Corporate Governance Report

CORPORATE GOVERNANCE

Mitsubishi Electric Corporation

Last Update: April 28, 2023

Mitsubishi Electric Corporation

Kei Uruma, President & CEO

Contact: Public Relations Division

Phone: 81-3-3218-2332

Securities code: 6503

<https://www.MitsubishiElectric.com/en/>

The corporate governance of Mitsubishi Electric Corporation (the “Company” or the “Group” for Mitsubishi Electric Group) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

The Mitsubishi Electric Group places more focus than ever on sustainability initiatives at the management level to realize “a vibrant and sustainable society” that we have committed to in our Purpose. The Group has identified five areas as materiality (important challenges) to “provide solutions to social challenges through our businesses” and to “strengthen our business foundation to enable sustainable growth.” Through these materiality initiatives, the Group will create economic and social value and will contribute to solving social challenges.

As a part of our initiatives to strengthen our business foundation to enable sustainable growth, the Group recognizes the importance of corporate governance as a fundamental precondition for our continued existence. The Group’s fundamental policy is to further enhance its corporate value by constructing, maintaining, and sustainably strengthening a corporate governance system that more accurately meets the expectations of society, our customers, shareholders, employees, and all other stakeholders.

As a company with a three-committee system, the Company segregates the supervisory and executive functions; the Board of Directors plays a supervisory decision-making role and Executive Officers handle the day-to-day running of the Company. This system maintains the flexibility of its operations and promotes management transparency, leading to swift and decisive management decision-making. Through this system, the Company aims to promote sustainable growth in corporate value. To this end, the Company recognizes the importance of a highly independent Board of Directors adequately fulfilling its roles and responsibilities in corporate governance as a supervisory function.

The Board of Directors formulates and publishes Mitsubishi Electric Corporation Corporate Governance Guidelines based on the views outlined above. The purpose of the Guidelines is to promote a clear understanding of the fundamental approach and framework of corporate governance and to build long-lasting, mutually trusting relationships through constructive dialogue with shareholders. The Board will inspect and review the Guidelines on an ongoing basis to ensure that the basic policy is effectively implemented and enhance our corporate governance practices.

In regard to compliance with the Corporate Governance Code established by the Tokyo Stock Exchange (issued in June 2021), “Mitsubishi Electric Corporation Initiatives to Comply with the Corporate Governance Code” is disclosed based on the Corporate Governance Guidelines.

This Corporate Governance Report contains the Company’s corporate governance policies and information for the fiscal year, in accordance with the format prescribed by the Tokyo Stock Exchange.

“Corporate Governance” https://www.mitsubishielectric.com/en/investors/management/corp_governance/

Reasons for Non-compliance with the Principles of the Corporate Governance Code

The Company implements all principles of the Corporate Governance Code, as revised in June 2021.

Disclosure Based on the Principles of the Corporate Governance Code

[Principle 1.4. Cross-Shareholdings]

(1) Policy on cross-shareholdings

The Company has a basic policy of not holding cross-shareholdings in principle. However, the Company may hold shares that are deemed necessary for business operations.

The Company will determine the significance of shareholdings holistically based on factors such as profitability, business viability, and holdings risk. Every year, such shareholdings are examined and verified in the Executive Officers’ and the Board of Directors’ Meetings. Profitability is evaluated based on whether the total income and dividends received from related businesses are sufficient to cover capital costs. Business viability is assessed based on whether there have been any significant changes in business relationships, transaction amounts, or other relevant factors. Holdings risk is assessed based

on whether there has been a decline in the investee's corporate value.

Any shares that are deemed to be of little significance for holding are reduced by selling them or other means, taking into account the circumstances of the company in question.

(2) Standards for exercising voting rights in cross-shareholdings

The Company reviews the exercise of voting rights related to cross-shareholdings based on the separately provided guidelines for voting rights. Our decision to exercise or not exercise these voting rights is based on whether it will benefit not only the investee's corporate value but also contribute to the enhancement of the Company's corporate value. The Company will counter-exercise a proposal if it raises concerns that our corporate values may be negatively impacted.

[Principle 1.7. Related Party Transactions]

The Company's Rules for the Board of Directors specify that any competitive or conflict-of-interest transactions involving Directors and Executive Officers will be addressed by the Board of Directors. The Board of Directors will fully deliberate on such matters based on the opinions of independent outside directors.

The Company also periodically conducts annual surveys to determine whether there are any related party transactions between the Company and its Directors, Executive Officers, Executive Officers (Associates), and their relatives.

[Supplementary Principle 2.4.1. Ensuring Diversity]

In the Medium-term Management Plan towards fiscal 2026 (year ending March 31, 2026), the Company states that it will contribute to realizing a vibrant and sustainable society, including response to decarbonization, by increasing the provision of integrated solutions through the strengthening of the business management foundation, promoting digital transformation, and other activities. As the business environment around the Company is rapidly changing, the Company recognizes that it is critical for business development in which individuals respect one another and work together to maximize their own abilities and work actively, regardless of gender, age, nationality, disability, and other factors. Based on this recognition, the Company has been committed to promoting initiatives to ensure diversity among employees, regardless of gender, nationality, age, disability, or other factors.

For more information, please refer to "Other" under "III.3. Status of Measures to Ensure Due Respect for Stakeholders" of this report.

[Principle 2.6. Roles of Corporate Pension Funds as Asset Owners]

The Company manages its corporate pension funds through the Mitsubishi Electric Pension Fund.

In April 2021, the Fund announced the adoption of Japan's Stewardship Code and has requested that entrusted asset management firms engage in stewardship activities.

Adoption of Japan's Stewardship Code

<https://melco-kikin.or.jp/stewardship/>

The Mitsubishi Electric Pension Fund is managed by the Board of Representatives in accordance with the fundamental management policies decided by the Council, which consists of representatives of the Company and employees. As for the investment management of pension assets, the Asset Management Committee is consulted for advice, and important decisions are made and implemented by the Board of Representatives and Council after careful deliberations. The Council, Board, Committee, and other relevant groups are all made up of both representatives of employees and personnel who have knowledge of HR, accounting, finance, and other relevant functions. This structure is intended to ensure sound management of pension assets from the perspective of professional expertise and beneficiary protection. The Board of Representatives is elected from among the Council members, and among them, a person with knowledge and experience in finance and accounting is appointed as the Investment Executive Director, who is responsible for the execution of asset management. After starting the management of pension assets, the Company strives to ensure stable management of the fund by monitoring investment status, confirming consistency with the investment guidelines, and interviewing fund managers on a regular basis.

[Principle 3.1. Full Disclosure]

(1) Purpose, Corporate Strategy, and Management Plan

The Company endeavors to communicate its Purpose, Corporate Strategy, and Management Plan in a timely and appropriate manner by promoting proactive information dissemination and investor relations activities.

The Company has declared that it will contribute to the realization of a vibrant and sustainable society in our Purpose. In accordance with the Purpose, the Company will return to our fundamental principle of addressing social challenges through our businesses and position the realization of sustainability as the cornerstone of our management, in addition to realizing well-balanced corporate management from the three perspectives of growth, profitability/efficiency, and soundness. To

promote “addressing social challenges through our businesses,” the Company has designated five challenge areas to focus on: Carbon neutrality, Circular economy, Safety and security, Inclusion, and Wellbeing. To achieve this, through co-creation and by integrating knowledge within and outside the Group, we will transform into a “Circular Digital-Engineering” company that provides evolved, integrated solutions, thereby contributing to solving various social issues. From this approach, the Group will pursue a sustained enhancement of our corporate value and fulfill our responsibility to society, to our customers, shareholders and employees, and to all other stakeholders.

In the Medium-term Management Plan, the Company has made efforts to further improve corporate value, with financial targets for fiscal 2026 including consolidated net sales of 5 trillion yen or more, an operating profit margin of 10%, a return on equity (ROE) of 10%, and cash generation of 3.4 trillion yen in five years. In terms of the Company’s policy on generated cash, 2.8 trillion yen out of the 3.4 trillion yen generated over five years will be allocated to Key Growth Businesses with the highest priority on investment for growth. The 0.6 trillion yen is intended to further strengthen shareholder returns through profit growth.

For more information, please visit the Company’s website.

“Purpose” <https://www.mitsubishielectric.com/en/about/purpose>

“Management policy/Corporate strategy” <https://www.mitsubishielectric.com/en/about/policy/>

“Presentations & Events” <https://www.mitsubishielectric.com/en/investors/library/presentations/>

(2) Basic Views and Basic Policy on Corporate Governance

Please refer to “II. Basic Views” of this report. For more information, please visit the Company’s website.

“Corporate Governance” https://www.mitsubishielectric.com/en/investors/management/corp_governance/

(3) Policy for Determining Compensation for Directors and Executive Officers, etc.

The policies for determining compensation for Directors, Executive Officers, etc. are determined by the Compensation Committee, which is chaired by an independent outside director, with the majority of the members being independent outside directors. The Committee also determines the details of compensation for individual Directors and Executive Officers, performance evaluations related to the incentive compensation of Executive Officers, and the individual compensation of Executive Officers. The details of activities of the Compensation Committee are reported to the Board of Directors each time an activity is performed.

For more information, please refer to “Disclosure of Policy for Determining Compensation Amounts and the Calculation Methods Thereof” of “Compensation for Directors and Executive Officers” under “III. Organizational Composition and Operation” of this report.

(4) Policies and Procedures for Nominating and Appointing the Directors and Executive Officers

(a) Policies

<Directors>

Based on the Company’s policy, the Nomination Committee nominates candidates who meet the requirements to hold a Director position. The Nomination Committee evaluates each candidate comprehensively to determine whether they possess the character, acumen, and business and professional experience suited to supervise the Company’s management. To continuously improve the supervisory function to be performed by the Board of Directors, ultimately leading to an increase in corporate value, the various skills held by Directors are matrixed and disclosed in the Notice of Convocation of the General Meeting of Shareholders.

<Executive Officers>

Based on the Company’s policy, the Board of Directors nominates candidates who meet the requirements to hold an Executive Officer position. The Board of Directors evaluates each candidate comprehensively to determine whether they possess the character, acumen, and business and professional experience suited to execute management.

(b) Procedures

The candidates for the Board of Directors are nominated and appointed by the Nomination Committee, and those for the Executive Officers are nominated and appointed by the Board of Directors. To ensure sufficient independence and objectivity, the Company’s Board of Directors and Nomination Committee will be chaired by independent outside directors, and the majority of their members will also be independent outside directors.

When dismissing the Directors and Executive Officers, the Nomination Committee and the Board of Directors will make decisions from a comprehensive perspective, respectively.

(5) Reasons for Nominating and Appointing the Directors and Executive Officers

The reasons for the nomination of candidate Directors and the brief biographical outlines, positions, and responsibilities of Directors and Executive Officers are disclosed in the Notice of Convocation of the General Meeting of Shareholders, the Annual Securities Report, and other reports. In the Notice of Convocation of the General Meeting of Shareholders, in

particular, the Company strives to provide appropriate information so that shareholders have a better understanding of candidates' qualifications and performances, which serves as useful information for making decisions regarding their election. For more information, please visit the Company's website.

