All for dreams

To Our Shareholders

Thank you for your continued support and for the confidence that you have placed in us. Please be cordially invited to the 50th Regular General Meeting of Shareholders of Nidec Corporation.

Since its foundation in 1973, under the mission to manufacture “everything that spins and moves,” Nidec has been consistently seeking to create drive technologies that meet society’s needs, and it has grown as the world’s leading manufacturer of comprehensive motor and motor drive systems with more than 300 group companies operating in various countries in the world.

In the fiscal year ended March 31, 2023, on a consolidated basis, we surpassed our ambitious target of “net sales of 2 trillion yen,” setting a new record with net sales of 2,242.8 billion yen. In the fiscal year ending March 31, 2024, we aim to achieve a V-shaped recovery in operating profit and net income, which have suffered the impact of structural reform expenses and income tax expenses, by accelerating the radical reform of the revenue structure through WPR-X activity.

This year, Nidec Corporation marks the 50th anniversary of its founding. On April 1, we changed our trading name in Japanese to “NIDEC KABUSHIKI KAISHA” and decided on a change of Executive Vice Presidents (implemented in accordance with fair, transparent, and objective selection policy and criteria by the Nomination Committee established in November 2022). In ways such as these, we have tirelessly engaged in building the management structure to be “a global company that grows sustainably for the next 100 years and beyond,” and we will continue to evolve as ONE Nidec (a united group) to be “the world’s leading solution-providing business group that solves numerous problems for the people in the world.”

I Current circumstances of the Nidec Group

1. Current circumstances and results of business operations

(1) Overview of business environment in the fiscal year 2022

As of April 2023, the IMF forecasts global economic growth of 2.8% in 2023. During the fiscal year under review, economic indicators in major countries around the world showed signs of improvement. However, financial markets became unstable due to bank failures in the United States and financial instability in Europe. The business environment surrounding NIDEC continues to be severe, with shipments of IT equipment peaking out, global automobile production volume recovery delayed, demand related to capital investment peaking out, and a decline in unit growth rate in the Chinese EV market. As we celebrate our 50th anniversary in July 2023, we recorded restructuring costs for this fiscal year in response to the recent deterioration in the market environment to realize drastic earning structure reform and reduce fixed costs significantly with the aim of achieving V-shaped recovery in fiscal year 2023 through “WPR-X” activity whose target is realizing a drastic reduction of fixed cost by inventing products which can win overwhelmingly in the market under the policy of “cost is made by technology”.

Consolidated net sales from continuing operations increased 16.9% to ¥2,242,824 million for this fiscal year compared to the previous fiscal year, recording the highest annual net sales. Operating profit decreased 41.3% to ¥100,081 million for this fiscal year compared to the previous fiscal year. Profit before income taxes decreased 29.1% to ¥120,593 million and profit for the year from continuing operations decreased 66.4% to ¥45,704 million compared to the previous fiscal year.

Profit attributable to owners of the parent decreased 66.9% to ¥45,003 million.

We issued the Fifteenth and Sixteenth Series of Domestic Unsecured Bonds (totaling ¥ 70,000 million) in November, 2022, to fund the redemption of corporate bonds and the repayment of short term borrowings. We also raised funds mainly by borrowing from financial institutions to meet our other cash needs. 4. Nidec Group's Challenges

(1) Enhancing the Corporate Governance System

The Company transitioned to a company with an Audit and Supervisory Committee in the fiscal year ended March 31, 2021. Going forward, the Company will realize quicker decision-making and further strengthen the supervisory function of the Board of Directors by granting Members of the Board of Directors who are Audit and Supervisory Committee Members voting rights to the Board of Directors, with the aim of further strengthening corporate governance and sustainably enhancing corporate value.

(2) Building and Strengthening Global Management Infrastructure

Nidec Group as a global company will further enhance its group's business management, accounting and financial reporting, and business information disclosure systems in accordance with global standards.

To secure global sustainable growth and accelerate the pace of the post-merger integration (PMI) process of companies purchased overseas, we are building a "five-pronged global matrix-based business management system" intended to strengthen the foundation of our growth strategy. Specific actions include the establishment and functional expansion of regional management companies, which will be tasked to improve management quality (in the areas of governance, compliance, and internal control), secure good management efficiency (providing high-quality, low-cost shared services for individual regions), and actively support PMI.

We previously maintained a "federate-style" management system, under which individual group companies maintained a high degree of independence and autonomy in their business operations; however, to address globalization needs, we are shifting towards a "unified group matrix management" increasingly quickly.

