### Proposals and Reference Matters

#### No. 1: Appropriation of surplus

We propose the following appropriation of surplus:

#### Year-end dividends

The Company gives top priority to the issue of increasing corporate value through business growth and expansion and regards the return of profits to shareholders as a key management issue.

In appropriating profits, we give consideration to all aspects including returns on shareholder investment and the securing of internal reserves for our future growth and expansion.

With regard to shareholder returns, the Company targets a total return ratio, which is the ratio of combined dividends and share buybacks to net income attributable to owners of the parent, of 30% or higher, and targets a dividend on equity (DOE) attributable to owners of the parent, of 3.0% or higher. Aiming to improve earnings, we allot internal reserves for not only loans and investments to further accelerate the growth and expansion of our businesses and more quickly realize the business portfolios that we should pursue but also research and development to create new innovative technologies.

After giving comprehensive consideration to various matters including performance results for the fiscal year under review and the outlook for the future business environment, the Company proposes that the year-end dividend be as follows.

(1) Type of dividend property

Cash

(2) Allocation of dividend property and total amount thereof

We propose a year-end dividend of ¥60 per share. The total amount of dividends will be ¥11,403,965,160.

(3) Effective date of dividends from surplus

June 28, 2023

#### Reference:

##### <Transition in total return ratio>

Year-end dividend	¥50	¥50	¥50	¥65	¥60
Interim dividend	¥50	¥50	¥50	¥55	¥60

### <Transition in capital investment>

(Billions of yen)

### <Transition in Research and development (R&D) expenses>

(Billions of yen)

(Reference) Total return ratio = (Total shareholder dividends + Total share buybacks) / Net income attributable to owners of the parent

DOE = Total shareholder dividends / Equity attributable to owners of the parent

\* The Company has adopted the International Financial Reporting Standards (IFRS) from fiscal year 2020. Accordingly, results from fiscal year 2020 onward are prepared based on IFRS.

\* The year-end dividend for fiscal year 2021 includes a memorable dividend of ¥5 (25th anniversary of the Company's foundation).

## No. 2: Election of eight (8) Directors

As the terms of office of all eight (8) Directors will expire at the close of this Ordinary General Meeting of Shareholders, we propose the election of eight (8) Directors. (Note) The above table (skills matrix) was deliberated and decided upon at the Human Resource Nomination Committee meeting held in fiscal year 2022. In making this decision, the Committee also reviewed the definitions of the skills and experience required of the Company's Directors and Corporate Auditors so that the contents are linked to the Long-Term Business Plan "VISION 2030," and it was decided to classify the "skills and experience expected in particular\*" into nine categories. Furthermore, in order to properly visualize and manage the overall balance of the skills and experience of the members that compose the Board of Directors, the number of items to be recognized per Director and Corporate Auditor has been capped at a maximum of three.

As a result, the contents of this skills matrix may differ from the previous skills matrix in some parts, but this is a result that reflects the above review and does not represent all the skills and experience possessed by the Directors.

\* Details of skills and experience expected in particular are as described on pages 29 and 30.

- Notes:
1. There are no special conflicts of interests between the Company and any of the candidates for Directors.
  2. The Company has concluded a liability limitation contract with YOSHIMARU Yukiko, MABUCHI Akira, and MIMURA Takayoshi in accordance with Article 427, Paragraph 1 of the Companies Act to limit the liability for damages as provided in Article 423, Paragraph 1 of the Companies Act. Under this contract, the maximum liability for damages shall be the amount provided by laws and regulations. If YOSHIMARU Yukiko, MABUCHI Akira, and MIMURA Takayoshi are reelected as Outside Directors, the Company will continue the said contract with them.
  3. The Company has concluded a directors and officers liability insurance contract, whose outline is as follows, with an insurance company in accordance with Article 430-3, Paragraph 1 of the Companies Act. All of the candidates for Directors are already insured under this insurance contract and will continue to be insured after their reelection and appointment. This insurance contract will be renewed in June 2023.
    - Outline of the contents of the insurance contract
      - (1) Actual ratio of premiums paid by the insured  
The premiums are paid by the Company, and the insured does not bear the premiums.
      - (2) Outline of the events insured against  
The insured will be compensated for damages (legal damages and litigation expenses) incurred as a result of a claim for damages arising from the insured's performance of duties.
      - (3) Measures to ensure the appropriateness of the duties of corporate officers  
An exemption clause is attached to the contract to the effect that liability for damages caused by the insured's intentional acts, illegal private giving of benefits,

criminal acts, etc. will not be compensated.

