2. To Elect 9 Directors

The term of all 11 Directors will expire at the close of this Ordinary General Meeting of Shareholders. Accordingly, the Board proposes the following 9 candidates for election as Directors as detailed on the following pages. Of the 9 candidates, 4 are candidates for Outside Director*. All such candidates meet the requirements of Independent Director, as specified by the Tokyo Stock Exchange, Inc., as well as Selection Criteria for Outside Directors specified by MC and have been registered as Independent Directors with the Tokyo Stock Exchange, Inc.

The composition and size of the Board of Directors and the policy and process for appointing nominated Directors are deliberated at the Governance, Nomination and Compensation Committee with Independent Directors and/or Independent Audit & Supervisory Board Members in the majority, and then decided by the Board of Directors as follows:

* Outside Director represents “outside director” as provided for in Article 2-15 of the Companies Act.

Composition and Size of the Board of Directors and the Policy and Process for Appointing Nominated Directors

Composition and Size	The composition and size of the Board of Directors is appropriately determined to help it maintain transparent, fair, timely and decisive decision-making and carry out effective oversight, with one third or more being made up of Independent Directors.
Appointment Policy	To ensure decision-making and management oversight are appropriate for MC which is involved in diverse businesses and industries in a wide range of fields, and from the perspective of ensuring diverse standpoints, several Directors are appointed from both within and outside MC with the depth of experience and high levels of knowledge and expertise needed for fulfilling their duties.
In-house Directors	In addition to Chairman of the Board and President & Chief Executive Officer, MC’s in-house Directors are elected from Executive Officers (Senior Executive Vice Presidents & Executive Vice Presidents) responsible for companywide management so that they can fully leverage their abundant business experience to ensure appropriate decision making and robust management supervision by the Board of Directors.
Independent Directors	Independent Directors are appointed from those who possess a practical perspective of highly experienced company officers and those who possess an objective and professional perspective with a deep insight on global dynamics and socio-economic trends. These individuals thus contribute to appropriate decision making and robust management supervision by the Board of Directors as they bring diverse perspectives into its deliberations.
Appointment Process	In line with policies described above, the President & Chief Executive Officer proposes a list of nominated Directors, which is then deliberated at the Governance, Nomination and Compensation Committee and resolved by the Board of Directors before being presented at the Ordinary General Meeting of Shareholders.

(Notes)

1. Upon approval of this Proposal, each candidate denoted by an asterisk is expected to be named a Representative Director at the Board of Directors Meeting to be held immediately following this Ordinary General Meeting of Shareholders.
2. The name recorded in the family register of Ms. Mari Sagiya is Ms. Mari Itaya.
3. MC has concluded agreements with Messrs. Takehiko Kakiuchi, Tsuneyoshi Tatsuoka, Shunichi Miyanaga, Sakie Akiyama and Mari Sagiya limiting their liability according to Article 423, Paragraph 1 of the Companies Act. According to the agreements, the maximum liability of each is the minimum amount stipulated under Article 425, Paragraph 1 of the Companies Act. If this proposal is approved, MC will extend agreements limiting their liability with the above-mentioned 5 individuals.
4. MC has executed agreements with Messrs. Takehiko Kakiuchi, Katsuya Nakanishi, Norikazu Tanaka, Yutaka Kashiwagi, Yuzo Nouchi, Tsuneyoshi Tatsuoka, Shunichi Miyanaga, Sakie Akiyama and Mari Sagiya stipulating that MC shall, to the extent required by laws and regulations, indemnify them from types of expenses and damage stipulated in Article 430-2, Paragraph 1, Item 1 and 2 of the Companies Act, respectively. If this proposal is approved, MC will extend agreements with the above-mentioned 9 individuals.
5. MC has concluded a Directors and Officers (D&O) Liability Insurance Agreement that designates its Directors as insured persons and it is scheduled to be renewed in August 2023. This agreement is designed to indemnify these individuals against damages that may arise while pursuing their official responsibilities or that may result from personal lawsuits brought against them seeking compensation on the grounds of such responsibilities. Relevant insurance premiums are paid solely by the Company. In addition, this agreement precludes indemnification against damages attributable to intentional misconduct including decisions made knowingly of illegality and so forth.

[Selection Criteria for Outside Directors and Outside Audit & Supervisory Board Members]

To make the function of Outside Directors and Outside Audit & Supervisory Board Members stronger and more transparent, MC has set forth Selection Criteria for Outside Directors and Outside Audit & Supervisory Board Members as follows, after deliberation by the Governance, Nomination and Compensation Committee, which is composed with Independent Directors and/or Independent Audit & Supervisory Board Members in the majority.

[Selection Criteria for Outside Directors]

1. Outside Directors are elected from among those individuals who have an eye for practicality founded on a wealth of experience as corporate executive officers, as well as an objective and specialist viewpoint based on extensive insight regarding global conditions and social and economic trends. Through their diverse perspectives, Outside Directors help ensure levels of decision-making and management oversight appropriate to the Board of Directors.
2. To enable Outside Directors to fulfill their appointed task, attention is given to maintain their independency*; individuals not ensuring this independency in effect will not be selected to serve as Outside Directors.
3. MC's operations span a broad range of business domains; hence there may be cases of conflict of interest stemming from business relationships with firms home to a corporate executive officer appointed as Outside Directors. MC appropriately copes with this potential issue through the procedural exclusion of the director in question from matters related to the conflict of interest, and by preserving a variety of viewpoints through the selection of numerous Outside Directors.

[Selection Criteria for Outside Audit & Supervisory Board Members]

1. Outside Audit & Supervisory Board Members are selected from among individuals who possess a wealth of knowledge and experience across various fields that is helpful in performing audits. Neutral and objective auditing, in turn, will ensure sound management.
2. To enable Outside Audit & Supervisory Board Members to fulfill their appointed task, attention is given to maintain their independency*; individuals not ensuring this independency will not be selected to serve as Outside Audit & Supervisory Board Members.

(Notes)

Independency for the purpose of Selection Criteria for Outside Directors and Outside Audit & Supervisory Board Members

To make a judgment of independence, MC checks if the person concerned meets the conditions for Independent directors and Independent auditors as specified by the Tokyo Stock Exchange, Inc., and whether the person concerned is currently any of the following items (1) to (7) and whether they have been at any time in the past 3 fiscal years.

1. A major shareholder of MC (a person or entity directly or indirectly holding 10% or more of the voting rights), or a member of business personnel of such shareholder (*1).
*1 A member of business personnel refers to a managing director, corporate officer, executive officer, or other employee of a company (Hereinafter the same).
2. A member of business personnel of a creditor of MC exceeding the threshold set by MC (*2).
*2 Creditors exceeding the threshold set by MC refer to creditors to whom MC owes an amount exceeding 2% of MC's consolidated total assets.
3. A member of business personnel of a supplier or a customer of MC exceeding the threshold set by MC (*3).
*3 Suppliers or customers exceeding the threshold set by MC refer to suppliers or customers whose transaction amounts with MC exceed 2% of MC's consolidated revenues.
4. A provider of professional services, such as a consultant, lawyer, or certified public accountant, receiving cash or other financial benefits from MC, other than directors' or audit & supervisory board members' remuneration, where the amount exceeds ¥10 million per fiscal year.
5. A representative or partner of MC's Outside auditor.
6. A person belonging to an organization that has received donations exceeding a certain amount (*4) from MC.
*4 Donations exceeding a certain amount refer to donations of more than ¥20 million per fiscal year.
7. A person who has been appointed as an Outside Director or Outside Audit & Supervisory Board Member of MC for more than 8 years.

If a person is still judged by MC to be effectively Independent despite one or more of the above items (1) to (7) applying, MC will explain and disclose the reason at the time of their appointment as an Independent Director or Independent Audit & Supervisory Board Member.

Message from the candidate for appointment as Outside Director

In Japan and globally, the business environment is changing at an increasing pace, becoming both more complex and uncertain. This reflects the competition for dominance between the United States and China, the Russia-Ukraine conflict, the ensuing energy issues and food resource problems, as well as continued global inflation, and the instability of the macroeconomic environment.

I will strive to fulfill my duty as an Independent Director to help the Company steadily advance Midterm Corporate Strategy 2024 and sustainably increase corporate value by controlling risk while pursuing new opportunities.

Message from the candidate for appointment as Outside Director

The confluence of such major trends as energy transition and digitalization, as well as the increasing complexity of international politics in recent years, is increasing the diversity and fluidity in the direction and timescale of changes in socioeconomic and market structures. In this increasingly uncertain environment—by leveraging my management experience in conglomerate manufacturing industries to provide advice related to the investment risks and value of various businesses, as well as to investigate suspicious points and items needing confirmation—I hope to contribute to the enhancement of corporate value and governance at the MC Group, which conducts business across a broad range of fields.

*** Violations of either applicable laws or ordinances, or the articles of incorporation, etc. at other companies where the Outside Director candidate concurrently serves as a corporate officer**

In May 2018, while Mr. Miyanaga was serving as Outside Director at MMC, it was found that MMC was not providing technical training to certain foreign technical trainees at the Okazaki Plant in accordance with the technical training plan accredited by the Organization for Technical Intern Training. In January 2019, MMC received a notice of cancellation of the technical training plan and an improvement order in accordance with the Act on Proper Technical Intern Training and Protection of Technical Intern Trainees. While Mr. Miyanaga was not directly aware of the facts of either case until relevant details were revealed, he has regularly been urging caution from a legal compliance standpoint in meetings of the Board of Directors and other forums. In addition, after the facts of each case came to light, Mr. Miyanaga has fulfilled his duty by taking actions such as instructing thorough investigations of the facts of each case and measures to prevent a reoccurrence.

Message from the candidate for appointment as Outside Director

Amid an increasingly uncertain outlook in the socioeconomic environment, as MC maintains a stable management structure, the Company is boldly endeavoring to create unique future-creating businesses based on a medium- to long-term perspective. Many initiatives utilizing digital technologies add value for businesses and society, and I, as an Independent Director, will strive to provide appropriate advice based on my experience and continue helping to enhance governance, which is a constant effort, and enhance the corporate value of MC, which continues evolving.

3. To Elect 1 Audit & Supervisory Board Member

The term of Full-Time Audit & Supervisory Board Member Hajime Hirano will expire at the close of this Ordinary General Meeting of Shareholders.

Accordingly, the Board proposes the following candidate for election as Audit & Supervisory Board Member as detailed on the following pages. The Audit & Supervisory Board has already given approval to this proposal.

The composition and size of the Audit & Supervisory Board and the policy and process for appointing nominated Audit & Supervisory Board Members are deliberated by the Governance, Nomination and Compensation Committee with Independent Directors and/or Independent Audit & Supervisory Board Members in the majority, and then decided by the Board of Directors as follows:

Composition and Size	In principle, the total number of Audit & Supervisory Board Members is 5, with more than half their number being made up of Independent Audit & Supervisory Board Members.
Appointment Policy	To ensure Mitsubishi Corporation's sound business development and improve its social credibility through audits, several Audit & Supervisory Board Members are appointed from within and outside Mitsubishi Corporation with the depth of experience and high level of expertise needed for conducting audits.
Full-Time Audit & Supervisory Board Members	Full-Time Audit & Supervisory Board Members are appointed from those with knowledge and experience in corporate management, finance, accounting, risk management, or other areas. These individuals are expected to carry out audits by employing their abundant business experience at MC, with the aim of securing the soundness of management.
Independent Audit & Supervisory Board Members	Independent Audit & Supervisory Board Members are appointed from those with rich knowledge and experience across various fields. These individuals are expected to carry out audits by exercising a neutral and objective perspective, with the aim of securing the soundness of management.
Appointment Process	After consulting with the Full-Time Audit & Supervisory Board Members, the President & CEO creates a proposal for nominated Audit & Supervisory Board Members, which is then deliberated by the Governance, Nomination and Compensation Committee and approved by the Audit & Supervisory Board before being resolved by the Board of Directors and presented at the Ordinary General Meeting of Shareholders.

Please also refer to pages 21 for the roster of Audit & Supervisory Board Members if this proposal is approved.

Reason for Nomination as Audit & Supervisory Board Member																
<p>MC has nominated Mr. Murakoshi as an Audit & Supervisory Board Member. After holding several important posts, including General Merchandise Division COO and president of Mitsubishi Company (Thailand) Ltd., he served as a Corporate Functional Officer from 2017 until 2022, helping to enhance MC's corporate value through diverse operational oversight (covering IT, HR, Corporate Administration, Legal, Global Strategies, Corporate Communications, Corporate Sustainability & CSR, etc.). He possesses a wealth of management experience, covering both MC's diverse operations and business/administrative operations in general.</p>																

(Note)

* Allocated as stock-based remuneration linked to medium- to long term share performance, with the maximum number stated and the number of exercisable options varying (40% to 100%) based on future performance. For details of MC's remuneration package for directors and audit & supervisory board members, please refer to pages 26-30.

