The corporate governance of Hino Motors is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

As a company that manufactures and sells trucks and buses needed for distribution and transportation, Hino Motors is working to fulfill its corporate mission: “To make the world a better place to live by helping people and goods get where they need to go—safely, economically and with environmental responsibility—while focusing on sustainable development.” At the same time, the Company has taken a clear stand on its responsibility to contribute to society and has set related goals under the Hino Credo, along with its Core Principles and CSR Charter.

To fulfill its corporate mission, Hino Motors is striving to build on the positive relationships it has established with its stakeholders, which include shareholders, customers, business partners, local communities around the world, and employees. Based on this stance, Hino Motors is working to enhance its corporate governance with the goal of achieving sustainable growth and raising its corporate value over the medium to long term as a global company.

In addition, Hino Motors endorses the Corporate Governance Code prescribed by the Financial Services Agency of Japan and has devised various measures based on the objectives and intent of the code’s guidelines and principles. As a basic policy, Hino Motors intends to pursue these measures as a means of strengthening its corporate governance.

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

[Principle 3-1. Enhancing disclosure of information]

Supplementary Principle 3-1-3

Hino Motors sustainability initiatives are disclosed within the ESG initiatives (safety, health, human resources “creation,” work style) and the specific initiatives of its medium-to-long-term management strategy, Challenge 2025, that are presented in the “Sustainability Report” available at the Company’s website.

When it comes to climate change, Hino Motors products, trucks and buses play an important role in supporting the societal lifelines of transportation and logistics. At the same time, the Company is aware of their impact on the global environment.

To reduce environmental impact and pass on a world that is a better place to future generations, the Company has publicly shared its environmental vision, Hino Environmental Challenge 2050, and that initiative's mid-term target, Hino Environmental Milestone 2030.

The resolution of environmental problems has been pegged an essential issue for management. The Company is continuing to conduct scenario analysis based on climate change, ascertain and respond to risks to management, and look out for opportunities. During 2022, the Company plans to disclose information in accordance with the matters recommended by the TCFD.

[Principle 4.2. Roles and Duties of the Board of Directors (2)]

Supplementary Principle 4.2.2

Hino Motors has been working to address sustainability issues based on the Hino Credo, as shown to date in the Hino Sustainability Report. However, the Company plans to restructure the basic policy and announce it in 2022.

[Disclosure Based on the Principles of the Corporate Governance Code]

[Principle 1.4 Cross-Shareholdings]

<Policy on Cross-Shareholdings>

Fundamentally, the policy is to reduce cross-shareholdings, but as collaborative relationships between various companies in development, procurement, production, logistics, and sales are vital in the automotive industry, Hino Motors holds shares of listed companies it deems necessary from the perspective of enhancing corporate value over the medium to long term through the building of positive relationships with business partners and implementing business smoothly. When determined necessary, the Company holds on to shares on an exceptional basis. As a policy, Hino Motors will not hold listed stocks as cross-shareholdings in other cases.

Cross-shareholdings here include not only mutual shareholdings but also unilateral ones.

Every year the Board of Directors qualitatively examines the aims of owning cross-shareholdings for each stock, as well as quantitatively examines matters including related earnings and returns such as dividends income to reevaluate the significance of ownership. In addition to quantitatively evaluating matters such as whether the benefits of shareholding counterbalance the capital cost, the Board of Directors conducts a qualitative assessment of the significance of ownership to comprehensively determine suitability. Stocks whose ownership is no longer recognized as justified will be disposed of after discussion with the issuer.

<Basic Policy on the Exercise of Voting Rights Related to Cross-Shareholdings>

With regard to the exercise of voting rights related to cross-shareholdings, Hino Motors makes a comprehensive decision on each proposal based on a judgement of whether a proposal will lead to an increase in corporate value from a medium- to -long- term perspective, whether a proposal will undermine the justification for ownership of the stock and other criteria.

[Principle 1.7 Related Party Transactions]

Hino Motors complies with the procedures stipulated in Japan's Companies Act regarding conflict of interest transactions with officers. In addition, transactions with executive vice presidents and senior managing officers who are not directors have to be approved by and reported to the Board of Directors.

Sales of products and other goods to TOYOTA MOTOR CORPORATION, the parent company of Hino Motors, are determined in price negotiations each fiscal year by taking into account such factors as the market prices of raw materials and the contracted production volume. Other transactions with the parent company are conducted at a reasonable price following discussions with the parent company and take full account of such factors as market prices in the same way as for regular terms of transactions. The interest rate when borrowing funds is determined by taking the market interest rate into account in the same way as for regular transactions. In fiscal 2022, a special committee comprised solely of independent outside directors will be established, and the Board of Directors will determine the validity of important transactions between Hino Motors and the Toyota Group after having received consultation and recommendations in advance.

[Principle 2.4 Ensuring Diversity within the Company, including Encouraging Women to Take Active Roles]
Supplementary Principle 2.4.1

Hino Motors creates a work-friendly environment for diverse human resources that facilitates demonstration of their talents, regardless of attributes such as sex, age, nationality, disability, sexual orientation and gender identity. In this environment, diverse perspectives and values coexist, reflecting different experiences, skills, and characteristics within the Company, and this promotes ongoing growth.

In 2021, a special organization was established for the promotion of diversity. It encourages various endeavors with the goal of building a vibrant corporate culture that ensures respect for employees' human rights.

Aims and current status of promotion for core human resources, etc.

(1) The promotion rate for women into management positions is 32% compared to 9% for men, when comparing employees hired at the same time. The Company will continue active promotion of women with the aim of promoting 65 women to management by 2026.

* Active promotion has led to 49 women managers in 2022, up from 19 in 2014 (2.9 times more).

(2) In regard to promoting non-Japanese people to management positions, the Company seeks to hire and develop outstanding human resources, aiming to increase the proportion of management positions held by non-Japanese people from 2.7% as of March 2022 to 5% in 2026.

(3) In comparison to the current 38% promotion rate to management positions for regular hires, the promotion rate for mid-career hires to management is 40% due to encouraging promotion of human resources capable of leadership by acquiring outside human resources with digital expertise, etc. The Company will continue to actively promote mid-career hires.

[Principle 2-6. Roles of Corporate Pension Funds as Asset Owners]

Hino Motors has established an expert committee so that the organization responsible for the corporate pension fund can take appropriate action, such as monitoring the investment manager, for proper management of the corporate pension reserve fund and the sound operation of the pension plan into the future. Hino Motors also strives to further strengthen the required human resources for the expert committee.

In addition, if necessary, external experts and the labor union are invited to the above expert committee to ensure that any conflicts of interest that may arise between the beneficiaries of corporate pension funds and the company are managed properly.

[Principle 3.1 Full Disclosure]

(1) Company objectives (management philosophy, etc.), business strategies and business plans
Please refer to the HINO Credo and business strategies posted on the Hino Motors corporate website.

HINO Credo

https://www.hino-global.com/corp/about_us/hino_credos.html

Hino's business strategies for the future

https://www.hino-global.com/corp/for_investors/business_strategy.html

(2) Basic views and guidelines on corporate governance

Please refer to "I.1 Basic Views" in this document where this is noted.