Nidec Group's Corporate Administration & Internal Audit Department, which is responsible for group-wide internal controls, has in place a global auditing system to strengthen auditing of the sphere related to the prevention of improprieties as a response to strengthening the global management system. Nidec Group is striving to further strengthen internal controls based on the experience and know-how gained through the past audits of our financial statements and the implementation of measures to comply with the U.S. Sarbanes-Oxley Act of 2002. We also seek to improve our information disclosure system and policy through enhanced cooperation between a committee responsible for information disclosure and other relevant specialized departments.

Such specialized departments and offices, including the Legal & Compliance Department, the Risk Management Office, the Investor Relations & CSR Promotion Department, and the Eco Governance Department, also collaborate with one another and other departments as appropriate. We seek to find ways to create and maintain jobs and otherwise contribute to society based on our basic management policy as a good corporate citizen.

8. Ms. Aya Yamada and Ms. Junko Watanabe, Members of the Board of Directors who are Audit and Supervisory Committee Members, serve as a Professor of Graduate School of Law and Professor of Graduate School of Economics & Faculty of Economics, respectively, of Kyoto University. To support educational and research activities, the Company donates a course to the Graduate School of Engineering of Kyoto University called "Advance Electrical Equipment to Realize a Friendly Global Environment." The amounts of donations are ¥45 million in FY2018 (total amount of the university's donation-based income in the same fiscal year: ¥5,163 million), ¥39 million in FY2019 (total amount: ¥5,352 million), ¥39 million in FY2020 (total amount: ¥5,766 million), ¥39 million in FY2021 (total amount: ¥5,416 million), and ¥49 million in FY2022. The FY2022 donation includes those made for the university's 125th anniversary project. For any of the aforementioned fiscal years, the amounts of the Company's donations to Kyoto University are insignificant compared with the total amount of the university's donation-based income. Furthermore, based on its joint research contract with the university's Graduate School of Engineering, the Company made a payment of ¥18 million in FY2022. In addition, the faculty to which the Company made donations and payment are different from the faculty to which they belong, and they are not a representative of the university. Thus there is no direct interest between the Company and the two individuals. Therefore we believe that the donations will not in any way affect Ms. Yamada and Ms. Watanabe's independence as Outside Members of the Board of Directors who are Audit and Supervisory Committee Members.

Variable remuneration fluctuates from zero (no payment) to twice its median value (50% of fixed remuneration).

(iii) Performance-linked share-based remuneration covers three consecutive fiscal years, during which the number of points that fluctuates within a range of 0% to 200% according to ranks and the level of achievement of consolidated net sales and consolidated operating profit targets for each fiscal year will be granted. After the lapse of the applicable period, the number of the Company's shares calculated based on the cumulative value of points granted will be delivered, and money equivalent to the amount of the Company's shares will be paid (one unit is equivalent to one share).

(c) Process of determining remuneration

The Board of Directors shall determine the amount of fixed remuneration and variable remuneration for each Member of the Board of Directors (excluding Members of the Board of Directors who are Audit and Supervisory Committee Members) in accordance with the criteria stipulated in the above policy and based on the recommendations of the Remuneration Committee, which is a voluntary advisory body. In addition, the Board of Directors shall similarly determine the content of performance-linked share-based remuneration in view of the recommendations of the Remuneration Committee.

(d) Forfeiture of remuneration (clawback and malus)

Fixed and variable remuneration may be reduced with the consent of the relevant person if he or she has caused serious damage to the Company.

In addition, if a person eligible for performance-linked share-based remuneration commits a serious violation of his or her duties or internal rules or other misconduct after the beneficiary right vesting date, the Company may seek compensation from that person.

(2) Reason why the Board of Directors determined that the content of individual remuneration, etc. for Members of the Board of Directors who are not Audit and Supervisory Committee Members for the fiscal year is in line with the determination policy

(5) Matters regarding performance-linked remuneration, etc. and non-monetary remuneration, etc.

The Company received approval at the 48th Regular General Meeting of Shareholders held on June 22, 2021 for the adoption of a performance-linked share-based compensation plan (the “Plan”). In the Plan, the Company’s shares are granted to Members of the Board of Directors (excluding Outside Members of the Board of Directors and Members of the Board of Directors who are Audit and Supervisory Committee Members), Vice Presidents, and individuals who have equivalent status at the Company (Members of the Board of Directors and Vice Presidents shall be hereinafter collectively referred to as the “Members of the Board of Directors, etc.”) according to their ranks and the degree of achievement of performance targets. Two Members of the Board of Directors of the Company were eligible for the Plan at the end of the 48th Regular General Meeting of Shareholders (31 were eligible for the Plan as Vice Presidents not serving concurrently as Members of the Board of Directors and individuals with equivalent status).