(Notes)

1. MC has concluded agreements with Messrs. Mitsumasa Icho, Rieko Sato, Takeshi Nakao, and Mari Kogiso limiting their liability according to Article 423, Paragraph 1 of the Companies Act. According to the agreements, the maximum liability of each is the minimum amount stipulated under Article 425, Paragraph 1 of the Companies Act. If this proposal is approved, MC will conclude a new agreement with Mr. Akira Murakoshi with the same terms and conditions.
2. MC has executed agreements with Messrs. Mitsumasa Icho, Rieko Sato, Takeshi Nakao, and Mari Kogiso stipulating that MC shall, to the extent required by laws and regulations, indemnify them from types of expenses and damage stipulated in Article 430-2, Paragraph 1, Item 1 and 2 of the Companies Act, respectively. If this proposal is approved, MC will execute a new agreement with Mr. Akira Murakoshi with the same terms and conditions.
3. MC has concluded a Directors and Officers (D&O) Liability Insurance Agreement that designates its Audit & Supervisory Board Members as insured persons and it is scheduled to be renewed in August 2023. This agreement is designed to indemnify these individuals against damages that may arise while pursuing their official responsibilities or that may result from personal lawsuits brought against them seeking compensation on the grounds of such responsibilities. Relevant insurance premiums are paid solely by the Company. In addition, this agreement precludes indemnification against damages attributable to intentional misconduct including decisions made knowingly of illegality and so forth.

Message from the Independent Audit & Supervisory Board Member Global conditions are increasingly chaotic, and social issues—such as decarbonization, digitalization and the declining birthrate and aging population—are growing far more complex than ever before. Under these circumstances, I have seen how MC is taking a variety of actions to enhance its corporate value. As an Audit & Supervisory Board Member, I will continue to contribute to MC’s proactive efforts while keeping careful watch for any actions that could damage corporate value.					
Takeshi Nakao	57	Outside Audit & Supervisory Board Member Independent Member	Audit & Supervisory Board Member	3	—
Message from the Independent Audit & Supervisory Board Member It has been three years since I was first appointed in June 2020. During this time, global conditions have changed dramatically, significantly affecting MC’s economic environment. At the same time, it is clear to me that MC has made major, proactive changes internally, including the formulation of a Midterm Corporate Strategy under the new administration; new measures related to realizing MC Shared Value, EX and DX; and the further reinforcement of the corporate governance system. In the current fiscal year, I will continue to deepen my knowledge of matters both within and outside the Company as I strive to fulfill my duties as an Independent Audit & Supervisory Board Member.					
Mari Kogiso	56	Outside Audit & Supervisory Board Member Independent Member	Audit & Supervisory Board Member	1	—
Message from the Independent Audit & Supervisory Board Member About a year has passed since my appointment as Independent Audit & Supervisory Board Member. Through numerous dialogues with the Board of Directors, Audit & Supervisory Board and other parties as well as onsite audits, I have seen first-hand that MC’s corporate governance functions highly effectively. At the same time, however, the role that society asks of companies is growing broader and more complex, with growing expectations regarding such issues as decarbonization, human capital-oriented management and human rights. In addition, I think that promoting diversity will be especially important to enhancing corporate value over the medium and long term going forward. As an Independent Audit & Supervisory Board Member, I will keep these conditions in mind while striving to maintain an objective and independent perspective as I continue working to contribute to the enhancement of MC’s corporate value.

● Skills Matrix of Directors and Audit & Supervisory Board Members

Directors and Audit & Supervisory Board Members are selected in light of their experience, knowledge, expertise and overall character. At the Board of Directors, these individuals deliberate based on diverse perspectives to ensure appropriate decision making and robust management supervision. The areas of experience, knowledge and expertise judged to be important for MC's Board of Directors and the reasons for their adoption are shown below. The matrix on the next page shows the areas in which each Director and Audit & Supervisory Board Member has experience, knowledge or expertise.

(Notes)

- The table below does not represent all the experience, knowledge or expertise of the Director or Audit & Supervisory Board Members.
- The applicability of each skill area in the table below is judged based mainly on the individuals' experience in former positions, their current positions and their formal qualifications.
- The matrix shows the Directors and Audit & Supervisory Board Members expected to be in office at the conclusion of this General Meeting of Shareholders.

	Skill Area	Reasons for adoption
Basic Items	Business Management and Organizational Management	The Board of Directors must deliberate and make comprehensive decisions from an organizational management perspective. As such, experience in business management or organizational management that is not skewed toward any individual specialty as well as knowledge of corporate governance based on such experience have been designated as necessary skill areas.
	Risk Management	In order to make the company grow, it is important to establish and operate internal controls that comply with laws and regulations and the Articles of Incorporation and to enhance corporate value through appropriate and efficient business execution, as well as to manage various risks related to MC's business. Therefore, items that require a wide range of experience, insight and expertise covering all aspects of risk management have been selected. In addition, these items encompass the following elements, which are indicated in parentheses for the appropriate person(s). <ul style="list-style-type: none"> • (Legal) Management of overall corporate legal affairs • (Financial and Accounting) Management of overall financial affairs and accounting
Management Strategy	Innovation	In the Roadmap to a Carbon-Neutral Society, MC has declared the goal of net zero greenhouse gas (GHG) emissions by 2050, and have set forth "Creating the future through the integrated promotion of EX and DX" as a business promotion theme for the entire company. Accordingly, experience, insight, and other expertise, related to innovation, necessary for monitoring the progress of such transformation, are selected as important items.
	Energy	MC is taking on the challenge of achieving both a stable supply of energy and resources and the lowering of carbon and decarbonization of social and economic activities, and this refers to experience, insight, and expertise in energy-related innovations that are necessary to monitor the progress of these efforts.
	Digital	MC operates globally and reflects aims to create a cross-industry digital ecosystem with optimized business models, and this refers to the experience, insight, and expertise in digital-related innovation necessary to monitor the progress of this initiative.
	Global Intelligence	Since MC operates globally and reflects intelligence on geopolitics, economic conditions, policy trends, etc. in the management strategies in a timely manner, experience, insight and expertise in such matters have been selected as important items.
	Human Resource Strategy	The company's most valuable asset is human resources, and it is essential that MC continues to produce human resources with a management mindset and commitment to increasing the value of business. With a view toward creating MC Shared Value, which is one of the objectives of the Midterm Corporate Strategy, experience, insights and expertise, etc. of "human resource strategy" strives to optimize the value of our human capital have been selected as important factors. This includes strategies related to organizational structure and organization.
	Environment and Society	Since MC defines material issues as important social issues to be solved through business activities and aims to realize a carbon-neutral society and lifestyles that are rich both materially and spiritually; experience, insight, and expertise in environmental and social matters have been selected as important items to be considered.

4. To Revise Director Remuneration

Until now, MC has paid Director remuneration within the limits approved at the 2019 Ordinary General Meeting of Shareholders (held June 21, 2019), subject to approval by the Board of Directors. This remuneration comprises base salary (fixed monthly remuneration), annual deferral for retirement remuneration, individual performance bonus, performance-linked bonus (short term), performance-linked bonus (medium to long term) and stock-based remuneration linked to medium- to long-term share performance.

Based on its corporate philosophy enshrined in the Three Corporate Principles, MC believes it has a duty to simultaneously generate economic value, societal value and environmental value while responding to the needs of all stakeholders. To incentivize efforts to this end, MC has reflected assessments of individual performance related to value creation from both financial and non-financial perspectives in individual performance bonuses, and has used the MC share price—which reflects the market’s evaluation from both financial and non-financial perspectives—as a key performance indicator for calculating stock-based remuneration linked to medium- to long-term share performance.

To promote a stronger awareness of enhancing corporate value through initiatives related to medium- to long-term sustainability including ESG factors, the Board of Directors proposes to add new sustainability factors to the key performance indicators used to calculate performance-linked bonuses (medium to long term). During the first performance period under the revised scheme, remuneration paid will vary in accordance with the results of evaluations of initiatives related to Optimizing the Value of Human Capital (based on Midterm Corporate Strategy 2024, formulated and published in May 2022) and Contributing to Decarbonized Societies (one part of MC’s Materiality; see page 63 for details). Specifically, regarding Contributing to Decarbonized Societies, evaluations will examine initiatives aimed at reaching MC’s greenhouse gas reduction targets (halve emissions by the fiscal year ending March 31, 2031 (fiscal year ended March 31, 2021 baseline) and achieve net-zero emissions by 2050) as well as initiatives to simultaneously decarbonize and reinforce the portfolio. These evaluations and their reflection in payment amounts will be handled as follows.

First, the payment amount is calculated as the average profit for the year over the three fiscal years of the performance period.

Next, a newly established subcommittee of the Governance, Nomination and Compensation Committee comprehensively evaluates initiatives related to the abovementioned sustainability factors over the three fiscal years of the performance period in both quantitative and qualitative terms. The members of the subcommittee are the Chairman of the Board and Independent Directors, to whom this form of remuneration does not apply, and the committee is chaired by an Independent Director.

In accordance with the results of the evaluation, the payment amount may then be increased or decreased by up to 20%. The evaluation results are reported to the Board of Directors and are disclosed in the Business Report and Annual Financial Report for the final fiscal year of the performance period.

In accordance with the above, the Board of Directors proposes that the Director remuneration limit for performance-linked bonuses (medium to long term) approved at the 2019 Ordinary General Meeting of Shareholders (held June 21, 2019) be revised as follows (the revised portion is underlined).

The annual amount for performance-linked bonuses (medium to long term) that reflects the consolidated earnings over the longer term shall be up to 0.06% of average profit for the year (attributable to owners of the Parent) over the relevant fiscal year and subsequent two fiscal years. (The payment amount is adjusted in line with average profit for the year (attributable to owners of the Parent) over the relevant fiscal year and subsequent two fiscal years as well as the results of evaluations of initiatives related to sustainability factors and calculated according to the formula resolved by the Board of Directors. Furthermore, no bonuses shall be paid if average profit for the year (attributable to owners of the Parent) is below the average consolidated capital cost. An upper limit is also placed on the total amount to be paid.)

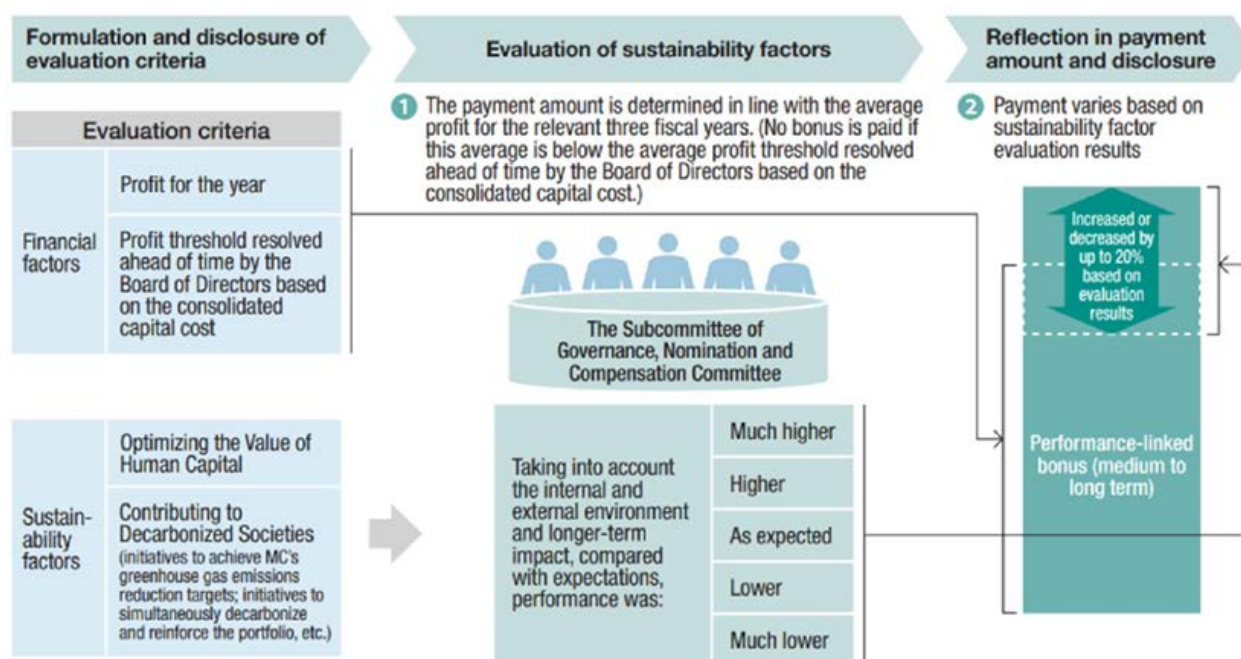

Note that there shall be no changes to the limit on total annual amount for base salary, annual deferral for retirement remuneration and individual performance bonuses of up to 1.5 billion yen per year (for the base salary paid to Independent Directors, up to 180 million yen per year), nor to the limit on the annual amount for performance-linked bonus (short term) that reflects the consolidated earnings of a single fiscal year of up to 0.06% of profit for the year (attributable to owners of the Parent) for the relevant fiscal year, both of which were approved at the 2019 Ordinary General Meeting of Shareholders (held June 21, 2019). Furthermore, there shall be no changes to the conditions used in applying these limits.