(3) Board policies and procedures determining the remuneration of the senior management and directors
Please refer to II.1 Director Remuneration and Policy on Determining Remuneration Amounts and Calculation Methods in this document, which notes the policies and procedures in determining the remuneration of senior management and directors.

(4) Board policies and procedures in the appointment and dismissal of senior management and the nomination of directors and Audit & Supervisory Board member candidates

The policies and procedures for the appointment and dismissal of senior management and the nomination of candidates for directors and Audit & Supervisory Board members at Hino Motors are as below.

<Policies>

Hino Motors' Board of Directors assumes the role of appropriately supervising corporate activities based on the perspectives of stakeholders and in accordance with the Company's medium-to-long-term policies and strategies, such as the Hino Environmental Challenge 2050 and Challenge 2025, based on the Hino Credo, to achieve sustainable growth and ongoing improvements in corporate value.

To fulfill the above role, the skill set (experience, insights, expertise, etc.) considered necessary to the Board of Directors has been listed as a skill matrix by making selections based on skills forming the basis of organizational management (examples include corporate management, legal work, compliance, and internal controls) and skills that can be linked to the Company's unique strategies and visions (examples include R&D and manufacturing).

In addition to fulfilling the aforementioned skill set, when appointing directors and auditors, selections are made by comprehensively taking into consideration matters such as each individual's achievements, character, and insights from the perspective of diversity and placing the right person in the right job.

Hino Motors selects outside directors/Audit & Supervisory Board members from the viewpoint of enhancing management monitoring and supervisory functions, giving comprehensive consideration to factors such as experience of corporate management at other companies, industry understanding, and expertise in addition to independence

The skill matrix for the directors is provided on Appendix Sheet 2.

<Procedures>

When appointing and dismissing directors and auditors, the Proposal Review Committee for Officers, the majority of which is comprised of independent outside directors, selects candidates according to the aforementioned policy and prepares a proposal to be submitted to the Board of Directors and a proposal to be recommended to the Audit & Supervisory Board. (The Committee met in March and April 2022.)

In addition, following the recommendation from the Proposal Review Committee for Officers (auditors are selected with approval from the Audit & Supervisory Board), the Board of Directors makes a tentative decision on the candidates, and the selections are then officially determined after deliberation by the general meeting of shareholders.

(5) Explanations with respect to the individual appointments and dismissals and nominations based on the board policies and procedures in the appointment of the senior management and the nomination of directors and Audit & Supervisory Board member candidates:

Refer to the Notice of Convocation for the General Meeting of Shareholders posted on the corporate website, which contains explanations with respect to the appointments and dismissals of senior management and the nominations of individual directors and Audit & Supervisory Board members.

[Principle 4.1 Roles and Responsibilities of the Board (1)]

Supplementary Principle 4.1.1

The Board of Directors at Hino Motors decides on the implementation of important business as well as supervising the execution of duties by the directors. Hino Motors has also secured a system to ensure that the

duties of the directors are executed efficiently. The Board of Directors and the directors lead and supervise the executive officers based on management policy while collaborating with them from a management perspective. At the same time, they delegate executive authority in each organization to chief officers, deputy chief officers, officers in each region, operating officers, and deputy operating officers to carry out flexible decision making.

Matters relating to the judgements and decisions of the Board of Directors and matters related to the delegation of authority and the judgements and decisions of chief officers, deputy chief officers, officers in charge of each region, operating officers, and deputy operating officers are clearly stipulated in the Articles of Incorporation of the Company and the Regulations of the Board of Directors in addition to the Rules for Approval of Important Issues. Of these, the Regulations of the Board of Directors defines the matters to be resolved and reported at the Board of Directors as follows, and these matters are deliberated and resolved at the Board of Directors' meeting, which is composed of the President, Member of the Board of Directors who chairs the Board of Directors, and all the directors.

<Matters to be resolved>

- (1) Matters provided for in Japan's Companies Act and other laws and regulations
- (2) matters provided for the Company's Articles of Incorporation
- (3) matters delegated by resolution of the general meeting of shareholders
- (4) other important matters of management

<Matters to be reported>

- (1) The state of execution of business and other matters provided for in Japan's Companies Act and other laws and regulations
- (2) Other matters deemed necessary by the Board of Directors

[Principle 4.9 Independence Standards and Qualification for Independent Directors]

Please refer to II. 1 Independent Directors/Audit & Supervisory Board Members in this document.

[Principle 4-10. Utilization of an optional framework]

Supplementary Principle 4-10-1

Please refer to II. 1 Relationships of Directors in this document.

[Principle 4.11 Preconditions for Board and Audit & Supervisory Board Effectiveness]

Supplementary Principle 4.11.1

Refer to the above Principle 3.1 Full Disclosure (4) Board policies and procedures in the appointment and dismissal of senior management and the nomination of directors and Audit & Supervisory Board member candidates.

Supplementary Principle 4.11.2

The concurrent service of officers at other listed companies is noted in the *HINO Report* (Business Report) and the Notice of Convocation for the General Meeting of Shareholders posted on the Company's corporate website as well as on EDINET (Electronic Disclosure for Investors' NETwork). Please refer to the Securities Report.

Supplementary Principle 4.11.3

Hino Motors established a Corporate Governance Committee with the aim of increasing the effectiveness of corporate governance and further contributing to sustained growth and enhancement of corporate value.

In addition to initiating discussion on the form that the Board of Directors should take (recommendations to the Board of Directors as necessary) and other matters, the Corporate Governance Committee interacts with all independent outside directors, including outside executive officers, part-time directors, and outside auditors, and has implemented an evaluation of the effectiveness of the Board of Directors.

An outline of the evaluation conducted (once a year) this year, its results, and an outline of the measures for improvement of the issues identified are presented below.

- (1) Subjects of evaluation (evaluation method)

- All directors and auditors, including outside directors and executive officers (questionnaire-style self-evaluation)

(2) Objective of evaluation

- Establishment of the plan-do-check-act (PDCA) cycle in order to continuously improve and enhance the functions of the Board of Directors

(3) Areas of evaluation

- Evaluation of the roles and responsibilities that the Board of Directors should fulfill (including the roles and responsibilities of the Board in General Principle 4 of the Corporate Governance Code)

- Evaluation of the structures that support the effectiveness of the Board of Directors (composition and operation of the Board of Directors, the quality of discussion at the Corporate Governance Committee, and support for the activities of outside directors, etc.)

(4) Evaluation Results

- The Board of Directors constructively held free and open discussions on important matters such as corporate strategies, set forth their directionality, determined specific execution of business based on that directionality, and developed a framework that follows the implementation state of the determined matters.

- On the other hand, given the misconduct concerning engine certification, issues were reaffirmed related to thorough prevention of reoccurrence and a corporate culture that ensures that, and issues related to internal controls, as well as issues related to re-examining the directionality of medium-to-long-term management strategy and course corrections.

Also, ensuring the greater independence and diversity of the Board of Directors was acknowledged as an ongoing issue.