"Shareholders' Meeting" <https://www.mitsubishielectric.com/en/investors/meeting/>

"Annual Securities Report / Quarterly Report" https://www.mitsubishielectric.com/en/investors/library/securities_report/

[Supplementary Principle 3.1.3. Sustainability Initiatives]

The Company's views, policies, and initiatives on sustainability are disclosed through the Company's website, the Integrated Report, the Sustainability Report, etc.

"Sustainability" <https://www.mitsubishielectric.com/en/sustainability/>

"Integrated Report / Annual Report" https://www.mitsubishielectric.com/en/investors/library/integrated_report/

"Sustainability Reports" <https://www.mitsubishielectric.com/en/sustainability/reports/>

For more information, please refer to "Implementation of Environmental Preservation Activities and CSR Activities, etc." under "III3 Status of Measures to Ensure Due Respect for Stakeholders" of this report.

[Supplementary Principle 4.1.1. Decisions, etc., Made by the Board of Directors]

The Company's Board of Directors is dedicated to supervising management after stipulating specific topics as deliberation criteria for the Board of Directors. By delegating to the Executive Officers the authority to make all business execution decisions within the limits permitted by the Companies Act, it is possible to ensure swift and decisive decision-making and appropriate risk-taking in business execution.

Because the Board of Directors is dedicated to supervising management, the Board is able to fully discuss critical decisions that form the foundation of management, such as the Group's basic management policies (Purpose, Our Values, Commitment, Management Policy, and Corporate Strategy) and the Group's key agenda items established in July 2022, which are four agenda items: medium- to long-term corporate strategy, organizational culture reform, sustainability initiatives, and human resources strategy.

The Board of Directors is chaired by an independent outside director, and a majority of the members are independent outside directors who provide advice and supervision to management from an independent and objective perspective.

[Principle 4.9. Independence Standards, etc., for Independent Outside Directors]

The Company has specified the independence standards for outside directors, and these standards are disclosed in the Notice of Convocation of the General Meeting of Shareholders, the Annual Securities Report, the Corporate Governance Report, etc.

The outside directors are expected to supervise management from a high-level perspective based on their abundant experience. Those who are comprehensively judged to possess the character, acumen, and business and professional experience suited to fulfill that role, and who satisfy the requirements of independent executives specified by the Tokyo Stock Exchange and the requirements specified in Mitsubishi Electric's Independency Guideline for Outside Directors and thus possess no risk of giving rise to any conflict of interest with the general shareholders of the Company, are nominated as the outside director candidates by the Nomination Committee.

In the Independency Guideline for Outside Directors defined by the Company, the independence of candidates is more strictly judged by setting specific numerical criteria, such as the amount of transactions, etc., as well as by the standard of the Financial Instruments Exchange.

For specific independency standards, please refer to "Other Matters Concerning Independent Directors" of "Matters Concerning Independent Directors" under "III1. Organizational Composition and Operation" of this report.

[Supplementary Principle 4.10.1. Nomination Committee and Compensation Committee]

As a company with a three-committee system, the Company has set up the statutory Nomination Committee and Compensation Committee, each chaired by independent outside directors. Recognizing the importance of ensuring independence and objectivity for both Committees, the majority of each Committee is composed of independent outside directors.

The Nomination Committee has authority over the appointment and dismissal of Directors and the decision on proposals regarding the appointment and dismissal of the President & CEO to be submitted to the Board of Directors. The Committee is also responsible for leading the succession planning of independent outside directors, discussing the personnel requirements for the President & CEO and the content and operational status of succession planning (the appointment and training of candidates), and reporting back to the Board of Directors.

The Compensation Committee has the authority to determine the policies for determining compensation for Directors, Executive Officers, etc., the details of compensation for individual Directors and Executive Officers, performance evaluations related to the incentive compensation of Executive Officers, and the individual compensation of Executive Officers.

Under this authority and role, both Committees deliberate on matters relating to the nomination and compensation, giving due consideration to the diversity and skills perspective.

The members and attendance of each Committee and their activity results are disclosed in the Notice of Convocation of the General Meeting of Shareholders, the Corporate Governance Report, the Annual Securities Report, etc.
For more information, please refer to [Committees] in “II.2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Compensation Decisions (Overview of Current Corporate Governance System)” of this report.

[Supplementary Principle 4.11.1. Overall Balance of Expertise, Experience, and Capabilities the Board of Directors Should Possess and Views Regarding Diversity and Scale]

The Group will appropriately collaborate with all stakeholders, including society, customers, shareholders, and employees, and through co-creation and by integrating knowledge within and outside the Group, the Group will transform into a “Circular Digital-Engineering” company that provides evolved, integrated solutions, thereby contributing to solving various social issues and pursuing a sustained enhancement of our corporate value.

The Nomination Committee discusses the skills the Board of Directors should have to properly supervise the execution of corporate strategy. The Company recognizes the importance of ensuring the Board of Directors as a whole is competent in various areas of corporate management and strategy, governance, finance and accounting, legal affairs and compliance, human resources and human resources development, global affairs, engineering, manufacturing, and R&D. Therefore, the Company has identified these as skills that should be possessed by the Board of Directors.

The outside directors, in particular, are chosen after consideration to ensure a well-balanced Board composition. For instance, the Board includes individuals with extensive experience in corporate management and in-depth knowledge of international affairs, lawyers with expertise in compliance and other internal controls, as well as certified public accountants and tax accountants with extensive expertise in accounting and tax practices.

The specific skills held by individual Directors are matrixed and disclosed in the Notice of Convocation of the General Meeting of Shareholders. The skill matrix explains the capabilities that the Board of Directors should have as a whole and currently possesses. The skill matrix is also shown in the attachment.

“Shareholders’ Meeting” <https://www.mitsubishielectric.com/en/investors/meeting/>

For more information, please refer to [Policy on Director Candidate Selection] in “II.2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Compensation Decisions (Overview of Current Corporate Governance System)” of this report.

[Supplementary Principle 4.11.2. Status of Directors and Executive Officers Concurrently Serving as Officers of Other Listed Companies]

The attendance of each Board of Directors and Audit Committee member, as well as significant concurrent positions of Directors and Executive Officers, are disclosed in the Notice of Convocation of the General Meeting of Shareholders, etc.

The Company’s Nomination Committee comprehensively examines whether a Director candidate possesses the character, acumen, and business and professional experience suited to supervise the Company’s management. The Committee also scrutinizes whether the candidate holds a reasonable number of concurrent positions and whether it is feasible for them to devote enough time and effort to the Company’s business operations.

“Shareholders’ Meeting” <https://www.mitsubishielectric.com/en/investors/meeting/>

[Supplementary Principle 4.11.3. Analysis and Evaluation of Effectiveness of the Board of Directors]

In order to continue the evaluation of the effectiveness of the Board of Directors’ composition and operations and pursue sustainable improvements in the monitoring board functions, the Company requested Board Advisors, Inc., a third-party organization, to assess the effectiveness of the Board of Directors of the Company from July to September 2022. The assessment results have been delivered to the Company, along with suggestions for how to address issues that need to be improved.

A summary of the assessment method and process of the third-party organization is as follows.

<Assessment methods/processes by the third-party organization>

- (1) Assessment methods
 - (a) Review the minutes of the Board of Directors meetings and other documents
 - (b) Survey of all Directors (excluding two new independent outside directors)
 - (c) Interviews with all Directors
 - (d) Evaluation based on the expertise of the third-party organization
- (2) Target items of assessment
 - (a) Overall assessment
 - (b) Composition of the Board of Directors
 - (c) Support system of the Board of Directors
 - (d) Agenda for Meetings of the Board of Directors
 - (e) Status of Deliberations at Meetings of the Board of Directors
 - (f) Contribution of Directors

- (g) Activities of the three statutory committees
- (h) Monitoring system of the Executives
- (3) Assessment process
 - (a) Conduct an assessment by a third-party organization based on (1) Assessment methods and (2) Target items of assessment
 - (b) Report on the assessment results on the effectiveness of the Board of Directors based by the third-party organization to the Company's Board of Directors
 - (c) Conduct discussions by the Board of Directors on future actions based on the above assessment report

The summary of the assessment results on the Board of Directors' effectiveness based on the third-party organization is indicated as follows.

- Efforts have been made to address the issues identified by the examination of the effectiveness of the Board of Directors in fiscal 2022, and the following improvements in the effectiveness of the Board of Directors have been achieved:
 - “The supervisory functions of the Board of Directors have been strengthened by having a majority of the Board composed of independent outside directors”
 - “The composition of the Board of Directors has been improved through the appointment of two new outside directors with management experience in the manufacturing industry”
 - “Discussions at the Board of Directors have been elevated by setting relevant agendas and facilitating the Board's proceedings under the new chairperson”
 - “The operation of the Board of Directors has shown some improvements through the advance delivery of materials, the provision of information, etc.”
- The following four issues are expected to be addressed in order to further improve the effectiveness of the Board of Directors:
 - “Enhanced monitoring”
 - “Elevating discussions at the Board of Directors meetings with relevant agendas”
 - “Further strengthening the functions of the Board of Directors Secretariat”
 - “Strengthening the functions of the Nomination Committee”

Based on these results of evaluations and recommendations from the Governance Review Committee, the Board of Directors will improve its operations, including setting more appropriate priority agenda items and further strengthening its management monitoring functions based on external perspectives. (Please refer to [Audit by the Audit Committee and Status of Internal Audit] in “II2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Compensation Decisions (Overview of Current Corporate Governance System)” of this report.)

[Supplementary Principle 4.14.2. Policy on Training for Directors and Executive Officers]

The Group engages in the development, manufacture, sale, etc. of products in four Business Areas, including Infrastructure, Industry and Mobility, Life, and Business Platform, as well as in the Semiconductor & Device Group.

The Group, which is composed of such a diverse range of businesses, uses a three-committee system to segregate between the supervisory and executive functions in order to maintain the flexibility of its operations and promote management transparency. By doing so, the Company aims to promote sustained growth in corporate value. Therefore, the Company recognizes the importance of Directors and Executive Officers having a thorough understanding of the business characteristics, finances, and organizational structure of each of our businesses, as well as the general roles and responsibilities expected of corporate officers, and being able to supervise, advise, and make business decisions from a company-wide perspective.

Based on this recognition, training is provided on the new roles, responsibilities, and actions, etc., expected of Directors and Executive Officers prior to their taking office. To continue to fulfill their roles and responsibilities as Directors and Executive Officers after their appointment, the Company provides compliance education and updated training materials for them. The Company also provides the Directors and Executive Officers with sufficient information about the characteristics and latest status of Business Areas and Business Groups to promote understanding.

[Principle 5.1. Policy for Constructive Dialogue with Shareholders]

The Company recognizes that its basic approach regarding constructive dialogue with shareholders is “In order to promote initiatives to achieve sustainable growth and increase medium- to long-term corporate value, it is crucial to give due consideration to the opinions of stakeholders, including shareholders, and actively engage in dialogue to reflect their perspectives into management decisions.”

Based on this recognition, top management, mainly the CEO and CFO, engages in direct dialogue with shareholders to ensure that their opinions are appropriately reflected in management.

For details, please refer to “III2. IR Activities” of this report and the Company's website.