However, in light of the abovementioned methods of determination, “individual performance bonus” will be renamed “individual performance-linked remuneration.” Note that “consolidated capital cost” here refers to a profit threshold resolved ahead of time by the Board of Directors based on the consolidated capital cost.

The Board of Directors has received a report from the Governance, Nomination and Compensation Committee (which is composed with a majority of Independent Directors and/or Independent Audit & Supervisory Board Members) indicating that the above revisions to Director remuneration are appropriate, and the Board of Directors therefore judges that they are suitable. If Proposal No. 2 is approved without modification, it will apply to 4 Directors.

Remuneration for each Director shall be determined through a process of deliberation by the Governance, Nomination and Compensation Committee followed by a decision by the Board of Directors, within the aforementioned limits on remuneration.

Reflection of Sustainability Factor Evaluations: Process Flow

Remuneration Package for Directors and Audit & Supervisory Board Members

The basic approach to the remuneration of Executive Directors as well as the composition and breakdown thereof upon the approval of Proposal No. 4 is detailed below.

- Basic Approach

Remuneration levels	<ul style="list-style-type: none"> • Remuneration levels are set based on the functions and roles of Directors and Audit & Supervisory Board Members and the Company's level of performance and others. • Remuneration levels are globally competitive and based on performance targets to motivate career growth in human resources who will be responsible for the next generation of management and to further raise organizational vitality.
Remuneration composition	<ul style="list-style-type: none"> • Remuneration for Directors is designed for greater focus on increasing medium- and long-term corporate value by more closely linking remuneration to medium- to long-term corporate value and fiscal year earnings, as well as the creation of stock remuneration with stronger ties to shareholder value, in addition to cash compensation. - Calculation Method for Performance-Linked Remuneration (Fiscal Year Ended March 2023)

1. Performance-linked bonus (short term)

(1) Upper limit on total payment

The upper limit is the lower of i) ¥600 million or ii) the maximum total of individual payment amounts prescribed in (2) below

(2) Individual payments

President and CEO	$(\text{FY2022 profit} - ¥440 \text{ billion}) \times 0.025\% + 0.35 \text{ (¥100 million)}$
Executive Vice President	$(\text{FY2022 profit} - ¥440 \text{ billion}) \times 0.0075\% + 0.105 \text{ (¥100 million)}$

* If below the profit threshold resolved ahead of time by the Board of Directors based on consolidated capital cost, the payment amount is zero. For FY2022, the threshold was ¥520.0 billion.

Maximum Payment and Total for Each Position

Position	Maximum payment amount	Number of persons	Total
President and CEO	¥175 million	1	¥175 million
Executive Vice President	¥52.5 million	4	¥210 million
Total		5	¥385 million

2. Performance-linked bonus (medium to long term)

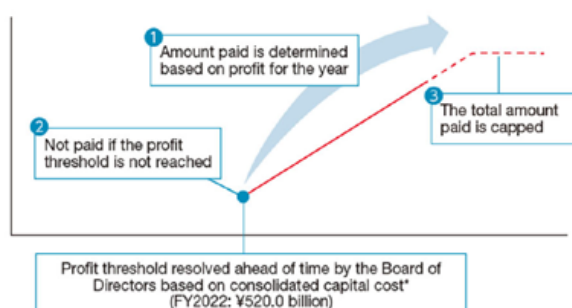

(1) Upper limit on total payment

Same as performance-linked bonus (short term)

(2) Individual payments

President and CEO	$(\text{Average profit for the three fiscal years ending March 31, 2023, March 31, 2024, and March 31, 2025} - ¥440 \text{ billion}) \times 0.025\% + 0.35 \text{ (¥100 million)}$
Executive Vice President	$(\text{Average profit for the three fiscal years ending March 31, 2023, March 31, 2024, and March 31, 2025} - ¥440 \text{ billion}) \times 0.0075\% + 0.105 \text{ (¥100 million)}$

* If below the average profit threshold for FY2022–FY2024, the payment amount is zero.

*The profit threshold is revised annually.

3. Stock-based remuneration linked to medium- to long-term share performance

(1) Upper limit on total payment

The upper limit is ¥600 million. However, the upper limit on total number of shares per year is 400,000 shares (4,000 stock options).

(2) Conditions for exercise of stock options

Some or all stock options may be exercised depending on the stock growth rate (market conditions*).

*Market conditions

Number of stock options that can be exercised by each position

Number of stock options initially allocated for each position (based on positions as of April 1, 2022) × vesting ratio

Stock options initially allocated by position

President and CEO	54,800 shares (548 options)
Executive Vice President	16,900 shares (169 options)

Vesting ratio

The vesting ratio varies, as shown below, depending on the growth rate in the Company's shares over the three-year period from the allocation date.

Growth rate in the Company's shares

Growth rate in the Company's shares = $\text{Company's TSR (three years)} / \text{TOPIX growth rate (three years)}$

- Governance of Remuneration

The Governance, Nomination and Compensation Committee deliberates and the Board of Directors decides the policy for setting Directors' remuneration and the remuneration amount (actual payment amount).

The total remuneration amount (actual payment amount) and individual payment amounts for Directors, excluding individual performance-linked remuneration, are determined by a resolution of the Board of Directors within the upper limits for each type of remuneration decided by resolution of the Ordinary General Meeting of Shareholders held on June 21, 2019. Base salary and annual deferral for retirement remuneration, forms of fixed remuneration, are paid in amounts determined by the Board of Directors. As for variable remuneration, payments of performance-linked bonuses (short term), performance-linked bonuses (medium to long term) and stock-based remuneration linked to medium- to long-term share performance are determined, while reflecting key performance indicators, based on a formula set by the Board of Directors following deliberation by the Governance, Nomination and Compensation Committee.

MC has adopted a clawback policy,* applicable to the individual performance-linked remuneration, performance-linked bonuses (short term) and performance-linked bonuses (medium to long term) of Executive Directors, revising the regulations for executive officers by resolution at the Board of Directors' Meeting held on February 18, 2022.

The payment amounts of individual performance-linked remuneration paid to Directors based on their individual performance assessment, including qualitative assessment, are determined and paid on an individual basis, reflecting the President's yearly assessment of performance in both financial and non-financial terms of each Director for the relevant fiscal year (the Board of Directors delegates authority to the President for deciding the individual payment amounts). Performance evaluations of Executive Directors comprehensively take into account their contributions to the organizations and businesses they oversee; their contributions to management of the entire Company, Corporate Staff Section, Business Groups and offices; and the state of initiatives related to value creation that leads to sustainability.

The annual assessment on the President's performance is decided by the President's Performance Evaluation Committee, which is delegated this authority by the Board of Directors (and is a subcommittee of the Governance, Nomination and Compensation Committee). The subcommittee is comprised of the Chairman of the Board, who also serves as the chair of the Governance, Nomination and Compensation Committee, and Independent Directors sitting on the committee (see page 44). Results of the performance assessment are reported to the Board of Directors and the Governance, Nomination and Compensation Committee to ensure objectivity, fairness and transparency.

Based on the policy for determining remuneration packages (including methods for calculating performance-linked bonuses) that was approved at the ordinary meeting of the Board of Directors held on May 17, 2019, and the extraordinary meeting of the Board of Directors held on June 21, 2019, each year, the Governance, Nomination and Compensation Committee deliberates and the Board of Directors makes a resolution determining that the total amount of director remuneration packages and methods for deciding payments to individual directors are consistent with said policy for determining remuneration packages.

Each year, the Governance, Nomination and Compensation Committee deliberates and monitors the fairness of remuneration levels and composition (including components of remuneration subject to clawback policy) as well as the operational status of remuneration systems. This is done with reference to data on remuneration levels and composition ratios provided by an external consulting firm (Willis Towers Watson).

Total and individual amounts of remuneration paid to Audit & Supervisory Board Members are determined following deliberations by the Audit & Supervisory Board within the scope of remuneration for Audit & Supervisory Board Members approved at the Ordinary General Meeting of Shareholders held on June 21, 2019.

* In the event that an executive officer causes any loss or damage to the company from willful misconduct or negligence, a serious violation of a delegation agreement, or a serious accounting error/ex-post revision of a financial report due to misconduct resolved by the Board of Directors, non-payment or reduction of the amount/reclaiming of the paid amount is possible by resolution of the Board of Directors.

< Shareholder Proposals >

Proposal No. 5 and No. 6 are jointly proposed by two shareholders. The name of each agenda item, the details of the proposal, and supporting statement are given in the original text.

5. Partial amendment to the Articles of Incorporation (adoption and disclosure of short-term and mid-term greenhouse gas emission reduction targets aligned with the goals of the Paris Agreement)

Details of the proposal

It is proposed that the following provision be added to the Articles of Incorporation:

Chapter: “Transition Plan”

Clause: “Adoption and disclosure of a business plan with short-term and mid-term greenhouse gas emission reduction targets aligned with the goals of the Paris Agreement”

1. To maintain and promote the long-term value of the Company, given the risks and opportunities associated with climate change, and in accordance with the Company's support for the Paris Agreement, the Company shall adopt and disclose a business plan with short-term and mid-term greenhouse gas emission reduction targets aligned with Article 2.1(a) of the Paris Agreement (the “Paris goals”).
2. The targets shall cover scope 1, 2 and 3 greenhouse gas emissions and disclose on each scope separately.
3. The Company shall report on its progress on an annual basis.

Supporting Statement

This shareholder proposal seeks the disclosure of short and mid-term greenhouse gas emission reduction targets including scope 1 to scope 3.

Mitsubishi is continuing and expanding the construction of thermal power plants, and new oil and gas production contrary to the findings of the landmark net zero by 2050 scenario produced by the International Energy Agency. As a result, Mitsubishi is contradicting the goal and the timeline of net zero emissions by 2050 it claims to support.

The requested short and midterm disclosures are recommended by the Taskforce for Climate-related Financial Disclosures (TCFD), and are also consistent with investor expectations as evidenced by investor initiatives and shareholder proposals in other markets. Global peers of the Company are also disclosing this type of information in more detail.

Approval of this proposal will place the Company in a better position to manage transition risk and opportunities and at an early timing, and to maintain long-term corporate value as the Company shifts toward a decarbonised economy.

The Opinion of the Company’s Board of Directors on Shareholder Proposals

The Board of Directors opposes this proposal.

MC has formulated its Roadmap to a Carbon Neutral Society (the “Roadmap”) in October 2021 and published its Midterm Corporate Strategy 2024 in May 2022, which lays out MC’s initiatives for reducing greenhouse gas (“GHG”) emissions as part of its management strategy. Furthermore, as described in (1) below, MC is working to enhance the implementation and disclosure of such initiatives through dialogue with stakeholders. Also, MC believes that it should not add the provisions set forth in this Shareholder Proposal to the Articles of Incorporation in light of the potential restrictions on the Company’s business execution described in (2) below.

(1) Enhancement of GHG Emissions Reduction Related Initiatives and Disclosure

● GHG Emissions Reduction Targets (Scope 1, Scope 2 and Scope 3 Category 15)

In the Roadmap, MC has disclosed mid-term and long-term GHG emissions reduction

targets aligned with the Paris Agreement: to halve its emissions and those of its consolidated companies, including affiliates, based on the equity share approach by FY2030 (FY2020baseline: 25.3 million tons) and to achieve net zero emissions by 2050. MC has not set short-term reduction targets in light of the potential impact on its businesses described in (2) below, but as a process for confirming progress on short and mid-term GHG reduction goals, short and mid-term GHG reduction plans are confirmed when establishing investment plans at meetings of the Business Strategy Committee, a subcommittee of the Executive Committee, MC's management decision-making body. Furthermore, the Company will continue to provide timely and appropriate disclosure of annual GHG emissions to inform stakeholders of its progress in reducing emissions toward the FY2030 target.

In addition, based on dialogues with stakeholders to date, the Company plans to adopt a new system for adjusting the payment amount of performance-linked bonuses (medium to long term), which are part of the remuneration package for each executive Director, based on the results of evaluations of the state of initiatives related to "Contributing to Decarbonized Societies" (see pages 63 for details). This new system will help the Company advance initiatives to reduce GHG emissions even further.

● **GHG Emissions Reduction Targets (Scope 3 Category 11)**

At the end of February 2023, MC newly disclosed Scope 3 Category 11 emissions (use of sold products) for FY2021. Emissions in this category account for the majority of MC's Scope 3 emissions. However, for the reasons stated below, MC believes it would not be appropriate to set targets for Category 11 emissions at this time.

- As Category 11 emissions are generated by other companies in MC's supply chain, rather than setting targets for MC alone, it is more important to support and encourage the decarbonization efforts of supply chain partners and to work to change the structure of energy supply and demand at the societal level.
- In the transition to a decarbonized society, if MC were to commence sales of lower-carbon alternatives to existing conventional high-emitting products, although this would contribute to an emissions reduction at the societal level, MC's Category 11 emissions would increase. Accordingly, the Company's contribution to decarbonization and the extent of its related activities cannot necessarily be accurately measured by the amount of its Category 11 emissions.