(5) Improvement measures

In the future, the Board of Directors will give sufficient consideration to, and execute, the following improvement measures.

- Reconfirmation of internal controls and encouraging support for an improved corporate culture based on the results of investigation into misconduct by the special investigation committee
- Re-examination of the directionality of medium-to-long-term management strategy and presentation of course corrections
- Examination of the structure of the Board of Directors and management that boosts the effectiveness of oversight

[Principle 4.14 Training for Directors and Audit & Supervisory Board Members]

Supplementary Principle 4.14.2

Hino Motors will establish opportunities for training and activities from the perspective of identifying changes in the environment and other factors to promote sustained growth in addition to understanding and practicing the HINO Credo which is “to make the world a better place by helping people and goods get to where they need to — safely, economically and with environmental responsibility — while focusing on sustainable development.”

[Principle 5.1 Policy for Constructive Dialogue with Shareholders]

Hino Motors believes that timely and appropriate disclosure of business information is important in order to deepen an accurate understanding of the Company. Based on this view, Hino Motors strives for constructive dialogue with shareholders and investors and aims to increase corporate value over the medium to long term by taking the opinions obtained through this dialogue seriously and using them as reference information in the management of the Company.

<Forums for and Views on Dialogue>

1. General Meeting of Shareholders

Hino Motors views the General Meeting of Shareholders as a forum for important dialogue with all of its shareholders and believes that it deepens understanding of the Company through reports on subjects that include the progress of operations and outcomes and issues to be addressed as well as question and answer sessions. The opinions received from shareholders through this dialogue are then used as reference information in the management of the Company.

Moreover, Hino Motors strives to enhance information provision through such means as holding facility tours (cancelled in fiscal 2020 due to COVID-19) for shareholders who wish to visit on dates other than the day of the General Meeting of Shareholders.

2. Other

With regards to forums for dialogue other than the General Meeting of Shareholders, Hino Motors provides mass media announcements and analyst briefings on financial results each quarter, and the Company President also takes part in these forums each six-monthly period.

In addition, the Company holds various press conferences and briefings when appropriate in an effort to further deepen understanding of its management strategy and business content. Dialogue is also held with investors, including regular participation by the director in charge of the Public Affairs Department, individual meetings, and conferences organized by securities companies.

Furthermore, the Company responds to individual questions and requests for interviews as appropriate based on the nature of the request and other factors.

The director in charge of the Public Affairs Department oversees dialogue other than the General Meeting of Shareholders, covering the implementation as well as in-house cooperation including regular meetings between the departments concerned. When necessary, this director reports on the opinions obtained through the dialogue, passing them on as feedback to senior management.

<Management of Insider Information>

In addition to the operation of in-house regulations on insider trading, Hino Motors strives to prevent the unintended leakage of insider information by further raising awareness through attendance at various seminars and participation in training and rigorous management for officers and employees involved in dialogue.

A number of employees also participate in forums for dialogue together in an effort to check and monitor each other.

Before the day when the financial results for each quarter are announced, the Company refuses requests for interviews concerning performance and also refrains from responding to similar inquiries.

(Establishment of silent period for approximately one month before announcement of financial results)

<Identification of Shareholder Ownership Structure>

Hino Motors identifies its shareholder ownership structure regularly using an external data service company and other means and strives to utilize this information in dialogue.

4. Policy on Measures to Protect Minority Shareholders in Conducting Transactions with Controlling Shareholder

Toyota Motor Corporation is the parent company of Hino Motors and holds 50.2 % of the voting rights in the Company as of March 31, 2022. Sales of products and other goods to the parent company are determined in price negotiations each fiscal year by taking into account such factors as the market prices of raw materials and the contracted production volume. Other transactions with the parent company are conducted at a reasonable price following discussions with the parent company and take full account of such factors as market prices in the same way as for regular terms of transactions. In fiscal 2022, a special committee will be established that is comprised solely of independent outside directors, and the Board of Directors will determine the validity of important transactions between Hino Motors and the Toyota Group after having received consultation and recommendation in advance. Consequently, it is considered that transactions with the parent company do not harm the rights of the Company or, consequently, of minority shareholders.

5. Other Special Circumstances which may have Material Impact on Corporate Governance

In conducting business activities as a member of the Toyota Group, Hino Motors strives for collaboration and cooperation with Toyota Group companies to strengthen its management base. Meanwhile, the Company has the Hino Group's unique Hino brand business that includes trucks, buses and engines, which accounts for 81% of Company sales, and engages in independent product planning, research and development, procurement, production and sales activities. While complying with the policies of the Group overall as a

member of the Toyota Group, Hino Motors has established its own corporate governance framework to prevent conflicts of interest from arising with general shareholders.

Outside Directors' Relationship with the Company (2)

Name	Designation as Independent Director	Supplementary Explanation of the Relationship	Reasons of Appointment
Motokazu Yoshida	○	Hino Motors has a key business relationship with Mitsui & Co., where Motokazu Yoshida was a corporate officer in the past, but given the size and nature of transactions, the business will not greatly impact the Company's decision-making. Sales volume to Mitsui & Co. in the last fiscal year was below 5% of Hino Motor's consolidated sales. In addition, over 10 years have passed since his resignation from that company, and he currently is not involved in the business affairs of Mitsui & Co.	At Mitsui & Co., he served in offices such as director and executive vice-president, and president and CEO of Mitsui & Co. (U.S.A.), Inc. As a corporate manager, he has a wealth of experience and wide-ranging insights. Since June 2015, he has served as Outside Director of Hino Motors and has provided beneficial recommendations on the Company's general management based on his experience and insights. He has been appointed an Outside Director since it has been determined that in that office he can be anticipated to provide sufficient advice and management supervision/oversight on the Company's general management going forward based on an independent viewpoint. As he fulfills the conditions of an independent officer and it has been determined there is no risk of conflict of interest arising with general shareholders, he has been designated an independent officer.
Koichi Muto	○	Hino Motors has a business relationship with Mitsui O.S.K. Lines, Ltd., where Mr. Koichi Muto was an executive officer in the past. But the outline is omitted because it is judged that there is no risk of affecting the judgement of shareholders and investors, given the size and nature of transactions.	He has served in the past as director and president and director and chairman of Mitsui O.S.K. Lines, Ltd., and as a corporate manager has a wealth of experience and wide-ranging insights. Since June 2020, he has served as Outside Director of Hino Motors and has provided beneficial recommendations on the Company's general management based on his experience and insights. He has been appointed an Outside Director since it has been determined that in that office he can be anticipated to provide sufficient advice and management supervision/oversight on the Company's general management, going forward, based on an independent viewpoint. As he fulfills the conditions of an independent officer and it has been

			determined there is no risk of conflict of interest arising with general shareholders, he has been designated an independent officer.
Masahiro Nakajima	○	Hino Motors has a business relationship with J. Morita Corp., where Masahiro Nakajima is a corporate officer, but the outline is omitted because it has been judged there is no risk of affecting the judgment of shareholders and investors, given the size and nature of transactions.	He has served in the past as director and president, and director and chairman (to present) of Morita Holdings Corporation, and as a corporate manager has a wealth of experience and wide-ranging insights. Since June 2017, he has served as Outside Auditor of Hino Motors and was appointed an Independent Outside Director of Hino Motors in June 2021. Based on his experience and insights, he has provided beneficial recommendations on the Company's general management. He has been appointed an Outside Director since it has been determined that in that office he can be anticipated to provide sufficient advice and management supervision/oversight on the Company's general management going forward based on an independent viewpoint. As he fulfills the conditions of an independent officer and it has been determined there is no risk of conflict of interest arising with general shareholders, he has been designated an independent officer.

