Notice of Receipt of the Written Verdict from National Tax Tribunal

HOYA CORPORATION (“the Company”) received a written verdict, on July 3, 2023, from the Tokyo National Tax Tribunal regarding a request for reconsideration of reassessment based on transfer pricing taxation.

As announced on June 29, 2021, the Company received a reassessment notice based on transfer pricing taxation from the Tokyo Regional Taxation Bureau in June 2021 with regard to transactions with the Company's overseas subsidiary from the fiscal year ended March 31, 2015 through the fiscal year ended March 31, 2018. Meanwhile, the Company has submitted a request for reconsideration to the Tokyo National Tax Tribunal in September 2021, however, the Company has now received a written verdict from the Tokyo National Tax Tribunal that it will dismiss the Company's request.

The Company disagrees with the judgement and expects to file an objection with the tax authority seeking withdrawal of the reassessment in accordance with the relevant law.

This result is expected no impact on HOYA's financial performance.
