Japan Display Inc. to Participate in SID DISPLAY WEEK 2023

Japan Display Inc. (JDI) will participate in The Society of Information Display (SID) "DISPLAY WEEK 2023", the world's largest international display conference, held in Los Angeles, California, USA from May 21 to 26, 2023. JDI's participation includes three technical papers at the Symposium. Corning Incorporated, one of the world's leading innovators in materials science, will showcase a modified version of JDI's [Raelclear](#) transparent display in its exhibit booth (#520).

Symposium

At the Symposium, where researchers and engineers related to displays gather from around the world, JDI will present 3 papers:

- (8.1) High mobility oxide TFT achieving mobility over 50 cm²/Vs and high level of uniformity on the large size substrate
- (17.1) Development of the Novel eLEAP AMOLED Display with Breakthrough Panel Performance
- (52.5) Thin and Lightweight Head-Mounted Displays with Holographic Optics and Polarized Laser Backlights Using an Inverted Wedge-Shaped Light Guide Plate