Outside Director of Sekisui House, Ltd. Outsider Director of Daiwabo Holdings CO., Ltd.				
Reasons for nomination and overview of expected roles				
YOSHIMARU Yukiko, based on her experience as an officer of other companies in areas such as diversity promotion, and in-depth knowledge acquired through her extensive global experience, objectively evaluates the Company's overall management and actively provides opinions from the global perspective and diversity point of view, etc., at meetings of the Company's Board of Directors. We believe that she will continue providing useful advice on the Company's corporate management, and contribute to improving the effectiveness of the Company's management supervision. In addition, we expect that she will also contribute to ensuring the transparency and suitability of the nomination and compensation of management as a member of the Human Resource Nomination Committee and the Executive Compensation Committee, and accordingly believe that she is the right person for the post of Outside Director.				

Note: YOSHIMARU Yukiko served as Executive Officer of Nifco Inc. until June 2018. In the fiscal years of 2020, 2021 and 2022, the Company sold our products to Nifco Inc. However, our sales amount to Nifco Inc. is deemed insignificant given that such amount was less than 1% of the Company's net sales for said fiscal years.

Member of the Board				
Reasons for nomination and overview of expected roles				
MABUCHI Akira, based on his extensive experience as a corporate manager and a corporate auditor, and in-depth knowledge of the mobility field, on which the Company is focusing, objectively evaluates the Company's overall management and actively provides opinions from the perspective of suitability of the business strategy and governance, etc., at meetings of the Company's Board of Directors. We believe that he will continue providing useful advice on the Company's corporate management, and contribute to improving the effectiveness of the Company's management supervision. In addition, we expect that he will also contribute to ensuring the transparency and suitability of the nomination of management as a member of the Human Resource Nomination Committee and to improving the effectiveness of discussions related to the compensation of management as the Chairperson of the Executive Compensation Committee, and accordingly believe that he is the right person for the post of Outside Director.				

Note: As a Corporate Auditor of SUBARU CORPORATION, MABUCHI Akira had been making recommendations on legal compliance and internal control on a regular basis. During his term of office, from 2017 to 2018, it was discovered that inappropriate actions were being taken in the completion inspection process at some factories of SUBARU CORPORATION. After the discovery of this fact, he received reports from time to time on the investigation of the causes and efforts to prevent recurrence, and made various recommendations.

(Note) The above table (skills matrix) was deliberated and decided upon at the Human Resource Nomination Committee meeting held in fiscal 2022. In making this decision, the Committee also reviewed the definitions of the skills and experience required of the Company's Directors and Corporate Auditors so that the contents are linked to the Long-Term Business Plan "VISION 2030," and it was decided to classify the "skills and experience expected in particular\*" into nine categories. Furthermore, in order to properly visualize and manage the overall balance of the skills and experience of the members that compose the Board of Directors, the number of items to be recognized per Director and Corporate Auditor has been capped at a maximum of three.

As a result, the contents of this skills matrix may differ from the previous skills matrix in some parts, but this is a result that reflects the above review and does not represent all the skills and experience possessed by Corporate Auditors.

\* Details of skills and experience expected in particular are as described on pages 29 and 30.

- Notes:
1. There are no conflicts of interests between the Company and each of GOTOH Yasuko and ONO Junshi.

		Based on his many years of experience as a certified public accountant, ONO Junshi has a high degree of insight in the areas of financial accounting and crisis and risk management. Although he has never been involved in the management of a company, we believe he is the right person for the post of Outside Corporate Auditor from the perspective of ensuring the appropriate execution of the business of the Company.	

Note: ONO Junshi is a partner of KPMG AZSA LLC. Although the Company has had a business relationship with KPMG AZSA LLC in the fiscal years of 2020, 2021, and 2022, including consulting services, the amount paid by the Company to KPMG AZSA LLC for these services was minimal, accounting for less than 1% of the net sales of KPMG AZSA LLC for the fiscal years in question. Further, he plans to resign from the firm effective June 30, 2023.

