**[Monthly comment]**

In May, net sales totaled 107.6% for existing stores compared with the previous year and 116.2% for all stores.

Due to factors including favorable sales of summer apparel with the rise in temperature as well as favorable sales of brand items with continued growth in sales to foreign tourists and robust sales of items such as home appliances and hobby-related items, sales for both existing stores and all stores increased year on year albeit the number of holidays was one day less.

**[Information on opening and closing stores]**

Treasure Factory Style (fashion): One store opened in Kokubunji on May 19

Treasure Factory (general): One store in Mitaka closed on May 28. It will relocate and reopen on June 16.