(a) Overview of the Plan

The Plan is a share-based incentive plan wherein shares of the Company stock will be acquired through a trust using the amount of remuneration for the Members of the Board of Directors, etc. contributed by the Company as the fund, and the Company's shares and cash equivalent to the amount of the converted value of such shares (the "Company's shares, etc.") will be granted and paid (the "grant, etc." or "granted, etc.") to the Members of the Board of Directors, etc. (the details are as described below in (b) onwards).

<p>1) Persons eligible for the grant, etc. of the Company's shares, etc. covered by the Plan</p>	<ul style="list-style-type: none"> · Members of the Board of Directors (excluding Outside Members of the Board of Directors and Members of the Board of Directors who are Audit and Supervisory Committee Members), Vice Presidents and individuals who have equivalent status at the Company
<p>2) The upper limit of cash to be contributed by the Company to acquire the Company's shares to be granted, etc. to the Members of the Board of Directors, etc. (as described in (b) below)</p>	<ul style="list-style-type: none"> · The upper limit for a period of three fiscal years will be 2.73 billion yen.
<p>3) The maximum total number of the Company's shares, etc. to be granted, etc. to the Members of the Board of Directors, etc. (as described in (c) below) and the method to acquire the Company's shares (as described in (b) below)</p>	<ul style="list-style-type: none"> · The upper limit of the number of the Company's shares, etc. to be granted, etc. to the Members of the Board of Directors, etc. each fiscal year will be 84,000 shares, and the upper limit of the number of the Company's shares, etc. to be granted, etc. to the Members of the Board of Directors, etc. for three fiscal years will be 252,000 shares (*1). (*1) The number of the Company's shares per unit will be one share. If the number of the Company's shares under the trust increases or decreases because the Company's share is subject to a share split, allotment of shares without contribution, or share consolidation, etc., the Company will adjust the number of the Company's shares, etc. to be granted, etc. for each unit according to the ratio of increase or decrease of the Company's shares, and the upper limit of the number of the Company's shares to be delivered as stated below. · The ratio of the upper limit of the number of the Company's shares, etc. of 84,000 shares to be granted, etc. to the Members of the Board of Directors, etc. each fiscal year to the total number of the Company's shares issued and outstanding (as of March 31, 2023, excluding treasury stock) will be about 0.01%. · The Company's shares will be acquired from the Company (through disposal of treasury stock) or the stock market.

<p>5) Timing for granting, etc. the Company's shares, etc. (as described in (d) below)</p>	<ul style="list-style-type: none"> · In principle, at a certain time after the expiry of the covered period. However, the shares to be granted according to the units awarded before the amendment of the Plan on June 22, 2021 will be granted at the retirement of the Members of the Board of Directors, etc.

(b) Upper limit of cash to be contributed by the Company

The Plan covers three consecutive fiscal years (a period from the fiscal year ended March 31, 2022 to the fiscal year ending March 31, 2024. In case where the trust period is extended as described below, the period covered by the Plan shall be the subsequent three consecutive fiscal years. Hereinafter the “Covered Period”).

The Company contributes cash up to 2.73 billion yen for each Covered Period as remuneration for the Members of the Board of Directors, etc. of the Company during the said Covered Period to a trust (the “Trust”) for the period equivalent to the Covered Period wherein the Members of the Board of Directors, etc. who meet the beneficiary requirements are defined as beneficiaries. The Trust will acquire the Company’s shares from the Company (through disposal of treasury stock) or the stock market using the cash entrusted as the fund, in accordance with the instructions of the trust administrator. The Company shall award units to the Members of the Board of Directors, etc. (as described in (c) below), and the Company’s shares, etc. will be granted, etc. by the Trust corresponding to the units awarded during a certain period determined in advance.

