Endorsement of the Task Force on Climate-related Financial Disclosures (TCFD) Recommendations

Ichiyoshi Securities Co., Ltd. (“Ichiyoshi”) announced its endorsement of the Task Force on Climate-related Financial Disclosures (TCFD*) recommendations.

In accordance with the “Ichiyoshi Credo”, Ichiyoshi has been actively contributing to the environment and local communities through various social contribution activities. In April 2023, Ichiyoshi established the “Sustainability Management Meeting” and the “Sustainability Management Department” to strengthen its efforts to contribute to the realization of a sustainable society.

In light of extensive damages resulting from abnormal weather and other natural disasters across the world in recent years, Ichiyoshi will assess the impact of climate change on its business and enhance information disclosure based on TCFD recommendations.

Ichiyoshi will continue its efforts to solve environmental and social issues, thereby contributing to the realization of a sustainable society.

*TCFD is a task force established in December 2015 by the Financial Stability Board at the request of the financial ministers and central bank governors of the Group of Twenty (G20). The final report published by TCFD in June 2017 recommends that companies disclose the following four items related to climate-related risk: “Governance”, “Strategy”, “Risk management” and “Metrics and Targets”.