MC will continue advancing initiatives and disclosure through collaboration with stakeholders, investment in Energy Transformation ("EX") and other measures in order to reduce Scope 3 emissions. Furthermore, in February 2023, the Company newly disclosed "avoided emissions", a quantitative measure of the concrete contribution it is making to the GHG emissions reduction of society, as an indicator for assessing EX initiatives (see pages 36-38 for details).

(2) **Restrictions on MC's Business Execution**

The Articles of Incorporation serve as a set of fundamental rules concerning the operation of a company in accordance with the Companies Act in Japan, and stipulating in the Articles of Incorporation specific, individual business execution matters would not be appropriate. MC has set a GHG reduction target for FY2030, and believes that setting a shorter-term GHG reduction target could impede flexible business execution by, for example, enabling third parties to infer the Company's short-term portfolio strategy, making it difficult to sell assets held by the Company at appropriate prices.

For the above reasons, the Company opposes this Shareholder Proposal.

6. Partial amendment to the Articles of Incorporation (disclosure of how the company evaluates the consistency of each new material capital expenditure with a net zero greenhouse gas emissions by 2050 scenario)

Details of the proposal

It is proposed that the following provision be added to the Articles of Incorporation:

Chapter: “Transition Plan”

Clause: “Disclosure of how the Company evaluates the consistency of each new material capital expenditure with a net zero by 2050 scenario”

1. To maintain and promote the long-term value of the Company, given the risks and opportunities associated with climate change, and consistent with the Company's commitment to the goal of net zero greenhouse gas emissions by 2050, the Company shall include annually in its corporate reporting an assessment of how a net zero by 2050 scenario would affect the assumptions, costs, estimates, and valuations underlying new material capital expenditure investments and planned future investments in the development of new upstream, midstream and downstream oil and gas assets.
2. Omitting proprietary information, the disclosures shall include key assumptions and estimates, including those related to long-term commodity demand, long-term commodity and carbon prices, asset lives, future asset retirement obligations, capital expenditures and impairments.

Supporting Statement

This shareholder proposal seeks the disclosure of an assessment to appreciate how a net zero by 2050 scenario may impact the Company's exposure to climate-related financial risks and the security of shareholder capital.

Mitsubishi is continuing the construction of thermal power plants, and new oil and gas production contrary to the findings of the landmark net zero by 2050 scenario produced by the International Energy Agency. As a result, Mitsubishi is exposing itself to transition risk.

Without a capital allocation framework aligned with net zero by 2050, the company risks impairment on projects and activities that are incompatible with the energy transition required to meet this goal.

The requested disclosures are consistent with investor expectations as evidenced by investor initiatives and shareholder proposals in other markets. Global peers of the Company are also disclosing this type of information in more detail.

Approval of this proposal will place the Company in a better position to manage transition risk and opportunities, and provide shareholders critical information to understand the security of their capital.

The Opinion of the Company's Board of Directors on Shareholder Proposals

The Board of Directors opposes this proposal.

Under Midterm Corporate Strategy 2024, MC is adopting new sustainability initiatives and advancing the construction of a functional governance and risk management framework for confirming the consistency of the Company's businesses with a net zero by 2050 scenario. In addition, based on an approach of increasing the effectiveness of related measures over time, through dialogue with stakeholders, MC has advanced the initiatives listed in (1) below in FY2022. In light of this and the potential restrictions on MC's business execution described in (2) below, the Company believes that it should not add the provisions set forth in this Shareholder Proposal to the Articles of Incorporation.

(1) Advancement of the Company's Initiatives

• 1.5°C Scenario Analysis

In FY2022, MC collaborated with a third-party organization to create a customized 1.5°C scenario, while aligning key assumptions with the International Energy Agency's Net Zero Emissions by 2050 Scenario (“IEA NZE”) wherever possible, thus allowing for a detailed level of granularity on topics like demand by region and product. Based on this scenario, MC then conducted and disclosed the results of a detailed scenario analysis for three businesses: “Natural Gas/LNG”, “Metallurgical Coal” and “Renewable Energy”, which includes quantitative aspects that take into account factors such as the specific characteristics of MC's businesses and regional strategy.

• Transform Discussion

After identifying climate change-related risks and understanding current status and trends in the “Natural Gas/LNG” and “Metallurgical Coal” businesses (which were subject to 1.5° C scenario

analysis), MC then held “Transform Discussions” to deliberate the impact of said risks on business strategy. Furthermore, through subsequent meeting of the Business Strategy Committee, the results of these Transform Discussions were utilized to advance deliberations and develop business strategies that take into account the relevant climate change risks.

- **Evaluation of New Investment Using Assumptions Under the Decarbonization Scenario**

Since August 2022, when screening new investment proposals for “Transform” and “Green” businesses, which MC identifies as having significant climate change transition risks and opportunities (*), respectively, MC has been conducting profitability assessments using key assumptions (such as internal carbon pricing) of the 1.5° C scenario. The results of these assessments are referred to in making investment decisions.

(*) Risks/opportunities faced by businesses if climate action progresses and the world transitions to one in which the global average temperature increase is limited to 2°C or 1.5°C above pre-industrial levels.

(2) Restrictions on MC’s Business Execution

The Shareholder Proposal sets forth individual, specific items to be evaluated and disclosed with respect to evaluations of the consistency of capital expenditure for new development of oil and gas assets with the 2050 net zero target, but the definition and scope of these items are not necessarily clear. For example, MC may refrain from disclosing information that would affect its ability to maintain competitiveness, such as material assumptions related to individual new investment projects, on the grounds that such information constitutes “trade secrets”. In such cases, a third party might claim that MC has failed to provide disclosure as required by the Articles of Incorporation based on arguments about the scope of information covered by the Shareholder Proposal and the definition of “trade secrets”. As such, MC would need to carefully consider and judge the consistency of the disclosure regarding each individual investment project with the Articles of Incorporation, putting an excessive burden on the Company.

For the above reasons, the Company opposes this Shareholder Proposal.

Initiatives to Address Climate Change

In line with its goal of Creating MC Shared Value (“MCSV”) as established in Midterm Corporate Strategy 2024, MC is striving to continuously create significant shared value by leveraging its diversity, collective capabilities, and connections with society and industry to address societal challenges such as decarbonization and regional revitalization. MC regards the transition to a carbon neutral society as a shared societal challenge that needs to be addressed by all industries. Leveraging the strength of our collective capabilities, MC will address this challenge head-on in order to realize sustainable growth.

Based on dialogues with stakeholders to date and following discussion by the Board of Directors, Executive Committee and other internal bodies, MC has been reinforcing its initiatives to address climate change in line with the TCFD(*) framework. Progress on such initiatives in FY2022 is as follows.

(*) The Task Force on Climate-related Financial Disclosures (TCFD) set up by the Financial Stability Board. The TCFD announced its recommendations on climate-related financial disclosures in order for investors to be able to make appropriate investment decisions.

【Governance】

(1) **Enhancing Discussions of Sustainability-related Measures by the Board of Directors**
 MC’s basic policy on climate change and important matters therein are deliberated and decided upon by the Executive Committee. As stipulated in the regulations governing MC’s Board of Directors, the Executive Committee reports its findings regularly to the Board of Directors (the Board of Directors and Audit & Supervisory Board include members with experience, knowledge and expertise in environmental and social fields). This governance system enables the Board of Directors to provide proper oversight.

In FY2022, the Board of Directors worked to enhance discussions of sustainability-related measures (increasing the frequency of these discussions from once to twice a year). The following matters were discussed by the Board of Directors.

• **Policy for Sustainability-related Measures and Activities** (July 2022 and January 2023 regular meetings of the Board of Directors)

The Board of Directors mainly discussed disclosure policy for Scope 3 Category 11 emissions. The Independent Directors and Independent Audit & Supervisory Board Members (the “Independent Members”) agreed to the disclosure of the Company’s Scope 3 Category 11 emissions in a highly transparent manner, even though internationally unified calculation methods have yet to be established, and commented on the importance of working toward decarbonization at the societal level by leveraging the Company’s collective capabilities to address societal challenges.

• **Policy for Next-generation Energy and Carbon Management Initiatives** (November 2022 regular meeting of the Board of Directors)

The Board of Directors discussed policy for initiatives under the EX Strategy of Midterm Corporate Strategy 2024, with a lively exchange of views among the members of the Board of Directors, including the Independent Members, on the Company’s strategy for hydrogen and other next-generation energy businesses. The Independent Members commented on the importance of taking into account the impact of government policy and regulations on next-generation energy businesses as well as the specific characteristics of hydrogen and the Company’s strengths when formulating and executing strategy.

Furthermore, ahead of the Executive Committee, actions are taken by MC’s Sustainability Advisory Committee and Sustainability & CSR Committee. The former fields opinions and advice from outside experts, and the latter (which reports directly to the Executive Committee) holds extensive deliberations with members including all Business Group CEOs.

(2) **Revising the Remuneration Package for Directors - Consideration for the addition of new sustainability factors linked to climate change initiatives as an indicator for calculating performance-linked bonuses (medium to long term)**

Based on dialogue with stakeholders, the Company submits Proposal No.4 to revise Director remuneration. Specifically, the Company plans to adopt a new system for adjusting the payment amount of performance-linked bonuses (medium to long term), which are part of the remuneration package for each executive Director, based on the results of evaluations of initiatives related to (i) Optimizing the Value of Human Capital (based on Midterm Corporate Strategy 2024) and (ii) Contributing to Decarbonized Societies (one of the issues in MC’s Materiality). Through the introduction of this system, the Company will promote a stronger awareness among Directors and executive officers of enhancing corporate value through sustainability initiatives, and further advance initiatives aimed at reaching the Company’s GHG reduction targets (see pages 24–25 for details).

(3) **Appointment of the Chief Stakeholder Engagement Officer (CSEO)**

To further strengthen stakeholder engagement, in April 2023 MC newly appointed a CSEO. The CSEO engages in ongoing dialogues with wide-ranging stakeholders about the Company’s initiatives to realize a carbon neutral society.

【Strategy】

(4) **Enhancing the 1.5°C Scenario Analyses**

In FY2018, MC began conducting business resilience assessments in line with the TCFD recommendations, and in FY2021 conducted a 1.5°C scenario analysis using the IEA NZE.

However, the IEA NZE data lacks the granularity required for detailed analyses that include quantitative aspects based on MC’s particular business characteristics and regional strategies. As such, in FY2022, MC collaborated with a third-party organization to create a 1.5°C scenario while aligning key assumptions with the IEA NZE wherever possible, thus allowing for a detailed level of granularity on topics like demand by region and product. Based on this scenario, the Company selected the “Natural Gas/LNG”, “Metallurgical Coal” and “Renewable Energy” businesses for 1.5°C scenario analyses, as these businesses present relatively significant climate change transition risks or opportunities and comprise large asset holdings of the Company. The results of the analyses found that these businesses were resilient even under the 1.5°C scenario, which assumes the rapid progression of decarbonization at the societal level (for details, please refer to [MC’s Sustainability Website](#)).

(5) **Energy Transformation Initiatives**

MC regards the transition to a carbon neutral society as a shared societal challenge that needs to be addressed by all industries, and will leverage the strength of our collective capabilities to address this challenge head-on. Specifically, MC will take action by fulfilling its duty to provide a stable energy

supply while expanding its businesses in copper, an essential resource for the spread of EVs and electrification; renewable energy; and next-generation energy, including hydrogen and ammonia. With its EX Strategy positioned at the core of Midterm Corporate Strategy 2024, MC has announced that it will expand its EX-related portfolio, with plans to invest approximately ¥2 trillion in EX-related initiatives by FY2030, of which approximately ¥1.2 trillion is planned for the three years ending FY2024.

In FY2022, MC already invested approximately ¥0.3 trillion in EX-related investments as shown below. In addition to committed investment plans of approximately ¥0.5 trillion, potential investment plans have also accumulated, and MC intends to accelerate its investment in carefully selected projects.

The current fund focus areas are 1) Clean Hydrogen (and related infrastructure), 2) Long-duration Energy Storage, 3) Sustainable Aviation Fuel (SAF) and 4) Direct Air Capture.

