April 2023 Operating Results

ASKUL Corporation released data today on results for April 2023. For details on non-consolidated net sales, and year-on-year growth on sales per customer and the number of customers of the B-to-B business, see the Supplementary Information.

Net sales

Non-consolidated net sales for April (from March 21, 2023 to April 20, 2023) increased 0.6% year-over-year. Non-consolidated net sales of the mainstay B-to-B business was +6.3% YoY. Compared to April 2022, the number of business days was the same, thus, the growth rate after the adjustment is omitted. The B-to-B business posted the highest single-month sales in its history.

Non-consolidated net sales of LOHACO decreased 33.3% because of the impact of the changes in campaign method, and a decrease in sales for overseas demand.