Matters relating to Independent Directors/Audit & Supervisory Board Members

Based on the requirements for outside directors and outside Audit & Supervisory Board members stipulated in Japan's Companies Act and the standards for independence set out by financial instruments exchanges, Hino Motors requires independent directors/Audit & Supervisory Board members to have extensive experience and broad insight as a manager or knowledge in a specialized field such as accounting and to be capable of fulfilling proper supervisory and monitoring functions for the Company's management.

Hino Motors has designated as independent directors/Audit & Supervisory Board members all of the outside directors/Audit & Supervisory Board members who qualify as independent directors/Audit & Supervisory Board members.

Policy on Determining Remuneration Amounts and Calculation Methods	Established
--	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

The policy and procedure for determining the remuneration of directors at Hino Motors is as below.

1. Basic policy

Hino Motor's remuneration for directors employs a compensation structure designed to foster the Company's sustained growth and improve its corporate value, and it encourages the practice of management from the shareholder perspective. Since it is linked to the Company's performance as well as individual achievements, it also incentivizes improved performance.

This policy is determined by the Company's Board of Directors.

Remuneration for the Board of Directors is comprised of a fixed remuneration as basic remuneration, performance-based bonuses, and share remuneration with restriction on transfer.

However, only basic remuneration is paid to outside directors in view of their function of providing supervision/oversight of management from an independent viewpoint, and to non-managing directors in view of their undertaking supervision/oversight of management.

Basic remuneration, bonuses, and share remuneration with restriction on transfer for directors are determined within the scope of the maximum total remuneration stipulated by a decision of the General Meeting of Stockholders held on June 19, 2019 (an annual amount of 1 billion yen, of which the annual amount for Outside Directors is within 100 million yen).

The number of shares to be granted for share remuneration with restriction on transfer is determined by the Board of Directors to be within the scope of the maximum number of shares stipulated by a decision of the

General Meeting of Stockholders held on June 19, 2019 (300,000 stocks) based on position, duties, stock prices, etc.

2. Basic remuneration

Basic remuneration for directors is paid every month as a fixed monthly remuneration. The amount is comprehensively determined according to position and duties by taking into consideration the Company's performance, employee salary levels, and the levels of other companies.

3. Bonuses

Bonuses provided to directors as performance-based remuneration are based on consolidated operating profit in each term (for the fiscal year ended in March 2022, the target for the start of the period was 47 billion yen, the midterm revised target was 54 billion yen, and actual performance was 33.8 billion yen) and are determined by comprehensively taking into consideration factors including position, duties, dividends to shareholders (for the fiscal year ended in March 2022, the forecasted dividend at the start of the period was 14 yen, the midterm revised forecasted dividend was 17 yen for, and the actual dividend was 10 yen), employee bonus levels, medium-to-long-term business performance, past salaries, and trends in other companies. Bonuses will be paid every year in a fixed period.

4. Share remuneration with restriction on transfer

With the aims of providing an incentive to continuously improve the Company's corporate value and promote further shared value with shareholders, shares with restriction on transfer are granted to directors annually during a specified period. The restricted transfer period is the period immediately following the point a director retires from his/her position that is stipulated in advance by the Company's Board of Directors. The number of shares to be granted is determined based on the director's position, duties, stock prices, etc., that align with the aims of provision noted above.

5. Policy on determining the amount and percentage of remuneration, etc., for each director

The total amount of basic remuneration, bonuses that are performance-based remuneration, and share remuneration with restriction on transfer for directors is decided by the Board of Directors after the Review Committee on Proposed Remuneration for Directors, the majority of which is comprised of independent outside directors, determines the amount of remuneration for each director. The approximation of the percentage for each type of remuneration is determined by comprehensively considering the Company's performance, employee bonus levels, mid-to-long-term performance, and the levels of other companies.

6. Determining the content of remuneration, etc., for each director

Hino Motors Board of Directors determines the total amount after deciding whether the amount of remuneration for each director that is established by the Review Committee on Proposed Remuneration for Directors is appropriate by considering the aforementioned indicators and adherence to the basic policy.

Based on a resolution of the Board of Directors, President & Representative Director Satoshi Ogiso, who is capable of evaluating each director's duties and contribution to the Company's performance, are entrusted with the authority to decide on each director's basic remuneration amount and bonus distribution.

So that the said authority is appropriately exercised, the Review Committee on Proposed Remuneration for Directors gives consideration to the determined remuneration amounts for each position, and the number of shares allotted for the share remuneration with restriction on transfer is similarly determined for each director by the Board of Directors based on the decision of the Review Committee on Proposed Remuneration for Directors.

The content of remuneration, etc., for each director on the Company's Board of Directors for the current fiscal year is also determined by the Company's Board of Directors in keeping with policy, based on the fact that the Review Committee on Proposed Remuneration for Directors determines the remuneration amount and total amount for each executive position in light of each indicator and in accordance with Hino Motors' basic policy.

[Supporting System for Outside Directors and Outside Audit & Supervisory Board Members]

In addition to providing forums for information exchange between outside directors and outside Audit & Supervisory Board members and the representative directors, Hino Motors provides information on important

matters, including prior explanations of proposals submitted to the Board of Directors. Moreover, the Corporate Strategy Department and the Secretary Department are in charge of in-house liaison and coordination for outside directors. The Company has established an Audit & Supervisory Board Office as a full-time organization to assist Audit & Supervisory Board members with their activities.

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System) UPDATED

1) Overview of Current System (please read in conjunction with corporate governance at Hino Motors (schematic diagram) in Appendix Sheet 1)

Hino Motors is a company that employs an Audit & Supervisory Board and has established a Board of Directors, Audit & Supervisory Board members, an Audit & Supervisory Board and an accounting auditor. The Company's Board of Directors is composed of five directors (the number as of the date of submission of this document including three outside directors as defined by Japan's Companies Act. The Company's Articles of Incorporation stipulate a maximum number of 15). The Board of Directors makes decisions on important matters of business execution and supervises the execution of duties by the directors. Furthermore, with the aim of streamlining the Board of Directors and executing business agilely, the Company has established an organizational structure consisting of divisions and fields.

The Company has also established a Management Committee made up of the Chairman, the President, Unit Directors, and Audit & Supervisory Board members to deliberate on the management policies and strategies of the Company and to report information that is important for management.

Hino Motors has established a Corporate Governance Committee with the aim of increasing the effectiveness of corporate governance and contributing further to sustained growth and enhancement of corporate value. The Corporate Governance Committee discusses the form that the Board of Directors should take (making recommendations to the Board of Directors as necessary) with the involvement of all of the outside directors and non-full-time director. In fiscal 2021, the Corporate Governance Committee met three times.