(6) Disclosing Avoided Emissions

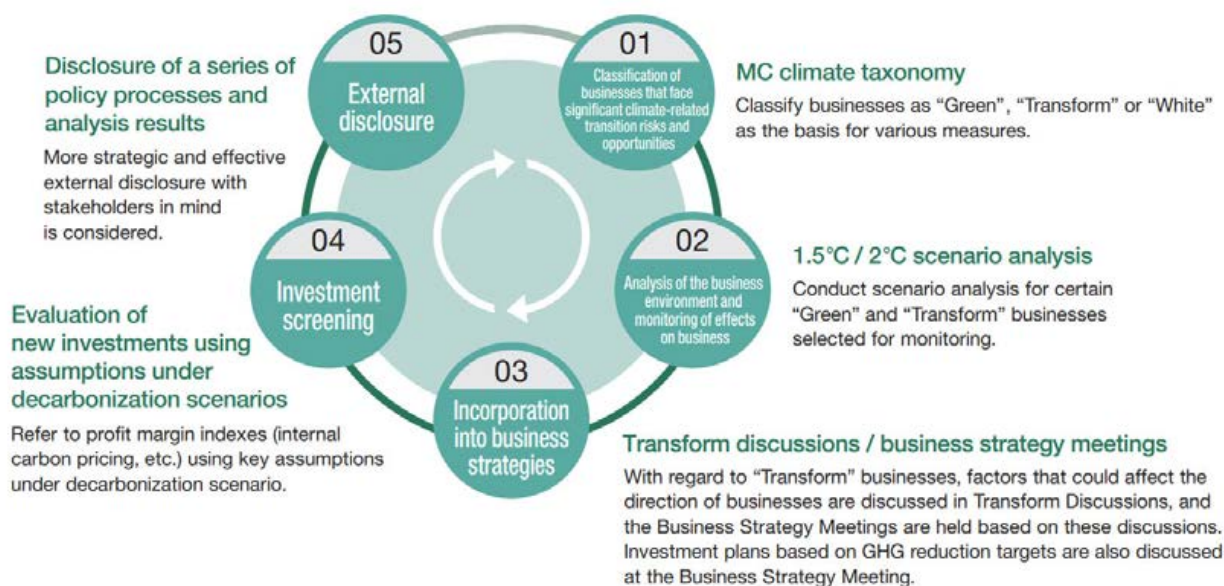

At the end of February 2023, MC newly disclosed avoided emissions as a quantitative indicator of progress under the above EX Strategy. This represents the quantified contribution to the reduction of GHG emissions achieved by providing low-emission products or services compared to how much would be emitted if those products and services were not provided. They indicate the degree of contribution the Company is making to GHG emissions reductions as well as the extent to which the Company is able to capture business opportunities in the transition to a decarbonized society. While continuing to foster relationships with the Company's partners, customers and other stakeholders, based on the goal of addressing societal challenges and creating MCSV through business, MC will continue to vigorously promote its EX Strategy, co-create businesses that generate avoided emissions, and contribute to the realization of decarbonized societies.

【Risk Management】

(7) Improving the Risk Management Framework for Confirming Consistency with the Net Zero by 2050 Target

Under Midterm Corporate Strategy 2024, MC has adopted sustainability initiatives for addressing climate change toward the achievement of its GHG reduction targets as mechanisms for simultaneously decarbonizing and reinforcing its portfolio. By utilizing these mechanisms as shown in the flowchart below, MC conducts functional risk management, from identifying businesses with significant climate change risks to assessing the impacts on the profitability of individual projects. In this way, the Company's risk management framework confirms that its businesses are aligned with a net zero by 2050 scenario in terms of both individual projects as well as Company-wide business strategy.

In order to manage risks associated with climate change and to appropriately seize business opportunities, MC will continue to update its decarbonization scenarios and other measures, using them to analyze the business environment while formulating and implementing business strategies to simultaneously decarbonize and reinforce its business portfolio.

【Metrics and Targets】

(8) Progress on Reducing Scope 1 Scope 2 and Scope 3 Category 15 (investments) Emissions

MC has disclosed emissions reduction targets for Scope 1, Scope 2 and Scope 3 Category 15 emissions, specifically to halve its emissions and those of its consolidated companies, including affiliates, based on the equity share approach by FY2030 (FY2020 baseline: 25.3 million tons) and to achieve net zero emissions by 2050, as laid out in the Roadmap. GHG emissions in FY2021 were as shown below. As announced in Midterm Corporate Strategy 2024, going forward, MC will continue to confirm short and mid-term GHG reduction plans when formulating annual investment plans as it aims to achieve its reduction targets.

(9) Disclosure of Scope 3 Category 11 (use of sold products) Emissions

Based on dialogues with stakeholders, at the end of February 2023, MC newly disclosed Scope 3 Category 11 emissions for FY2021, as shown below. Emissions in this category account for the majority of MC's Scope 3 emissions. Because Scope 3 emissions, including Category 11, are generated by other companies, MC will need to work with a wide range of partners throughout its supply chains to tackle the societal challenge of reducing Scope 3 emissions. MC will address this challenge through its integrated EX/DX initiatives (e.g. supply of renewable energy, next-generation energy, next-generation climate technology investments through Breakthrough Energy Catalyst, etc.) and will collaborate with various stakeholders to achieve the decarbonization of social and economic activities.

Corporate Framework and Policies
Approaches to Corporate Governance

-MC's Corporate Governance System Supporting Sustainable Growth

Basic Policy

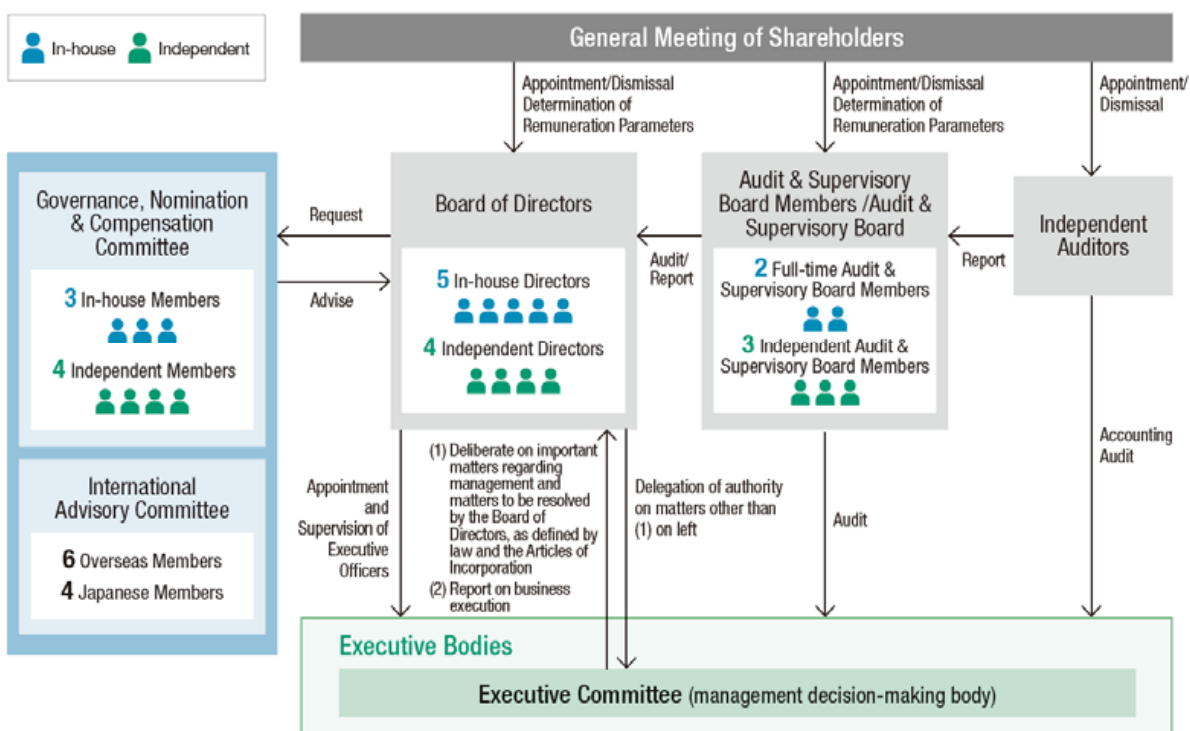

With the Three Corporate Principles for a corporate philosophy MC strives to continuously raise corporate value through corporate activities rooted in the principles of fairness and integrity. MC believes that by helping to enrich society, both materially and spiritually, it will also meet the expectations of shareholders, customers and all other stakeholders.

In order to achieve these goals, MC sees strengthening corporate governance on an ongoing basis as an important subject concerning management since it is the foundation for ensuring sound, transparent, and efficient management. Therefore, MC is working to put in place a corporate governance system that is even more effective based on the Audit & Supervisory Board System. This includes strengthening management supervision through such measures as (i) appointing Independent Members of the Board who satisfy MC's Selection Criteria for Outside Directors and Outside Audit & Supervisory Board Members, and (ii) establishing advisory bodies to the Board of Directors where the majority are Independent Members of the Board and other experts from outside MC. At the same time, this also includes implementation of MC's prompt and efficient decision-making and business execution through enhancing the monitoring function of Board of Directors.

Corporate Governance Framework

Initiatives to Enhance the Effectiveness of the Board of Directors

MC leads various initiatives to help realize more effective corporate governance that contributes to MC's sustained growth and the enhancement of medium- to long-term corporate value.

Board of Directors and Board of Directors' Advisory Bodies

Takehiko Kakiuchi
Chairman of the Board

As Chairman of the Board of Directors, I will serve as a bridge between Independent Members of the Board and the executive side of management to achieve sustained enhancement of MC's corporate value through effective corporate governance, functioning as the foundation of the company.

Board of Directors

The Board of Directors is responsible for making decisions concerning important management issues and overseeing business execution. By utilizing both In-house Directors' rich experience of working within MC and Independent Directors' practical, objective, and professional perspective, MC ensures appropriate decision-making and management oversight.

Governance, Nomination & Compensation Committee

Discussion between Independent Members of the Board and Officers and Employees

MC has set up dialogues with the General Managers of Corporate Staff Section, Business Group Heads, Business Group CEOs and Business Division COOs, small-group opinion-exchange meetings with Executive Vice Presidents, and opportunities for dialogues with mid-level and young employees to strengthen contacts between Independent Members of the Board and officers and employees.

Meetings of Independent Directors and Independent Audit & Supervisory Board Members

Meetings are held regularly to provide a forum for free discussion among Independent Directors and Independent Audit & Supervisory Board Members on a wide range of topics.

Main Discussion Themes

Midterm Corporate Strategy 2024

Business portfolio analysis

Future issues and initiatives based on evaluation of the effectiveness of the Board of Directors

Dialogues with and Site Visits to Business Subsidiaries and Affiliates

Every year Independent Directors and Independent Audit & Supervisory Board Members participate in site visits to business subsidiaries and affiliates in Japan and overseas, and hold dialogues with their management.