“Investors” <https://www.mitsubishielectric.com/en/investors/>

[Principle 5.2. Formulation and Publication of Corporate Strategy and Management Plan]

The Company’s Directors and Executive Officers set specific medium-term management targets under the Mitsubishi Electric Group’s Basic Policies on Management, taking into account the relationship between calculated and identified capital costs. The financial targets for fiscal year 2026 are set at consolidated net sales of 5 trillion yen, an operating profit margin of 10%, a return on equity (ROE) of 10%, and cash generation of 3.4 trillion yen in five years. The Company aims to strengthen our business portfolio and achieve our management targets by classifying businesses according to their characteristics in terms of growth and profitability and allocating investment appropriately to areas such as capital investment, research and development, human resources, and intellectual property.

The Company strives to gain the understanding of shareholders and investors by disclosing and explaining information, such as our Purpose, Corporate Strategy, Management Plan, and specific management targets, through various presentations and on the Company’s website.

“Presentations & Events” <https://www.mitsubishielectric.com/en/investors/library/presentations/>

[Supplementary Principle 5.2.1. Business Portfolio Strategy]

In the Medium-term Management Plan towards fiscal 2026, the Group has listed strengthening its business portfolio strategy as one of the primary focuses.

Specifically, the Company classified its businesses according to their characteristics into Key Growth Businesses (high profitability and high growth), Resilient Businesses (high profitability but low growth), Potential Businesses/New Businesses (low profitability but high growth), and Value Recapturing Businesses (low profitability and low growth). If any Value Recapturing Businesses can add new values, the Company will aim to convert them into the Resilient Businesses. As for businesses that are deemed to have issues and whose profitability and other factors fall below a certain level, the Company will consider withdrawing from or selling those and shifting resources to the Key Growth Businesses. The Company has also strategically allocated resources to the Potential Businesses/New Businesses in order to transform them into the next Key Growth Business.

To gain the understanding of shareholders about the progress of such corporate strategy and business portfolio strategy, the Company strives to disclose information and provide an explanation through various presentations and on the Company’s website.

“Presentations & Events” <https://www.mitsubishielectric.com/en/investors/library/presentations/>

2. Capital Structure

Foreign Shareholding Ratio	30% or more
----------------------------	-------------

Status of Major Shareholders

Name or Company Name	Number of Shares Owned	Percentage (%)
The Master Trust Bank of Japan, Ltd. (Trust Account)	332,483,200	15.73

Name of Controlling Shareholder, if applicable (excluding Parent Company)	-----
---	-------

Name of Parent Company, if applicable	Not Applicable
---------------------------------------	----------------

Supplementary Explanation

- Mitsubishi UFJ Financial Group, Inc. submitted a change report on November 21, 2022, listing MUFG Bank, Ltd. and three other companies as joint holders of a large amount of shares. The Company was unable to confirm the exact number of shares held by them as of March 31, 2023, so the “Status of Major Shareholders” column is based on the shareholder register.

In the said report, the status of shareholding as of November 14, 2022 is as follows.

Name/Number of Shares Held/Ratio (%) : MUFG Bank, Ltd., and three other companies/121,125,000 shares/5.64%

3. Corporate Attributes

Listed Stock Exchange and Market Segment	Prime Market
Fiscal Year-End	March
Business Sector	Electrical Appliances
Number of Employees (Consolidated) as of the End of the Previous Fiscal Year	1,000 or more
Net Sales (Consolidated) as of the End of the Previous Fiscal Year	Over 1 trillion yen or more
Number of Consolidated Subsidiaries as of the End of the Previous Fiscal Year	100 or more and fewer than 300

4. Policy on Measures to Protect Minority Shareholders in Conducting Transactions with Controlling Shareholder

5. Other Special Circumstances which May have Material Impact on Corporate Governance

Based on its corporate philosophy system, the Group has set its management policy that places the realization of sustainability as the cornerstone of its management. The Group has defined specific priorities as materiality (important challenges) to implement initiatives.

Through co-creation and by integrating knowledge within and outside the Group, we will transform into a “Circular Digital-Engineering” company that provides evolved, integrated solutions, thereby contributing to solving various social issues.

Among the consolidated subsidiaries of the Company, Kodensha Co., Ltd. (listed on the Standard Market of the Tokyo Stock Exchange) is a listed subsidiary, and its main business is electrical equipment construction. The Group considers it meaningful to have such a listed subsidiary and reasonable to keep it listed from the following perspectives: increasing the Group’s corporate value, contributing to its consolidated financial results, and improving the Group’s overall ability to support customers by owning a construction company within the Group.

As a parent company, the Company respects the independence of our listed subsidiary, Kodensha Co., Ltd. based on the belief that appropriate protection of the general shareholders’ interests in the listed subsidiary will contribute to the enhancement of the listed subsidiary’s corporate value. The listed subsidiary has established a governance system that effectively utilizes independent outside directors.

In June 2020, Kodensha Co., Ltd. changed its institutional design from a “Company with a Board of Corporate Auditors” to a “Company with an Audit and Supervisory Committee” to further strengthen corporate governance, such as by increasing the ratio of outside directors.

II. Business Management Organization and Other Corporate Governance Systems regarding Decision-making, Execution of Business, and Oversight in Management

1. Organizational Composition and Operation

Corporate Governance System	Company with Three Committees (Nomination, Audit and Compensation)
-----------------------------	--

Directors

Number of Directors Stipulated in Articles of Incorporation	No upper limit
Directors' Term of Office Stipulated in Articles of Incorporation	1 year
Chairperson of the Board	Outside Director
Number of Directors	12

Outside Directors

Number of Outside Directors	7
Number of Independent Directors	7

Auditing Structure

Appointment of Directors and/or Employees to Support the Audit Committee	Appointed
--	-----------

Matters Related to the Independence of Such Directors and/or Employees from Executive Officers

Dedicated employees are assigned to support the duties of the Audit Committee. The Senior General Manager of the Corporate Human Resources Div. consults with the Audit Committee members upon the performance evaluation and personnel transfer of such employees.

Cooperation among Audit Committee, Accounting Auditors and Internal Audit Department

Please refer to [Audit by the Audit Committee and Status of Internal Audit] in “II2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Compensation Decisions (Overview of Current Corporate Governance System)” of this report.

Matters Concerning Independent Directors

Number of Independent Directors

7

Other Matters Concerning Independent Directors

- The Company has seven outside directors, each of whom has no special interest with the Company. Although companies in which each of the outside directors holds office in or has been a director or officer of include those with trading relationships with the Company, no such relationships have an impact on the independence of each relevant outside directors based on the scale or nature of such trading, and thus they possess no risk of giving rise to any conflict of interest with the general shareholders of the Company.
- Outside directors are expected to supervise management from a high-level perspective based on their abundant experience. Those who are comprehensively judged to possess the character, acumen, and business and professional experience suited to fulfill that role, and who satisfy the requirements of independent executives specified by the Tokyo Stock Exchange and the requirements specified in Mitsubishi Electric's Independency Guideline for Outside Directors (see note at below) and thus possess no risk of giving rise to any conflict of interest with the general shareholders of the Company, are selected as outside director candidates by the Nomination Committee.

<Mitsubishi Electric's Independency Guideline for Outside Directors>

- The Company nominates persons with experience in company management in the business world, attorneys and academics, among other specialists, who are appropriate to oversee the Company's business operations and not falling under any of the following cases, as candidates for outside directors.

Each of the following (a), (b), (d), and (e) includes a case in any fiscal year during the past three fiscal years.

- (a) Persons who serve as Executive Directors, Executive Officers, managers or other employees (hereinafter "business executers") at a company whose amount of transactions with the Company accounts for more than 2% of the consolidated revenue of the Company or the counterparty
- (b) Persons who serve as business executers at a company to which the Company has borrowings that exceed 2% of the consolidated total assets
- (c) Persons who are related parties of the Company's accounting auditor
- (d) Persons who receive more than ¥10 million of compensation from the Company as specialists or consultants
- (e) Persons who serve as Executive Officers (Directors, etc.) of an organization to which the Company offers contribution that exceeds ¥10 million and 2% of the total revenue of the organization
- (f) Persons who are the Company's major shareholders (holding more than 10% of voting rights) or who serve as their business executers
- (g) Persons who are related parties of a person or company that have material conflict of interest with the Company

Incentives

Implementation Status of Measures related to Incentives Granted to Directors and/or Executive Officers

Introduction of Performance-linked Compensation Scheme and Other

Supplementary Explanation for Applicable Items

- The Company has introduced a performance-based compensation system for the Executive Officers with a focus on incentives for improving performance.
- For an overview, please refer to "Disclosure of Policy for Determining Compensation Amounts and the Calculation Methods Thereof" of "Compensation for Directors and Executive Officers" under "III. Organizational Composition and Operation" of this report.

Persons Eligible for Stock Options

Supplementary Explanation for Applicable Items

Compensation for Directors and Executive Officers

Status of Disclosure of Individual Directors' Compensation

No Disclosure for any Directors

Status of Disclosure of Individual Executive Officers' Compensation

Disclosure for Selected Executive Officers

Supplementary Explanation for Applicable Items

The compensation for the Directors and Executive Officers is disclosed in the Business Report and the Annual Securities Report. In the Annual Securities Report, the compensation of some Executive Officers is disclosed individually in accordance with the provisions of the Cabinet Office Ordinance on Disclosure of Corporate Affairs, etc.

Policy on Determining Compensation Amounts and the Calculation Methods Thereof

Established

Disclosure of Policy on Determining Compensation Amounts and the Calculation Methods Thereof

The policy for determining compensation for Directors and Executive Officers is delivered upon and decided by the Compensation Committee, a majority of which is comprised of outside directors. If a Director concurrently serves as an Executive Officer, the policies regarding decisions on compensation as an Executive Officer apply. The policies for fiscal 2023 are as follows:

A. Basic Policy

As a company with a three-committee system, the Company segregates the supervisory function and the execution function of management. The supervisory function of management is assigned to the Directors and the Board of Directors and the execution function of management is assigned to the Executive Officers. The compensation scheme for the Directors and the compensation scheme for the Executive Officers is set differently, corresponding to the contents and responsibilities of each duty and position. The compensation is determined by the Compensation Committee based on the following basic policies:

(A) Directors

- a. The compensation scheme should encourage the Directors to demonstrate their supervisory function of management.
- b. The compensation should be the amount necessary to secure suitable talent to fulfill responsibilities of the Company's Directors.

(B) Executive Officers

- a. The compensation scheme should observe the Purpose of the Group, and be fully accountable to all stakeholders including society, customers, shareholders, and employees.
- b. The compensation scheme should encourage the execution of duties in line with management strategies and provide strong incentives to achieve management goals.
- c. The compensation scheme should function as an incentive for sustained performance growth and the improvement of corporate value.
- d. The compensation scheme should reflect a fair and impartial evaluation of the achievements and contributions toward their respective roles and responsibilities.

B. The System for Determining Compensation

(A) Directors

The compensation scheme for Directors consists exclusively of basic compensation (fixed compensation), in light of the Directors' role to provide advice and supervise management from an objective and independent perspective.

(B) Executive Officers

The compensation scheme for Executive Officers is as follows, with an emphasis on the improvement of medium-term corporate value and shareholder value.

a. Basic compensation

Fixed compensation is set in accordance with the roles and responsibilities of each Executive Officer and is paid monthly in cash by dividing the position-based annual standard amount by 12.

b. Performance-based bonus

The bonus payment amount is determined by a "Corporate Performance Evaluation" and "Individual Evaluation." The payment amount will fluctuate in the range of 0% to 200% depending on the evaluation results. The amount to be paid to each individual is calculated as below and paid in a lump sum in cash after the end of each fiscal year.