Hino Motors' Audit & Supervisory Board comprises four Audit & Supervisory Board members (the number as of the date of submission of this document including two outside Audit & Supervisory Board members; the Company's Articles of Incorporation stipulate a maximum number of seven). Conforming to the standards for audits by the Audit & Supervisory Board members stipulated by the Audit & Supervisory Board, the Audit & Supervisory Board members communicate with the directors, the Internal Audit Division, and other employees and work to gather information and establish the audit environment in accordance with the Company's audit policy and planning. The Audit & Supervisory Board members audit directors' execution of duties by attending meetings of the Board of Directors and other important meetings, hearing reports about the execution of duties from directors and employees, viewing important approval documents, auditing the status of operations and assets at the head office, plants and major business establishments, communicating and exchanging information with the directors and corporate auditors of subsidiaries, and hearing business reports from subsidiaries. The Audit & Supervisory Board members receive reports on audit planning, the implementation and results of audits, and the status of implementation of their duties from the accounting auditors and exchange opinions in addition to striving for mutual cooperation which includes witnessing onsite audits at subsidiaries during the fiscal year and monitoring and verifying the maintenance of independence and the performance of proper auditing by the accounting auditors. They also review the Business Report, financial statements and supplementary statements, and the consolidated financial statements.

Hino Motors has also established an Internal Audit Department (19 persons as of reporting date). In addition to conducting audits of the development and operation of internal control systems relating to financial reporting in each department and at subsidiaries based on in-house regulations, the Internal Audit Department seeks to enhance internal control by continually conducting audits of the legality, appropriateness, and efficiency of office and technical-related operations, while urging each department and subsidiary to make the necessary improvements. As needed, the Internal Audit Department reports matters to the auditor such as the internal auditing plan and the status and results of auditing. It also exchanges information with the auditor and accounting auditor on the state of the auditor's inspections and accounting audits to facilitate effective audits through reciprocal collaboration.

2) Outside Directors and Outside Audit & Supervisory Board Members

To oversee the execution of duties by the directors, Hino Motors has appointed three outside directors, both of whom are independent directors, as provided for in Japan's Companies Act. The outside directors are contributing to transparent, fair, swift and resolute decision making by playing a management oversight role for important decision making by the Board of Directors as well as participating in active and constructive discussion at the Corporate Governance Committee.

To monitor the execution of duties by the directors, Hino Motors has also appointed two outside Audit & Supervisory Board members, one of which, Katsuya Natori, is an independent officer as provided for in Japan's Companies Act. The Company considers that there is an adequate management monitoring function to oversee the appropriateness and legality of management through the implementation of objective audits in partnership with the two full-time Audit & Supervisory Board members.

Hino Motors makes efforts on collaboration so that the supervisory and audit functions operate fully by establishing forums for the exchange of information between the outside directors and outside Audit & Supervisory Board members and the Representative Director in addition to providing information on important matters, including providing explanations in advance of proposals to be submitted to the Board of Directors.

In March 2022, misconduct was discovered related to the Company's applications for certification concerning the emissions and fuel economy performance of vehicle engines for the Japanese market that were subject to the 2016 emissions regulations ("post-post-new long-term regulations"). Hino Motors was subject to administrative action by the Ministry of Land, Infrastructure, Transport and Tourism, which withdrew type designations and fuel economy ratings.

None of the outside directors or outside auditors had prior knowledge of said misconduct. They have regularly and actively provided advice from the perspectives of upholding the law and thorough compliance, and have carried out their duties, including clarifying the entire story of said misconduct after it came to light, analyzing the true causes, and specifying dramatic actions to prevent reoccurrence.

The outside Audit & Supervisory Board members work to achieve mutual communication with the full-time Audit & Supervisory Board members, the directors, and other employees, and they attend the Audit & Supervisory Board members' meetings to hear about the execution of duties and internal audits from the directors and other employees. In addition, as a rule, a meeting of the Audit & Supervisory Board is held

before a meeting of the Board of Directors is convened. Thus, the Audit & Supervisory Board members in attendance, including the outside Audit & Supervisory Board members, check the proposals to be submitted to the Board of Directors to conduct a preliminary review. The outside Audit & Supervisory Board members also engage in mutual cooperation, including by receiving reports on audit planning, the implementation and results of audits, etc., as necessary from the accounting auditors and exchanging opinions with them.

3) Agreements to Limit Liability

With regard to the liability specified in paragraph 1, Article 423 of the Companies Act, Hino Motors has concluded agreements with the directors (excludes executive directors) and the outside Audit & Supervisory Board members to limit liability to the amount specified in paragraph 1, Article 425 of the Act when there has been good faith and no gross negligence in the performance of duties.

4) Internal Control, etc.

Please refer to “Basic Views on Internal Control System and the Progress of System Development” in section IV, 1 of this report, where this is set out.

3. Reasons for Adoption of Current Corporate Governance System UPDATED

Hino Motors has appointed three outside directors, one of which, Katsuya Natori, is an independent officer, to the Board of Directors, establishing a system for transparent, fair, swift and resolute decision making in its management. Moreover, in order to monitor the appropriateness and legality of management, objective audits are performed by the two outside Audit & Supervisory Board members, both of whom are independent Audit & Supervisory Board members, as provided for by Japan’s Companies Act in addition to the two full-time Audit & Supervisory Board members providing a function for monitoring the Board of Directors.

IV. Matters Related to the Internal Control System

1. Basic Views on Internal Control System and the Progress of System Development

(a) Basic Policy on Establishing a System to Ensure the Appropriateness of Business Operations of the Company

With regard to the internal control system, the Basic Policy on Establishing a System to Ensure the Appropriateness of Business Operations of the Company has been adopted as follows by the Board of Directors in accordance with revisions to Japan’s Companies Act.

Resolutions by the Board of Directors are listed here (See Appendix Sheet A)

(b) Outline of the Operational Status of the System to Ensure the Appropriateness of Operations

1. Overall Internal Control System

The basis of the internal control system at Hino Motors consists of oversight of management by the Board of Directors and decision-making after comprehensive reviews conducted by the Board of Directors (once a month), the Management Committee (twice a month) and various other inter-organizational meetings, as well as the implementation of internal audits regarding the legality, appropriateness, and efficiency of operations by the Internal Audit Division, based on in-house regulations.

Moreover, in order to foster a sound corporate culture, including at subsidiaries, Hino Motors has formulated The Hino Code of Conduct, which clarifies the attitude and behavior guidelines for the management team and employees. Hino Motors has been working to clarify the basic policies for the internal control system relating to the development of systems to ensure the appropriateness of operations at subsidiaries, which the Company has been addressing for some time, in response to the revisions to Japan's Companies Act enforced on May 1, 2015. Ongoing improvements in the systems are being implemented based on these policies after assessments are made in light of actual operational status, including evaluations by full-time directors (once per year).