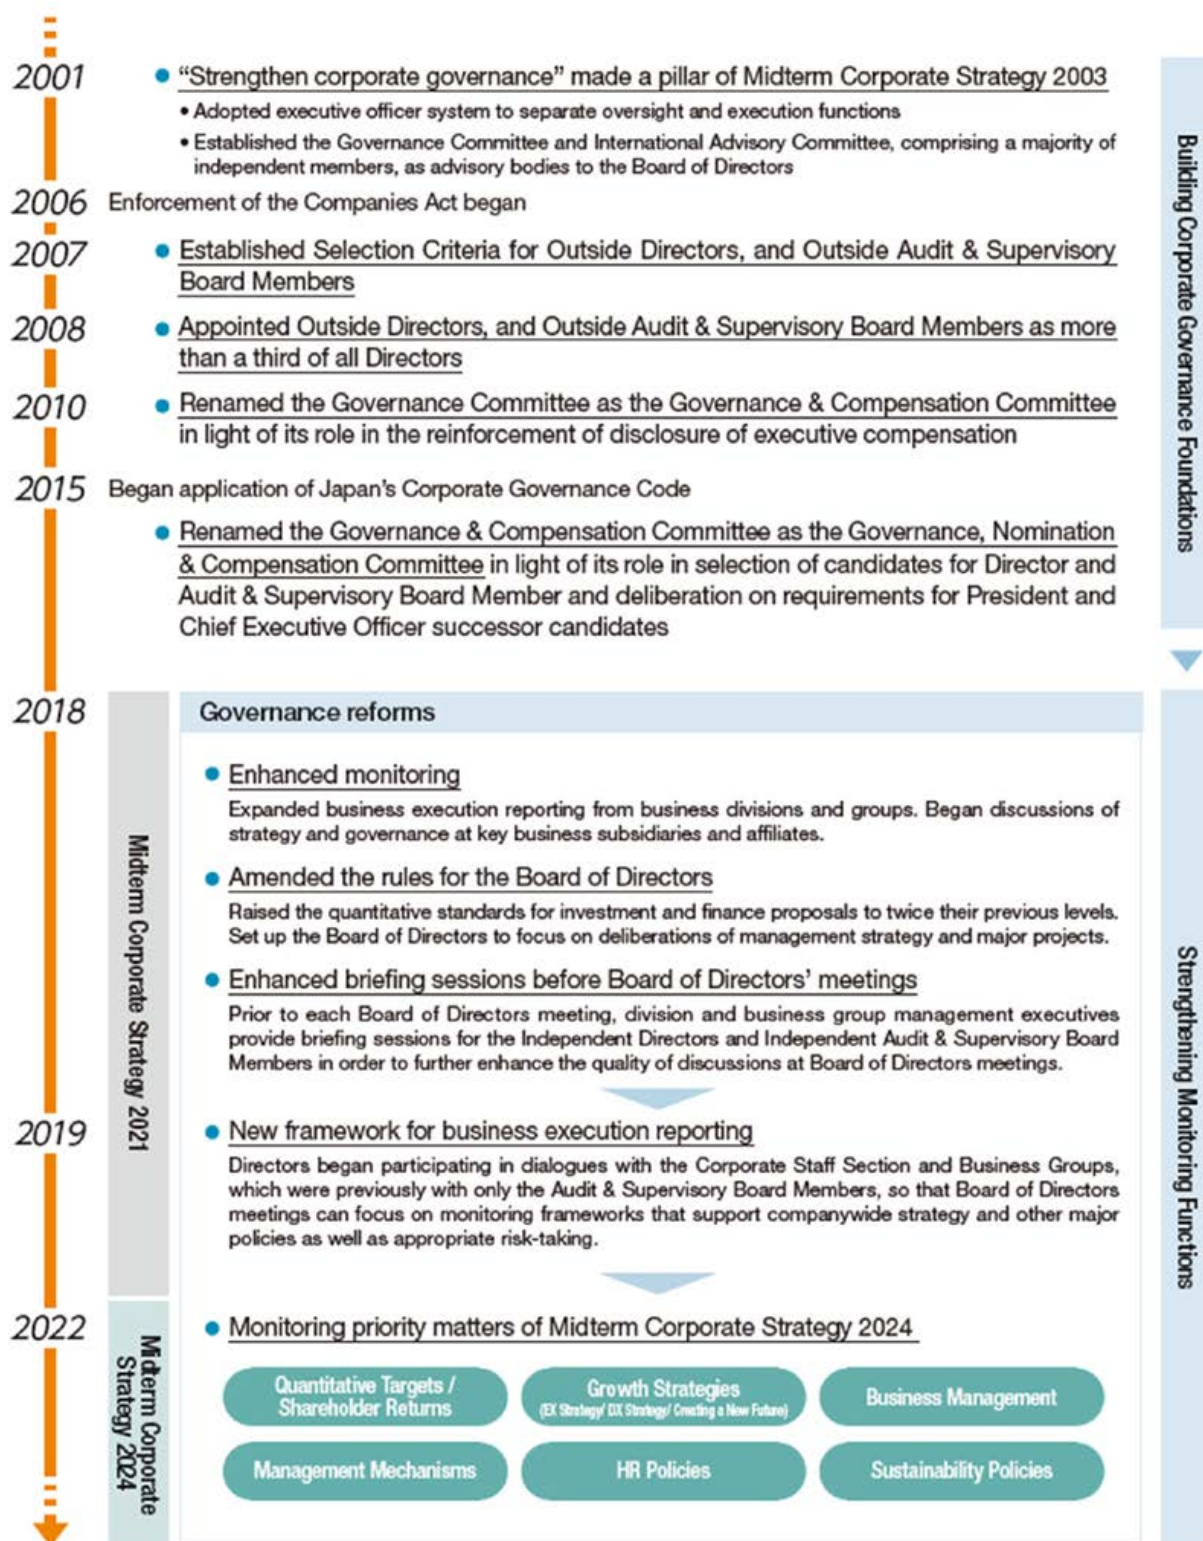

Orientation upon Assumption of Office

To deepen understanding of MC, the entire Corporate Staff Section and Business Groups conduct orientation sessions for newly appointed Independent Directors and Independent Audit & Supervisory Board Members.

The Evolution of MC's Corporate Governance

Since the 2000s, MC has engaged in building its corporate governance foundations. In recent years, MC has been steadily advancing measures to strengthen the monitoring functions of the Board of Directors, incorporating the results of annual evaluations of the effectiveness of the Board of Directors.

(Translation)

Evaluation of the Effectiveness of the Board of Directors

Since 2015, MC has evaluated the effectiveness of the Board of Directors every year. Since the year ended March 31, 2019, this has been carried out through a self-evaluation process led by Independent Directors and Independent Audit & Supervisory Board Members.

FY2022 Evaluation Approach

In the year ended March 31, 2023, to verify the appropriateness of the evaluation process and further enhance its usefulness, MC had an outside consultant review the methods and processes of the evaluations for the fiscal years ended March 31, 2019 through 2022.

The review confirmed that the self-evaluation process led by Independent Directors and Independent Audit & Supervisory Board Members was effective. At the same time, as the result of the review, MC improves the questionnaires and interviews to more weigh on reflection on the roles and functions of Directors and Audit & Supervisory Board Members, the degree to which these roles were accomplished, and the quality and quantity of their deliberations.

FY2022 Evaluation Process

- STEP 1** The Governance, Nomination, and Compensation Committee discussed the evaluation's implementation methods and processes.
- STEP 2** Independent Director Sakie Akiyama, and Independent Audit & Supervisory Board Member Rieko Sato led the evaluation, formulating survey questions, surveying all Directors and Audit & Supervisory Board Members, and analyzing and evaluating the responses. In addition to having independent members lead the evaluation process, the Business Group CEOs were also surveyed to secure opinions from outside the Board of Directors and Audit & Supervisory Board Members with the objective of ensuring multifaceted analysis, objectivity and independence.
- STEP 3** The results were analyzed and evaluated in the meetings of Independent Directors and Independent Audit & Supervisory Board Members as well as the Governance, Nomination, and Compensation Committee, then deliberated by the Board of Directors.

FY2022 Questionnaire

The questionnaire covered the size, composition and agenda items of the Board of Directors; the roles and functions of the Directors and Audit & Supervisory Board Members (including the quality of their contributions); the operations and practical tasks of the Board of Directors; the composition and operation of the Governance, Nomination & Compensation Committee; the operation of meetings of Independent Directors and Independent Audit & Supervisory Board Members; and stakeholder engagement measures and operations and dialogues with executive officers.

FY2022 Evaluation Results and Policy Going Forward

The abovementioned evaluation processes confirmed that the effectiveness of the Board of Directors remained adequately secured through sufficient information disclosure and open communication based on relationships of trust under the Company's new administration following the change of Chairman of the Board and President and CEO. The results of the evaluation and policy going forward are as follows.

Dialogues and Site Visits to Business Subsidiaries and Affiliates

For further understanding of MC's wide-ranging businesses, every year, the Independent Directors and Independent Audit & Supervisory Board Members visit business sites of subsidiaries and affiliates and hold dialogues with their management and executives. In the fiscal year ended March 31, 2023, overseas site visits were resumed after a three-year suspension. In October 2022, Independent Members of the Board visited Australia to observe a currently operating metallurgical coal mine owned by BMA and a silica sand mine owned by Cape Flattery Silica Mines, among other sites. Through dialogue with the top management of those companies, the visitors learned more about the status of operational digitalization, environmental considerations and initiatives aimed at harmony with local communities. In November 2022, they visited Automotive-related business sites in Thailand and Indonesia. In addition to observing the status of efforts to promote DX in the value chain by leveraging the customer base built up through sales activities over the years, they discussed the future of the automotive business with local top management.

Audit & Supervisory Board

The Audit & Supervisory Board comprises all of the Audit & Supervisory Board Members responsible for auditing the decision-making processes and management performance of Directors in compliance with the Companies Act and other laws / regulations as well as MC's Articles of Incorporation and internal rules / regulations. Full-time Audit & Supervisory Board Members and Outside Audit & Supervisory Board Members ensure the soundness of management by executing audits informed by abundant working experience at MC and by experience in their particular fields as well as a neutral and objective perspective, respectively. In addition to making resolutions on matters required by law and other important issues, the Audit & Supervisory Board strives to enhance information-sharing among the Members through briefings on key matters and reporting on the status of the auditing activities of each of the Members.

Main Activities of Audit & Supervisory Board Members (Audit & Supervisory Board)

1. Dialogue with Executive Officers

Opportunities are created for all Audit & Supervisory Board Members, including the Outside Audit & Supervisory Board Members, to engage in dialogues with the Chairman of the Board, President and CEO, Corporate Functional Officers, Business Group Heads/CEOs, Business Division COOs, General Managers of Administrative Departments, General Manager of Auditing Department, General Manager of the Corporate Strategy & Planning Department and General Managers of the Corporate Staff Section.

2. Attendance at Important Meetings

Besides the Audit & Supervisory Board, Full-time Audit & Supervisory Board Members attend meetings of major internal management bodies—including the Board of Directors; Governance, Nomination and Compensation Committee; Executive Committee; and Business Strategy Committee—and provide opinions as necessary. Besides the Audit & Supervisory Board, the Outside Audit & Supervisory Board Members attend meetings of the Board of Directors after being briefed on discussions in the Executive Committee and lower conference bodies, and provide opinions as necessary.

3. Onsite Audits and Observations

In light of the relaxation of restrictions on overseas travel, the Audit & Supervisory Board resumed overseas onsite audits and observations, which they worked to enhance while striving to prevent the spread of COVID-19. In the fiscal year ended March 31, 2023, the Audit & Supervisory Board Members met with the CEOs and executive officers of 24 MC Group companies in seven locations overseas and 19 domestic MC Group companies, as well as the regional chiefs of 10 overseas and domestic offices. The Audit & Supervisory Board Members reported on the results of their onsite audits to the Chairman of the Board, the President and CEO, and relevant executive officers.

- Onsite audit of MC Data Plus, Inc.
- Onsite audit of Mitsubishi Company (Thailand) Ltd. / Thai-MC Company Limited

4. Reinforcement of Group Corporate Governance

In addition to dialogues with the CEOs and other executive officers of the MC Group companies, opportunities are arranged for the exchange of information every quarter with the Audit & Supervisory Board Members of 37 major Group companies in Japan, and Audit & Supervisory Board Members of the MC Group companies also convene subcommittees to provide opportunities to share information and exchange opinions. MC also provides assistance in training for those who will be assigned to the MC Group companies as full-time Audit & Supervisory Board Members. We will continue working to strengthen the Group corporate governance through regular monitoring.

5. Enhancing the Effectiveness of the Audit & Supervisory Board and Its Members

To increase the effectiveness of the audits performed by Audit & Supervisory Board Members, in the year ended March 31, 2023, continuing initiatives implemented in the previous fiscal year, we further enhanced the reviews of the activities of the Audit & Supervisory Board. Specifically, as in previous years, the Audit & Supervisory Board held mid-year and year-end reviews of audit progress, focusing mainly on key audit areas. In addition, the Audit & Supervisory Board carried out an evaluation of its effectiveness, mainly through a survey of its members and hearings about the survey results. The Audit & Supervisory Board discussed the findings of this evaluation in order to review its auditing methods and reflect the results in the audit plan for the coming fiscal year. The evaluation found that the audits performed by the Audit & Supervisory Board functioned adequately, that ongoing efforts are being made to enhance the Audit & Supervisory Board's effectiveness, and that it will continue to bolster its effectiveness going forward by working to enhance operations in such areas as efficiently setting up dialogues.

Stance on Acquisition, Holding and Reduction in Listed Stocks / Reduction in Holdings of Listed Stocks

[Stance on acquisition, holding and reduction in listed stocks]

MC may acquire and hold shares acquired for other than pure investment as a means of creating business opportunities and building, maintaining and strengthening business and partner relationships. When acquiring these shares, MC confirms the necessity of its acquisition based on the significance and economic rationale of the purchase in accordance with internal company rules. Also, MC periodically reviews the rationality of continuing to hold the shares and promotes reducing holdings of stocks with decreased significance.

[Verification policy for holding individual shares]

The Board of Directors verifies all of the listed shares (excluding pure investment) held by MC from the perspectives of both economic rationale and qualitative significance of holding them every year.

The economic rationale is confirmed based on whether or not the related earnings from each stock, such as dividends and related business profits on transactions, exceed MC's target capital cost (weighted average cost of capital) for the market price of each individual share.

The qualitative significance is confirmed based on the achievement or status of progress of the expected purpose for holding the stock, etc.

[Reduction in holdings of listed stocks]

Based on the results of the verification process described above, in the fiscal year ended March 2023, shareholdings were reduced by approximately 10% compared to the previous fiscal year-end, as a result of selling shares of approximately ¥40 billion (with a market value at the end of March 2022, including deemed shareholdings).*

*The total market value of the shares sold will be disclosed in the Annual Securities Report scheduled to be published on June 23, 2023.

Fiscal 2022 Business Report (From April 1, 2022 to March 31, 2023)

■ Review of Operations

● Summary of Operating Results for the MC Group

[Business Lines]

Our businesses range from developing natural resources to manufacturing and marketing a variety of products, along with providing consumer products and services through our domestic and overseas network. Leveraging our collective capabilities backed by broad-ranging engagement with industry and global intelligence, we engage in diversified businesses across wide-ranging fields, such as commercializing new business models and new technologies as well as developing and providing new services.

[Consolidated Results]

1. Summary of the Year Ended March 2023 Results

In the fiscal year ended March 31, 2023, revenues were ¥21,572.0 billion, an increase of ¥4,307.2 billion, or 25% year over year. This was mainly due to increased market prices and increased transaction volumes.

Gross profit was ¥2,560.0 billion, an increase of ¥409.2 billion, or 19% year over year, mainly due to increased market prices in the Australian metallurgical coal business, as well as efforts to flexibly respond to changes in market conditions in the European integrated energy business.

Selling, general and administrative expenses were ¥1,607.5 billion, an increase of ¥175.5 billion, or 12% year over year, mainly due to the depreciation of the Japanese yen in relation to foreign currency translation.

Gains on investments increased ¥121.7 billion, or 162% year over year, to ¥197.0 billion, mainly due to gain on sale of an investment in a real estate management company.

Gains (losses) on disposal and sale of property, plant and equipment and others decreased ¥7.0 billion year over year to a loss of ¥0.3 billion, reflecting sales of offices at overseas regional subsidiaries in the previous fiscal year.

