Please note that, at the 7th Annual General Meeting of Shareholders of the Company held on March 24, 2022, an approval was granted to the effect that (1) the total amount of monetary remuneration payable to grant restricted stocks to the Directors under the Plan shall not exceed 50 million yen per year (of which, the amount shall not exceed 10 million yen per year for Outside Directors), (2) the transfer restriction period for restricted stocks shall be a period from when the allotted shares are granted until the retirement or resignation (excluding cases where the Director is reappointed to or assumes either of those positions simultaneous with such resignation or retirement; the same applies hereinafter) of such Director and executive officer from his or her position as Director or other position defined by the Board of Directors, and (3) (i) a Director continuously maintains his or her position during the service provision period as determined by the Company’s Board of Directors and (ii) if a Director resigns from his or her position

3. Outline of the Plan

The paid-in amount per common share to be issued or disposed under the Plan shall be determined by the Board of Directors of the Company within a range that is not particularly advantageous to the Eligible Executive Members and the Eligible Employees, based on the closing price of the Company's common shares on the Tokyo Stock Exchange on the business day prior to the resolution of the Board of Directors concerning the issuance or disposition thereof (or, if there is no closing price on that day, the closing price on the trading day immediately prior thereto).

In addition, for the purpose of the issuance or disposal of shares of common stock of the Company under the Plan, the Company and the Eligible Executive Members/the Eligible Employees shall enter into a restricted share allotment agreement (hereinafter, the "Allotment Agreement") that shall include mainly the following provisions.

<Outline of the Allotment Agreement for the Eligible Executive Members >

Upon the issuance of the Allocated Shares, the Company and each Eligible Executive Member will execute a restricted stock allocation agreement as outlined below.

(1) Transfer Restriction Period

An Eligible Executive Member shall not transfer, create a security interest on, or otherwise dispose of the common shares allotted pursuant to the Allotment Agreement during the period from May 12, 2023 (the "Payment Date") until the retirement or resignation (excluding cases where the Eligible Executive Member is reappointed to or assumes either of those positions simultaneous with such resignation or retirement; the same applies hereinafter) of such Eligible Executive Member from his or her position as either Director, executive officer or employee (hereinafter, the "Transfer Restriction Period").

(5) Treatment in Case of Organizational Restructuring, etc.

During the Transfer Restriction Period, if a matter relating to a merger agreement under which the Company will become the dissolving company, a share exchange agreement or a share transfer plan under which the Company will become a wholly owned subsidiary, or any other organizational restructuring is approved at a General Meeting of Shareholders of the Company (or, if an approval at a General Meeting of Shareholders of the Company is not required regarding the above-mentioned organizational restructuring, then the approval of the Board of Directors of the Company), the transfer restrictions shall, at the time immediately prior to the business day immediately preceding the effective date of such organizational restructuring, be lifted in respect of the number of the shares, which is the amount obtained by dividing the number of months passed from the month following the month in which the Service Provision Period begins to the month in which the organizational restructuring is approved by 12 (however, when the resulting number is more than 1, the number shall be set at 1.) and then multiplying this amount by the number of the Allotted Shares which such Eligible Executive Member has (however, if any fractional share arises as a result of the calculation, the number shall be rounded down).

<Outline of the Allotment Agreement for the Eligible Employees >

Upon the issuance of the Allocated Shares, the Company and each Eligible Employee will execute a restricted stock allocation agreement as outlined below. A part of the Eligible Employees will execute an agreement under the same conditions for the Eligible Executive Members.

If, however, the employment period of the Eligible

Employee expires during the Transfer Restriction Period (or if the reemployment period of the Eligible Employee who is reemployed after mandatory retirement expires), or an Eligible Employee resigns from his or her position as either Director, executive officer or employee or retires from the Company before the expiration date of the Transfer Restriction Period due to his or her death, or any other reason that the Company's Board of Directors deems justifiable, the Company shall lift the transfer restrictions on the number of the shares, which is the amount obtained by dividing the number of months passed from the month following the month that contains the Payment Date to the month in which such Eligible Employee ceases to hold any of the positions above by 36 and then multiplying this amount by the number of the Allotted Shares which such Eligible Employee has (however, if any fractional share arises as a result of the calculation, the number shall be rounded down).

(3) Acquisition of the Allotted Shares by the Company without consideration

The Company shall automatically acquire without contribution the Allotted Shares for which the transfer restrictions have not been lifted at the expiration of the Transfer Restriction Period.

(4) Management of Shares

In order to prevent the Allotted Shares from being transferred, having any security interest created thereon or otherwise being disposed of during the Transfer Restriction Period, the Allotted Shares will be managed using a dedicated account that has been opened at Daiwa Securities Co.Ltd. by the Eligible Employees.

(5) Treatment in Case of Organizational Restructuring, etc.

During the Transfer Restriction Period, if a matter relating to a merger agreement under which the Company will become the dissolving company, a share exchange agreement or a share transfer plan under which the Company will become a wholly owned subsidiary, or any other organizational restructuring is approved at a General Meeting of Shareholders of the Company (or, if an approval at a General Meeting of Shareholders of the Company is not required regarding the above-mentioned organizational restructuring, then the approval of the Board of Directors of the Company), the transfer restrictions shall, at the time immediately prior to the business day immediately preceding the effective date of such organizational restructuring, be lifted in respect of the number of the shares, which is the amount obtained by dividing the number of months passed from the month following the month that contains the Payment Date to the month in which the organizational restructuring is approved by 36 and then multiplying this amount by the number of the Allotted Shares which such Eligible Employee has (however, if any fractional share arises as a result of the calculation, the number shall be rounded down).

4. Basis of Calculation of the Payment Amount and Specific Details thereof

The Issuance of New Shares to each scheduled allottee shall be carried out by having such scheduled allottee make an in-kind contribution to the Company of the monetary compensation receivables granted to such scheduled allottee by the Company under the Plan. In order to eliminate any arbitrariness in the determination of the issue price, the issue price shall be 1,167 yen, which is the closing price of the shares of common stock of the Company on the Tokyo Stock Exchange, Inc. on April 13, 2023 (the business day immediately preceding the date of the resolution of the Board of Directors). The Company believes that this amount is reasonable on the basis that it is the market stock price immediately prior to the date on which the Board of Directors of the Company adopted a resolution for the Issuance of New Shares, and that the issue price does not represent a price that is particularly favorable to the Eligible Executive Members and the Eligible Employees.