[Individual payment amount = Position-based standard amount x (Corporate performance evaluation coefficient + Individual evaluation coefficient) (in the range of 0-200%)]

c. Performance-based stock compensation (Performance Share Unit (PSU))

In principle, the number of shares to be issued as performance-based stock compensation (PSU) varies between 0% and 200%, depending on the comparison result (in percentile) between the Company's TSR (total shareholder return) for the three years and the TSR of a pre-selected group of comparable companies. The comparable companies are selected from domestic and overseas companies in the business areas in which the Company operates. The number of shares to be delivered to each individual is calculated as follows:

[Number of shares delivery to each individual = Standard PSU points for the position × PSU grant rate (in the range of 0-200%)]

d. Restricted Stock Units (RSU)

In order to promote continuous shareholding and shareholder value during the term of office, the Restricted Stock Unit (RSU) program will, in principle, deliver shares with transfer restrictions, equivalent to the standard amount for the position at the end of each fiscal year. The transfer restrictions will be lifted at retirement (when the Company's Directors or Executive Officers retire from their positions).

C. Method of Setting Compensation Levels and Compensation Compositions Ratios

The compensation levels and compensation ratios of Directors and Executive Officers are set each year according to their roles and responsibilities based on a comparison with market compensation levels using compensation survey data of external professional organizations. When comparing with market compensation levels, major domestic manufacturers similar to the Company in terms of scale, type of business, global expansion, etc., are selected as the compensation benchmark group.

(A) Directors

The basic compensation levels of Directors are set in consideration of the compensation levels of non-executive internal directors and outside directors of the compensation benchmark companies, their roles and responsibilities, and other factors.

(B) Executive Officers

The compensation, etc. of Executive Directors is set in consideration of the trends in compensation levels of executive officers at the compensation benchmark companies, the corporate strategy and business environment of the Company, the objectives of incentive compensation and the degree of difficulty in achieving the targets, the roles and responsibilities of the Executive Officer concerned and other relevant factors. Additionally, from the perspective of pay-for-performance, the compensation composition has been set with a higher ratio of incentive compensation to place greater emphasis on the link between performance and the medium- and long-term improvement of corporate value and shareholder value.

D. Compensation Governance

As a company with a three-committee system, the Company has set forth the following:

- The major roles and authority of the Compensation Committee

The Company's Compensation Committee has the authority to determine the details of compensation, etc. for individual Directors and Executive Officers of the Company. It mainly determines the policies for determining executive compensation etc., the details of compensation, etc. for individual Directors and Executive Officers, performance evaluations related to the incentive compensation of Executive Officers, and the individual compensation of Executive Officers. The Compensation Committee will be chaired by an outside director.

- Decision-making process and annual schedule

In order to ensure the independence of judgment and enhance the effectiveness of the roles and authority of the Compensation Committee, the Committee gathers information and receives advice from compensation consultants of an external professional organization with abundant global experience and knowledge. The Committee deliberates and makes decisions about the policies for determining compensation for Directors, Executive Officers, etc. based on such information, giving due consideration to the surrounding environment and general trends in managerial compensation.

E. Stock Ownership Guidelines

The Company believes it is important to ensure that our Executive Officers share the same value with our shareholders on a long-term and sustainable basis. To this end, the Company requires its Executive Officers to continuously hold its stock during their term of office, even after the target amount has been reached.

F. Malus and Clawback Provisions

The Company will introduce "Malus and Clawback Provisions" so that, in the event of any material misconduct or violation by an Executive Officer, or in the event of any material revision to the financial results of prior fiscal years, the Compensation Committee may, by resolution, demand that such Executive Officer forfeit their right to receive incentive compensation (malus) or return their paid compensation (clawback). The compensation that may be subject to those provisions is performance-based bonuses to be paid or already paid, points granted before the delivery of shares and shares before the lifting of transfer restrictions, and some or all of the shares already delivered.

Support System for Outside Directors

The Company establishes the following organizations responsible for communication and coordination with the Directors including outside directors and Executive Officers (management): the Board of Directors Secretariat (Corporate Administration Div.), the Nomination Committee and Compensation Committee Secretariat (Corporate Human Resources Div.), and the Audit Committee Secretariat (Audit Committee Office).

The Board of Directors Secretariat and the Nomination Committee and Compensation Committee Secretariat are each assigned an Executive Officer, who is responsible for communication and coordination among the Directors, including independent outside directors, Executive Officers (management), and other internal parties.

Along with the full-time Audit Committee members, the Audit Committee Secretariat supports communication and coordination among the Directors, including independent outside directors, Executive Officers (management), and other internal parties.

For more information, please refer to the relevant sections of this report, the Company's website, and the Corporate Governance Guidelines.

"Corporate Governance" https://www.mitsubishielectric.com/en/investors/management/corp_governance/

Statutes of Persons who have Retired as Representative Director and President, etc.

Information on Persons Holding Advisory Positions (*Sodanyaku, Komon, etc.*) after Retiring as Representative Director and President, etc.

Name	Job title/ position	Responsibilities	Terms and Conditions of Employment (Full/part time, with/without compensation, etc.)	Date when former role as president/ CEO ended	Term
Kenichiro Yamanishi	Contract	Engagement in external activities of public, industrial, and economic organizations	Part-time/Paid	March 31, 2014	Renewed annually
Setsuhiro Shimomura	Contract	Engagement in external activities of public, industrial, and economic organizations	Part-time/Paid	March 31, 2010	Renewed annually

Number of Persons Holding Advisory Positions (*Sodanyaku, Komon, etc.*)
After Retiring as Representative Director and President, etc. 2

Other Related Matters

1. As of March 2023, the Company discontinued the Senior Advisor Program, under which the Company commissions retired full-time executives to serve as Senior Advisors. After April 2023, the Company will only commission retired full-time executives on a part-time basis for the external activities of public, industrial, and economic organizations. The persons to be commissioned will never be involved in the management of the Company, and their duties will be limited to the external activities.

2. After April 2023, the Company's rules for commissioning retired full-time executives are as follows:

- (1) The duties will be external activities, and the term will be one year, which can be renewed. The renewal period will be based on the term of office in external activities (public organizations, business associations, economic organizations, etc.) commissioned by the Company, but in principle, it will be a maximum of six years.
- (2) The commissioning process for retired full-time executives will involve the Board of Directors, which has a majority of outside directors. When commissioning a person with experience as President & CEO, such a commission will be approved by the Board of Directors in terms of matters such as who will be commissioned, the duration of the term, the purpose of the commission, and the compensation involved.

3. Although more than six years have passed since the resignation of the President & CEO and Chairperson of the Board of Directors, the appointment of Mr. Setsuhiro Shimomura will be limited to March 31, 2024, because it will take a certain period

of time for external activities to be handed over to a successor to be commissioned by our company. The appointment will not be renewed after the above date.

4. As six years or more have passed since Mr. Kenichiro Yamanishi retired from the position of President & CEO, and six years have passed since he retired from the position of Chairperson of the Board of Directors on March 31, 2024, the Company will commission him to undertake external activities only until March 31, 2024. The appointment will not be renewed after the above date.

2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Compensation Decisions (Overview of Current Corporate Governance System)

The Company has chosen to have a three-committee system in place. The Company segregates the supervisory and executive functions; the Board of Directors plays a supervisory decision-making role and Executive Officers handle the day-to-day running of the Company. This system maintains the flexibility of its operations and promotes management transparency, leading to swift and decisive management decision-making. Through this system, the Company aims to promote sustainable growth in corporate value.

To promote the segregation of supervisory and executive functions, which is the characteristic of this system, the Company's Board of Directors is dedicated to supervising management with specific details of deliberations stipulated as the Board of Directors' deliberation criteria. By delegating to the Executive Officers, the authority to make all business execution decisions within the limits permitted by the Companies Act, the Company ensures swift and decisive decision-making and appropriate risk-taking in business execution. Both the Board of Directors and the three statutory committees are chaired by independent outside directors, and a majority of their members are independent outside directors as well, thereby improving the effectiveness of the supervisory function. In addition, the Executive Officers' Meeting has been established as a voluntary body to deliberate and make decisions on important business matters from the perspective of pursuing synergy and multifaceted risk management, in addition to sharing information among Executive Officers.

[Board of Directors (Fiscal 2022)]

- The present Board of Directors is comprised of 12 members (seven of whom are outside directors, one of whom is a woman), who objectively supervise and advise the Company's management by executing their duties based on the objectives and authority of the Companies Act, as well as by delegating to Executive Officers the decision authority for executing all operations, except the matters listed in the items of paragraphs 1 and 4 of Article 416 of the Companies Act.
- The Company held Board of Directors meetings 20 times during fiscal 2022. The attendance rate for each Director was as follows:
 - Mitoji Yabunaka: 100% (20 out of 20)
 - Hiroshi Obayashi: 95% (19 out of 20)
 - Kazunori Watanabe: 100% (20 out of 20)
 - Hiroko Koide: 100% (20 out of 20)
 - Takashi Oyamada: 100% (20 out of 20)
 - Kei Uruma: 100% (20 out of 20)
 - Masahiko Sagawa: 100% (20 out of 20)
 - Tadashi Kawagoishi: 100% (20 out of 20)
 - Takashi Sakamoto: 100% (20 out of 20)
 - Kuniaki Masuda: 100% (17 out of 17)
 - Masaki Sakuyama: 100% (12 out of 12)
 - Takeshi Sugiyama: 100% (7 out of 7)

Because Mr. Kuniaki Masuda was appointed as a Director on June 29, 2021, his attendance after his appointment is shown.

Mr. Masahiko Sagawa and Mr. Takashi Sakamoto retired at the conclusion of the 151st Ordinary General Meeting of Shareholders held on June 29, 2022, due to the expiration of their terms of office.

Mr. Takeshi Sugiyama resigned at the conclusion of the extraordinary meeting of the Board of Directors held on July 28, 2021.

Mr. Masaki Sakuyama also resigned at the conclusion of the extraordinary meeting of the Board of Directors held on October 1, 2021.

- The Board of Directors in fiscal 2022 made decisions on matters stipulated by the Companies Act, such as basic management policies, business reports and annexed detailed statements thereof, financial statements and annexed detailed statements thereof, consolidated financial statements, dividends of surplus, convocation of general meetings of shareholders, the appointment of Executive Officers, matters necessary for the execution of the duties of the Audit Committee, the legality of the execution of duties by Executive Officers, and the development of systems necessary for ensuring the proper conduct of corporate business. The Board of Directors also received reports from the Executive Officers on the progress and results of business execution.

