Notice Concerning the Temporary Output Curtailment

During the period from April 10, 2023 to April 16, 2023, general power transmission and distribution company (hereinafter referred to as “GPTD”) conducted its temporary curtailment on renewable energy output under the Renewable Energy Act, pursuant to which electric utility operators are able to suspend energy procurement without compensation for a certain period. Canadian Solar Infrastructure Fund, Inc. (hereinafter referred to as the “Fund” or “CSIF”) hereby provides further update on the impact to the Fund’s assets during this period.

1. CSIF PV Plant affected by this Curtailment

Based on the notification by GPTD in each area, energy generation from the Fund’s PV Power Plant was temporarily suspended from 8:00am to 4:00 pm by Canadian Solar O&M Japan K.K. which is O&M operator of CSIF for those power plants for which remote-controlled curtailment (Note) devices have not been installed yet (hereinafter referred to as “Not-installed Power Plant) and also the Fund’s PV Power Plant was temporarily suspended for certain time slots by GPTD for those power plants for which designated devices have already been installed (hereinafter referred to as “Installed Power Plant”) on the date provided below.