Impairment losses on property, plant and equipment and others amounted to ¥31.6 billion, an improvement of ¥32.9 billion, or 51% year over year, reflecting impairment losses on intangible assets related to investment in Chiyoda Corporation in the previous year.

Other income(expense)-net decreased ¥48.7 billion year over year, to an expense of ¥25.4 billion, mainly due to fluctuations in evaluation profit on biological assets.

Finance income increased ¥17.1 billion, or 9% year over year, to ¥203.6 billion, mainly due to an increase in interest received resulting from higher U.S. dollar interest rates, despite decreased dividend income from resource-related investments.

Finance costs increased ¥68.7 billion, or 147% year over year, to ¥115.4 billion, mainly due to higher U.S. dollar interest rates.

Share of profit of investments accounted for using the equity method increased ¥106.4 billion, or 27% year over year, to ¥500.2 billion mainly due to increased equity earnings resulting from higher natural gas and crude oil prices.

As a result, profit before tax increased ¥387.5 billion, or 30% year over year, to ¥1,680.6 billion.

Accordingly, profit for the year increased ¥243.2 billion, or 26% year over year, to ¥1,180.7 billion.

Beginning Production at the Quellaveco Copper Mine to Meet Rising Demand

In July 2022, production began at the Quellaveco copper mine, which was developed in cooperation with Anglo American plc in Peru. With its annual production capacity of around 300,000 tons* (around 120,000 of which belongs to MC), MC's equity copper production capacity is expected to expand to around 400,000 tons. As worldwide demand expands for copper, which is essential for the widespread adoption of EVs and renewable energy, ensuring stable supply is an increasingly major issue. MC will continue striving to secure copper resources and provide a stable supply with the aim of realizing a decarbonization.

[Consolidated Financial Position]

1. Changes in Assets, Liabilities and Equity

Total assets as of March 31, 2023 was ¥22,152.9 billion, an increase of ¥240.9 billion, or 1%, from March 31, 2022.

Current assets was ¥9,109.3 billion, a decrease of ¥421.7 billion, or 4%, from March 31, 2022. This decrease was mainly due to a decrease in other financial assets resulting from a decrease in commodity derivative assets as a result of changes in market conditions and decreased transaction volumes.

Non-current assets was ¥13,043.6 billion, an increase of ¥662.6 billion, or 5%, from March 31, 2022. This increase was mainly due to an increase in equity earnings and an increase in investments accounted for using the equity method owing to an impact from foreign currency translation amid depreciation of Japanese yen.

Total liabilities was ¥13,028.5 billion, a decrease of ¥1,026.3 billion, or 7%, from March 31, 2022.

Current liabilities was ¥6,694.7 billion, a decrease of ¥623.1 billion, or 9% from March 31, 2022. This reflected a decrease in other financial liabilities attributable to a decrease in commodity derivative liabilities caused by market fluctuations and lower transaction volumes.

Non-current liabilities was ¥6,333.8 billion, a decrease of ¥403.2 billion, or 6% from March 31, 2022. This reflected a decrease in bonds and borrowings due to the transfer of long-term borrowings to current liabilities.

Total equity was ¥9,124.4 billion, an increase of ¥1,267.2 billion, or 16%, from March 31, 2022.

Equity attributable to owners of the Parent was ¥8,071.0 billion, an increase of ¥1,190.8 billion, or 17%, from March 31, 2022. This increase was mainly due to an increase in retained earnings primarily from the accumulation of net income and an increase in exchange differences on translating foreign operations caused by the depreciation of the Japanese yen.

Non-controlling interests amounted to ¥1,053.4 billion, an increase of ¥76.5 billion, or 8%, from March 31, 2022.

Net interest-bearing liabilities (excluding lease liabilities), which are gross interest-bearing liabilities minus cash, cash equivalents and time deposits, was ¥3,237.6 billion, a decrease of ¥702.1 billion, or 18%, from March 31, 2022.

2. Cash Flows

Cash and cash equivalents as of March 31, 2023 was ¥1,557.0 billion, up ¥1.4 billion from March 31, 2022.

Operating activities

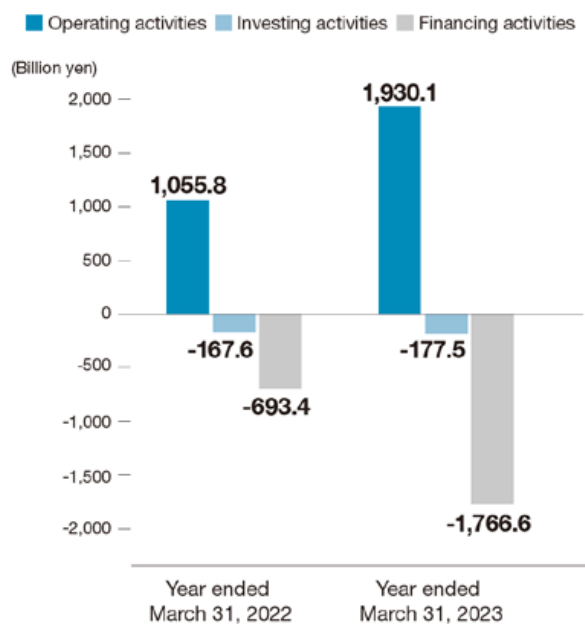

Net cash provided by operating activities was ¥1,930.1 billion, mainly due to cash flows from operating transactions, dividend income and a decrease in working capital requirements, despite the payment of income taxes.

Investing activities

Net cash used in investing activities was ¥177.5 billion, mainly due to capital investments as well as loans to and investments in affiliates, despite cash provided by the divestiture of investments in a real estate management company and in affiliates.

Financing activities

Net cash used in financing activities was ¥1,766.6 billion, mainly due to the repayment of debt, repayment of lease liabilities, payment of dividends and share buybacks.

MC has adopted a progressive dividend policy that aims to increase dividends in tandem with sustainable profit growth. The share buybacks executed in the fiscal year ended March 31, 2023 were carried out in order to optimize the total payout ratio and capital structure. MC plans to keep debt financing at an appropriate level based on liquidity and financial soundness.

Midterm Corporate Strategy 2024 - Creating MC Shared Value

In May 2022, MC announced Midterm Corporate Strategy 2024 - Creating MC Shared Value as its new three-year management plan from FY 2022.

Midterm Corporate Strategy 2024 outlines three main growth strategies: Energy Transformation (EX), Digital Transformation (DX) and Creating a New Future (Fostering New Industries/Regional Revitalization). It also outlines the Value-Added Cyclical Growth Model to transform and reinforce MC's business portfolio.

MC will strive to continuously create new value in the form of MC Shared Value by fully drawing on our collective capabilities, which are rooted in our diversity, as well as our societal and industrial connections, in order to address environmental and societal challenges, including decarbonization and regional revitalization.

Please see our website for details on [Midterm Corporate Strategy 2024](#).

Initiatives for the Growth Strategies of Midterm Corporate Strategy 2024

The progress MC has made on the growth strategies of Midterm Corporate Strategy 2024 is detailed below. MC will continue to accelerate initiatives in fiscal year 2023, to put its growth strategies into action by maintaining investment discipline and carefully selecting and advancing investment projects.

EX Strategy:

MC has selected EX-related projects to proceed with after carefully examining over 200 candidates. For example, MC was awarded the Hollandse Kust West Site VI offshore wind farm project in the Netherlands, and also began production at the Quellaveco copper mine in Peru. MC will continue to accelerate specific EX-related projects, focusing on “energy decarbonization”, “renewable energy” and “mineral resources that underpin electrification”.

DX Strategy:

MC made progress in promoting DX in existing businesses. Examples include the launch of food distribution DX initiatives at Mitsubishi Shokuhin Co., Ltd. distribution centers, industrial materials DX initiatives and the rollout of autonomous mining equipment at copper mines. MC will continue working to both develop and provide cross-industry DX capabilities that leverage MC’s business expertise as well as to offer DX capabilities as services by expanding the functions of our DX-related core subsidiaries.

Creating a New Future (Fostering New Industries/Regional Revitalization):

MC promoted the upgrading of local infrastructure and the revitalization of local economies through new businesses. Examples of such efforts include establishing a land-based salmon farming company in Nyuzenmachi (Toyama Prefecture, Japan) and expanding the number of regions where MC launched its AI-controlled on-demand bus service. MC will continue proactively working to create a new future through regional revitalization by promoting integrated EX and DX initiatives, including initiatives using technology developed in Japan through industry-academia collaboration.

● **Efforts toward Achieving Sustainable Growth**

Based on the Three Corporate Principles, which serve as MC’s core philosophy, MC has continued to grow together with society by contributing to the sustainable development of society through its business activities while pursuing value creation. Stakeholder expectations have grown even higher in recent years for companies to address climate change and a variety of other societal issues. MC addressed “Materiality” in Midterm Corporate Strategy 2024 as a set of crucial societal issues that MC will prioritize through its business activities, towards the strategy’s goal of continuous creation of MC Shared Value (MCSV). Guided by this Materiality, MC will continue to strengthen its efforts toward sustainable corporate growth.

MC’s Materiality

	Issues	Overview
Realizing a Carbon Neutral Society and Striving to Enrich Society Both Materially and Spiritually	 Contributing to Decarbonized Societies	Contribute to the realization of decarbonized societies by striving to reduce greenhouse gas (GHG) emissions, while providing products and services that support decarbonization during the transition period.
	 Conserving and Effectively Utilizing Natural Capital	Recognizing the Earth itself to be our most important stakeholder, strive to maintain biodiversity and conserve natural capital, and work to create circular economies while reducing our environmental footprint.
	 Promoting Stable, Sustainable Societies and Lifestyles	Promote sustainable societies and lifestyles of the future through businesses in a diverse range of countries and industries, while fulfilling our responsibility to provide a stable supply of resources, raw materials, products, services, etc., in line with the needs of countries and customers.
	 Utilizing Innovation to Address Societal Needs	Create businesses that help to address societal needs while working to spur major industry reforms that are supported by business innovation.
	 Addressing Regional Issues and Growing Together with Local Communities	Strive to contribute to the development of economies and societies by addressing issues facing countries and regions, while seeking to grow together and collaborate with diverse stakeholders, regions and communities.
	 Respecting Human Rights in Our Business Operations	Respect the human rights of all stakeholders involved in promoting our diverse operations worldwide, and pursue solutions for value chain-related issues, while considering the local conditions in each country.
Striving to Serve as a Platform for Generating Triple-Value Growth	 Fostering Vibrant Workplaces That Maximize the Potential of a Diverse Workforce	Recognizing that our human resources are the great assets of our businesses, foster a diverse and versatile talent pool that drives efforts to generate triple-value growth throughout our organization, and also seek to develop an organization where diverse human resources share common values and grow together while furthering their connections and inspiring one another to excel.
	 Realizing a Highly Transparent and Flexible Organization	While swiftly responding to changes in the business environment, strive to realize effective governance on a global, consolidated basis and maintain/strengthen a sound organization that is transparent and flexible.

Contributing to Decarbonized Societies—Responding to Climate Change

MC believes that while climate change poses significant business risks, it also presents the company with new business opportunities for innovation, disruption and growth. Accordingly, MC has set “Contributing to Decarbonized Societies” as one of its material issues as we strive to achieve sustainable growth. While fulfilling its mandate to meet the demand for energy, MC will seek to achieve carbon neutrality by contributing to decarbonized societies in collaboration with MC Group companies and in partnership with a broad range of stakeholders, including governments, companies and industry associations. Please also refer to pages 35-39 for details of the Company’s initiatives in the fiscal year ended March 31, 2023.

(Translation)

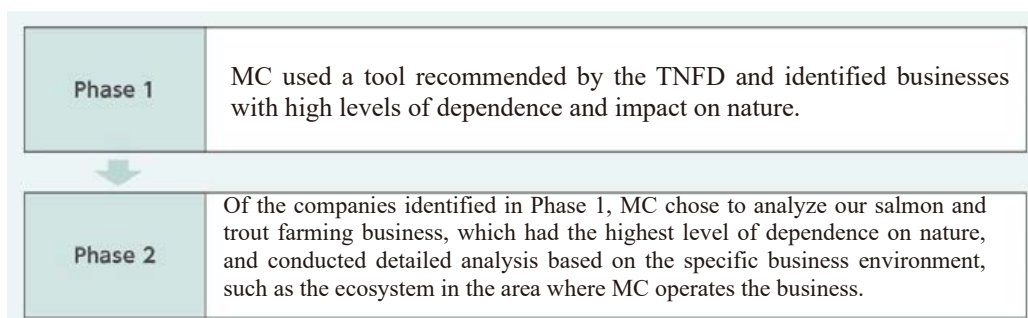

Respecting Human Rights in Our Business Operations / Promoting Stable, Sustainable Societies and Lifestyles—Human Rights and Supply Chain Management

MC believes that respect for human rights is fundamental to doing business globally and has identified “Respecting Human Rights in Our Business Operations” and “Promoting Stable, Sustainable Societies and Lifestyles” as part of its Materiality. In line with these material considerations, MC established the Mitsubishi Corporation Policy for Sustainable Supply Chain Management, and conducts annual survey, which is human rights and environmental due diligence of MC supply chain (Sustainable Supply Chain Survey). In addition, in the fiscal year ended March 31, 2023, MC Group has established and manages a consultation desk, which serves as a point of contact for external stakeholders to consult on cases where the MC Group’s business activities are causing, or could potentially cause, a negative impact on human rights and/or the environment. In the screening of investment and loan proposals, MC screens based on not only economic aspects, but on ESG (environmental, social and governance) factors as well. From the fiscal year ended March 31, 2023, to enable the comprehensive identification of risks, MC introduced environmental and social due diligence guidelines in investment and finance.

