### [Features of “ChatM.AI”]

“ChatM.AI” is a convenient service that allows AI to learn and provide answers through chatbots on any website. “ChatM.AI” acts as a concierge, with the AI answering questions based on information from the entire site, including PDF data. The information source for the answers is the site's content, and the source is also provided.

This service makes it easier for customers to gather information and facilitates smoother communication, leading to more efficient business operations.

### [“ChatM.AI” Plans]

This release introduces a paid option for the AI chatbot, which allows users to upgrade the number of questions the chatbot can handle.

- **Free:** Number of questions accepted from users (100/month)
- **Paid Option:** Number of questions accepted from users (3,000/month)

- **Enterprise:** Custom AI chatbot development and provision according to customer requests ( Inquiries: <https://forms.office.com/r/fVwWy3kuSx> )

To use the “ChatM.AI” paid option, please apply through “Metareal AI” ( <https://metarealai.com> ).

Please give this innovative service, “ChatM.AI,” a try.