Upon expiry of the trust period, the Company may continue the Trust under the Plan or the Trust as a share-based incentive plan similar to the Plan by making amendments to the trust agreement and making additional contributions to the Trust. In such a case, the trust period of the Trust will be extended by three years, and the three fiscal years following the extension will be the new Covered Period. The Company will make additional contributions to the Trust within the above-mentioned upper limit of trust cash, and will continue awarding units to the Members of the Board of Directors, etc. as remuneration to the Members of the Board of Directors, etc. of the Company during such new Covered Period. In the event where such additional contributions are to be made when there are any Company’s shares (excluding the Company’s shares, etc. equivalent to units granted to the Members of the Board of Directors, etc. that are yet to be granted, etc.) and cash remaining in the trust property (the “residual shares, etc.”), then the sum of the amount of such residual shares, etc. and additional trust cash to be contributed by the Company shall be within the upper limit of trust cash to be entrusted to the Trust during such new Covered Period. Such an extension of the trust period will not be limited to one time only, and the trust period may subsequently be re-extended in the same manner.

(c) Method of calculating the number of the Company’s shares, etc. to be granted, etc. to the Members of the Board of Directors, etc. and the upper limit thereof

The Company’s shares will be granted, etc. according to the number of units awarded to each Member of the Board of Directors, etc. covered by the Plan. The units are calculated by the following formulas. One unit shall be equivalent to one share of the Company.

If, however, the number of the Company’s shares under the Trust increases or decreases because the Company’s share is subject to a share split, allotment of shares without contribution, or share consolidation, etc., the Company will adjust the number of the Company’s shares, etc. to be granted, etc. for each unit according to the percentage of increase or decrease of the Company’s shares, and the upper limit of the number of the Company’s shares to be delivered as stated below.

(Unit calculation formula)

The units calculated by dividing the individual remuneration amount, which has been determined in advance with respect to each rank, by the share price at the time when the Trust acquired the Company’s shares, will serve as the base (the “base units”). Performance-linked units calculated by multiplying the base units by the performance-linkage coefficient that is determined by the degree of achievement of performance targets for each year will be awarded to the Members of the Board of Directors, etc. covered by the Plan who hold office on the last day of each fiscal year of the Covered Period.

Calculation formula for base units	Individual remuneration amount / the average share unit price at the time of the Trust’s acquisition of the Company’s shares
Calculation formula for the number of performance-linked units	Base units x Performance-linkage coefficient (*2) (*3)

(*2) The performance-linkage coefficient varies between 0% and 200% depending on the degree of achieving target of consolidated net sales and consolidated operating profit, etc. of single year

- management plan.
- (*3) The granting units to eligibility who will be ineligible for the Plan by leaving office, etc. during the trust period, will make adjustment based on the incumbency, etc.

<Metrics, values and weightings to be used to link performance units to performance>

Metric to be used	Value to be used	Weighting	Target		
			FY2021	FY2022	FY2023
Consolidated net sales	Forecast for the given fiscal year determined each fiscal year by the Board of Directors	50%	¥1.760 trillion	¥2.300 trillion	-
Consolidated operating profit	Same as above	50%	¥200 billion	¥237 billion	-

Consolidated net sales and consolidated operating profit were chosen as the performance metrics for performance-linked compensation because they are used as target metrics in the Company's medium-term management plan, and the Company believes that achieving performance targets in terms of these metrics will contribute to the improvement of the Company's corporate value over the medium to long term.

<Performance-linkage coefficient to be used to link performance units to performance>

Degree of target attainment	Performance-linkage coefficient
120% or more	200%
115% to less than 120%	175%
110% to less than 115%	150%
105% to less than 110%	125%
100% to less than 105%	100%
Less than 100%	0%

Trends in consolidated net sales and consolidated operating profit, including figures for the fiscal year 2022, are as provided in "3. Assets, profits and losses."

The upper limit of the number of the Company's shares, etc. to be granted, etc. to the Members of the Board of Directors, etc. during the trust period of the Trust will be 84,000 shares per fiscal year. The upper limit of the total number of the Company's shares, etc. to be granted, etc. to the Members of the Board of Directors, etc. during the Covered Period (the "upper limit of the number of shares to be granted") will be 252,000 shares. Taking into account the upper limit of cash to be contributed by the Company as stated in (b) above, the Company determines the upper limit of the number of shares to be granted with reference to the most recent stock price, etc.

(d) Timing and method for grant, etc. of the Company's shares, etc. to the Members of the Board of Directors, etc.