**No. 4: Revision of fixed compensation and bonus compensation amounts for Directors and revision of compensation for granting restricted stock to Directors (excluding Outside Directors)**

The compensation of the Company’s Directors (excluding Outside Directors) consists of fixed compensation and performance-linked compensation in the form of bonuses and monetary compensation for purpose of granting restricted stock (hereinafter the “restricted stock-based compensation”), while the compensation of Outside Directors consists solely of fixed compensation.

The current amount of compensation for Directors was approved at the 20th Ordinary General Meeting of Shareholders held on June 27, 2017, with fixed compensation and bonuses not to exceed ¥600 million per year (including up to ¥60 million per year for Outside Directors). Separate from that, we have received approval for the restricted stock-based compensation not to exceed ¥120 million per year, and the total annual amount of compensation not exceeding ¥720 million. In response to the recent changes in the environment surrounding executive compensation governance, including the revision of the Corporate Governance Code and the launch of the Long-Term Business Plan “VISION 2030,” (hereafter “VISION 2030”), after repeated discussions at the Company’s Executive Compensation Committee, the Board of Directors resolved to revise the executive compensation system to establish executive compensation governance appropriate for a Tokyo Stock Exchange Prime Market-listed company and thereby enhance the corporate value of the Company Group. (For a summary of the revised executive compensation system, please refer to the “Overview of the New Executive Compensation System” on page 31 and ensuing pages.) Therefore, in accordance with the aforementioned revision of the executive compensation system, the Company requests your approval to revise the amount of compensation for Directors, the maximum total number of restricted stock, and some details of the restricted stock as follows.

[Directors’ compensation amounts]

Item	Current	New
Fixed compensation Bonuses	Up to ¥600 million per year (including up to ¥60 million per year for Outside Directors)	Up to ¥900 million per year* <sup>1</sup> (including up to ¥60 million per year for Outside Directors)
Restricted stock- based compensation	Up to ¥120 million per year (excluding Outside Directors)	Up to ¥350 million per year* <sup>1</sup> (excluding Outside Directors)
Total	Up to ¥720 million per year	Up to ¥1,250 million per year

[The maximum number of shares of restricted stock to be granted]

Current	New
The total number of shares of the Company’s common stock to be issued or disposed of for eligible Directors shall not exceed 120,000 shares per year* <sup>2</sup>	The total number of shares of the Company’s common stock to be issued or disposed of for eligible Directors shall not exceed 190,000 shares per year* <sup>1*2</sup>

\*1 Fixed compensation and bonuses and restricted stock-based compensation each represent the upper limit of the amount of compensation and total number of shares of restricted stock to be granted upon achievement of the respective VISION 2030 performance targets of ¥250 billion core operating income and ¥140 billion net income attributable to owners of parent.

\*2 However, if, on or after the day of this Ordinary General Meeting of Shareholders, the Company performs a share split (including allotment of shares without consideration) or a reverse share split of its common shares, or any other reason arises necessitating an adjustment to the total number of shares to be issued or disposed of as restricted stock, the relevant total number shall be reasonably adjusted.

[Partial Revision of Terms and Conditions for Granting Restricted Stock]