[Committees (Fiscal 2022)]

- The Board of Directors has three statutory internal bodies: the Nomination Committee, Audit Committee, and Compensation Committees, each chaired by an independent outside director.
- Each body has five to seven members, the majority of whom are outside directors, who are chosen by the Board of Directors, taking into account the experience and specialties of each person. Each Committee undertakes its duties based on the objectives and authority of the Companies Act.
- The roles and authority of the Nomination Committee were reviewed on November 25, 2021, and are set forth as follows:
 - Determination of proposals for the appointment and dismissal of Directors to be submitted to the general meeting of shareholders
 - Determination of proposals to be submitted to the Board of Directors regarding the appointment and dismissal of the President & CEO
 - Deliberation on the following matters drafted by the President & CEO in response to consultation from the Board of Directors, as well as the provision of the Committee's opinions to the Board of Directors.
 - (a) Matters related to the personnel requirements for the President & CEO
 - (b) Details and operating status of the succession plan for the President & CEO (selection and development of potential successors)
- In fiscal 2022, the Nomination Committee held 16 meetings, the Audit Committee held 13 meetings, and the Compensation Committee held 11 meetings. The attendance at the Nomination and Compensation Committee meetings was as follows: For the attendance rate of the Audit Committee, please refer to [Audit by the Audit Committee and Status of Internal Audit] in “II.2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Compensation Decisions (Overview of Current Corporate Governance System)” of this report.

<Nomination Committee (Fiscal 2022)>

- o Mitoji Yabunaka: 100% (16 out of 16)
- o Kuniaki Masuda: 100% (15 out of 15)
- o Hiroshi Obayashi: 100% (16 out of 16)
- o Hiroko Koide: 100% (16 out of 16)
- o Takashi Oyamada: 100% (16 out of 16)

Because Mr. Kuniaki Masuda was appointed as a member of the Nomination Committee on June 29, 2021, his attendance after his appointment is shown.

<Compensation Committee (Fiscal 2022)>

- o Kazunori Watanabe: 100% (11 out of 11)
- o Tadashi Kawagoishi: 100% (11 out of 11)
- o Kuniaki Masuda: 100% (10 out of 10)
- o Mitoji Yabunaka: 100% (11 out of 11)
- o Hiroko Koide: 100% (11 out of 11)

Because Mr. Kuniaki Masuda was appointed as a member of the Compensation Committee on June 29, 2021, his attendance after his appointment is shown.

- The Nomination Committee presented and resolved its agenda on candidate selection for Directors to be submitted to the General Meeting of Shareholders, while the Compensation Committee presented and resolved its agenda on policies regarding decisions on compensation, including basic compensation for Directors and Executive Officers.

[Executive Officers and Executive Officers' Meeting (Fiscal 2022)]

- Executive Officers make decisions about the execution of operations on matters delegated by the Board of Directors within the range of duties allocated to each Executive Officer based on the objectives and authority of the Companies Act, and then execute such operations. Important items among such matters delegated by the Board of Directors are deliberated and decided upon in Executive Officers' meetings attended by all Executive Officers.

[Audit by the Audit Committee and Status of Internal Audit (Fiscal 2022)]

- Please also refer to “IV.1. Basic Views on Internal Control Systems and the Status of Development” for an overview of auditing and monitoring methods.

(1) Status of audit by the Audit Committee

A. Organization, members, and procedures of the Audit Committee

The Audit Committee is made up of five Directors, three of whom are outside directors. The Committee audits the legality, adequacy, and efficiency of the execution of the duties by Director and Executive Officers and creates an audit report to be submitted to the shareholders' meeting with its resolution.

Tadashi Kawagoishi, a member of the Audit Committee, has long years of experience in the accounting and financial operations of the Company. Kazunori Watanabe, a member of the Audit Committee, is a Certified Public Accountant and has a considerable degree of knowledge about finance and accounting.

The Audit Committee has four dedicated staff members who take direct orders from the Audit Committee and support them in executing their duties.

B. Frequency of the Audit Committee meeting and attendance of each Audit Committee member

In fiscal 2022, the Company held a regular Audit Committee meeting once a month in principle (and two special meetings). Each meeting would take about two hours. The attendance of each Audit Committee member is as shown below.

- Hiroshi Obayashi: 100% (13 out of 13)
- Masahiko Sagawa: 100% (13 out of 13)
- Takashi Sakamoto: 100% (13 out of 13)
- Kazunori Watanabe: 100% (13 out of 13)
- Takashi Oyamada: 100% (13 out of 13)

1. Out of the above members, Masahiko Sagawa and Takashi Sakamoto are responsible for investigation.
2. Masahiko Sagawa and Takashi Sakamoto retired on June 29, 2022.

C. Activities of the Audit Committee members

The Audit Committee members, mainly those responsible for investigation (full-time Audit Committee members), attend Executive Officers' meetings and other such important conferences, and conduct interviews and surveys of Executive Officers and the executive staff of the Company's offices and affiliates in accordance with the policies and assignments agreed upon by the Committee.

Divisions in charge of internal control, including the Corporate Auditing Div., submit internal audit reports to the Audit Committee members, who hold meetings such as those to discuss internal audit policies and periodic report meetings to exchange opinions. Outside Audit Committee members visit our offices, affiliates, and other locations with the members responsible for investigation as needed and offer their opinions based on their expert knowledge at the Audit Committee meeting and other occasions.

In addition, the Audit Committee members discuss policies and methods of auditing with accounting auditors, who furnish them with reports on the status and results of the audits of the Company that they themselves conduct, and exchange opinions with them.

D. Agenda of the Audit Committee

The main agenda of the Audit Committee include the determination of audit policies and activity planning, check on the execution of the duties by Directors and Executive Officers and the establishment and operation of the internal control system, check on methods of auditing by the Independent Auditor and validity of results, and evaluation of the Independent Auditor and decision on whether to reappoint it.

Especially in fiscal 2022, the Audit Committee focused on checking and verifying the status of a range of initiatives aimed at enhancing the medium to-long term corporate value of the Group. These initiatives included: strengthening the management structure, including internal control and compliance systems; strategically allocating management resources and responding to businesses with issues; improving profitability and asset efficiency; strengthening the use of ROIC to ensure capital cost-conscious management; promoting measures for deploying and developing human resources; and contributing to the achievement of the SDGs.

Furthermore, the Group takes its recent product and service quality, work-related, and information security issues extremely seriously as a top management priority, and is implementing a number of reoccurrence prevention initiatives. With regard to improper quality control practices in fiscal 2022, the Company set up the Investigative Committee consisting of external experts. At a company-wide level, the committee is investigating the facts and determining the causes, and formulating and implementing measures to prevent any recurrence. The Audit Committee requests each responsible Executive Officer, etc. to report on the status, as appropriate, provides opinions, and follows up on the status of formulation and implementation of measures to prevent recurrence that are being implemented sequentially. In addition, the Company commissioned the Governance Review Committee comprised of external experts to conduct an overall review of the internal control system and the Company's Directors and Executive Officers. The Audit Committee will continue to closely monitor ongoing investigations, the identification of causes, and the progress of the formulation and implementation of measures to prevent recurrence, as well as the status of operational improvement of the internal control system.

The Audit Committee asked questions and stated opinions after each responsible Executive Officer explained the following: with regard to work-related issues, the Company is promoting the Mitsubishi Electric Workplace Reform Program and working to prevent recurrence; with regard to information leakage due to unauthorized entry, the Company is working to reinforce comprehensive information security measures to prevent recurrence; in order to ensure their steady implementation. The Company will continue to closely monitor the implementation of these measures to prevent recurrence.

E. Effectiveness evaluation of the Audit Committee

The Audit Committee conducts evaluations to improve its effectiveness every year. In the Audit Committee review in fiscal 2022, outside Audit Committee members concluded that the members responsible for investigation (full-time Audit Committee members) periodically report their activity results and that management information is properly shared in a timely manner in the Audit Committee. Although the Company believes that this evaluation in effect endorses the performance of the Audit Committee, the Company will continue to work to improve performance.

(2) Status of Internal Audit

A. Organization, members, and procedures for internal audit

An internal audit is intended to contribute to the sound management and strengthened management structure of the Company and its affiliates in Japan and overseas by improving management efficiency, strengthening risk management, thoroughly observing the code of corporate ethics and ensuring compliance, and enhancing internal control.

With approximately 60 members acting independently in Japan and overseas, the Corporate Auditing Div. conducts internal audits of the Company from a fair and impartial standpoint. In addition, the division's activities are supported by auditors with extensive knowledge of their particular fields, assigned from relevant business units. The Corporate Auditing Div. reports the results of such audits to the President & CEO and the Audit Committee.

B. Relationship with the divisions in charge of internal control

The Company's Corporate Management Divisions and Corporate Staff Groups, such as the Corporate Strategic Planning Div., the Corporate Accounting Div., the Corporate Legal & Compliance Div., and the Corporate Export Control Div. inspect the establishment and operation of the internal control system and regulations, etc. under their scope of responsibility for internal control. In addition, each Business Group has its own compliance department, which reliably spreads company-wide compliance policies and inspects the compliance status in each Business Group.

The Corporate Auditing Div. internally audits the operation and other aspects of the internal control system, evaluates the internal control related to the establishment of internal whistle-blower system and financial review, and mutually exchanges necessary information with each division in charge of internal control.

C. Mutual relationship among internal audit, the audit by the Audit Committee, and accounting audit

The Corporate Auditing Div. reports the internal audit policies and internal audit results to the Audit Committee and exchanges opinions with the Audit Committee members on a regular basis.

The Corporate Auditing Div. also reports internal audit results to the accounting auditors and continuously works with them, discussing the evaluation of the internal control related to financial review as needed.

[Policy on Director Candidate Selection (Fiscal 2022)]

For more information, please refer to “(4) Policies and Procedures for Nominating and Appointing the Directors and Executive Officers in [Principle 3.1. Full Disclosure]” under “[Disclosure Based on the Principles of the Corporate Governance Code] in the “11. Basic Views” of this report.

(1) Internal Directors

Candidates for Directors are nominated from among business executors or from those who have experience with such business executors at the Company or its subsidiaries. As Directors, they are also able to grasp the management situation in a timely and appropriate manner and fully exercise their management supervisory duties in cooperation with business executors.

A. Candidates for the Chairperson of the Board of Directors are nominated from among those who are suitable to manage the meeting in a timely and appropriate manner and fully exercise the supervisory management functions.

B. Candidates for Directors are nominated from Executive Officers responsible for duties closely related to the matters to be discussed by the President & CEO and the Board of Directors (corporate strategic planning, accounting and finance, and human resources and general affairs).

C. Candidates for Directors are nominated from persons with prior experience as executive officers of the Company, presidents of affiliated companies, or equivalents, and who are qualified to serve as supervisors of company management.

(2) Outside Directors

Please refer to “Other Matters Concerning Independent Directors” of “Matters Concerning Independent Directors” under “11.1. Organizational Composition and Operation” of this report.

[Policies Regarding Decisions on Compensation]

For policies regarding decisions on compensation, please refer to “Disclosure of Policy for Determining Compensation Amounts and the Calculation Methods Thereof” of “Compensation for Directors and Executive Officers” under “11.1. Organizational Composition and Operation” of this report.

[Status of Accounting Audit]

The Company has appointed KPMG AZSA LLC as its accounting auditor.

The auditing firm has been engaged in an accounting audit of our consolidated financial statements under the Securities and Exchange Act (currently known as the Financial Instruments and Exchange Act) in fiscal 2005 and under the Companies Act and

the Securities and Exchange Act (currently known as the Financial Instruments and Exchange Act) since fiscal 2006. Following the issuance of U.S. dollar-denominated convertible bonds in the European market in March 1970, the Company has been preparing consolidated financial statements in English in accordance with U.S. GAAP since fiscal 1970 and IFRS since fiscal 2019. Since fiscal 1981, the Company has outsourced the auditing to the Japanese member firm (currently known as KPMG AZSA LLC) of Peat, Marwick, Mitchell & Co. (currently known as KPMG) to audit these English consolidated financial statements.