The Members of the Board of Directors, etc. covered by the Plan who meet beneficiary requirements will receive the Company's shares (odd-shares will be discarded) corresponding to 50% of the cumulative number of performance-linked units calculated based on (c) above and awarded to them (the "Cumulative Units") at a certain time following the expiry of the Covered Period in principle, and receive cash equivalent to the Company's shares corresponding to the number of remaining performance-linked units that are converted into cash under the Trust. However, a Member of the Board of Directors, etc. who does not own a securities brokerage account handling Japanese stocks, he or she shall receive cash equivalent to the Company's shares corresponding to the cumulative numbers of units that are converted into cash under the Trust. If the Members of the Board of Directors, etc. resign from their positions during the trust period (except for cases of voluntary resignation or dismissal), they will receive the Company's shares (odd-shares will be discarded) corresponding to 50% of the Cumulative Units earned until the time of retirement, and receive cash equivalent to the Company's shares corresponding to the number of remaining performance-linked units that are converted into cash under the Trust (*4).

In the event that an incumbent Member of the Board of Directors, etc. covered by the Plan who meets beneficiary requirements has died, the legal heir(s) of the said Member of the Board of Directors, etc. shall receive cash equivalent to the Company's shares corresponding to the cumulative number of units until the said Member of the Board of Directors, etc. passed away that are converted

into cash under the Trust.

If a Member of the Board of Directors, etc. is transferred overseas before the expiry of the Covered Period, he or she shall receive cash equivalent to the Company's shares corresponding to the cumulative number of units that are converted into cash under the Trust while in office.

(*4) In principle, the Company's shares, etc. for the units awarded to the Members of the Board of Directors, etc. under the Plan before amendment will be granted, etc. at their retirement.

(e) Voting rights related to the Company's shares

To ensure the neutrality for the Company's management, voting rights shall not be exercised for the Company's shares held in the Trust during the trust period.

(f) Treatment of dividends of surplus related to the Company's shares

Dividends related to the Company's shares under the Trust will be paid to the Trust, and allocated to trust fees and trust expenses. If, after the allocation to trust fees and expenses, residual assets remain at the expiry of the Trust, such assets will be donated to organizations with no interest in the Company.

If the Company continues to use the Trust, such residual assets will be applied to the acquisition of shares.

(g) Other content of the Plan

Other content of the Plan will be determined at the meeting of the Board of Directors when the Trust is established and each time the trust agreement is amended and additional contributions are made to the Trust.

Responsibilities of management and the Audit and Supervisory Committee for the consolidated financial statements

It is the management's responsibility to prepare and properly present the consolidated financial statements in accordance with the latter part of Article 120, Paragraph 1 of Corporate Accounting Rules, which permits partial deletion of items to be disclosed based on the requirement of the international financial reporting standards. This task includes establishing and operating internal controls that the management determines to be necessary to prepare and properly present the consolidated financial statements that are free of material misstatements due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing whether it is appropriate to prepare the consolidated financial statements in accordance with the premise of a going concern, and for disclosing matters relating to the going concern when it is required to do so in accordance with the latter part of Article 120, Paragraph 1 of Corporate Accounting Rules, which permits partial omission of the items to be disclosed based on the requirement of the international financial reporting standards.

The Audit and Supervisory Committee is responsible for monitoring the execution of the duties of Directors related to designing and operating the consolidated financial reporting process.

Accounting auditor's responsibility for the audit of the consolidated financial statements

It is the accounting auditor's responsibility to obtain reasonable guarantee about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to express its opinions on the consolidated financial statements from an independent point of view in an audit report, based on its audit. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the consolidated financial statements.

PricewaterhouseCoopers Kyoto makes professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and performs the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the accounting auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- The purpose of the audit of the consolidated financial statements is not to represent any opinion on an internal control's effectiveness; however, in making those risk assessments, the accounting auditor discusses internal controls related to the audit in order to propose a proper audit procedure based on the circumstances.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy

of related notes.

- Determine whether it is appropriate for management to prepare the consolidated financial statements on the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the accounting auditor is required to call attention to the notes to the consolidated financial statements in the audit report, or if the notes to the consolidated financial statements pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the consolidated financial statements. While the conclusions of the accounting auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the consolidated financial statements are in accordance with the provisions of the latter part of Article 120, Paragraph 1 of Corporate Accounting Rules, which permits partial omission of the items to be disclosed based on the requirement of the international financial reporting standards, assess the presentation, structure, and content of the consolidated financial statements including related notes, and whether the consolidated financial statements fairly present the transactions and accounting events on which they are based.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries in order to express an opinion on the consolidated financial statements. The accounting auditor is responsible for instructing, supervising, and implementing the audit of the consolidated financial statements, and is solely responsible for the audit opinion.

The accounting auditor reports to the Audit and Supervisory Committee regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The accounting auditor reports to the Audit and Supervisory Committee regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the accounting auditor's independence and any safeguards that are in place to reduce or eliminate obstacles.