In regard to the issue of misconduct concerning engine certification that was made public on March 4, 2022, system improvements that include responding to the issue are being made based on the results of investigation into misconduct by the special investigation committee.

2. Compliance and Risk Management

To strengthen the system for ensuring compliance, Hino Motors has established the Compliance Committee, which meets four times per fiscal year and is made up of the President, part-time Directors, Chief Officers of each division, and the Chief Compliance Officer (CCO), as well as outside lawyers. The Compliance Committee reviews company-wide policies and issues related to compliance, and, based on plans approved by the committee, the operating officers of each region implement various compliance measures (human resources development, organizational/climate development) in their own region in accordance with requests from the CCO. The Compliance Promotion Office, reporting to the CCO, works with relevant company departments to report on the status of compliance activities throughout the Hino Motors Group to the chair of the Compliance Committee. Furthermore, to grasp important information on compliance at an early stage, it operates a framework for internal reporting within the Hino Motors Group through the HINO Compliance Consultation Help Desk, a contact point for reaching out to outside lawyers in Japan, and the HINO Global Compliance Hotline, which serves all Group companies outside Japan and as a contact point for international specialized companies. It also preserves minutes from meetings of the Board of Directors, etc., in keeping with laws and legislation, and appropriately stores written approval of important matters, etc., in accordance with in-house regulations and manages them so that they can be viewed.

For risk management, as a basic policy to prevent risk and minimize damage when troubles arise, Hino Motors identifies and manages critical risks to corporate management, and implements comprehensive control activities and boosts risk management through the activities of the Risk Management Committee, Information Security Committee, HINO Safety, Health and Disaster Prevention Committee, HINO Environment Committee, and HINO Export Transaction Control Committee, among others.

In regard to the issue of misconduct concerning engine certification that was made public on March 4, 2022, initiatives for company-wide compliance and risk management are being strengthened as a part of measures to prevent reoccurrence, based on the results of an investigation into misconduct by the special investigation committee.

3. Ensuring Efficient Execution of Duties

Important matters such as the mid-to-long-term management plan and company policies for each fiscal year are purposefully and repeatedly examined, swiftly deliberated in the Management Committee, and then decided by the Board of Directors and shared with chief officers, deputy chief officers, officers in charge of each region, operating officers, and deputy operating officers at the Board of Directors Sharing Meeting. Hino Motors also conducts integrated policy management that ensures policy takes root at each level of the fields and establishes in-house regulations on the provisions for authority and the division of duties to enable agile decision-making to be conducted by each department, ensuring the efficiency of execution of operations. In fiscal 2020, the Board of Directors met 14 times, the Management Committee met 24 times, and joint meetings between the Board of Directors and Management Committee were held 15 times.

4. Ensuring Appropriate Operations in Group Companies

Hino Motors supervises and audits the execution of operations related to important matters for the management of subsidiaries based on the Management Regulations for Affiliated Companies, and attaches non full-time directors and Audit & Supervisory Board members to key subsidiaries. Moreover, in addition to presenting the Code of Conduct and various guidelines to Group companies for building and operating systems, Hino Motors exchanges opinions with subsidiaries with the aim of developing systems to ensure the appropriateness of operations.

5. Ensuring the Effectiveness of Audit & Supervisory Board Members

Hino Motors shares information in a timely and appropriate manner through the attendance of the full-time Audit & Supervisory Board members at all the meetings of the Board of Directors, the Management Committee and other important meetings. In addition, the departments in charge report on the execution of key operations such as the status of internal audits and the operational status of internal reporting to the Audit & Supervisory Board members periodically, while also forwarding them documents on important decisions. Each business site and subsidiary makes the necessary reports at the time of site visits by the Audit & Supervisory Board members. Hino Motors assigns independent staff to assist the duties of the Audit & Supervisory Board members, and the Management Department provides monthly reports on the execution of operations.

The expenses that arise in connection with the execution of the duties of the Audit & Supervisory Board members are paid smoothly, and the directors and the Audit & Supervisory Board members and the accounting auditor and the Audit & Supervisory Board members work to enhance the audits through the Company's internal control system by holding meetings, striving to communicate, and exchanging the necessary information.

2. Basic Policy and Preparation towards the Elimination of Anti-social Forces

Based on The Hino Code of Conduct, Hino Motors' basic policy is to have no relationship with anti-social forces.

The Hino Code of Conduct clearly states that Hino Motors takes resolute action as an organization against organized violence and criminal activities by anti-social forces or groups, and that when confronted with an undue demand, we should consult immediately with the relevant department and work with the appropriate authorities to swiftly resolve the issue. Hino Motors makes the above thoroughly known to its officers and employees.

V. Other

1. Adoption of Anti-Takeover Measures

Other Matters Concerning Corporate Governance System	See Appendix Sheet 1
--	----------------------

2. Other Matters Concerning Corporate Governance System

The internal system for the timely disclosure of Hino Motors' corporate information is as follows.

1. Hino Motors has established the Hino Code of Conduct which clearly states the conduct guidelines for officers and employees. This includes the following provisions on the timely disclosure of corporate information.

We seek to implement an active investor relations (IR) program, disclosing information pertinent to Hino's operation such as business performance and financial position in an accurate and timely manner. We also disclose our management policy and the measures we are taking to improve profits, and take all opinions and criticism seriously, passing along this information as feedback to top management and other concerned departments and divisions.

2. In order to achieve the above, Hino Motors clarifies important information disclosure rules (information that must be disclosed, departments responsible for disclosure, disclosure procedure, etc.) as follows, and discloses company information at a suitable time according to the process below.

* Departments with responsibility for disclosure: Public Affairs Department, Finance & Accounting Department, Legal and Intellectual Property Department, Corporate Strategy Department

- 1) Each internal department shall take the following measures when there is information that should be disclosed in the department (and the subsidiaries that it supervises) in accordance with regulations on disclosure at suitable times prescribed by the Tokyo Stock Exchange.
 - a) With regard to information on decisions, each department and the division with responsibility for disclosure consult on the method and timing of timely disclosure at the planning and review stage for each project.
 - b) With regard to information on facts which occurred, each department contacts the division with responsibility for disclosure as it obtains the information.
- 2) Hino Motors determines the details of disclosure as follows.
 - a) The details of disclosure for information on decisions are determined at meetings such as the Board of Directors and the Management Committee.
 - b) The details of disclosure for information on facts which occurred are determined based on consultation between the division with responsibility for disclosure and the department in charge of the case in question.
- 3) The department with the responsibility for handling information (Public Affairs Department) promptly carries out disclosure to the stock exchange in light of the decisions described above.

Appendix Sheet A

< The Basic Policy on Establishing a System to Ensure the Appropriateness of Business Operations of the Company >

Hino Motors has developed a system to ensure the appropriateness of business operations under the Basic Policy below.

Hino Motors fosters a sound corporate culture that includes subsidiaries based on the HINO Credo and The Hino Code of Conduct.