[Overview of the Liability Limitation Agreement]

- In accordance with Article 427, Paragraph 1 of the Companies Act, the Company and all non-executive Directors have entered into an agreement to limit their liability for damages under Article 423, Paragraph 1 of the Companies Act. The maximum amount of liability under this agreement is 10 million yen or the minimum amount stipulated by laws and regulations, whichever is higher.

3. Reasons for Adoption of Current Corporate Governance System

[Reasons for Adopting the Structure of a Company with a Three-Committee System]

The Company has adapted its structure with a three-committee system and worked to strengthen the management supervisory functions while maintaining the flexibility of its operations and promoting management transparency with the goal of realizing sustained growth. The Company works to build and improve a corporate structure that is more able to meet the expectations of society, customers, shareholders, employees, and all of its stakeholders, while endeavoring to further improve corporate value.

[Roles and Functions of Outside Directors]

- Outside directors are expected to supervise management from a high-level perspective based on their abundant experience.
- Those who are comprehensively judged to possess the character, acumen, and business and professional experience suited to fulfill that role, and who satisfy the requirements of independent executives specified by the Tokyo Stock Exchange and the requirements specified in Mitsubishi Electric's Independency Guideline for Outside Directors (Refer to "Other Matters Concerning Independent Directors" of "Matters Concerning Independent Directors" under "III. Organizational Composition and Operation" in this report) and thus possess no risk of giving rise to any conflict of interest with the general shareholders of the Company, are selected as outside director candidates by the Nomination Committee.
- The Company's independent outside directors deliberate on the Group's management policy, the "key agenda items," and other matters and provide objective advice based on their respective professional perspectives. The agenda items for the period of July 2022 to June 2023 include medium- to long-term corporate strategy, organizational culture reform, sustainability initiatives, and human resources strategy. In giving such advice, the independent outside directors recognize the importance of appropriately reflecting the intentions of all stakeholders, including society, customers, shareholders, and employees.

As a company with a three-committee system, the Company has set up the Nomination Committee, Compensation Committee, and Audit Committee. Each of these committees is chaired by an independent outside director, and the majority of the members are independent outside directors. The independent outside directors, who are committee members, deliberate and make decisions from an objective standpoint regarding the appointment and dismissal of Directors, the CEO succession plan, executive compensation policies, and individual compensation details, while also appropriately supervising management.

III. Implementation of Measures for Shareholders and Other Stakeholders

1. Measures to Vitalize the General Shareholder Meetings and Facilitate Exercise of Voting Rights

	Supplementary Explanation
Early Posting of Notice of the General Shareholders Meeting	<ul style="list-style-type: none"> The notice will be dispatched at least one week before the statutory due date.
Electronic Exercise of Voting Rights	<ul style="list-style-type: none"> Starting with the General Meeting of Shareholders held in June 2002, electronic voting has been implemented.
Participation in a Platform for the Electronic Exercise of Voting Rights and Other Initiatives to Enhance Environment for Institutional Investors to Exercise Voting Rights	<ul style="list-style-type: none"> Starting with the General Meeting of Shareholders held in June 2006, the electronic voting platform for institutional investors has been available.
Provision of Notice (or Summary of Notice) of the General Shareholders Meeting in English	<ul style="list-style-type: none"> English translations of a set of attached documents, including the Notice of Convocation of the General Meeting of Shareholders and the Business Report, are prepared and submitted to the Tokyo Stock Exchange. English translations are available for shareholders to view on the websites of the Company and the Tokyo Stock Exchange, as well as on the electronic voting platform. The publication date of the English translation is the same as that of the Japanese translation.
Other	<ul style="list-style-type: none"> A set of attached documents, including the Notice of Convocation of the General Meeting of Shareholders and the Business Report, is posted on the website in advance. Visual presentations are provided at the General Meeting of Shareholders. The General Meeting of Shareholders has been live-streamed since 2020. Questions have been accepted in advance on the Company's website since 2021. Based on the recognition that the General Meeting of Shareholders is the highest decision-making body in the Company, the Company has been working to ensure that all shareholder rights are substantially secured and to proactively disclose information that enables them to exercise their voting rights and engage in dialogue.

2. Status of IR-related Activities

	Supplementary Explanation	Explanation by a representative director or a representative executive officer
Formulation and Publication of Disclosure Policies	<p>The Company has developed its Insider Information Management Rules to ensure that all dialogues are carried out in compliance with the Fair Disclosure Rules and appropriate information management practices. Based on the Rules, the Company strives to promote dialogue through timely, appropriate, and proactive disclosure of corporate information that has a significant impact on the investment decisions of shareholders and investors.</p> <p>“Information Disclosure Policy” https://www.mitsubishielectric.co.jp/ir/management/policy/</p>

Regular Investor Briefings held for Analysts and Institutional Investors	The Company strives to enhance its means of dialogue through activities such as individual IR meetings held by the top management, mainly the CEO and CFO, for domestic and overseas shareholders and investors, an annual corporate	Held

	strategy briefing by the President & CEO, quarterly financial results briefings by the CFO, and business strategy briefings.	
Regular Investor Briefings held for Overseas Investors	The President & CEO and CFO conduct individual IR meetings for major overseas institutional investors.	Held
Online Disclosure of IR Information	From the perspective of timely and appropriate information disclosure, corporate and business strategies, financial results information, initiatives related to sustainability, and other IR materials are posted on the Company's website. "Investors" https://www.mitsubishielectric.com/en/investors/	
Establishment of Department and/or Placement of a Manager in Charge of IR	The Company has designated the CSO as a Director/Executive Officer to oversee all dialogue with shareholders, with the CEO assuming overall responsibility. To handle all IR-related activities, the Company has established the Corporate IR and SR Div. The Corporate IR and SR Div. comprises employees who hold concurrent positions in related divisions, such as corporate strategic planning, sustainability promotion, administration, human resources, public relations, and advertising. The Corporate IR and SR Div. has implemented measures for positive cooperation, such as holding meetings as needed.	
Other	Market reactions and opinions, investor trends, and the results of individual interviews obtained during the dialogue are reported at the Board of Directors' and Executive Officers' Meetings. After receiving such reports, sufficient discussions are held based on the opinions of the independent outside directors, and feedback is provided to related divisions. The Board of Directors will be informed of corrective actions taken in response to such opinions.	

3. Status of Measures to Ensure Due Respect for Stakeholders

	Supplementary Explanation
Establishment of Internal Rules Stipulating Respect for the Position of Stakeholders	<p>The Company has formulated our "Purpose," "Our Values," and "Commitment" with regard to appropriate collaboration with stakeholders, respect for their interests, and sound business ethics. These have been formally adopted by the Board of Directors as our basic policies on management in order to ensure due respect for stakeholders.</p> <p>"Purpose" We, the Mitsubishi Electric Group, will contribute to the realization of a vibrant and sustainable society through continuous technological innovation and ceaseless creativity.</p> <p>"Our Values"</p> <ul style="list-style-type: none"> - Trust: We develop relationships based on strong mutual trust with all stakeholders including society, customers, shareholders, suppliers, and employees working together. - Quality: We ensure the satisfaction of society and customers by providing products and services of the best quality. - Technology: We provide society with new value by enhancing technology and onsite capabilities. - Ethics and Compliance: We act with high ethical standards and comply with laws and social norms. - Humanity: We prioritize health and safety, promote diversity and respect personalities and human rights. - Environment: We strive to protect and improve the global environment, doing

Implementation of Environmental Preservation Activities and CSR Activities, etc.

so in harmony with nature.

- Society: We contribute to the development of a better society as a corporate citizen.

“Commitment”

Changes for the Better

“Changes for the Better” represents the Group’s attitude to “always strive to achieve something better,” as we continue to change and grow. Each one of us shares a strong will and passion to continuously aim for change, reinforcing our commitment to creating “an even better tomorrow.”

[Management Policy]

In addition to realizing well-balanced corporate management from the three perspectives of growth, profitability/efficiency, and soundness, the Company will return to its fundamental principle of addressing social challenges through our businesses and position the realization of sustainability as the cornerstone of our management. From this approach, the Company will pursue a sustained enhancement of our corporate value and fulfill our responsibility to society, to our customers, shareholders and employees, and to all other stakeholders.

(1) Sustainability initiatives

The Group recognizes that the realization of sustainability is the cornerstone of its corporate management by reaffirming its commitment to the fundamental principle of addressing social challenges through our businesses. To achieve this, through co-creation and by integrating knowledge within and outside the Group, we will transform into a “Circular Digital-Engineering” company that provides evolved, integrated solutions, thereby contributing to solving various social issues. From this approach, the Group will pursue a sustained enhancement of our corporate value.

Specifically, the Company has identified the following five areas as materiality (important challenges) from the two perspectives of “providing solutions to social challenges through our businesses” and “strengthening our business foundation to enable sustainable growth.” The five materiality areas are: Realize a sustainable global environment; Realize a safe, secure, and comfortable society; Respect for all people; Strengthen corporate governance and compliance on a sustainable basis; and Create a sustainability-oriented corporate culture. For materiality initiatives, the Group has set medium- to long-term initiatives and goals, as well as Key Performance Indicators (KPIs), and promoted continuous activities for improvement by implementing the PDCA (plan-do-check-action) cycle. Through the implementation of these initiatives, the Group aims to create both economic and social value. Additionally, to promote solutions to social challenges through our business, the Group has clarified five challenge areas to focus on: Carbon neutrality, Circular economy, Safety/Security, Inclusion, and Well-being.

To obtain a favorable response from stakeholders about these strategies, the Company discloses the status of these sustainability initiatives on the Company’s website, in the Integrated Report, the Sustainability Report, etc.

“Sustainability” <https://www.mitsubishielectric.com/en/sustainability/>
“Integrated Report”

https://www.mitsubishielectric.com/en/investors/library/integrated_report/
“Sustainability Reports”

<https://www.mitsubishielectric.com/en/sustainability/reports/>

The Board of Directors chose the status of sustainability initiatives as one of the “key agenda items” and has actively discussed and monitored it based on the opinions of independent outside directors.

(2) Human resources initiatives

In the Group Medium-term Management Plan towards fiscal 2026, the Group states that it will contribute to realizing a vibrant and sustainable society, including response to decarbonization, by increasing the provision of integrated solutions through the strengthening of the business management foundation, promoting digital transformation, and other activities. The Group places extreme importance on the hiring and development of human resources with diverse values and abilities toward this end. The human resources strategy is selected as one of the key agenda items by the Board of Directors and discussed based on the opinions of independent outside directors.

From this perspective, the Group has been continuing to recruit more than 3,000 new graduates and mid-career employees every year in Japan. The Group has also promoted the reinforcement of human resources overseas in an attempt to strengthen our business and technology development capabilities. In addition, the Group has been promoting measures to prevent long working hours by improving work efficiency.

With the understanding that there is no business development or social contribution without the growth of employees, the Company has invested about three to five billion yen annually in training and education every year, and our affiliates have also aggressively invested in education. The Company has also systematically invested required funds, such as in improving employee engagement and the workplace environment, as well as promoting diversity. Specific initiatives are disclosed through the Company's website, the Integrated Report, the Sustainability Report, etc.