Conserving and Effectively Utilizing Natural Capital—Biodiversity Initiatives

MC recognizes the critical importance of natural capital, including biodiversity, and committed on maintaining, protecting, and restoring it, and MC has positioned “Conserving and Effectively Utilizing Natural Capital.” Based on these policies and materiality analysis, MC analyzes its nature-related dependencies and impacts using the TNFD framework. Natural capital issues are taken into account when reviewing and making decisions on loan and investment proposals. MC strives to minimize negative impacts on its natural capital from its business activities.

In the fiscal year ended March 31, 2023, MC identified businesses with high levels of dependence and impact on nature, which allowed us to single out those businesses that needed to be analyzed in further detail, and conducted trial analyses with reference to the TNFD framework.

(*) Taskforce on Nature-related Financial Disclosures (TNFD) sets up by the United Nations Development Programme (UNDP) and other organizations. The TNFD takes a lead in formulation of framework for companies’ disclosure to investors and markets about nature-related risk and opportunities.

(Figures less than one million yen are rounded down)

(Notes)

1. The above figures include 4 Directors and 1 Audit & Supervisory Board Member who retired, and 1 Audit & Supervisory Board Member who resigned during the fiscal year ended March 31, 2023.

Furthermore, there were 11 Directors (including 5 Independent Directors) and 5 Audit & Supervisory Board Members (including 3 Independent Audit & Supervisory Board Members) as of March 31, 2023.

2. The above figures of Individual Performance Bonus represent the amounts recorded as provisions granted for the fiscal year ended March 31, 2023.

3. The above figures for Performance-linked Bonus (Short term) are determined based on profit for the year of 1.1807 trillion yen for the fiscal year ended March 31, 2023, based on a formula confirmed in advance by the Governance, Nomination and Compensation Committee and resolved by the Board of Directors.

4. The above amounts for Performance-linked Bonus (Medium to long-term) are paid on an average of the profit for the year over the fiscal years ended March 31, 2023 to 2025, but as this cannot be decided currently, the amount shown is provisions for such bonuses as of the fiscal year ended March 31, 2023. The actual amount paid for the fiscal year ended March 31, 2023 will be based on a formula confirmed in advance by the Governance, Nomination and Compensation Committee and resolved by the Board of Directors, and the amount for the fiscal year ended March 31, 2023 will be disclosed in the Fiscal 2024 Business Report.

The actual amount paid for the fiscal year ended March 31, 2021 was based on a formula confirmed in advance by the Governance, Nomination and Compensation Committee and resolved by the Board of Directors. The amount was paid on the average of 763.6 billion yen in profit for the year over the fiscal years ended March 31, 2021 to 2023, totaling 254 million yen for 5 Directors in the fiscal year

ended March 31, 2021.

The actual amount paid for the fiscal year ended March 31, 2022 will be paid on an average of the profit for the year over the fiscal years ended March 31, 2022 to 2024, but as this cannot be decided currently, a total of 385 million yen for 5 Directors in the fiscal year ended March 31, 2022 was recorded as provisions in the fiscal year ended March 31, 2023 but was not included in the table. The actual amount paid for the fiscal year ended March 31, 2022 will be disclosed in the Fiscal 2023 Business Report.

5. The above figures for stock-based remuneration linked to medium- and long-term share performance (stock-linked compensation plan with market conditions) is the amount recorded as an expense granted for the fiscal year ended March 31, 2023. In regard to stock-based remuneration linked to medium- and long-term share performance, the number of exercisable shares will be determined according to the growth rate in MC's shares over three years from being granted, based on a formula confirmed in advance by the Governance, Nomination and Compensation Committee and resolved by the Board of Directors.

6. In addition to the above, MC paid executive pensions to retired Directors and Audit & Supervisory Board Members. The amounts paid in the fiscal year ended March 31, 2023 were as follows: The retirement bonus system, including executive pensions for Directors and Audit & Supervisory Board Members, was abolished at the close of the Ordinary General Meeting of Shareholders held on June 26, 2007.

Opinion

Pursuant to the fourth paragraph of Article 444 of the Companies Act, we have audited the consolidated financial statements of Mitsubishi Corporation and its consolidated subsidiaries (the "Group"), namely, the consolidated statement of financial position as of March 31, 2023, and the consolidated statements of income and changes in equity for the fiscal year from April 1, 2022 to March 31, 2023, and significant matters on basis of preparing Consolidated Financial Statements and other explanatory information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of March 31, 2023, and its consolidated financial performance for the year then ended in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the provisions of the Code of Professional Ethics in Japan, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information comprises the information included in the Business Report and the accompanying supplemental schedules. Management is responsible for the other information. Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties

relating to the design and operating effectiveness of the controls over the other information.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Audit & Supervisory Board Members and the Audit & Supervisory Board for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under International Financial Reporting Standards.

Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgment. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material

(Translation)

uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate whether the overall presentation and disclosures of the consolidated financial statements are in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under International Financial Reporting Standards, as well as the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with Audit & Supervisory Board members and the Audit & Supervisory Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Audit & Supervisory Board members and the Audit & Supervisory Board with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Group which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

Opinion

Pursuant to the first item, second paragraph of Article 436 of the Companies Act, we have audited the nonconsolidated financial statements of Mitsubishi Corporation (the "Company"), namely, the nonconsolidated balance sheet as of March 31, 2023, and the nonconsolidated statements of income and changes in equity for the fiscal year from April 1, 2022 to March 31, 2023, and significant accounting policies and other explanatory information, and the accompanying supplemental schedules .

In our opinion, the accompanying nonconsolidated financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2023, and its financial performance for the year then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Nonconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the provisions of the Code of Professional Ethics in Japan, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information comprises the information included in the Business Report and the accompanying supplemental schedules. Management is responsible for the other information. Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the other information.

Our opinion on the nonconsolidated financial statements does not cover the other information and we do not

express any form of assurance conclusion thereon.

In connection with our audit of the nonconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the nonconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Audit & Supervisory Board Members and the Audit & Supervisory Board for the Nonconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the nonconsolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of nonconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the nonconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Nonconsolidated Financial Statements

- Identify and assess the risks of material misstatement of the nonconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgment. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the nonconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

AUDIT REPORT OF THE AUDIT & SUPERVISORY BOARD

This audit report was prepared following discussions based on the audit reports of each Audit & Supervisory Board Member concerning the conduct of the Directors in the execution of their duties during the Company's fiscal year from April 1, 2022 to March 31, 2023. The Audit & Supervisory Board submits its report as follows.

1. Methods and Details of Audits by the Audit & Supervisory Board Members and the Audit & Supervisory Board
 - (1) The Audit & Supervisory Board determines auditing policies, the division of duties and other matters, and receives reports from each Audit & Supervisory Board Member on the status and results of audits. In addition, the Audit & Supervisory Board received reports from Directors, and the independent auditors, and others concerning the execution of their duties, and requested explanations when deemed necessary.
 - (2) In accordance with the auditing policies and division of duties and in conformity with standards for audits by Audit & Supervisory Board Members, as determined by the Audit & Supervisory Board, each Audit & Supervisory Board Member worked to gather information and create an effective audit environment through telephone lines and the Internet, etc., by keeping channels of communication open with Directors, the Internal Audit Department, employees and others. At the same time, the Audit & Supervisory Board Members conducted audits through the following approach.
 - (a) Each Audit & Supervisory Board Member attended meetings of the Board of Directors and other important management meetings, requested reports from Directors, employees and others concerning the execution of their duties as well as explanations when deemed necessary, and examined important documents supporting decisions and other records and surveyed the status of operations and assets related to the Head Office and main offices. In addition, the Audit & Supervisory Board kept channels of communication open and exchanged information with Directors, Audit & Supervisory Board Members and other employees of subsidiaries, and received business reports from subsidiaries when deemed necessary.
 - (b) The Audit & Supervisory Board regularly received reports from Directors, employees and others about the operation of the internal control system, which was designed based on the Board of Directors resolutions, pursuant to Article 100, Paragraphs 1 and 3 of the Companies Act enforcement regulations as essential for ensuring the execution of duties by Directors described in the business report conforms with laws and the Company's Articles of Incorporation and for otherwise ensuring proper business conduct by the conglomerate consisting of the Company and its subsidiaries. The Audit & Supervisory Board requested explanations when deemed necessary and Audit & Supervisory Board Members expressed their opinions.
 - (c) Moreover, each Audit & Supervisory Board Member monitored and verified whether the independent auditors, Deloitte Touche Tohmatsu LLC, maintained independence and conducted proper audits. At the same time, reports were received from the independent auditor regarding the status of the execution of its duties, and explanations were requested where deemed necessary. The Audit & Supervisory Board also received notification from the independent auditors that it had established a system for ensuring that duties are performed properly, as prescribed by items in Article 131 of the Accounting Ordinance of the Companies Act, in accordance with the Standards for Quality Control of Audit, as issued by the Business Accounting Council on October 28, 2005. Explanations were requested where deemed necessary.

Based on the above approach, the Audit & Supervisory Board examined the accompanying supplemental schedules of the company as well as the business reports and the accompanying, consolidated financial statements (consolidated statement of financial position, consolidated statement of profit or loss, and consolidated statement of change in equity and a summary of significant accounting policies and other explanatory information) and non-consolidated financial statements (non-consolidated balance sheet, non-consolidated statement of operations, non-consolidated statement of changes in equity, and a summary of significant accounting policies and other explanatory information) for the fiscal year under review.

2. Audit Results

(1) Results of Audit of Business Reports, etc.

As a result of these activities, we certify that:

- (a) the business report and the accompanying supplemental schedules present the Company's situation correctly in accordance with laws and ordinances and the Articles of Incorporation of the Company;
- (b) there was no improper behavior detected on the part of Directors in the conduct of their duties and no grave instances of violations of either applicable laws or ordinances or the Articles of Incorporation of the Company; and
- (c) the details of the Board of Directors' resolutions concerning the internal control system were appropriate and adequate. Furthermore, there was nothing we must point out regarding the contents of the business report or the performance of duties by Directors in connection with said internal control system.

(Translation)

(2) Results of Audit of Consolidated Financial Statements

We confirm that the auditing method and results of the independent auditors, Deloitte Touche Tohmatsu LLC, are appropriate and adequate.

(3) Results of Audit of Non-consolidated Financial Statements and the Accompanying Supplemental Schedules

We confirm that the auditing method and results of the independent auditors, Deloitte Touche Tohmatsu LLC, are appropriate and adequate.

Corporate Philanthropy Activities

In keeping with the belief that MC's sustainable growth cannot be achieved without realizing a sustainable society, MC addresses Materiality (for details, see page 63) through both business and philanthropy activities. The Company focuses on philanthropic activities that are in line with three overarching themes: "Realizing an Inclusive Society," "Empowering the Next Generation" and "Conserving the Environment." In addition, MC also provides support both domestically and overseas, for regions affected by natural disasters, which includes recovery efforts for the Great East Japan Earthquake. The Company's philanthropic activities are conducted with a focus on employee participation and continuity.

1. Realizing an Inclusive Society

MC aims to help realize a society where everyone can play an active role. MC is continuing its activities to contribute toward a world where everyone can respect each other and coexist regardless of background, physical condition or way of life.

In the fiscal year ended March 31, 2023, MC implemented the Friendship Camp for Mothers and Children, aimed at single-parent households; the "DREAM AS ONE" parasports support project; and efforts to support to address child poverty within Japan.

2. Empowering the Next Generation

MC will actively support education, research and capacity development in order to contribute to the growth and self-reliance of the next generation who will be responsible for tomorrow's society.

In the fiscal year ended March 31, 2023, MC provided scholarships for high school students in Japan who are studying abroad and Ph.D. students in Japan studying in scientific fields. MC also operated the MC ART GATE Program, which supports upcoming artists, with beneficiaries ranging from university students to professionals who have just debuted or are seeking to build up their careers.

3. Conserving the Environment

MC is committed to environmental conservation efforts in order to pass on our irreplaceable Earth to future generations and to realize a prosperous society where people live in harmony with nature.

In the fiscal year ended March 31, 2023, the Company launched a new initiative to support natural climate solutions (NCS), implementing conservation activities in collaboration with a wide range of stakeholders, including local communities, universities and NGOs.

4. Support for Natural Disasters

As a member of the communities in which we live and work, MC provides emergency support in the event of natural disasters and engages in recovery efforts in the affected areas.

In the fiscal year ended March 31, 2023, MC continued its winery business in Koriyama City, Fukushima Prefecture, and other ongoing recovery support activities.