Hino Motors works to gain the trust of stakeholders, achieve sustained growth and enhance corporate value, seeking to achieve the corporate mission stated in the HINO Credo. Hino Motors recognizes that further strengthening corporate governance is vital to enhancing corporate value and will work relentlessly to improve the operation of the Board of Directors. In addition to detecting problems in operational processes and incorporating mechanisms for improvement at the sites where operations are actually executed, Hino Motors will make unwavering efforts to develop the human resources to implement these approaches.

1. System to Ensure that the Execution of Duties by Directors Conforms to Laws and Regulations and the Articles of Incorporation

- (1) Directors act in compliance with laws, regulations, the Articles of Incorporation of the Company, the HINO Credo, and The Hino Code of Conduct.
- (2) Decisions are made following comprehensive review by the Board of Directors and a variety of inter-organizational meetings based on the division of duties and in-house regulations, and directors supervise each other.
- (3) Internal audits on the legality, appropriateness, and efficiency of operations are conducted based on in-house regulations, and in addition to confirming the results and the risk management status and making the necessary improvements, information is disclosed appropriately and in a timely manner.

In order to ensure that the execution of duties by the directors complies with laws, regulations, and the Articles of Incorporation of the Company based on the above recognition, Hino Motors has developed a system, outlined below, to ensure the appropriateness of operations under the provisions of ordinances of the Ministry of Justice of Japan.

2. System Regarding Storage and Management of Information on Execution of Duties by the Directors

Hino Motors ensures the appropriate storage and management of information on the execution of duties by the directors by each department in charge based on the relevant rules, laws and regulations.

3. Rules for Management of Risk of Loss and Other Systems

- (1) Business and investment-related risks are managed through meetings of the Board of Directors, the Management Committee and a variety of inter-organizational meetings held on a company-wide basis in accordance with in-house regulations. Officers are in charge of and responsible for all investment-related risks in their jurisdiction.
- (2) For other risks including safety, quality, the environment and information security, the Risk Management Committee deliberates on and determines the overall system based on the Risk Management Regulations, and the officers in each field with jurisdiction manage each individual risk. When a risk materializes, Hino Motors takes appropriate measures to minimize damages, based on the Risk Management Regulations.

4. System to Ensure Efficient Execution of Duties by Directors

- (1) Based on the medium- to long-term management policy and the Company's policy each fiscal year, Hino Motors gives concrete shape to its policies at each level of the organization, engaging in consistent policy management.

- (2) The Board of Directors and the directors lead and supervise general managers, deputy general managers, supervising officers, field directors, and deputy field directors based on management policy, while collaborating with executive officers from a management perspective. At the same time, they delegate executive authority in each field to the field directors to carry out flexible decision making.

5. System to Ensure that Execution of Duties by Employees Conforms to Laws, Regulations, and the Articles of Incorporation of the Company

- (1) Hino Motors ensures that the HINO Credo and The Hino Code of Conduct are well known to employees.
- (2) Hino Motors ensures that the execution of operations is conducted in accordance with decisions of the Board of Directors, based on in-house regulations and other methods for the approval of important matters.
- (3) In addition to clarifying the duties of each organization, Hino Motors maintains an infrastructure for achieving continuous improvement.
- (4) Hino Motors has established a Compliance Committee to improve and strengthen the compliance system and conducts appropriate deliberation about important issues and responses related to corporate ethics and compliance in and outside Japan.
- (5) Hino Motors aims to quickly grasp and resolve compliance concerns and issues related to laws and ordinances, as well as abide by inhouse regulations through means such as the HINO Compliance Consultation Help Desk. In addition, Hino Motors ensures protection so that whistleblowers are not penalized.

6. System to Ensure Appropriate Operations in Corporate Group Composed of the Joint Stock Company as well as its Parent Company and Subsidiaries

Hino Motors has extended the HINO Credo and Hino Code of Conduct, which are based on The Toyota Precepts and the Guiding Principles at Toyota of the parent company Toyota Motor Corporation, to its subsidiaries as a common code of conduct for the Group in its endeavors to create an environment to properly ensure the soundness of Group operations. The Company also works to disseminate the HINO Credo and the Hino Code of Conduct through human interaction.

- (1) Important Matters for Group Management Deliberated by the Board of Directors of Hino Motors
Hino Motors has established the Management Regulations for Affiliated Companies and related regulations as a framework for reporting to the joint stock company on matters related to the execution of duties by the directors of subsidiaries, and the department at Hino Motors with responsibility for subsidiaries verifies the appropriateness and legality of operations at subsidiaries through information exchange on a regular basis and when needed. Important matters for Group management are deliberated by the Board of Directors of Hino Motors.
- (2) Rules for Management of Risk of Loss at Subsidiaries and Other Systems
Hino Motors has established risk management systems at its subsidiaries based on risk management regulations at the Company. After the department at Hino Motors with responsibility for subsidiaries collects and evaluates risk information, the department in charge promptly reviews the countermeasures for major risks and the situation is deliberated on by the appropriate meeting at Hino Motors.
- (3) System to Ensure Efficient Execution of Duties by Directors of Subsidiaries
Hino Motors has the directors of subsidiaries produce management policies and annual business plans and requires regular reports. In addition, the Company has established in-house rules on areas such as provisions for authority and the division of duties based on the Management Regulations for Affiliated Companies and seeks to ensure that authority is delegated appropriately and duties are performed efficiently based on these rules.
- (4) System to Ensure that Execution of Duties by Directors and Employees of Subsidiaries Conforms to Laws, Regulations, and the Articles of Incorporation of the Company
Hino Motors helps its subsidiaries to operate a compliance system and to establish an internal reporting service. In addition, Hino Motors operates an external reporting service. The Company conducts regular inspections including a variety of audits on the state of compliance, which are

reported to the Compliance Committee. Hino Motors provides support including the holding of training seminars and other events as appropriate for compliance staff at its subsidiaries.

7. System for Support Staff Where Required by Audit & Supervisory Board Members, Independence of Support Staff from Directors, and System for Ensuring the Effectiveness of Instructions from Audit and Supervisory Board Members to Support Staff

Hino Motors assigns the appropriate number of staff to support the duties of audit & supervisory board members. These personnel are approved in advance by the Audit & Supervisory Board or the full-time audit & supervisory board member designated by the audit & supervisory board.

8. System for Reporting to the Audit & Supervisory Board Members and System for Ensuring that Persons Making Such Reports Do Not Receive Adverse Treatment as a Result

(1) Directors report properly on the execution of the main operations to the audit & supervisory board members as appropriate through the department in charge. In addition, they report immediately to the audit & supervisory board members when they discover facts likely to cause significant damage to the Company or its subsidiaries.

(2) The directors, the executive vice presidents, senior managing officers, executive officers and other employees report on business to the audit & supervisory board members regularly and as required on the request of the audit & supervisory board members.

(3) The directors, the executive vice presidents, senior managing officers, executive officers and other employees, or the directors, audit & supervisory board members or employees of subsidiaries report on business of the subsidiary regularly and as required on the request of the audit & supervisory board members.

(4) Hino Motors has established provisions that stipulate a person who makes a report to the audit & supervisory board members shall not receive adverse treatment by reason of having made the said report, and makes these provisions well known to the directors, the executive vice presidents, senior managing officers, managing officers, executive officers and other employees.