Item	Current	New
The Period of Restriction on Transfer	A period of between three (3) and five (5) years (hereafter “the Period of Restriction on Transfer”) predetermined by the Board of Directors of the Company during which an eligible person shall not transfer, create a security interest in, or otherwise dispose of the allotted common stock of the Company (“the Allotted Shares”).	Until the time of retirement or resignation from the position of an officer or employee of the Company predetermined by the Board of Directors (the “Period of Restriction on Transfer”), such as member of the Board, Corporate Auditor, Executive Officer, Chief Senior Director, Senior Director, Councillor, Advisor, Senior Advisor, or employee of the Company, or any other similar position (hereafter “Position of Restriction on Transfer”), the eligible person shall not transfer, create a security interest in, or otherwise dispose of the allotted shares of common stock of the Company (“the Allotted Shares”).
Gratis acquisition	Where the eligible person retires or resigns from the position of Director, Executive, Corporate Auditor, Executive Officer, Chief Senior Director, Senior Director, Councillor, Advisor, Senior Advisor, employee, or an equivalent position of the Company or a company affiliated with the Company prior to expiration of the Period of Restriction on Transfer, excluding cases where the vacation or retirement is caused by expiration of term of office, death, compulsory retirement age, or other fair reasons, the Company shall automatically acquire the Allotted Shares without consideration.	If certain events occur during the Period of Restriction on Transfer, such as retirement or resignation from Position of Restriction on Transfer without justifiable reason such as the expiration of the term of office, death, compulsory retirement age, etc. or engagement in business that competes with the Company’s business, the Company shall acquire all of the Allotted Shares without consideration.
Conditions of Payment	-	From the perspective of compensation governance, restricted stock-based compensation shall not be paid if the net income attributable to owners of the parent is below the lower limit set based on the dividend on equity attributable to owners of the parent company (DOE).

Aiming to further improve the objectivity and transparency of the compensation determination process, in October 2022, the Company reviewed the structure of the Executive Compensation Committee and appointed a majority of its members as Independent Outside Directors, as well as appointed an Independent Outside Director as the Committee Chairman. Under this structure, the executive compensation system was discussed and reported to the Board of Directors. As described above, the Board of Directors resolved to revise the executive compensation system. In accordance with the aforementioned revision, the Company also changed the policy for determining the details of the compensation of an individual Director (For a summary of the revised executive compensation system and the policy for determining the details of the compensation of an individual Director after the revision, please refer to the “Overview of the New Executive Compensation System” on page 31 and ensuing pages).

This proposal has been decided in accordance with the policy for determining the details of individual Director compensation after the aforementioned change. The Executive Compensation Committee has also reviewed the content of this proposal and is of the opinion that the content is necessary and reasonable for granting compensation in accordance with the policy for determining the content of individual Director compensation after the aforementioned change. The Company has therefore determined that the proposal is appropriate.

Currently the number of Directors is eight (8) (including three (3) Outside Directors), and if Proposal 2 “Election of eight (8) Directors” is approved as proposed, the number of Directors will be eight (8) (including three (3) Outside Directors), as is currently the case. The Company’s Articles of Incorporation stipulate that the number of Directors shall not exceed twelve (12).

#### **No. 5: Revision of compensation amount for Corporate Auditors**

The current compensation for Corporate Auditors was approved at the 8th Ordinary General Meeting of Shareholders held on June 28, 2005, and is currently set at no more than ¥11 million per month.

In recent years, there has been a demand for more enhanced governance and risk management systems, and it is important for the Company to improve the quality of its governance and risk management by improving the functions of auditing and supervision of business execution, and a compensation level that can acquire and retain personnel with the expertise and experience to contribute to these improvements is necessary.

In light of these circumstances, we ask for your approval to revise the amount of compensation for Corporate Auditors from the current monthly amount to an annual amount not exceeding ¥156 million per year.

The amount of compensation is set based on the compensation level of Japanese companies whose consolidated operating income (or equivalent indicator as a reference), which is an important indicator in the management of the Company and an objective and continuously comparable indicator, is comparable to the Company's current performance and the performance it should aim for (¥100 billion to ¥250 billion).

In addition, given that Corporate Auditors are independent from the execution of the business, they will continue to receive only fixed compensation.

Currently the number of Corporate Auditors is five (5) (including three (3) Outside Corporate Auditors), and if Proposal 3 "Election of two (2) Corporate Auditors" is approved as proposed, the number of Corporate Auditors will be five (5) (including three (3) Outside Corporate Auditors), as is currently the case. The Company's Articles of Incorporation stipulate that the number of Corporate Auditors shall not exceed six (6).