“Sustainability (Social)”

<https://www.mitsubishielectric.com/en/sustainability/social/>

(3) Intellectual property initiatives

The proper protection and utilization of intellectual property (IP) rights promotes technological progress and sound competition, and also contributes to realizing affluent lifestyles and the development of society. The Group recognizes that IP rights represent a vital management resource essential to its future and must be protected.

From this perspective, the Group integrates business, R&D, and IP activities to proactively strengthen its global IP assets, which are closely linked to the Group's business growth strategies and contribute to both business and society, while also working on protecting and utilizing IP rights. Specific initiatives for R&D and IP activities will be available on the Company's website, in the Integrated Report, the Sustainability Report, etc.

“Protection of Intellectual Property Rights”

<https://www.mitsubishielectric.com/en/about/rd/ip/rights/>

“Open Technology Bank” (In Japanese text)

<https://www.mitsubishielectric.co.jp/corporate/chiteki/otb/>

(4) Disclosure Based on TCFD Recommendations

The Company has expressed approval of the recommendations by TCFD (Task Force on Climate-related Financial Disclosures). In accordance with the framework, the Company assesses its governance, strategy, risk management, and indicators and targets for climate-related issues, and promotes initiatives to address risks and opportunities related to climate change.

Specific initiatives include the establishment of a corporate governance structure, the identification of risks and opportunities, the analysis based on multiple scenarios, the strengthening of the risk management framework, and the establishment and calculation of short-, medium-, and long-term greenhouse gas emissions targets. The progress of these initiatives is disclosed on the Company's website and documents.

	<p>Besides these initiatives, the Company has set social and environmental goals of reducing greenhouse gas emissions from factories and offices by 50% or more compared to 2014 levels (by fiscal 2031) and virtually achieving net zero greenhouse gas emissions throughout the value chain (by fiscal 2051), in addition to medium- and long-term financial goals.</p> <p>Financial information based on recommendations of the Task Force on Climate-related Financial Disclosures (TCFD)</p> <p>https://www.mitsubishielectric.com/en/sustainability/environment/</p>
<p>Formulation of Policies, etc. on Provision of Information to Stakeholders</p>	<p>The Company discloses legally required Business Reports and Annual Securities Reports in a lawful and appropriate manner. The corporate strategy, management issues, and sustainability initiatives, as well as other information that is highly useful to shareholders and investors and contributes to dialogue, will also be provided through disclosure media such as the Company’s website, the Integrated Report, and the Sustainability Report, with the aim of enriching and visualizing the information provided.</p> <p>The Board of Directors is actively involved in ensuring appropriate information disclosure, such as by discussing how to make the information disclosed as informative as possible for users, including non-financial information such as sustainability.</p> <p>The Company’s basic stance and internal system on information disclosure are set forth in the Information Disclosure Policy, which is disclosed on the Company’s website.</p> <p>“Information Disclosure Policy” (In Japanese text)</p> <p>https://www.mitsubishielectric.co.jp/ir/management/policy/</p>
<p>Other</p>	<p>(1) Ensuring diversity</p> <p>In the Medium-term Management Plan towards fiscal 2026, the Company states that it will contribute to realizing a vibrant and sustainable society, including response to decarbonization, by increasing the provision of integrated solutions through the strengthening of the business management foundation, promoting digital transformation, and other activities. In order to achieve this plan and improve corporate value in a rapidly changing business environment, it is critical for business development that individuals respect one another and work actively to the best of their abilities, regardless of gender, age, nationality, disability, and other factors. Based on this recognition, the Company has been committed to promoting initiatives to ensure diversity among employees, regardless of gender, nationality, age, disability, or other factors.</p> <p>(a) Female employees</p> <p>As part of its initiatives to ensure diversity, the Company has set a target of “doubling the ratio of women in managerial positions by fiscal 2026 at the latest, which is about a 4% increase from fiscal 2021.” To achieve this target as quickly as possible, the Company has promoted various initiatives, such as launching a “Woman in Managerial Position Program.” The Company has also actively recruited new employees, offered career forums for young female employees to help them achieve even higher goals, established a daycare center, and enhanced childcare support systems to ensure that our employees can continue to work for a long time. In addition, the Company has published numerical targets for female managers, both internally and externally. Through the “Women in Managerial Position Program,” the Company has been working to select human resource candidates, raise their awareness, and systematically assign and train them.</p> <p>(b) Non-Japanese employees</p> <p>Since the introduction of the October entry system in fiscal 2012, the Company has continuously worked to hire non-Japanese employees.</p>

There are currently around 230 non-Japanese employees working in Japan, and seven of them have active managerial positions. Today, local staff members account for more than 40% of all top management at overseas work sites. The Company will continue its efforts to assign excellent human resources to managerial positions in Japan and local employees to executive positions at our overseas sites.

(c) Mid-careers

The Company has continued to actively recruit mid-career hires and currently has about 7,800 of them, of which about 400 have active managerial positions. Employees are assigned to management positions based on their abilities and skills, regardless of their hiring categories. In the future, more specialized technical and business areas will require human resources with diverse cultural backgrounds and abilities. Regardless of gender or nationality, the Company will hire such human resources and actively promote recruitment activities from management to staff.

(2) Human Resources Development and Internal Environment Development
Toward Ensuring Diversity

As the business environment around the Group is rapidly changing, the Group recognizes that providing a workplace where employees can work to their full potential regardless of gender or age is essential to business development. Based on this recognition, the Company has been committed to promoting initiatives to ensure diversity among employees, regardless of gender, nationality, age, disability, or other factors.

Regarding matters such as initiatives for the active participation of women, the development of human resources, and the addressing of work-related issues, the Board of Directors, the majority of whom are independent outside directors, will receive relevant reports from the executive functions and actively hold discussions as needed.

Specific measures include the establishment of a daycare center and enhancement of the childcare support system; the introduction of a rehiring system for employees who left the Company for childcare reasons; and the introduction of a system that exempts employees who have difficulty relocating for childcare from transfers requiring a relocation for up to three years. Furthermore, the Company introduced a rehiring system that allows for extended employment up to age 70, while actively hiring local staff at overseas bases and promoting non-Japanese employees to managerial positions in Japan. As for LGBTQ issues, the Company has established an internal consultation service and provides employee education to improve the workplace environment and promote a better understanding of them.

Information on human resources development and internal environment development and their progress are also available on the Company's website.

“Sustainability (Social)”

<https://www.mitsubishielectric.com/en/sustainability/social/>

IV. Matters Concerning the Internal Control System

1. Basic Views on Internal Control System and Status of Development

[Basic Views on Internal Control Systems and the Status of Development]

The following matters are resolved as basic policies regarding the internal control system.

- (1) For the execution of the duties of the Audit Committee, its independence is secured by assigning employees whose job is exclusively to assist the Audit Committee members. In addition, internal regulations regarding the processing of expenses and debts incurred in the execution of the duties of the Audit Committee members have been established, and such expenses and debts are properly processed.

A system for reporting to the Audit Committee has been developed to report information about the Company and its subsidiaries to the Audit Committee via the divisions in charge of internal control. In addition, an internal whistle-blower system has been developed, and its details are reported to the Audit Committee members.

Furthermore, the Audit Committee members attend important meetings, including Executive Officers' meetings, and conduct investigations, such as through dialogue with Executive Officers and others, interviews with the executives of the Company's offices and subsidiaries, and undertake deliberations to determine audit policies, methods, implementation status, and results of the audit by regularly receiving reports from the Accounting Auditor and Executive Officers in charge of audits.

<Matters necessary for the execution of the duties of the Audit Committee>

- Dedicated employees are assigned to assist with the duties of the Audit Committee.
- The Senior General Manager of the Corporate Human Resources Div. consults with the Audit Committee members upon the performance evaluation and personnel transfer of the dedicated employees who assist with the duties of the Audit Committee.
- A reporting system is established to provide information on the Company and its subsidiaries to the Audit Committee through the divisions in charge of internal control in the Company.
- Full-time Audit Committee members are provided with opportunities to attend important meetings, such as Executive Officers' meetings.
- Internal regulations and systems are established to protect those who have reported information about the Company and its subsidiaries to the Audit Committee.
- Internal regulations are established regarding the processing of expenses and debts incurred in the execution of the duties of the Audit Committee members.
- Other systems related to the audit by the Audit Committee have been established as follows:
 - Conducting investigations on the Company and its subsidiaries.
 - Discussing audit policies and methods, implementation status, results of the audit, etc. by regularly receiving reports from the Accounting Auditor and Executive Officers in charge of audits.
 - Holding dialogue between the Audit Committee members and Executive Officers (and divisions responsible for execution) to ensure the effectiveness of the audit by the Audit Committee.

- (2) Internal regulations and systems to ensure the properness of operations within the Group have been established. Executive Officers take responsibility for constructing such systems within the areas over which they are appointed. Important matters are deliberated by convening Executive Officer meetings.

Executive Officers regularly monitor the status of management of the systems. The divisions in charge of internal control monitor the status of design and management of internal control system and regulations. In addition, an internal whistleblower system has been developed, and its details are reported to the Audit Committee members.

Furthermore, the status of management of the system is audited by internal auditors, and the audit results are reported regularly to the Audit Committee via Executive Officers in charge of audit.

The Company has established the following policy with respect to the development of systems required to ensure that the execution of duties by the Executive Officers complies with laws and regulations and the articles of incorporation, and other systems required by the Ministry of Justice Ordinance as necessary to ensure the appropriateness of the business activities of a stock company and of a group of enterprises comprised of the stock company and its subsidiaries.”

- A. Internal regulations are established to ensure that the execution of duties by the Executive Officers complies with laws and regulations as well as the articles of incorporation. Internal auditors conduct audits of the operation of the regulations.
- B. Internal regulations regarding compliance are established to create the framework necessary for promoting compliance.
- C. The following frameworks have been established to ensure the appropriateness of the business activities in the Company:
- Internal regulations have been established for the storage and management of information pertaining to the execution of the duties of executive officers. Internal auditors conduct audits of the operation of the regulations.
 - Each Executive Officer is responsible for establishing a risk management system within the areas over which they are appointed to mitigate the risk of loss. Important matters are discussed at Executive Officers' Meetings. Internal auditors conduct audits of the operation of the regulations. The internal regulations for the company-wide Emergency Response Div. and other functions have been established in preparation for emergency situations that are expected to have a significant impact on the management of the entire Company.
 - Each Executive Officer is responsible for ensuring management efficiency within the areas over which they are appointed. Important matters are discussed at Executive Officers' Meetings. Internal auditors conduct audits of the operation of the regulations. In addition, each Executive Officer creates an environment in which company-wide issues can be shared and discussed.
 - The following frameworks are established to ensure that the execution of duties by employees complies with laws and regulations and the articles of incorporation. Internal auditors conduct audits of the operation of the regulations.
 - Internal regulations and code of conduct regarding ethics and compliance is established.
 - A whistle-blowing system is implemented.

- D. The following frameworks have been established to ensure the appropriateness of the business activities in the Group:
- Each Executive Officer of the Company manages a subsidiary within the areas over which they are appointed.
 - A group-wide code of conduct regarding ethics and compliance has been established.
 - A dedicated organization has been established to manage across companies in the Group.
 - A management system and standards are established regarding reporting matters related to the execution of duties at the Group companies, managing the risk of loss, and ensuring efficiency in the execution of duties. Important matters are discussed and reported at the Executive Officers' Meeting.
 - Regular audits on subsidiaries are conducted by internal auditors.