9. Policies on Handling of Expenses and Liabilities from the Execution of Duties by Audit & Supervisory Board Members

With regard to the expenses required for the execution of the duties of the audit & supervisory board members, Hino Motors makes budgetary provision for the amount considered necessary by the audit & supervisory board members. The Company also pays the expenses required for reasons that cannot be anticipated when making budgetary provisions.

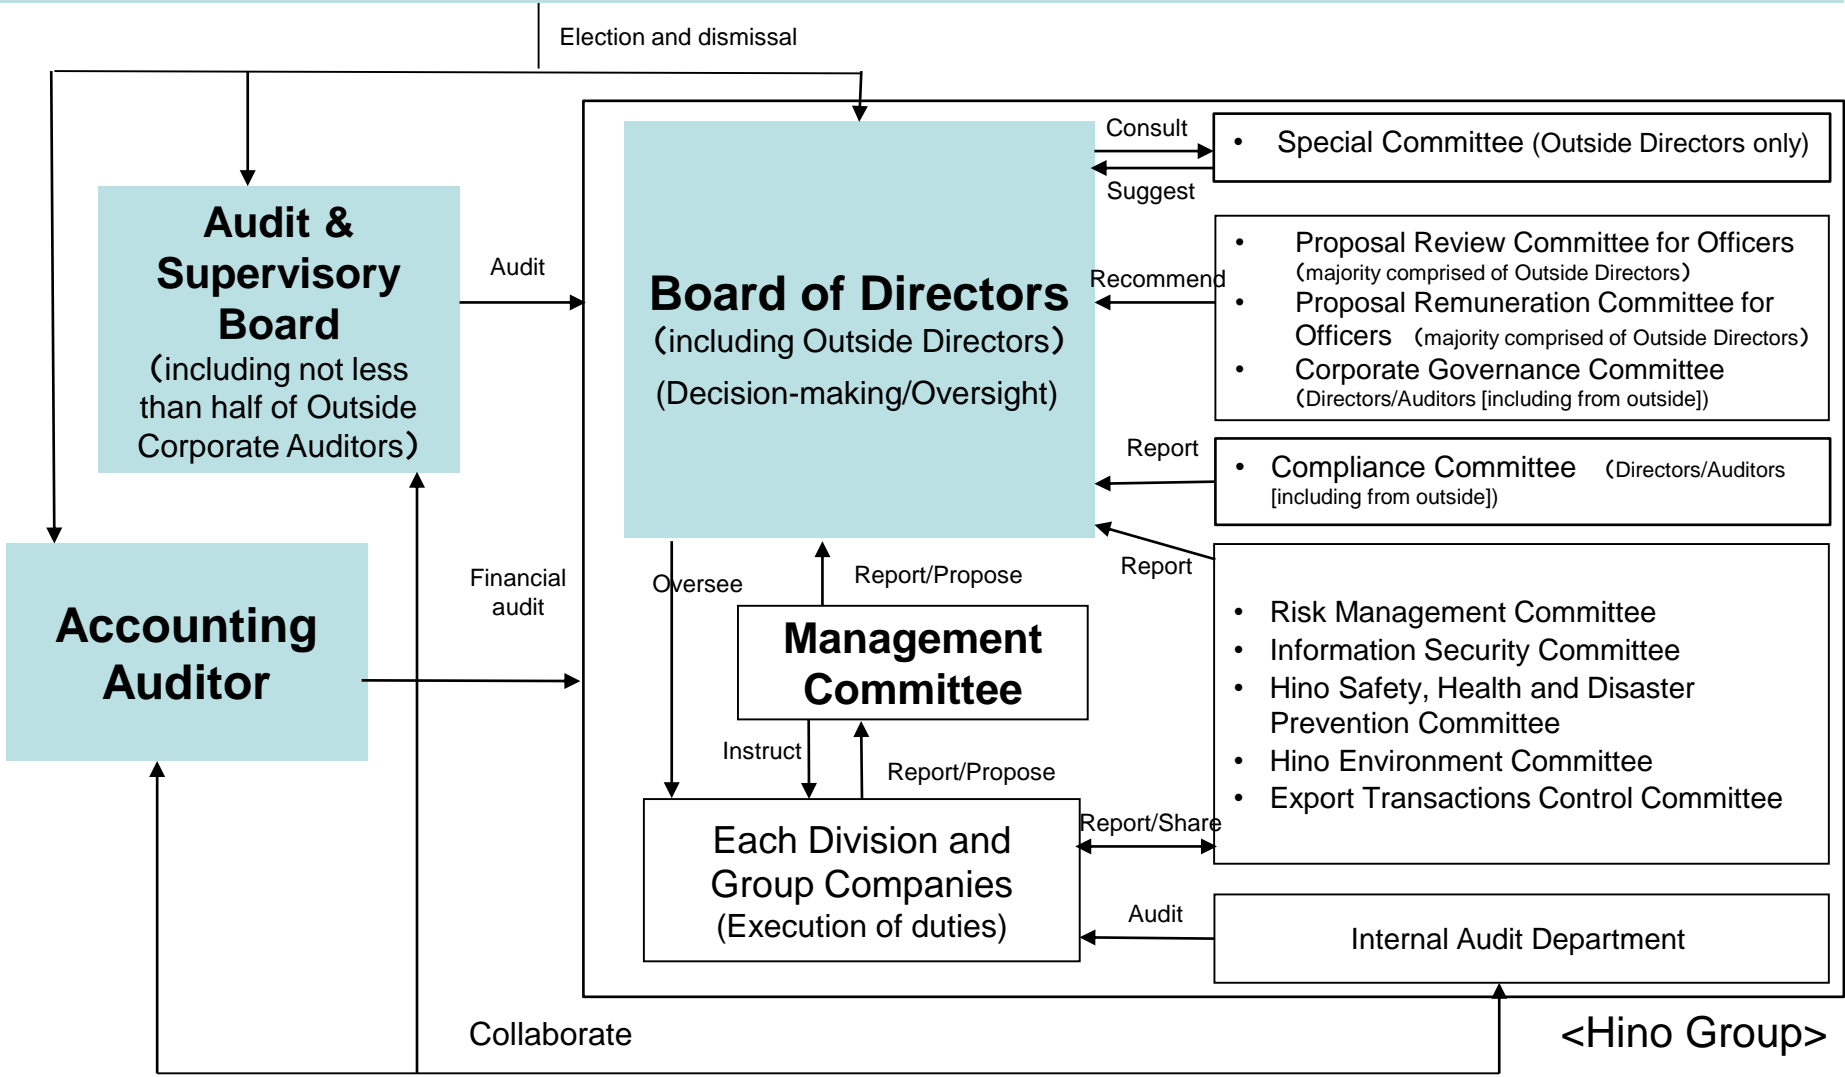

10. Other Systems for Ensuring That Audits by Audit & Supervisory Board members are Conducted Effectively

In addition to having audit & supervisory board members attend the main meetings of officers, Hino Motors ensures there are opportunities for audit & supervisory board members to view important documents and exchange information with accounting auditors regularly and as necessary.