**Reference:****Procedure for Election of Directors and Corporate Auditors, and Independence Standards for Independent Outside Directors and Independent Outside Corporate Auditors****Principles and Procedures for the Board of Directors to Elect Senior Management and Nominate Candidates for Directors and Corporate Auditors**

The Company has established the Human Resource Nomination Committee as a consultative body to the Board of Directors in order to ensure the suitability and transparency of procedures for electing directors and corporate auditors. The Human Resource Nomination Committee deliberates the proposed list of candidates for directors and corporate auditors based on the standards for election of directors and corporate auditors, and reports the results of the deliberation to the Board of Directors. The Board of Directors decides upon the final list of the candidates for directors and corporate auditors with maximum respect given to the results report of the Human Resource Nomination Committee. A proposal on candidates for corporate auditors will be resolved by the Board of Directors after an agreement is obtained by the Board of Corporate Auditors. The current Human Resource Nomination Committee is composed of the Company's chairman, president and outside directors.

**Independence Standards for Independent Outside Directors and Independent Outside Corporate Auditors**

In order to be designated by the Company as an independent outside director and an independent outside corporate auditor, such director or corporate auditor must not fall under any of the following items.

- (1) A person who currently is or has been in the past an executive (such as an executive director, executive officer, senior director, general manager, or other such officer who executes operations) of the Company or a subsidiary of the Company.
- (2) A person for whom the Company is a major business partner\* or, if that person is a juridical person, an executive of that person.  
\*If a business partner has received payments of 2% or more of its annual sales from the Company in any of the past three fiscal years, then the Company is a major business partner thereto.
- (3) A major business partner\* of the Company or, if that partner is a juridical person, an executive of that partner.  
\*If the Company has received payments of 2% or more of its annual sales from a business partner in any of the past three fiscal years, or if a business partner has loaned a monetary amount of 2% or more of the Company's total assets to the Company in any of the past three fiscal years, then that business partner is a major business partner to the Company.
- (4) A large shareholder (a person directly or indirectly holding 10% or more of total voting rights) of the Company or, if that shareholder is a juridical person, an executive of that shareholder.
- (5) An executive of a juridical person for whom the Company is a large shareholder (directly or indirectly holding 10% or more of total voting rights).
- (6) An accounting auditor of either the Company or a consolidated subsidiary of the Company, or a person who is in charge of auditing either the Company or a consolidated subsidiary of the Company as an employee of such accounting auditor.
- (7) An attorney-at-law, judicial scrivener, patent attorney, certified public accountant, certified public tax accountant, consultant, or other such professional who has received money or other assets, other than officer remuneration, from the Company exceeding an annual amount of ¥10 million in any of the past three fiscal years (if a group such as a corporation or association receives such assets, this includes any person belonging to such group for which the assets received from the Company exceed 2% of the group's annual revenue).
- (8) A person who has received donations from the Company exceeding an annual amount of ¥10 million in any of the past three fiscal years (if a group such as a corporation or association receives such donations, this includes any executive of such group for which the donations received from the Company exceed 2% of the group's annual revenue).

- (9) A person whose close relative (meaning a spouse or a relative within the second degree of kinship) falls under any item of (1) to (8) above.
- (10) A person who has fallen under any item of (2) to (9) above in the past three years.
- (11) Notwithstanding the provisions of each preceding item, a person regarding whom there are found to be special circumstances that may cause a conflict of interest with the Company.

**Overview of the New Executive Compensation System**

(Including the details of the policy for determining the details of the compensation of an individual Director.)

1. Executive Compensation Policy

The compensation policy for Directors has been revised, applying to Executive Officers. A new compensation policy has been established for Outside Directors, Corporate Auditors, and Outside Corporate Auditors. A specific compensation system has been designed based on these policies.