[Overview of Internal Control over Financial Reporting]

To ensure the reliability of financial reporting, each of the Group's sites maintains and refines internal control over financial reporting under the direction of the Corporate Accounting Div. The status of refining and operating these controls is assessed independently at each site and by the Corporate Auditing Div. in an effort to maintain and improve them. Top management receives reports on these activities and evaluation results and confirms the effectiveness of internal control over financial reporting.

[Group's Risk Management Framework]

To establish an appropriate risk management system, the Board of Directors of Mitsubishi Electric will strive to maintain an appropriate internal control system, monitor internal controls through audits by internal auditors, and engage in thorough discussions on significant risks related to management supervision and execution.

Risk management (risks and opportunities) will be implemented independently by each division and by associated companies in the Group. Furthermore, the Group will build a framework to enable quick decision-making by establishing a Chief Risk Management Officer (CRO) and a Corporate Risk Management Div. to supervise the entire Group. The Group will address not only conventional risks such as large-scale disasters and social risks, but also promote agile and strategic exploration of and preparation for new risks such as economic security, human rights, and the global environment, with the aim of strengthening the management base to support sustainable growth in corporate value.

In the carbon-neutral business, the related Corporate Management Divisions and Business Groups will work together to pursue profitable opportunities by taking offensive risks while also appropriately managing defensive risks that could have negative impacts on the Group. After receiving a report on the status, the Board of Directors has discussions and evaluations based on the opinions of the independent outside directors.

2. Basic Views on Measures for Eliminating Anti-Social Forces and Status of Development

[Basic Views on Measures for Eliminating Anti-social Forces]

The Group's basic policy against anti-social forces is to have no relationship with such forces that threaten the order and safety of civil society, assuming a firm attitude toward such forces.

[Status of Developing the System to Eliminate Anti-social Forces]

The Company established departments responsible for overseeing measures against anti-social forces and assigned officer for preventing unreasonable demands. Through this system, the Company has collected and managed information on anti-social forces in collaboration with the police, lawyers, and other outside professional organizations. The Company has also prepared a manual for dealing with anti-social forces and conducted internal training.

The Group will continue to strengthen its systems for eliminating anti-social forces.

V. Other

1. Adoption of Anti-Takeover Measures

Adoption of Anti-Takeover Measures	Not Adopted
------------------------------------	-------------

Supplementary Explanation for Applicable Items

At present, the Company has not specifically established its Basic Policy or Anti-Takeover Measures.

The Company will aim to further enhance corporate value by improving business performance. In addition, the Company will strive to communicate our management policy, strategy, financial results, and other pertinent information to the market in a timely manner by actively promoting IR activities.

At the same time, the Company believes that appropriate actions should be taken against large-scale share acquisitions that do not contribute to our corporate value and the common interests of our shareholders. The Company will carefully consider such actions, while also keeping an eye on future social trends.

2. Other Matters Concerning the Corporate Governance System

[Governance Reform]

With regard to the improper quality control practices that were brought to light, the Company has taken the findings and recommendations from both the Investigative Committee and the Governance Review Committee very seriously, and the entire Group has been fully committed to preventing any recurrence in the future. In October 2021, the Company developed Three Key Reforms (Quality assurance, Organization culture, and Governance), in addition to measures to prevent the recurrence. In an effort to regain trust, the Company has since continued to make company-wide, all-out efforts to implement fundamental reforms by enhancing and developing the Three Key Reforms. The “Three Key Reforms Monitoring Committee” established under the Board of Directors will supervise the status of these reforms, including their progress and other relevant information, with the participation of outside experts. Regular updates will be provided to both internal and external stakeholders via the Company’s website. An overview of the Three Key Reforms is also provided in the attachment.

“Restoring trust: Our roadmap for reform” <https://reform.mitsubishielectric.com/>

In terms of Governance Reform, the entire company is working to build a “governance and internal control system to detect predictive indicators and prevent improper behavior while incorporating external perspectives,” through (1) - (3) below.

- (1) Based on a review of the Board of Directors’ composition that was conducted over the past year, mechanisms will be instituted to share important information fully, especially with outside directors, and further strengthen the Board of Directors’ monitoring functions.
- (2) Strengthen cross-organizational functions company-wide and build an internal control system that emphasizes predictive indicators and prevention, as well as strengthening company-wide risk-control functions.
- (3) Consistently accelerate and enhance the Three Key Reforms through monitoring by the Board of Directors with a majority of outside directors, with an emphasis on stakeholder perspectives.

The progress of Governance Reform and future initiatives are described below. Regarding the monitoring of Board reforms and company-wide reforms, the framework has been finalized, and the implementation phase is scheduled to commence in the fiscal year 2024. To improve the internal control system, the Company has already undertaken several studies and, in fiscal year 2024, will proceed with the concrete implementation of the compliance strategy.

- Activities for the fiscal year 2023 were completed as planned.
- In fiscal year 2024,
- A. Continue working group activities for each of the Three Key Reforms and start actual operations
 - B. Continue to update information on the Company’s website

[Company’s Basic Stance on Timely Disclosure]

- The Company’s basic stance is to disclose corporate information in a timely and appropriate manner, which may have a significant impact on the decisions of our investors, and the Company has always strived to do so.
- The Company has established “Insider Information Management Rules,” which are company rules for the purpose of preventing insider trading by officers and employees and ensuring thorough information management and timely and appropriate disclosure. The Company has been making efforts to comply with the Financial Instruments and Exchange Act and other related laws and regulations.

[Internal system for timely disclosure of corporate information]

The Company has designated the Public Relations Div. as the division in charge of managing information (Person in charge of managing information: the Senior General Manager of the Public Relations Div.). In accordance with the above-mentioned Insider Information Management Rules and the Publicity Handling Rules, the Company will disclose corporate information in a timely and appropriate manner under the following system:

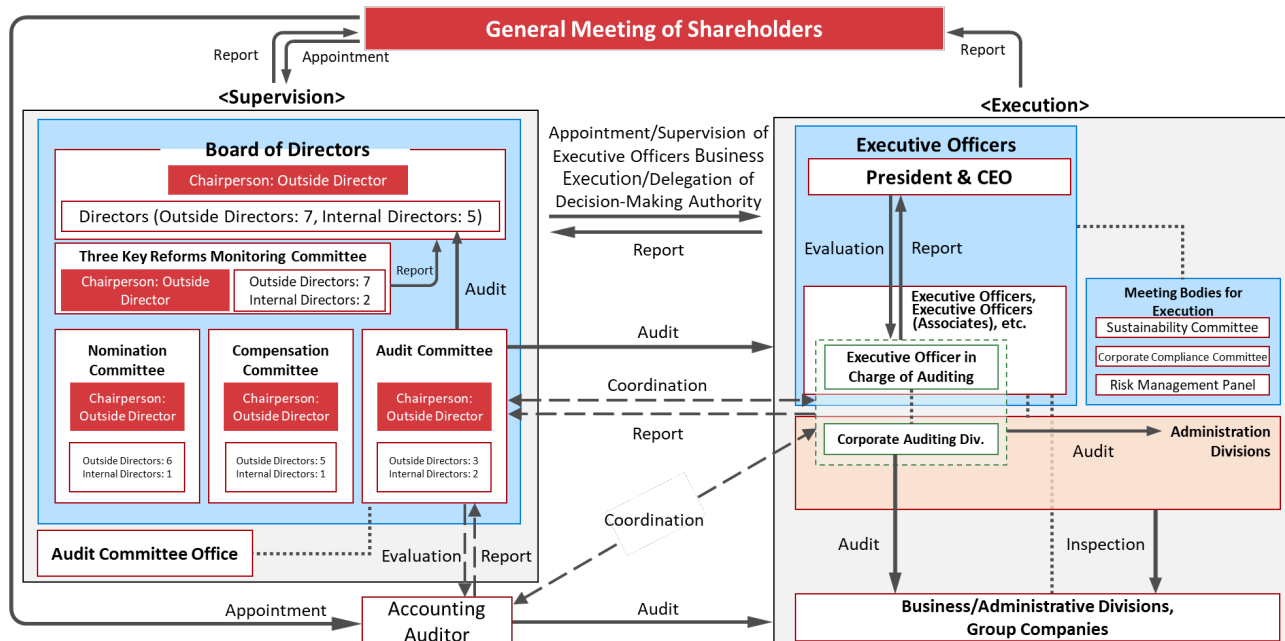

- (1) Aggregation of corporate information and determination of timing of disclosure
 - Important corporate information about the Company’s Business Groups, Administration Divisions, and major subsidiaries will be immediately reported to the Public Relations Div.
 - The Public Relations Div. will determine the necessity of timely disclosure of information in accordance with the Timely Disclosure Rules of the Tokyo Stock Exchange and other relevant rules.
- (2) Timely disclosure of corporate information
 - If timely disclosure is determined to be necessary, the Public Relations Div. will disclose corporate information in a timely manner upon request of the Executive Officer in charge of such disclosure.
 - With respect to timely information disclosure, the Company will comply with the Financial Instruments and Exchange Act

and other related laws and regulations, as well as the Insider Information Management Rules, to strictly manage internal information. Disclosure requiring review from a company-wide perspective will be examined by the Information Disclosure Committee, which is chaired by the Executive Officer in charge of public relations and comprised of the heads and other individuals of Corporate Management Divisions.

- Matters requiring a resolution at the Executive Officers' meeting or the Board of Directors' meeting will be timely disclosed after discussion and approval.

Attachment

<Corporate Governance Framework>

- The dotted green box of the Executive Officer in charge of Auditing and Corporate Auditing Div. indicates the internal auditors.
- The dotted arrow indicates a three-party audit system.

<Internal Timely Disclosure System Overview>

<Three Key Reforms, Including Measures to Prevent the Recurrence of Improper Quality Control Practices>

Since it was discovered in June 2021 that air conditioning systems and other equipment for railway vehicles were not properly inspected, the Group has worked with an external investigative committee to determine the facts and root causes of the improper quality control practices and developed the Three Key Reforms, including measures to prevent recurrence.

As a top management priority, the Group will continue to promote the Three Key Reforms, and the latest updates on their progress will be disclosed on our website. While responding to customers and people in society with the utmost sincerity, the Group will endeavor to restore public trust by implementing fundamental reforms and promoting measures to prevent a recurrence.

■ Three Key Reforms

In collaboration with the company-wide transformation project, the Company will make every effort to transform itself towards creating a new Mitsubishi Electric by enhancing and developing the Three Key Reforms of quality assurance, organizational culture, and governance.

Overview of the Three Key Reforms

■ Progress and Related Information on Three Key Reforms

In April 2023, the Company will implement an organizational restructuring, including reform of the Business Area (BA) management system, to promote dynamic collaboration among people and technologies across BAs and the provision of solution businesses in order to solve social issues through the realization of synergies beyond the boundaries of business divisions. The Company will continue to make company-wide, all-out efforts to implement reforms, led by the CSO, CRO, CHRO, and the Three key Reforms Div.

The progress of measures to prevent recurrence as of the end of fiscal 2023 has been announced on the Company's website. The Company will continue to announce the progress of the measures on the website.
