Notice concerning the Impact of the Record Heavy Rainfall in Kyushu region

We would like to express our deepest condolences to all those affected by the record heavy rainfall in Kyushu region, from July 2, 2023 and our wishes for the earliest possible recovery.

Canadian Solar Infrastructure Fund, Inc. (hereinafter referred to as “CSIF”) announces that it has conducted a review of the impact upon power generation facilities in connection with the rainfall.

According to the report by Canadian Solar O&M Japan K.K., which is the O&M operator for the CSIF, S-05 CS Yusui-cho Power Plant, was experienced temporary power outages due to grid power outages on July 3, 2023, but have resumed power generation as of the morning today. According to the confirmed information by 1:00 p.m. on July 4, no damage which affects power generation has occurred to the facilities at other power plants in the Kyushu region owned by CSIF.

CSIF will continue to monitor and review its portfolio, and additional disclosure will be made should there be any material developments.