Position	Executive Compensation Policy
Directors Executive Officers	<p>The Company Group aims “to be a corporate group that continues to grow through solving social challenges and creating diverse value with the power of chemistry,” and its policy on compensation for Directors and Executive Officers who drive the realization of this aim is as follows.</p> <ol style="list-style-type: none"><li>(1) A competitive compensation system that can acquire and retain talented and diverse human resources that will contribute to the sustainable enhancement of the Group’s corporate value</li><li>(2) A compensation system that can strongly motivate the promotion of various “transformation” aimed at increasing corporate value</li><li>(3) A compensation system that encourages the bold challenging and achievement of short-term and medium- to long-term financial and non-financial goals (ESG goals) in order to promote “transformation” aimed at increasing corporate value</li><li>(4) A compensation system that has an awareness of shareholder value and encourages management from the same perspective as shareholders</li><li>(5) A compensation system and compensation determination process that is supported by all stakeholders, including shareholders, from the perspectives of transparency, objectivity, rationality, and soundness</li></ol>
Outside Directors	<p>The policy on compensation for Outside Directors who play a role in the supervision of the Company’s management is as follows.</p> <ol style="list-style-type: none"><li>(1) A compensation system and compensation level that can acquire and retain personnel who can contribute to improving the supervisory and governance functions of the Company’s management.</li><li>(2) In particular, a compensation system and compensation level that can acquire and retain the following personnel.<ol style="list-style-type: none"><li>a. Personnel who will contribute to improving the transparency, objectivity, and appropriateness of the Company’s management’s nomination, evaluation, and compensation decisions.</li><li>b. Personnel with expertise and experience in the Company’s business, including current and future new businesses, and who will lead the Company’s sustainable growth from a medium- to long-term perspective.</li></ol></li><li>(3) Based on the role of supervising business execution from an objective and independent standpoint, compensation will be fixed compensation only, and performance-linked compensation in the form of bonuses and restricted stock-based compensation will not be paid.</li></ol>

Position	Executive Compensation Policy
Corporate Auditors	<p>The policy on compensation for Corporate Auditors and Outside Corporate Auditors who play a role in the auditing and supervision of the Company’s management is as follows.</p> <p>(1) A compensation system and compensation level that can acquire and retain personnel who can contribute to improving the functions of auditing and supervision of business execution.</p> <p>(2) In particular, a compensation system and compensation level that can acquire and retain the following personnel.</p> <p>a. Personnel with specialist expertise and experience in legal, financial, tax, and crisis/risk management</p> <p>b. Personnel who will contribute to improving the quality of the Company’s compliance and governance through the auditing and supervision of business execution.</p> <p>(3) Based on the role of auditing and supervising business execution from an objective and independent standpoint, compensation will be fixed compensation only, and performance-linked compensation in the form of bonuses and restricted stock-based compensation will not be paid.</p>

## 2. Approach to Compensation Levels

In order to acquire and retain talented and diverse human resources who will contribute to the sustainable enhancement of the Company Group’s corporate value and to motivate the promotion of various “transformations” aimed at enhancing corporate value, compensation data from an external research organization is used. A group of comparative companies is established, and competitive compensation levels that are in the middle to upper levels among these companies are set. The comparative companies are selected from Japanese companies whose consolidated operating income (or equivalent indicator as a reference), which is an important indicator in the management of the Company and an objective and continuously comparable indicator, is comparable to the Company’s current performance and the performance it should aim for (operating income of ¥100 billion to ¥250 billion).

## 3. Compensation Structure

### 1) Directors and Executive Officers

To create a compensation structure that is easy to understand and strengthen governance, the previous fixed compensation is divided into three portions. The structure is composed of fixed compensation (representation portion + supervision portion + execution portion) + bonus + restricted stock-based compensation. The execution portion of the fixed compensation and the performance-linked bonus and restricted stock-based compensation are the compensation for execution. For example, for a Representative Director, Member of the Board, and Senior Managing Executive Officer; a Member of the Board and Senior Managing Executive Officer; and a Senior Managing Executive Officer, the differences in the compensation items are the representation and supervision portions, while the execution portion of the fixed compensation, bonuses, and restricted stock-based compensation are the same amount.

Image of compensation structure

(1) Fixed Compensation

This will be paid as a fixed monthly amount. The execution, supervision, and representation portions of the existing fixed compensation are separated to strengthen governance. The amount paid for the execution portion differs according to each position. The amounts paid for the supervision and representation portions are uniformly the same regardless of position, and are set based on the Company's approach to representation and supervision, and data from an external research organization.

(2) Bonuses

The overview of the Bonus System is as described in the following table. Compared to previous years, the Company implemented (1) "Revision of Formula (Calculation)." (2) "Introduction of Evaluation of Non-financial Indicators," and (3) "Introduction of Maximum and Minimum Profit Limits in relation to Bonus Payments."

