inquiries from them by telephone, email or through personal interviews.

The opinions, etc. of shareholders received through dialogue are shared by the Representative Director and President and the Board of Directors.

The “Disclosure Policy,” which summarizes the basic policy for disclosing IR information, is described in the IR page of the website of JIA at: <https://www.jia-ltd.com/en/ir/disclaimer/>. Please refer to the website.

Incentive Policies for Directors	Stock Options
----------------------------------	---------------

Supplementary Explanation

Stock options were adopted for the purpose of enhancing Directors’ willingness and motivation to improve the JIA Group.

The Board of Directors determine the Directors receiving stock options and the number of stock options after deliberations and discussions, completing fair procedures.

Recipients of Stock Options	Inside Director, Eternal Director, Inside Auditor, Eternal Auditor, employee, subsidiary Director, subsidiary Auditor and subsidiary employee.
-----------------------------	--

Supplementary Explanation

As JIA aims to improve the business performance and corporate value of the JIA Group from the mid/long-term standpoint, it has issued share acquisition rights to the executives and employees of JIA and its subsidiaries, for the purpose of enhancing their willingness and motivation and strengthening solidarity in the JIA Group.

If all of share acquisition rights that were provided after payment are exercised, the number of common shares of JIA will increase by the amount equivalent to 1.9% of the total number of outstanding shares. Said share acquisition rights can be exercised only when business performance goals are attained. It is recognized that the achievement of said goals would improve the corporate value and shareholder value of JIA.

Accordingly, it is considered that the issuance of said share acquisition rights would contribute to the benefits of existing shareholders, and the effects of stock dilution are reasonable.