Overview of the Bonus System	
Definition	Short-term incentive compensation to encourage the steady achievement of performance targets each fiscal year
Formula	$\frac{\text{Core operating income}}{\text{non-financial indicators}} \times \text{coefficient} \times \text{coefficient by position} \times \left( \frac{\text{evaluation coefficient for}}{\text{evaluation coefficient for performance of the division in charge}} \right)$
Performance Indicator	Core operating income, which is a key indicator in the VISION 2030 and the result of business activities.
Coefficient	If core operating income exceeds the FY2025 target of ¥200 billion, the coefficient will be increased in order to more strongly motivate the Directors and executive officers to achieve the VISION 2030 target of ¥250 billion.
Evaluation Indicators	<u>Evaluation of non-financial indicators</u> <ul style="list-style-type: none"><li>The non-financial indicators linked to materiality are defined in VISION 2030 and aim to enhance corporate value from both financial and non-financial perspectives. To strongly encourage the achievement of non-financial indicators, the particularly important non-financial indicators are selected and their level of achievement is evaluated. Examples of indicators: number of serious accidents, sales revenue ratio of Blue Value<sup>®</sup> / Rose Value<sup>®</sup> products, engagement scores, etc.</li><li>The evaluation period is one fiscal year (April to March of the following year) and the evaluation is on a five-point scale. The evaluation coefficient ranges from +20% to -20%.</li></ul>
	<u>Evaluation of the performance of the division in charge</u> <ul style="list-style-type: none"><li>At the beginning of each fiscal year, performance targets are set for the division that each individual is responsible for, and the level of achievement is evaluated at the end of the fiscal year.</li><li>The evaluation period is one fiscal year (April to March of the following year), the evaluation is on a five-point scale, and the evaluation coefficient ranges from 150% to 50%.</li></ul>
Upper and Lower Profit Limit	From the perspective of compensation governance, and taking into account the control of excessive compensation payments compared to benchmarks and the responsibility to pay dividends to shareholders, the upper and lower profit limits for bonus payments are as follows. (The upper profit limit is the amount of profit at which the bonus amount reaches its maximum, and the lower profit limit is the amount of profit at which the bonus accrues) <ul style="list-style-type: none"><li>Upper profit limit: Core operating income of ¥300 billion (set based on the VISION 2030 target)</li><li>Lower profit limit: Core operating income of ¥36 billion (set based on DOE*) * Ratio of distribution of equity attributable to owners of the parent company</li></ul>

Time of Payment	Once a year after Ordinary General Meeting of Shareholders
-----------------	--

(3) Restricted Stock-Based Compensation

The restricted stock-based compensation shall be monetary compensation claims for the grant of restricted stock, the overview of which is as described in the following table. Compared to previous years, the Company implemented (1) “Revision of Formula (Calculation).” (2) “Introduction of ROE (Return on Equity Attributable to Owners of the Company) and TSR (Total Shareholder Return) as evaluation indicators,” (3) “Introduction of Maximum and Minimum Profit Limits in relation to Restricted Stock-based Compensation Payments,” and (4) “Revision of the Period of Restriction on Transfer of Shares.”

Overview of the Restricted Stock-based Compensation System	
Definition	Medium- to long-term incentive compensation to encourage increased corporate and shareholder value
Formula	$\left( \frac{\text{Net income attributable to owners of the parent}}{\text{coefficient}} \right) \times \text{coefficient} \times \text{ROE evaluation coefficient} \times \text{coefficient by position} \times \text{TSR evaluation coefficient}$
Performance Indicator	Since the purpose of restricted stock-based compensation is to promote a shared awareness of profits with shareholders aimed at enhancing corporate and shareholder value, net income attributable to owners of the parent, which is a key indicator in the VISION 2030 and is linked to shareholder profits, is used as the indicator.
Coefficient	If net income attributable to owners of the parent exceeds the FY2025 target of ¥110 billion, the coefficient will be increased in order to more strongly motivate the Directors and executive officers to achieve the VISION 2030 target of ¥140 billion.
Evaluation Indicators	<p><u>ROE evaluation</u></p> <ul style="list-style-type: none"> <li>This is introduced with the aim of efficiently improving return on capital.</li> <li>The evaluation period is one fiscal year (from April to March of the following year), and the level of achievement of the budget for each fiscal year is evaluated. The evaluation is on a three-point scale, and the evaluation coefficient ranges from 110% to 90%.</li> </ul> <p>[Formula]</p> $\text{ROE budget achievement rate} = \frac{\text{ROE actual value}}{\text{ROE budget value}} \times 100$

Upper and Lower Profit Limit	<p>From the perspective of compensation governance, and taking into account the control of excessive compensation payments compared to benchmarks and the responsibility to pay dividends to shareholders, the upper and lower profit limits for restricted stock-based compensation are as follows. (The upper profit limit is the amount of profit at which the restricted stock-based compensation amount reaches its maximum, and the lower profit limit is the amount of profit at which the restricted stock-based compensation accrues)</p> <ul style="list-style-type: none"> <li>• Upper profit limit: Net income attributable to owners of the parent of ¥200 billion (set based on the VISION 2030 target)</li> <li>• Lower profit limit: Net income attributable to owners of the parent of ¥22 billion (set based on DOE*)</li> </ul> <p>* Ratio of distribution of equity attributable to owners of the parent company</p>
Period of Restriction on Transfer	Until the time of retirement or resignation from the position of an officer or employee of the Company predetermined by the Board of Directors such as member of the Board, Corporate Auditor, Executive Officer, Chief Senior Director, Senior Director, Councillor, Advisor, Senior Advisor, or employee of the Company, or any other similar position (hereinafter “Position of Restriction on Transfer”),
Conditions of Payment	From the perspective of compensation governance, restricted stock-based compensation shall not be paid if the net income attributable to owners of the parent is below the lower limit set based on the dividend on equity attributable to owners of the parent company (DOE).
Time of Payment	Once a year

2) Outside Directors

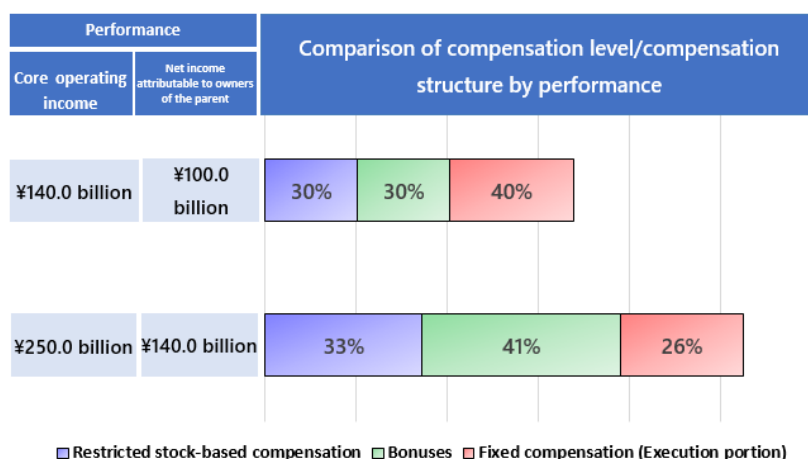

Since an Outside Director supervises the execution of business operations from an objective and independent standpoint, fixed compensation only will be paid as monthly fixed remuneration.

3) Corporate Auditors, Outside Corporate Auditors

Since a Corporate Auditor/Outside Corporate Auditor audits and supervises the execution of business operations from an objective and independent standpoint, fixed remuneration only will be paid as monthly fixed remuneration.

4. Compensation Structure Ratio

The ratio of fixed compensation, bonuses, and restricted stock-based compensation for Directors (excluding Outside Directors) and Executive Officer is that the ratio of the variable compensation of bonuses and restricted stock-based compensation will be higher for positions with greater executive responsibility. For example, the compensation of the Representative Director, Member of the Board, President & CEO is shown in the figure below.

5. Compensation Determination Process

The policy for determining the details of compensation, etc. for individual Director of the Company will be determined by resolution of the Board of Directors based on the objective deliberations of the Executive Compensation Committee, which is composed of a majority of Independent Outside Directors and chaired by an Independent Outside Director. The Executive Compensation Committee also utilizes the advice of compensation advisors from external professional organizations in order to provide an objective perspective and expert knowledge and information regarding the compensation system.
